(b) If a licensed professional counselor changes primary state of residence by moving between two member states:

(1) the licensed professional counselor shall file an application for obtaining a new home state license based on a privilege to practice, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission;

(2) upon receipt of an application for obtaining a new home state license by virtue of a privilege to practice, the new home state shall verify that the licensed professional counselor meets the pertinent criteria outlined in article IV via the data system, without need for primary source verification, except for:

(2) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(b) Only the home state shall have the power to take adverse action against a licensed professional counselor's license issued by the home state.

(c) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(d) The home state shall complete any pending investigations of a licensed professional counselor who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

(e) A member state, if otherwise permitted by state law, may recover from the affected licensed professional counselor the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensed professional counselor.

(f) A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

(g) Joint investigations:

(1) in addition to the authority granted to a member state by its respective professional counseling practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees; and

(2) member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(h) If adverse action is taken by the home state against the license of a licensed professional counselor, the licensed professional counselor's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against the license of a licensed professional counselor shall include a statement that the licensed professional counselor's privilege to practice is deactivated in all member states during the pendency of the order.

(i) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(j) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(i) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

(j) Nothing in this compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

ARTICLE X

DATA SYSTEM

(a) The commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

(d) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

## ARTICLE XI

## RULEMAKING

(a) The commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purpose of the compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force or effect.

(b) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(c) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(d) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(e) Prior to promulgation and adoption of a final rule or rules by the commission, and at least thirty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission or other publicly accessible platform; and

(2) on the website of each member state professional counseling licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

(f) The notice of proposed rulemaking shall include:

(1) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(g) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(h) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) at least 25 persons;

(2) a state or federal governmental subdivision or agency; or

(3) an association having at least 25 members.

(i) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing:

(1) all persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing;

(2) hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing;

(3) all hearings will be recorded. A copy of the recording will be made available on request; and

(4) nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this article.

(j) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(k) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(l) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(m) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or member state funds;

(3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) protect public health and safety.

(n) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

## ARTICLE XII

## OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(a) Oversight:

(1) the executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate

the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law;

(2) all courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission; and

(3) the commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) Default, technical assistance, and termination:

(1) if the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default.

(c) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(d) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(e) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(f) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(g) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(h) Dispute resolution:

(1) upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states; and

(2) the commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(i) Enforcement:

(1) the commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact;

(2) by majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees; and

(D) The audiologist or speech-language pathologist may apply for licensure in advance of a change in primary state of residence.

(E) A license shall not be issued by the new home state until the audiologist or speech-language pathologist provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

(F) If an audiologist or speech-language pathologist changes primary state of residence by moving from a member state to a nonmember state, the license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

ARTICLE V

Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state.

ARTICLE VI

The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(B) Only the home state shall have the power to take adverse action against an audiologist's or speech-language pathologist's license issued by the home state.

(C) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(D) The home state shall complete any pending investigations of an audiologist or speech-language pathologist who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(E) If otherwise permitted by state law, the member state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.

(F) The member state may take adverse action based on the factual findings of the remote state, provided that the member state follows the member state's own procedures for taking the adverse action.

(G) Joint Investigations:

(1) In addition to the authority granted to a member state by its respective audiology or speech-language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

(H) If adverse action is taken by the home state against an audiologist's or speech-language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist's or speech-language pathologist's license shall include a statement that the audiologist's or speech-language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

(I) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(G) Notwithstanding paragraph (F), clause (1), the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. (H) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

RULEMAKING

(A) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(B) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

(C) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(D) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 30 days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission or other publicly accessible platform; and

(2) on the website of each member state audiology or speech-language pathology licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

(E) The notice of proposed rulemaking shall include:

(1) the proposed time, date, and location of the meeting in which the rule shall be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(F) Prior to the adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(G) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) at least 25 persons;

(2) a state or federal governmental subdivision or agency; or

(3) an association having at least 25 members.

(H) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) All hearings shall be recorded. A copy of the recording shall be made available on request.

(4) Nothing in this Article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article.

(I) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(J) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(K) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(L) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that the usual rulemaking procedures provided in the compact and in this Article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or member state funds; or

(3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

(M) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

## ARTICLE X

## OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(A) Dispute Resolution:

(1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for such disputes as appropriate.

(B) Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI

DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR AUDIOLOGY AND SPEECH-LANGUAGE PATHOLOGY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(A) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(B) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(C) Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(D) Nothing contained in this compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(E) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

## ARTICLE XII

## CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

## ARTICLE XIII

## BINDING EFFECT OF COMPACT AND OTHER LAWS

(A) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(B) All laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(C) All lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(D) All agreements between the commission and the member states are binding in accordance with their terms.

(E) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

STATE PARTICIPATION IN THE COMPACT

(A) In order to join the compact and thereafter continue as a participating state, a state must:

(1) enact a compact that is not materially different from the model compact as determined in accordance with commission rules;

(2) participate fully in the commission's data system;

(3) have a mechanism in place for receiving and investigating complaints about its licensees and license applicants;

(4) notify the commission, in compliance with the terms of the compact and commission rules, of any adverse action or the availability of significant investigative information regarding a licensee and license applicant;

(5) fully implement a criminal background check requirement, within a time frame established by commission rule, by receiving the results of a qualifying criminal background check;

(6) comply with the commission rules applicable to a participating state;

(7) accept the national board examinations of the joint commission on national dental examinations or another examination accepted by commission rule as a licensure examination;

(8) accept for licensure that applicants for a dentist license graduate from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the United States Department of Education for the accreditation of dentistry and dental hygiene education programs, leading to the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

(9) accept for licensure that applicants for a dental hygienist license graduate from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the United States Department of Education for the accreditation of dentistry and dental hygiene education programs;

(10) require for licensure that applicants successfully complete a clinical assessment;

(11) have continuing professional development requirements as a condition for license renewal; and

(12) pay a participation fee to the commission as established by commission rule.

(B) Providing alternative pathways for an individual to obtain an unrestricted license does not disqualify a state from participating in the compact.

(C) When conducting a criminal background check, the state licensing authority shall:

(1) consider that information in making a licensure decision;

(2) maintain documentation of completion of the criminal background check and background check information to the extent allowed by state and federal law; and

(3) report to the commission whether it has completed the criminal background check and whether the individual was granted or denied a license.

(D) A licensee of a participating state who has a qualifying license in that state and does not hold an encumbered license in any other participating state, shall be issued a compact privilege in a remote state in accordance with the terms of the compact and commission rules. If a remote state has a jurisprudence requirement a compact privilege will not be issued to the licensee unless the licensee has satisfied the jurisprudence requirement.

ARTICLE IV

COMPACT PRIVILEGE

(A) To obtain and exercise the compact privilege under the terms and provisions of the compact, the licensee shall:

(1) have a qualifying license as a dentist or dental hygienist in a participating state;

(2) be eligible for a compact privilege in any remote state in accordance with (D), (G), and (H) of this article;

(3) submit to an application process whenever the licensee is seeking a compact privilege;

(4) pay any applicable commission and remote state fees for a compact privilege in the remote state;

(5) meet any jurisprudence requirement established by a remote state in which the licensee is seeking a compact privilege;

(6) have passed a National Board Examination of the Joint Commission on National Dental Examinations or another examination accepted by commission rule;

(7) for a dentist, have graduated from a predoctoral dental education program accredited by the Commission on Dental Accreditation, or another accrediting agency recognized by the United States Department of Education for the accreditation of dentistry and dental hygiene education programs, leading to the Doctor of Dental Surgery (D.D.S.) or Doctor of Dental Medicine (D.M.D.) degree;

(8) for a dental hygienist, have graduated from a dental hygiene education program accredited by the Commission on Dental Accreditation or another accrediting agency recognized by the United States Department of Education for the accreditation of dentistry and dental hygiene education programs;

(9) have successfully completed a clinical assessment for licensure;

(10) report to the commission adverse action taken by any nonparticipating state when applying for a compact privilege and, otherwise, within 30 days from the date the adverse action is taken;

(11) report to the commission when applying for a compact privilege the address of the licensee's primary residence and thereafter immediately report to the commission any change in the address of the licensee's primary residence; and

(12) consent to accept service of process by mail at the licensee's primary residence on record with the commission with respect to any action brought against the licensee by the commission or a participating state, and consent to accept service of a subpoena by mail at the licensee's primary residence on record with the commission with respect to any action brought or investigation conducted by the commission or a participating state.

(B) The licensee must comply with the requirements of (A) of this article to maintain the compact privilege in the remote state. If those requirements are met, the compact privilege will continue as long as the licensee maintains a qualifying license in the state through which the licensee applied for the compact privilege and pays any applicable compact privilege renewal fees.

(C) A licensee providing dentistry or dental hygiene in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for a dentist or dental hygienist licensed in that state.

(D) A licensee providing dentistry or dental hygiene pursuant to a compact privilege in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, by adverse action revoke or remove a licensee's compact privilege in the remote state for a specific period of time and impose fines or take

any other necessary actions to protect the health and safety of its citizens. If a remote state imposes an adverse action against a compact privilege that limits the compact privilege, that adverse action applies to all compact privileges in all remote states. A licensee whose compact privilege in a remote state is removed for a specified period of time is not eligible for a compact privilege in any other remote state until the specific time for removal of the compact privilege has passed and all encumbrance requirements are satisfied.

(E) If a license in a participating state is an encumbered license, the licensee shall lose the compact privilege in a remote state and shall not be eligible for a compact privilege in any remote state until the license is no longer encumbered.

(F) Once an encumbered license in a participating state is restored to good standing, the licensee must meet the requirements of (A) of this article to obtain a compact privilege in a remote state.

(G) If a licensee's compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in any remote state until the following occur:

(1) the specific period of time for which the compact privilege was removed has ended; and

(2) all conditions for removal of the compact privilege have been satisfied.

(H) Once the requirements of (G) of this article have been met, the licensee must meet the requirements in (A) of this article to obtain a compact privilege in a remote state.

ARTICLE V

ACTIVE MILITARY MEMBER OR THEIR SPOUSES

An active military member and their spouse shall not be required to pay to the commission for a compact privilege the fee otherwise charged by the commission. If a remote state chooses to charge a fee for a compact privilege, it may choose to charge a reduced fee or no fee to an active military member and their spouse for a compact privilege.

ARTICLE VI

ADVERSE ACTIONS

(A) A participating state in which a licensee is licensed shall have exclusive authority to impose adverse action against the qualifying license issued by that participating state.

(B) A participating state may take adverse action based on the significant investigative information of a remote state, so long as the participating state follows its own procedures for imposing adverse action.

(C) Nothing in this compact shall override a participating state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the participating state's laws. Participating states must require licensees who enter any alternative program in lieu of discipline to agree not to practice pursuant to a compact privilege in any other participating state during the term of the alternative program without prior authorization from such other participating state.

(D) Any participating state in which a licensee is applying to practice or is practicing pursuant to a compact privilege may investigate actual or alleged violations of the statutes and regulations authorizing the practice of dentistry or dental hygiene in any other participating state in which the dentist or dental hygienist holds a license or compact privilege.

(E) A remote state shall have the authority to:

(1) take adverse actions as set forth in article IV, (D), against a licensee's compact privilege in the state;

(2) in furtherance of its rights and responsibilities under the compact and the commission's rules issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a state licensing authority in a participating state for the attendance and testimony of witnesses, or the production of evidence from another participating state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located; and

(3) if otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

(F) Joint Investigations:

(1) In addition to the authority granted to a participating state by its dentist or dental hygienist licensure act or other applicable state law, a participating state may jointly investigate licensees with other participating states.

(2) Participating states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(G) Authority to Continue Investigation:

(1) After a licensee's compact privilege in a remote state is terminated, the remote state may continue an investigation of the licensee that began when the licensee had a compact privilege in that remote state.

(2) If the investigation yields what would be significant investigative information had the licensee continued to have a compact privilege in that remote state, the remote state shall report the presence of such information to the data system as required by article VIII, (B), (6), as if it was significant investigative information.

ARTICLE VII

ESTABLISHMENT AND OPERATION OF THE COMMISSION

(A) The compact participating states hereby create and establish a joint government agency whose membership consists of all participating states that have enacted the compact. The commission is an instrumentality of the participating states acting jointly and not an instrumentality of any one state. The commission shall come into existence on or after the effective date of the compact as set forth in article XI, (A).

(B) Participation, Voting, and Meetings:

(1) Each participating state shall have and be limited to one commissioner selected by that participating state's state licensing authority or, if the state has more than one state licensing authority, selected collectively by the state licensing authorities.

(2) The commissioner shall be a member or designee of such authority or authorities.

(3) The commission may by rule or bylaw establish a term of office for commissioners and may by rule or bylaw establish term limits.

(4) The commission may recommend to a state licensing authority or authorities, as applicable, removal or suspension of an individual as the state's commissioner.

(5) A participating state's state licensing authority or authorities, as applicable, shall fill any vacancy of its commissioner on the commission within 60 days of the vacancy.

(6) Each commissioner shall be entitled to one vote on all matters that are voted upon by the commission.

(7) The commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The commission may meet by telecommunication, video conference, or other similar electronic means.

(C) The commission shall have the following powers:

(1) establish the fiscal year of the commission;

(2) establish a code of conduct and conflict of interest policies;

(3) adopt rules and bylaws;

(4) maintain its financial records in accordance with the bylaws;

(5) meet and take such actions as are consistent with the provisions of this compact, the commission's rules, and the bylaws;

(6) initiate and conclude legal proceedings or actions in the name of the commission, provided that the standing of any state licensing authority to sue or be sued under applicable law shall not be affected;

(7) maintain and certify records and information provided to a participating state as the authenticated business records of the commission, and designate a person to do so on the commission's behalf;

(8) purchase and maintain insurance and bonds;

(9) borrow, accept, or contract for services of personnel, including but not limited to employees of a participating state;

(10) conduct an annual financial review;

(12) as set forth in the commission rules, charge a fee to a licensee for the grant of a compact privilege in a remote state and thereafter, as may be established by commission rule, charge the licensee a compact privilege renewal fee for each renewal period in which that licensee exercises or intends to exercise the compact privilege in that remote state. Nothing herein shall be construed to prevent a remote state from charging a licensee a fee for a compact privilege or renewals of a compact privilege, or a fee for the jurisprudence requirement if the remote state imposes such a requirement for the grant of a compact privilege;

(13) accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety and conflict of interest;

(14) lease, purchase, retain, own, hold, improve, or use any property real, personal, or mixed, or any undivided interest therein;

(15) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

(16) establish a budget and make expenditures;

(17) borrow money;

(18) appoint committees, including standing committees, which may be composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(19) provide and receive information from, and cooperate with, law enforcement agencies;

(20) elect a chair, vice chair, secretary, and treasurer and such other officers of the commission as provided in the commission's bylaws;

(21) establish and elect an executive board;

(22) adopt and provide to the participating states an annual report;

(23) determine whether a state's enacted compact is materially different from the model compact language such that the state would not qualify for participation in the compact; and

(24) perform such other functions as may be necessary or appropriate to achieve the purposes of this compact.

(D) Meetings of the Commission:

(1) All meetings of the commission that are not closed pursuant to (D)(4) of this article shall be open to the public. Notice of public meetings shall be posted on the commission's website at least 30 days prior to the public meeting.

(2) Notwithstanding (D)(1) of this article, the commission may convene an emergency public meeting by providing at least 24 hours prior notice on the commission's website, and any other means as provided in the commission's rules, for any of the reasons it may dispense

with notice of proposed rulemaking under article IX, (L). The commission's legal counsel shall certify that one of the reasons justifying an emergency public meeting has been met.

(3) Notice of all commission meetings shall provide the time, date, and location of the meeting, and if the meeting is to be held or accessible via telecommunication, video conference, or other electronic means, the notice shall include the mechanism for access to the meeting through such means.

(4) The commission may convene in a closed, nonpublic meeting for the commission to receive legal advice or to discuss:

(i) noncompliance of a participating state with its obligations under the compact;

(ii) the employment, compensation, discipline, or other matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;

(iii) current or threatened discipline of a licensee or compact privilege holder by the commission or by a participating state's licensing authority;

(iv) current, threatened, or reasonably anticipated litigation;

(v) negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;

(vi) accusing any person of a crime or formally censuring any person;

(vii) trade secrets or commercial or financial information that is privileged or confidential;

(viii) information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(ix) investigative records compiled for law enforcement purposes;

(x) information related to any investigative reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact;

(xi) legal advice;

(xii) matters specifically exempted from disclosure to the public by federal or participating state law; and

(xiii) other matters as promulgated by the commission by rule.

(5) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

(6) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

(E) Financing of the Commission:

(1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate sources of revenue, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each participating state and impose fees on licensees of participating states when a compact privilege is granted to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each fiscal year for which sufficient revenue is not provided by other sources. The aggregate annual assessment amount for participating states shall be allocated based upon a formula that the commission shall promulgate by rule.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any participating state, except by and with the authority of the participating state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the financial review and accounting procedures established under the commission's bylaws. All receipts and disbursements of funds handled by the commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the commission.

(F) The Executive Board:

(1) The executive board shall have the power to act on behalf of the commission according to the terms of this compact. The powers, duties, and responsibilities of the executive board shall include:

(i) overseeing the day-to-day activities of the administration of the compact including compliance with the provisions of the compact and the commission's rules and bylaws;

(vi) monitoring compact compliance of participating states and providing compliance reports to the commission;

(vii) establishing additional committees as necessary;

(viii) exercising the powers and duties of the commission during the interim between commission meetings, except for adopting or amending rules, adopting or amending bylaws, and exercising any other powers and duties expressly reserved to the commission by rule or bylaw; and

(ix) other duties as provided in the rules or bylaws of the commission.

(2) The executive board shall be composed of up to seven members:

(i) the chair, vice chair, secretary, and treasurer of the commission and any other members of the commission who serve on the executive board shall be voting members of the executive board; and

(ii) other than the chair, vice chair, secretary, and treasurer, the commission may elect up to three voting members from the current membership of the commission.

(3) The commission may remove any member of the executive board as provided in the commission's bylaws.

(4) The executive board shall meet at least annually.

(i) An executive board meeting at which it takes or intends to take formal action on a matter shall be open to the public, except that the executive board may meet in a closed,

nonpublic session of a public meeting when dealing with any of the matters covered under (D)(4) of this article.

(ii) The executive board shall give five business days' notice of its public meetings, posted on its website and as it may otherwise determine to provide notice to persons with an interest in the public matters the executive board intends to address at those meetings.

(5) The executive board may hold an emergency meeting when acting for the commission to:

(i) meet an imminent threat to public health, safety, or welfare;

(ii) prevent a loss of commission or participating state funds; or

(iii) protect public health and safety.

(G) Qualified Immunity, Defense, and Indemnification:

(1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) Notwithstanding (G)(1) of this article, should any member, officer, executive director, employee, or representative of the commission be held liable for the amount of any settlement or judgment arising out of any actual or alleged act, error, or omission that occurred within

the scope of that individual's employment, duties, or responsibilities for the commission, or that the person to whom that individual is liable had a reasonable basis for believing occurred within the scope of the individual's employment, duties, or responsibilities for the commission, the commission shall indemnify and hold harmless such individual; provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of the individual.

(4) Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

(5) Nothing in this compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this compact shall be construed to be a waiver of sovereign immunity by the participating states or by the commission.

(H) Notwithstanding paragraph (G), clause (1), of this article, the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. This paragraph expressly incorporates section 3.736, and neither expands nor limits the rights and remedies provided under that statute.

(I) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

(J) Nothing in this compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

## ARTICLE VIII

## DATA SYSTEM

(A) The commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse

action, and the presence of significant investigative information on all licensees and applicants for a license in participating states.

(B) Notwithstanding any other provision of state law to the contrary, a participating state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(1) identifying information;

(2) licensure data;

(3) adverse actions against a licensee, license applicant, or compact privilege and information related thereto;

(4) nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation;

(5) any denial of an application for licensure, and the reasons for such denial, excluding the reporting of any criminal history record information where prohibited by law;

(6) the presence of significant investigative information; and

(7) other information that may facilitate the administration of this compact or the protection of the public, as determined by the rules of the commission.

(C) The records and information provided to a participating state pursuant to this compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a participating state.

(D) Significant investigative information pertaining to a licensee in any participating state will only be available to other participating states.

(E) It is the responsibility of the participating states to monitor the database to determine whether adverse action has been taken against a licensee or license applicant. Adverse action information pertaining to a licensee or license applicant in any participating state will be available to any other participating state.

(F) Participating states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(G) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the participating state contributing the information shall be removed from the data system.

## ARTICLE IX

## RULEMAKING

(A) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact, or the powers granted hereunder, or based upon another applicable standard of review.

(B) The rules of the commission shall have the force of law in each participating state, provided that where the rules of the commission conflict with the laws of the participating state that establish the participating state's scope of practice as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in that state to the extent of the conflict.

(C) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules shall become binding as of the date specified by the commission for each rule.

(D) If a majority of the legislatures of the participating states rejects a commission rule or portion of a commission rule, by enactment of a statute or resolution in the same manner used to adopt the compact, within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or to any state applying to participate in the compact.

(E) Rules shall be adopted at a regular or special meeting of the commission.

(F) Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(G) Prior to adoption of a proposed rule by the commission, and at least 30 days in advance of the meeting at which the commission will hold a public hearing on the proposed rule, the commission shall provide a notice of proposed rulemaking:

(1) on the website of the commission or other publicly accessible platform;

(2) to persons who have requested notice of the commission's notices of proposed rulemaking; and

(3) in such other ways as the commission may by rule specify.

(H) The notice of proposed rulemaking shall include:

(1) the time, date, and location of the public hearing at which the commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the commission will consider and vote on the proposed rule;

(2) if the hearing is held via telecommunication, video conference, or other electronic means, the commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

(3) the text of the proposed rule and the reason therefor;

(4) a request for comments on the proposed rule from any interested person; and

(5) the manner in which interested persons may submit written comments.

(I) All hearings will be recorded. A copy of the recording and all written comments and documents received by the commission in response to the proposed rule shall be available to the public.

(J) Nothing in this article shall be construed as requiring a separate hearing on each commission rule. Rules may be grouped for the convenience of the commission at hearings required by this article.

(K) The commission shall, by majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record.

(1) The commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

(2) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in (L) of this article, the effective date of the rule shall be no sooner than 30 days after the commission issuing the notice that it adopted or amended the rule.

(L) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or participating state funds;

(3) meet a deadline for the promulgation of a rule that is established by federal law or rule; or

(4) protect public health and safety.

(M) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(N) No participating state's rulemaking requirements shall apply under this compact.

ARTICLE X

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(A) Oversight:

(1) The executive and judicial branches of state government in each participating state shall enforce this compact and take all actions necessary and appropriate to implement the compact.

(2) Except as provided under article VII, paragraph (I), venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or

limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

(3) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact or commission rule and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or the promulgated rules.

(B) Default, Technical Assistance, and Termination:

(1) If the commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the commission may take, and shall offer training and specific technical assistance regarding the default.

(2) The commission shall provide a copy of the notice of default to the other participating states.

(C) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners, and all rights, privileges, and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(D) Termination of participation in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority or authorities, as applicable, and each of the participating states' state licensing authority or authorities, as applicable.

(E) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(F) Upon the termination of a state's participation in this compact, that state shall immediately provide notice to all licensees of the state, including licensees of other participating states issued a compact privilege to practice within that state, of such

termination. The terminated state shall continue to recognize all compact privileges then in effect in that state for a minimum of 180 days after the date of said notice of termination.

(G) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(H) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(I) Dispute Resolution:

(1) Upon request by a participating state, the commission shall attempt to resolve disputes related to the compact that arise among participating states and between participating states and nonparticipating states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(J) Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact and the commission's rules.

(2) By majority vote, the commission may initiate legal action against a participating state in default in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting participating state's law.

(3) A participating state may initiate legal action against the commission in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(4) No individual or entity other than a participating state may enforce this compact against the commission.

ARTICLE XI

EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

(A) The compact shall come into effect on the date on which the compact statute is enacted into law in the seventh participating state.

(1) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the states that enacted the compact prior to the commission convening ("charter participating states") to determine if the statute enacted by each such charter participating state is materially different than the model compact.

(i) A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in article X.

(ii) If any participating state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of participating states should be less than seven.

(2) Participating states enacting the compact subsequent to the charter participating states shall be subject to the process set forth in article VII, (C)(23), to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact.

(3) All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission.

(4) Any state that joins the compact subsequent to the commission's initial adoption of the rules and bylaws shall be subject to the commission's rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(B) Any participating state may withdraw from this compact by enacting a statute repealing that state's enactment of the compact.

(1) A participating state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority or authorities to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges to practice within that state granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(C) Nothing contained in this compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a participating state and a nonparticipating state that does not conflict with the provisions of this compact.

(D) This compact may be amended by the participating states. No amendment to this compact shall become effective and binding upon any participating state until it is enacted into the laws of all participating states.

ARTICLE XII

CONSTRUCTION AND SEVERABILITY

(A) This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes.

(B) The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

(C) Notwithstanding (B) of this article, the commission may deny a state's participation in the compact or, in accordance with the requirements of article X, (B), terminate a participating state's participation in the compact, if it determines that a constitutional requirement of a participating state is a material departure from the compact. Otherwise, if this compact shall be held to be contrary to the constitution of any participating state, the

compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

ARTICLE XIII

CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

(A) Nothing herein shall prevent or inhibit the enforcement of any other law of a participating state that is not inconsistent with the compact.

(B) Any laws, statutes, regulations, or other legal requirements in a participating state in conflict with the compact are superseded to the extent of the conflict.

(C) All permissible agreements between the commission and the participating states are binding in accordance with their terms.

(ii) accredited, or in candidacy that subsequently becomes accredited, by an accrediting agency recognized by either:

(A) the Council for Higher Education Accreditation or its successor; or

(B) the United States Department of Education.

(e) The multistate license for a regulated social worker is subject to the renewal requirements of the home state. The regulated social worker must maintain compliance with the requirements of paragraph (a) to be eligible to renew a multistate license.

(f) The regulated social worker's services in a remote state are subject to that member state's regulatory authority. A remote state may, in accordance with due process and that member state's laws, remove a regulated social worker's multistate authorization to practice in the remote state for a specific period of time, impose fines, and take any other necessary actions to protect the health and safety of its citizens.

(g) If a multistate license is encumbered, the regulated social worker's multistate authorization to practice shall be deactivated in all remote states until the multistate license is no longer encumbered.

(h) If a multistate authorization to practice is encumbered in a remote state, the regulated social worker's multistate authorization to practice may be deactivated in that state until the multistate authorization to practice is no longer encumbered.

Sec. 5. **[148E.44] ISSUANCE OF A MULTISTATE LICENSE.**

(a) Upon receipt of an application for multistate license, the home state licensing authority shall determine the applicant's eligibility for a multistate license in accordance with section 148E.43.

(b) If such applicant is eligible pursuant to section 148E.43, the home state licensing authority shall issue a multistate license that authorizes the applicant or regulated social worker to practice in all member states under a multistate authorization to practice.

(c) Upon issuance of a multistate license, the home state licensing authority shall designate whether the regulated social worker holds a multistate license in the bachelor's, master's, or clinical category of social work.

(d) A multistate license issued by a home state to a resident in that state shall be recognized by all Compact member states as authorizing social work practice under a multistate authorization to practice corresponding to each category of licensure regulated in each member state.

Sec. 6. **[148E.45] AUTHORITY OF INTERSTATE COMPACT COMMISSION AND MEMBER STATE LICENSING AUTHORITIES.**

(a) Nothing in this Compact, nor any rule of the Commission, shall be construed to limit, restrict, or in any way reduce the ability of a member state to enact and enforce laws,

regulations, or other rules related to the practice of social work in that state, where those laws, regulations, or other rules are not inconsistent with the provisions of this Compact.

(b) Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single state license.

(c) Nothing in this Compact, nor any rule of the Commission, shall be construed to limit, restrict, or in any way reduce the ability of a member state to take adverse action against a licensee's single state license to practice social work in that state.

(d) Nothing in this Compact, nor any rule of the Commission, shall be construed to limit, restrict, or in any way reduce the ability of a remote state to take adverse action against a licensee's multistate authorization to practice in that state.

(e) Nothing in this Compact, nor any rule of the Commission, shall be construed to limit, restrict, or in any way reduce the ability of a licensee's home state to take adverse action against a licensee's multistate license based upon information provided by a remote state.

Sec. 7. **[148E.46] REISSUANCE OF A MULTISTATE LICENSE BY A NEW HOME STATE.**

(a) A licensee can hold a multistate license, issued by their home state, in only one member state at any given time.

(b) If a licensee changes their home state by moving between two member states:

(1) The licensee shall immediately apply for the reissuance of their multistate license in their new home state. The licensee shall pay all applicable fees and notify the prior home state in accordance with the rules of the Commission.

(2) Upon receipt of an application to reissue a multistate license, the new home state shall verify that the multistate license is active, unencumbered, and eligible for reissuance under the terms of the Compact and the rules of the Commission. The multistate license issued by the prior home state will be deactivated and all member states notified in accordance with the applicable rules adopted by the Commission.

(3) Prior to the reissuance of the multistate license, the new home state shall conduct procedures for considering the criminal history records of the licensee. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(4) If required for initial licensure, the new home state may require completion of jurisprudence requirements in the new home state.

(5) Notwithstanding any other provision of this Compact, if a licensee does not meet the requirements set forth in this Compact for the reissuance of a multistate license by the new home state, then the licensee shall be subject to the new home state requirements for the issuance of a single state license in that state.

(c) If a licensee changes their primary state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, then the licensee shall be subject to the state requirements for the issuance of a single state license in the new home state.

(d) Nothing in this Compact shall interfere with a licensee's ability to hold a single state license in multiple states; however, for the purposes of this Compact, a licensee shall have only one home state, and only one multistate license.

(e) Nothing in this Compact shall interfere with the requirements established by a member state for the issuance of a single state license.

Sec. 8. **[148E.47] MILITARY FAMILIES.**

An active military member or their spouse shall designate a home state where the individual has a multistate license. The individual may retain their home state designation during the period the service member is on active duty.

Sec. 9. **[148E.48] ADVERSE ACTIONS.**

(a) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:

(1) take adverse action against a regulated social worker's multistate authorization to practice only within that member state, and issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing authority in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing licensing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located; and

(2) only the home state shall have the power to take adverse action against a regulated social worker's multistate license.

(b) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(c) The home state shall complete any pending investigations of a regulated social worker who changes their home state during the course of the investigations. The home state shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(d) A member state, if otherwise permitted by state law, may recover from the affected regulated social worker the costs of investigations and dispositions of cases resulting from any adverse action taken against that regulated social worker.

(e) A member state may take adverse action based on the factual findings of another member state, provided that the member state follows its own procedures for taking the adverse action.

(f) Joint investigations:

(1) In addition to the authority granted to a member state by its respective social work practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

(g) If adverse action is taken by the home state against the multistate license of a regulated social worker, the regulated social worker's multistate authorization to practice in all other member states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against the license of a regulated social worker shall include a statement that the regulated social worker's multistate authorization to practice is deactivated in all member states until all conditions of the decision, order, or agreement are satisfied.

(h) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state and all other member states of any adverse actions by remote states.

(i) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

(j) Nothing in this Compact shall authorize a member state to demand the issuance of subpoenas for attendance and testimony of witnesses or the production of evidence from another member state for lawful actions within that member state.

(k) Nothing in this Compact shall authorize a member state to impose discipline against a regulated social worker who holds a multistate authorization to practice for lawful actions within another member state.

Sec. 10. **[148E.49] ESTABLISHMENT OF SOCIAL WORK LICENSURE COMPACT COMMISSION.**

(a) The Compact member states hereby create and establish a joint government agency whose membership consists of all member states that have enacted the compact known as the Social Work Licensure Compact Commission. The Commission is an instrumentality of the Compact states acting jointly and not an instrumentality of any one state. The Commission shall come into existence on or after the effective date of the Compact as set forth in section 148E.53.

(b) Membership, voting, and meetings:

(1) Each member state shall have and be limited to one delegate selected by that member state's state licensing authority.

(2) The delegate shall be either:

(i) a current member of the state licensing authority at the time of appointment, who is a regulated social worker or public member of the state licensing authority; or

(ii) an administrator of the state licensing authority or their designee.

(3) The Commission shall by rule or bylaw establish a term of office for delegates and may by rule or bylaw establish term limits.

(4) The Commission may recommend removal or suspension of any delegate from office.

(5) A member state's state licensing authority shall fill any vacancy of its delegate occurring on the Commission within 60 days of the vacancy.

(6) Each delegate shall be entitled to one vote on all matters before the Commission requiring a vote by Commission delegates.

(7) A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates to meet by telecommunication, video conference, or other means of communication.

(8) The Commission shall meet at least once during each calendar year. Additional meetings may be held as set forth in the bylaws. The Commission may meet by telecommunication, video conference, or other similar electronic means.

(c) The Commission shall have the following powers:

(1) establish the fiscal year of the Commission;

(2) establish code of conduct and conflict of interest policies;

(3) establish and amend rules and bylaws;

(4) maintain its financial records in accordance with the bylaws;

(5) meet and take such actions as are consistent with the provisions of this Compact, the Commission's rules, and the bylaws;

(6) initiate and conclude legal proceedings or actions in the name of the Commission, provided that the standing of any state licensing board to sue or be sued under applicable law shall not be affected;

(7) maintain and certify records and information provided to a member state as the authenticated business records of the Commission, and designate an agent to do so on the Commission's behalf;

(8) purchase and maintain insurance and bonds;

(9) borrow, accept, or contract for services of personnel, including but not limited to employees of a member state;

(10) conduct an annual financial review;

(11) hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the Compact, and establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(12) assess and collect fees;

(13) accept any and all appropriate gifts, donations, grants of money, other sources of revenue, equipment, supplies, materials, and services, and receive, utilize, and dispose of

the same, provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

(14) lease, purchase, retain, own, hold, improve, or use any property real, personal, or mixed, or any undivided interest therein;

(15) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

(16) establish a budget and make expenditures;

(17) borrow money;

(18) appoint committees, including standing committees, composed of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this Compact and the bylaws;

(19) provide and receive information from, and cooperate with, law enforcement agencies;

(20) establish and elect an Executive Committee, including a chair and a vice chair;

(21) determine whether a state's adopted language is materially different from the model compact language such that the state would not qualify for participation in the Compact; and

(22) perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact.

(d) The Executive Committee:

(1) The Executive Committee shall have the power to act on behalf of the Commission according to the terms of this Compact. The powers, duties, and responsibilities of the Executive Committee shall include:

(i) oversee the day-to-day activities of the administration of the Compact, including enforcement and compliance with the provisions of the Compact, its rules and bylaws, and other such duties as deemed necessary;

(ii) recommend to the Commission changes to the rules or bylaws, changes to this Compact legislation, fees charged to Compact member states, fees charged to licensees, and other fees;

(iii) ensure Compact administration services are appropriately provided, including by contract;

(iv) prepare and recommend the budget;

(v) maintain financial records on behalf of the Commission;

(vi) monitor Compact compliance of member states and provide compliance reports to the Commission;

(vii) establish additional committees as necessary;

(viii) exercise the powers and duties of the Commission during the interim between Commission meetings, except for adopting or amending rules, adopting or amending bylaws, and exercising any other powers and duties expressly reserved to the Commission by rule or bylaw; and

(ix) other duties as provided in the rules or bylaws of the Commission.

(2) The Executive Committee shall be composed of up to 11 members:

(i) the chair and vice chair of the Commission shall be voting members of the Executive Committee;

(ii) the Commission shall elect five voting members from the current membership of the Commission;

(iii) up to four ex-officio, nonvoting members from four recognized national social work organizations; and

(iv) the ex-officio members will be selected by their respective organizations.

(3) The Commission may remove any member of the Executive Committee as provided in the Commission's bylaws.

(4) The Executive Committee shall meet at least annually.

(i) Executive Committee meetings shall be open to the public, except that the Executive Committee may meet in a closed, nonpublic meeting as provided in paragraph (f), clause (2).

(ii) The Executive Committee shall give seven days' notice of its meetings posted on its website and as determined to provide notice to persons with an interest in the business of the Commission.

(iii) The Executive Committee may hold a special meeting in accordance with paragraph (f), clause (1), item (ii).

(e) The Commission shall adopt and provide to the member states an annual report.

(f) Meetings of the Commission:

(1) All meetings shall be open to the public, except that the Commission may meet in a closed, nonpublic meeting as provided in paragraph (f), clause (2).

(i) Public notice for all meetings of the full Commission of meetings shall be given in the same manner as required under the rulemaking provisions in section 148E.51, except that the Commission may hold a special meeting as provided in paragraph (f), clause (1), item (ii).

(ii) The Commission may hold a special meeting when it must meet to conduct emergency business by giving 48 hours' notice to all commissioners on the Commission's website and other means as provided in the Commission's rules. The Commission's legal counsel shall certify that the Commission's need to meet qualifies as an emergency.

(2) The Commission or the Executive Committee or other committees of the Commission may convene in a closed, nonpublic meeting for the Commission or Executive Committee or other committees of the Commission to receive legal advice or to discuss:

(i) noncompliance of a member state with its obligations under the Compact;

(ii) the employment, compensation, discipline, or other matters, practices, or procedures related to specific employees;

(iii) current or threatened discipline of a licensee by the Commission or by a member state's licensing authority;

(iv) current, threatened, or reasonably anticipated litigation;

(v) negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;

(vi) accusing any person of a crime or formally censuring any person;

(vii) trade secrets or commercial or financial information that is privileged or confidential;

(viii) information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(ix) investigative records compiled for law enforcement purposes;

(x) information related to any investigative reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the Compact;

(xi) matters specifically exempted from disclosure by federal or member state law; or

(xii) other matters as promulgated by the Commission by rule.

(3) If a meeting, or portion of a meeting, is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

(4) The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the Commission or order of a court of competent jurisdiction.

(g) Financing of the Commission:

(1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Commission may accept any and all appropriate revenue sources as provided in paragraph (c), clause (13).

(3) The Commission may levy on and collect an annual assessment from each member state and impose fees on licensees of member states to whom it grants a multistate license to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for member states shall be allocated based upon a formula that the Commission shall promulgate by rule.

(4) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

(h) Qualified immunity, defense, and indemnification:

(1) The members, officers, executive director, employees, and representatives of the Commission shall be immune from suit and liability, both personally and in their official

capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

(2) The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense, and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(4) Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

(5) Nothing in this Compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

(6) Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the member states or by the Commission.

(i) Notwithstanding paragraph (h), clause (1), the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. This paragraph expressly incorporates section 3.736, and neither expands nor limits the rights and remedies provided under that statute.

(j) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

Sec. 11. **[148E.50] DATA SYSTEM.**

(a) The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated data system.

(b) The Commission shall assign each applicant for a multistate license a unique identifier, as determined by the rules of the Commission.

(c) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the Commission, including:

(1) identifying information;

(2) licensure data;

(3) adverse actions against a license and information related thereto;

(4) nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under member state law;

(5) any denial of application for licensure, and the reason for such denial;

(6) the presence of current significant investigative information; and

(7) other information that may facilitate the administration of this Compact or the protection of the public, as determined by the rules of the Commission.

(d) The records and information provided to a member state pursuant to this Compact or through the data system, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to

any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a member state.

(e) Current significant investigative information pertaining to a licensee in any member state will only be available to other member states.

(f) It is the responsibility of the member states to report any adverse action against a licensee and to monitor the database to determine whether adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(g) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(h) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

Sec. 12. **[148E.51] RULEMAKING.**

(a) The Commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

(b) The rules of the Commission shall have the force of law in each member state, provided however that where the rules of the Commission conflict with the laws of the member state that establish the member state's laws, regulations, and applicable standards that govern the practice of social work as held by a court of competent jurisdiction, the rules of the Commission shall be ineffective in that state to the extent of the conflict.

(c) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

(d) If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(e) Rules shall be adopted at a regular or special meeting of the Commission.

(f) Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(g) Prior to adoption of a proposed rule by the Commission, and at least 30 days in advance of the meeting at which the Commission will hold a public hearing on the proposed rule, the Commission shall provide a notice of proposed rulemaking:

(1) on the website of the Commission or other publicly accessible platform;

(2) to persons who have requested notice of the Commission's notices of proposed rulemaking; and

(3) in such other way as the Commission may by rule specify.

(h) The notice of proposed rulemaking shall include:

(1) the time, date, and location of the public hearing at which the Commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;

(2) if the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

(3) the text of the proposed rule and the reason therefor;

(4) a request for comments on the proposed rule from any interested person; and

(5) the manner in which interested persons may submit written comments.

(i) All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed rule shall be available to the public.

(j) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

(k) The Commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(l) The Commission may adopt changes to the proposed rule, provided the changes do not enlarge the original purpose of the proposed rule.

(2) The Commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(3) The Commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in paragraph (l), the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the rule.

(l) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule with 48 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of Commission or member state funds;

(3) meet a deadline for the promulgation of a rule that is established by federal law or rule; or

(4) protect public health and safety.

(m) The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

(n) No member state's rulemaking requirements shall apply under this compact.

Sec. 13. **[148E.52] OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT.**

(a) Oversight:

(1) The executive and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

(2) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

(3) The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

(b) Default, technical assistance, and termination:

(1) If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

(2) The Commission shall provide a copy of the notice of default to the other member states.

(c) If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the member states, and all rights, privileges, and benefits conferred on that state by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's state licensing authority, and each of the member states' state licensing authority.

(e) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(f) Upon the termination of a state's membership from this Compact, that state shall immediately provide notice to all licensees within that state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

(g) The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

(h) The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(i) Dispute resolution:

(1) Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states.

(2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(j) Enforcement:

(1) By majority vote as provided by rule, the Commission may initiate legal action against a member state in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting member state's law.

(2) A member state may initiate legal action against the Commission in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) No person other than a member state shall enforce this compact against the Commission.

Sec. 14. **[148E.53] EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT.**

(a) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh member state.

(1) On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven member states ("charter member states") to determine if the statute enacted by each such charter member state is materially different than the model Compact statute.

(i) A charter member state whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in section 148E.52.

(ii) If any member state is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of member states should be less than seven.

(2) Member states enacting the compact subsequent to the seven initial charter member states shall be subject to the process set forth in section 148E.49, paragraph (c), clause (21), to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(3) All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

(4) Any state that joins the Compact subsequent to the Commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

(b) Any member state may withdraw from this Compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

(3) Upon the enactment of a statute withdrawing from this Compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

(c) Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this Compact.

(d) This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

Sec. 15. **[148E.54] CONSTRUCTION AND SEVERABILITY.**

(a) This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

(b) The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

(c) Notwithstanding paragraph (b), the Commission may deny a state's participation in the Compact or, in accordance with the requirements of section 148E.52, paragraph (b), terminate a member state's participation in the Compact, if it determines that a constitutional requirement of a member state is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any member state, the Compact

shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

Sec. 16. **[148E.55] CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS.**

(a) A licensee providing services in a remote state under a multistate authorization to practice shall adhere to the laws and regulations, including laws, regulations, and applicable standards, of the remote state where the client is located at the time care is rendered.

(b) Nothing herein shall prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the Compact.

(c) Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the Compact are superseded to the extent of the conflict.

(d) All permissible agreements between the Commission and the member states are binding in accordance with their terms.

**147A.09 SCOPE OF PRACTICE.**

Subd. 5. **Scope of practice limitations; psychiatric care for children with emotional disturbance or adults with serious mental illness.** Notwithstanding subdivision 1, a physician assistant may only provide ongoing psychiatric treatment for children with emotional disturbance, as defined in section 245.4871, subdivision 15, or adults with serious mental illness in collaboration with a physician licensed under chapter 147. For purposes of providing ongoing psychiatric treatment for children with emotional disturbance or adults with serious mental illness, the practice agreement between the physician assistant and one or more physicians licensed under chapter 147 must define the collaboration between the physician assistant and the collaborating physician, including appropriate consultation or referral to psychiatry.

**147B.01 DEFINITIONS.**

Subd. 18. **Oriental medicine.** "Oriental medicine" means a system of healing arts that perceives the circulation and balance of energy in the body as being fundamental to the well-being of the individual. It implements the theory through specialized methods of analyzing the energy status of the body and treating the body with acupuncture and other related modalities for the purpose of strengthening the body, improving energy balance, maintaining or restoring health, improving physiological function, and reducing pain.

**148D.061 PROVISIONAL LICENSES.**

Subd. 9. **Revocation of provisional license.** The board may immediately revoke the provisional license of a licensee who violates any requirements of this section. The revocation must be made for cause. A licensee whose provisional license is revoked must immediately return the provisional license to the board.

**156.12 PRACTICE OF VETERINARY MEDICINE.**

Subd. 6. **Faculty licensure.** (a) Veterinary Medical Center clinicians at the College of Veterinary Medicine, University of Minnesota, who are engaged in the practice of veterinary medicine as defined in subdivision 1 and who treat animals owned by clients of the Veterinary Medical Center must possess the same license required by other veterinary practitioners in the state of Minnesota except for persons covered by paragraphs (b) and (c).

(b) A specialty practitioner in a hard-to-fill faculty position who has been employed at the College of Veterinary Medicine, University of Minnesota, for five years or more prior to 2003 or is specialty board certified by the American Veterinary Medical Association or the European Board of Veterinary Specialization may be granted a specialty faculty Veterinary Medical Center clinician license which will allow the licensee to practice veterinary medicine in the state of Minnesota in the specialty area of the licensee's training and only within the scope of employment at the Veterinary Medical Center.

(c) A specialty practitioner in a hard-to-fill faculty position at the College of Veterinary Medicine, University of Minnesota, who has graduated from a board-approved foreign veterinary school may be granted a temporary faculty Veterinary Medical Center clinician license. The temporary faculty Veterinary Medical Center clinician license expires in two years and allows the licensee to practice veterinary medicine as defined in subdivision 1 and treat animals owned by clients of the Veterinary Medical Center. The temporary faculty Veterinary Medical Center clinician license allows the licensee to practice veterinary medicine in the state of Minnesota in the specialty area of the licensee's training and only within the scope of employment at the Veterinary Medical Center while under the direct supervision of a veterinarian currently licensed and actively practicing veterinary medicine in Minnesota, as defined in section 156.04. The direct supervising veterinarian must not have any current or past conditions, restrictions, or probationary status imposed on the veterinarian's license by the board within the past five years. The holder of a temporary faculty Veterinary Medical Center clinician license who is enrolled in a PhD program may apply for up to two additional consecutive two-year extensions of an expiring temporary faculty Veterinary Medical Center clinician license. Any other holder of a temporary faculty Veterinary Medical Center clinician license may apply for one two-year extension of the expiring temporary faculty Veterinary Medical Center clinician license. Temporary faculty Veterinary Medical Center clinician licenses that are allowed to expire may not be renewed. The board shall grant an extension to a licensee who demonstrates suitable progress toward completing the requirements of their academic program, specialty board certification, or full licensure in Minnesota by a graduate of a foreign veterinary college.

(d) Temporary and specialty faculty Veterinary Medical Center clinician licensees must abide by all the laws governing the practice of veterinary medicine in the state of Minnesota and are subject to the same disciplinary action as any other veterinarian licensed in the state of Minnesota.

(e) The fee for a license issued under this subdivision is the same as for a regular license to practice veterinary medicine in Minnesota. License payment deadlines, late payment fees, and other license requirements are also the same as for regular licenses.

**"ARTICLE 21**

**NURSES**

Section 1. **[148.2855] NURSE LICENSURE COMPACT.**

The Nurse Licensure Compact is enacted into law and entered into with all other jurisdictions legally joining in it, in the form substantially as follows:

ARTICLE 1

DEFINITIONS

As used in this compact:

(a) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's law that is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

(b) "Alternative program" means a nondisciplinary monitoring program approved by a licensing board.

(c) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.

(d) "Current significant investigative information" means:

(1) investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(2) investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond.

(e) "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

(f) "Home state" means the party state that is the nurse's primary state of residence.

(g) "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.

(h) "Multistate license" means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

(i) "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

(j) "Nurse" means an RN or LPN/VN, as those terms are defined by each party state's practice laws.

(k) "Party state" means any state that has adopted this compact.

(l) "Remote state" means a party state other than the home state.

(m) "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.

(n) "State" means a state, territory, or possession of the United States and the District of Columbia.

(o) "State practice laws" means a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE 2

GENERAL PROVISIONS AND JURISDICTION

(a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as an RN or LPN/VN under a multistate licensure privilege in each party state.

(b) A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. The procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

(c) Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) meets the home state's qualifications for licensure or renewal of licensure, as well as all other applicable state laws;

(2)(i) has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program; or

(ii) has graduated from a foreign RN or LPN/VN prelicensure education program that:

(A) has been approved by the authorized accrediting body in the applicable country; and

(B) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

(4) has successfully passed an NCLEX-RN or NCLEX-PN Examination or recognized predecessor, as applicable;

(5) is eligible for or holds an active, unencumbered license;

(6) has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) is not currently enrolled in an alternative program;

(10) is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) has a valid United States Social Security number.

(d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

(e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege shall subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

(f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in

any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

(g) Any nurse holding a home state multistate license, on the effective date of this compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

(1) a nurse, who changes primary state of residence after this compact's effective date, must meet all applicable paragraph (c) requirements to obtain a multistate license from a new home state; or

(2) a nurse who fails to satisfy the multistate licensure requirements in paragraph (c) due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

ARTICLE 3

APPLICATIONS FOR LICENSURE IN A PARTY STATE

(a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held or is the holder of a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

(b) A nurse may hold a multistate license issued by the home state in only one party state at a time.

(c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the commission:

(1) the nurse may apply for licensure in advance of a change in primary state of residence; and

(2) a multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

(d) If a nurse changes primary state of residence by moving from a party state to a nonparty state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE 4

ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING BOARDS

(a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) take adverse action against a nurse's multistate licensure privilege to practice within that party state:

(i) only the home state shall have the power to take adverse action against a nurse's license issued by the home state; and

(ii) for purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if the conduct occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) complete any pending investigations of a nurse who changes primary state of residence during the course of the investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) issue subpoenas for hearings and investigations that require the attendance and testimony of witnesses, as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions;

(6) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

(b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders

that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

(c) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE 5

COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE OF INFORMATION

(a) All party states shall participate in a coordinated licensure information system of RNs and LPNs. The system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

(b) The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

(c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action; any current significant investigative information; denials of applications, including the reasons for the denials; and nurse participation in alternative programs known to the licensing board, regardless of whether the participation is deemed nonpublic or confidential under state law.

(d) Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

(e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

(f) Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

(g) Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

(h) The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

(1) identifying information;

(2) licensure data;

(3) information related to alternative program participation; and

(4) other information that may facilitate the administration of this compact, as determined by commission rules.

(i) The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE 6

ESTABLISHMENT OF THE INTERSTATE COMMISSION OF NURSE LICENSURE COMPACT ADMINISTRATORS

(a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators:

(1) the commission is an instrumentality of the party states;

(2) except as provided under paragraph (k), venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings; and

(3) nothing in this compact shall be construed to be a waiver of sovereign immunity.

(b) Membership, voting, and meetings:

(1) each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the laws of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists;

(2) each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication;

(3) the commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission;

(4) all meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in article 7;

(5) the commission may convene in a closed, nonpublic meeting if the commission must discuss:

(i) noncompliance of a party state with its obligations under this compact;

(ii) the employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;

(iii) current, threatened, or reasonably anticipated litigation;

(iv) negotiation of contracts for the purchase or sale of goods, services, or real estate;

(v) accusing any person of a crime or formally censuring any person;

(vi) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) disclosure of investigatory records compiled for law enforcement purposes;

(ix) disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(x) matters specifically exempted from disclosure by federal or state statute; and

(6) if a meeting or portion of a meeting is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in the minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(c) The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact, including but not limited to:

(1) establishing the fiscal year of the commission;

(2) providing reasonable standards and procedures:

(i) for the establishment and meetings of other committees; and

(ii) governing any general or specific delegation of any authority or function of the commission;

(3) providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of the meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The

commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(5) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and

(6) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

(d) The commission shall publish its bylaws, rules, and any amendments in a convenient form on the website of the commission.

(e) The commission shall maintain its financial records in accordance with the bylaws.

(f) The commission shall meet and take actions consistent with the provisions of this compact and the bylaws.

(g) The commission shall have the following powers:

(1) to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) to bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) to purchase and maintain insurance and bonds;

(4) to borrow, accept, or contract for services of personnel, including but not limited to employees of a party state or nonprofit organizations;

(5) to cooperate with other organizations that administer state compacts related to the regulation of nursing, including but not limited to sharing administrative or staff expenses, office space, or other resources;

(6) to hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(7) to accept any and all appropriate donations, grants, and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, whether real, personal, or mixed; provided that at all times the commission shall avoid any appearance of impropriety;

(9) to sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(10) to establish a budget and make expenditures;

(11) to borrow money;

(12) to appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, and consumer representatives, and other such interested persons;

(13) to provide and receive information from, and to cooperate with, law enforcement agencies;

(14) to adopt and use an official seal; and

(15) to perform other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

(h) Financing of the commission:

(1) the commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities;

(2) the commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based on a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states;

(3) the commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by and with the authority of the party state; and

(4) the commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(i) Qualified immunity, defense, and indemnification:

(1) the administrators, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall

be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person;

(2) the commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining the person's counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct; and

(3) the commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

(j) Notwithstanding paragraph (h), clause (1), the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. This paragraph expressly incorporates Minnesota Statutes, section 3.736, and neither expands nor limits the rights and remedies provided under that statute.

(k) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

(l) Nothing in this compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

ARTICLE 7

RULEMAKING

(a) The commission shall exercise its rulemaking powers pursuant to this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

(b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(c) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 60 days in advance of the meeting at which the rule will be considered and voted on, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission; and

(2) on the website of each licensing board or the publication in which the state would otherwise publish proposed rules.

(d) The notice of proposed rulemaking shall include:

(1) the proposed time, date, and location of the meeting in which the rule will be considered and voted on;

(2) the text of the proposed rule or amendment, and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(e) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.

(f) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

(g) The commission shall publish the place, time, and date of the scheduled public hearing:

(1) hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded and a copy will be made available upon request; and

(2) nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(h) If no person appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

(i) Following the scheduled hearing date or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(j) The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(k) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice or opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or party state funds; or

(3) meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

(l) The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission before the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision shall not take effect without the approval of the commission.

ARTICLE 8

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(a) Oversight:

(1) each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent; and

(2) the commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in the proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) Default, technical assistance, and termination:

(1) if the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default;

(2) if a state in default fails to cure the default, the defaulting state's membership in this compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default;

(3) termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given

by the commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states;

(4) a state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination;

(5) the commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated, unless agreed upon in writing between the commission and the defaulting state; and

(6) the defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of the litigation, including reasonable attorney fees.

(c) Dispute resolution:

(1) upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and nonparty states;

(2) the commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate; and

(3) in the event the commission cannot resolve disputes among party states arising under this compact:

(i) the party states may submit the issues in dispute to an arbitration panel, that will be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute; and

(ii) the decision of a majority of the arbitrators shall be final and binding.

(d) Enforcement:

(1) the commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact;

(2) by majority vote, the commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of the litigation, including reasonable attorney fees; and

(3) the remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE 9

EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

(a) This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact that also were parties to the prior Nurse Licensure Compact that was superseded by this compact shall be deemed to have withdrawn from the prior compact within six months after the effective date of this compact.

(b) Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until the party state has withdrawn from the prior compact.

(c) Any party state may withdraw from this compact by legislative enactment. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of the withdrawal or termination.

(e) Nothing in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this compact.

(f) This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

(g) Representatives of nonparty states to this compact shall be invited to participate in the activities of the commission on a nonvoting basis prior to the adoption of this compact by all states.

ARTICLE 10

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. This compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. However, the

commissioner may not reduce or increase any recipient's percentage under this paragraph for more than two years successively. J. indirect administrative charges, which are the amount allocated to the transit contract for administrative services not traceable to a specific transit activity but which benefit the transit operation and which must be based on a cost allocation plan approved by the department.

For purposes of item I, mileage reimbursement must be based on a rate approved by the local governing body, as long as the rate is reasonable and consistent with similar rates approved by the local governing body.

Subp. 4. **Vehicle charges expense.** The "vehicle charges" expense category applies to vehicles owned or leased by the public transit system and includes:

A. fuel and lubricants expense, including net costs of gasoline, diesel, and alternative fuels and costs of antifreeze, propane, lubricating oil, transmission fluid, and grease used by revenue and service vehicles;

Subp. 5. **Operations charges expense.** The "operations charges" expense category includes:

A. purchase of service, which is the cost of having a subcontractor operate the project service, with cost established:

(2) through a negotiated contract with the prime contractor in bid situations when only one bid is received; or

(3) through a negotiated subcontract in a nonbid situation;

B. depreciation, which is the amount of depreciation or use allowance on depreciable items such as structures, revenue equipment, service vehicles and equipment, and office furniture and equipment and is the amount allowed based on a company's existing depreciation schedule or, if a schedule does not already exist, a depreciation schedule submitted to and approved by the department, but which may not be charged for items purchased, totally or in part, with state or federal funds;

E. leases and rentals of facilities or equipment used in the operation of the transit system, including leases and rentals of garages, depots, passenger vehicles, service vehicles, passenger stations, communication equipment, and computers, with allowability based on the reasonableness of rates and the presence of evidence that the lease will not give rise to material equity in the property; and

F. other operations charges, including the cost of such things as the purchase or rental and cleaning of uniforms, tools and equipment, sanding and snowplow operations, passenger amenities, and station agents and which may be allocated indirectly based on a cost allocation plan approved by the department.

For purposes of item C, mileage reimbursement must be based on a rate approved by the local governing body, as long as the rate is reasonable and consistent with similar rates approved by the local governing body.

Subp. 6. **Insurance charges expense.** The "insurance charges" expense category includes:

A. public liability and property damage insurance expense on vehicles, including premiums paid to insure the transit system against loss through damage to its own property and to indemnify the transit system and all financial and operational participants against loss from liability for its acts that cause damage to the person or property of others; and

B. public liability and property damage insurance charges other than on vehicles, including excess liability insurance, baggage and express insurance, and fire and theft insurance.

Subp. 7. **Taxes and fees expense.** The "taxes and fees" expense category includes:

A. vehicle registration and permit fees on vehicles; and

B. other taxes and fees, including applicable real estate, property, and sales taxes.

**8835.0290 UNALLOWABLE EXPENSES.**

Subpart 1. **Scope.** In determining the total operating costs of a public transit system, upon which financial assistance is based, the definitions of unallowable expenses in subparts 2 to 8 apply and have the meanings given them.

Subp. 2. **General purpose equipment.** Expenditures for general purpose equipment are unallowable as operating costs. "General purpose equipment" means equipment that is used for other than transit contract purposes, such as communications equipment, office equipment and furnishings, air conditioning equipment, reproduction and printing equipment, and computers and related equipment.

Subp. 3. **Interest and other financial costs.** Interest on borrowing (however represented), bond discounts, cost of financing and refinancing operations, and legal and professional fees paid in connection with these costs are unallowable.

Subp. 4. **Fines and penalties.** Costs resulting from violations of, or failure to comply with federal, state, or local laws and regulations are unallowable.

Subp. 5. **Contingencies.** Contributions to a contingency reserve or any similar provision for unseen events are unallowable.

Subp. 6. **Bad debts.** Any losses arising from uncollectible accounts, other claims, and related costs are unallowable.

Subp. 7. **Donations and entertainment expense.** Contributions and donations are unallowable as are any entertainment expenses.

Subp. 8. **Unrelated costs.** Costs that are not directly related to the provision of public transit are unallowable.

**8835.0310 REVENUE CATEGORIES.**

Subpart 1. **Operating revenue categories; local sources.** In determining the local sources of funds that may comprise the fixed percentage of total operating costs to be paid by a recipient in accordance with the distribution classifications in Minnesota Statutes, sections 174.24, subdivision 3b, the definitions of revenue categories in subparts 2 to 7 apply and have the meanings given them.

Subp. 2. **Passenger fare.** "Passenger fare" means revenue earned from transporting passengers on the public transit system, including a cash fare, a donation received instead of a set fare, and an advance fare received from the sale of a coupon, token, or pass.

Subp. 3. **Contract revenue.** "Contract revenue" means revenue received from a contract with a beneficiary of a specific transit service. Contract revenue includes:

A. an amount paid by an organization for a special route guarantee; and

B. revenue earned for a ride given in regular transit service but paid for by an organization, including a state or local social service agency or a private social service organization, for the benefit of the rider.

Subp. 4. **School revenue.** "School revenue" means revenue earned from service provided under a contract with a school district, including an amount paid for transporting school children on regularly scheduled service, and an amount paid by a college or university for operating a transit vehicle on or between campuses.

Subp. 5. **Charter revenue.** "Charter revenue" includes reimbursement for charter service received in association with publicly funded transit service, providing that charter

service rates are developed so that cost recovery equals or exceeds the full cost of providing the charter service.

Subp. 6. **Auxiliary revenue.** "Auxiliary revenue" means revenue earned from an activity closely associated with the transit operation, including revenue received from an advertising service, delivery, a lease, and station and vehicle concessions.

Subp. 7. **Other financial assistance.** "Other financial assistance" includes revenue earned from an activity not associated with the provision of the recipient's transit service but which is applied to help cover the system's costs, including tax levies, a federal cash grant, senior citizen fare assistance, investment income, and any general donation.

**8835.0320 CAPITAL ASSISTANCE.**

Subpart 1. **Budget.** An applicant seeking financial assistance for capital costs shall include in its budget a description of the vehicle, facility, or equipment desired, its cost and the reason for the request.

Subp. 2. **Criteria.** The department shall use the following criteria to evaluate requests for capital assistance:

A. the extent to which the request maintains public transit services, promotes safety, and promotes efficient operations;

B. the extent to which accessibility is enhanced; and

C. the availability of local share money.

Subp. 3. **Allocation formula.** The department shall determine the amount of capital assistance for the public transit participation program according to the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c. Except as provided in subparts 4 and 5, the department shall fund 80 percent of the capital costs approved by the department under the public transit participation program. The recipient shall provide the remaining 20 percent of the approved capital costs from local sources.

Subp. 4. **Program deviation from allocation formula.** Under the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c, the department may establish a capital assistance allocation formula that deviates from the formula established in subpart 3. In setting this formula, the department must consider all relevant conditions relating to funding the public transit participation program.

Subp. 5. **Individual exception to allocation formula.** The department may deviate from the capital assistance allocation formula for an exceptional circumstance. A recipient that seeks capital assistance from the public transit participation program in an amount greater than the allocation formula, established under subpart 3 or 4, must make a written request to the department that includes:

A. a detailed description of the exceptional circumstance that is the basis of the written request; and

B. a resolution from the governing body that the request is due to an exceptional circumstance.

The department shall consider a request for an individual exception to the allocation formula after assessing the nature of the exceptional circumstance, balancing the request against other requests from recipients for capital assistance, and considering the assurance provided by the governing body that the circumstance that gave rise to the request is exceptional.

Subp. 6. **Vehicle replacement or disposition.** The department shall determine financial assistance to a public transit system to replace, refurbish, or dispose of a vehicle based on the condition of the vehicle and the availability of funds.

Subp. 7. **Contract.** The financial assistance contract between the department and the recipient must specify the maximum amount of capital assistance to be allocated to the recipient and the terms and conditions of assistance. The department shall determine the actual amount of capital assistance based on the availability of funds.

**8835.0330 CONTRACT FOR FINANCIAL ASSISTANCE.**

Subpart 1. **Content.** The financial assistance contract is a cost reimbursement contract that is based on the total operating cost in part 8835.0280. The contract must specify the maximum amount of financial assistance to be awarded to the recipient by the department and state the terms and conditions of assistance. The management plan must be incorporated into the contract as a legal part of the contract document. A resolution by the governing body, as provided in part 8835.0250, subpart 5, must be included with the contract.

Subp. 3. **Penalties.** If a recipient fails to comply with the terms and conditions of the contract, the department may withhold payment at any time or may terminate the financial assistance contract upon 30 days' written notice.

Subp. 4. **Amendments.** A recipient or the department may initiate an amendment to the contract. Before implementation, an amendment must be fully executed by the parties to the original contract, or their successors.

**8835.0350 FINANCIAL RECORDS.**

Subpart 1. **Records.** A recipient and any third party contractor shall maintain their financial records in accordance with generally accepted accounting principles. The records must permit audit verification of transit cost allocations claimed during the contract period. The recipient and any third party contractor also shall keep records on miles and hours of service and passenger trips. Records must be kept available for a period of six years from the date of final payment or the expiration date of the contract, whichever occurs first.

Subp. 3. **Audits.** The financial records of the recipient must be audited. They may be audited by the department or the department may accept all or part of the audit of an independent auditor instead of a departmental audit if the audit meets department standards. In addition to chapter 8835, department audits must be based on the contract cost principles and procedures in Code of Federal Regulations, title 48, chapter 1, part 31, and Office of Management and Budget Circular, Number A-87 and Number A-122, as amended. The financial records of a subcontractor may be audited at the department's discretion. The department shall submit year-end financial statements to the department auditor by April 15 of the year following the period covered by the financial assistance contract. Audits at the end of a contract period must establish approved total operating costs. New recipients are subject to a preaward audit before contract execution and fund encumbrance. As provided by Minnesota Statutes, section 16C.05, subdivision 5, the records, books, documents, and accounting practices of the recipient and of any third party contractor relating to the contract are subject to audit and examination by the department and the legislative auditor during working hours. If the department determines it has overpaid a recipient on a previous contract, the department may reduce payments under the current contract by the amount of overpayment.

Subp. 4. **Project monitoring.** The department shall use the management plan required under part 8835.0260 as a basis for monitoring and evaluating the performance of the public transit system during the contract period. Public transit policy decisions made by the recipient and actions taken during the contract period must conform with the management plan. A proposed deviation from the management plan must be reported to the department and approval secured in writing before implementation. Approval will be granted if it is clearly documented that the proposed deviation will not increase overall project costs. Failure to secure approval jeopardizes continued financial assistance.

Subp. 5. **Reserve account.** If a public transit system generates operating revenue in excess of the recipient's local share amount, the recipient shall deposit the excess into a

reserve account to be used for approved operating expenses that are not covered by the contract or for part of the local share of capital expenses of the transit system. The recipient shall report this revenue and expenses charged against it to the department on reporting forms provided by the department.

(3) investigate all complaints and appeals.

(o) The administrative agency shall pay for the services provided in this subdivision and seek reimbursement from the commissioner, if appropriate. As vendors of medical care, local agencies are subject to the provisions in section 256B.041, the sanctions and monetary recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

(p) Payments for nonemergency medical transportation must be paid based on the client's assessed mode under paragraph (k), not the type of vehicle used to provide the service. The medical assistance reimbursement rates for nonemergency medical transportation services that are payable by or on behalf of the commissioner for nonemergency medical transportation services are:

(1) $0.22 per mile for client reimbursement;

(2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer transport;

(3) equivalent to the standard fare for unassisted transport when provided by public transit, and $12.10 for the base rate and $1.43 per mile when provided by a nonemergency medical transportation provider;

(4) $14.30 for the base rate and $1.43 per mile for assisted transport;

(5) $19.80 for the base rate and $1.70 per mile for lift-equipped/ramp transport;

(6) $75 for the base rate and $2.40 per mile for protected transport; and

(7) $60 for the base rate and $2.40 per mile for stretcher transport, and $9 per trip for an additional attendant if deemed medically necessary.

(q) The base rate for nonemergency medical transportation services in areas defined under RUCA to be super rural is equal to 111.3 percent of the respective base rate in paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation services in areas defined under RUCA to be rural or super rural areas is:

(1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage rate in paragraph (p), clauses (1) to (7); and

(2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage rate in paragraph (p), clauses (1) to (7).

(r) For purposes of reimbursement rates for nonemergency medical transportation services under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine whether the urban, rural, or super rural reimbursement rate applies.

(s) The commissioner, when determining reimbursement rates for nonemergency medical transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

(t) Effective for the first day of each calendar quarter in which the price of gasoline as posted publicly by the United States Energy Information Administration exceeds $3.00 per gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent up or down for every increase or decrease of ten cents for the price of gasoline. The increase or decrease must be calculated using a base gasoline price of $3.00. The percentage increase or decrease must be calculated using the average of the most recently available price of all grades of gasoline for Minnesota as posted publicly by the United States Energy Information Administration.

Sec. 18. **ALTERNATIVE EMERGENCY MEDICAL SERVICES RESPONSE MODEL PILOT PROGRAM.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "Board" means the Emergency Medical Services Regulatory Board.

(c) "Partnering ambulance services" means the primary ambulance service and the supporting ambulance service that partner to jointly respond to emergency ambulance calls under the pilot program.

(d) "Pilot program" means the alternative emergency medical services response model pilot program established under this section.

(e) "Primary ambulance service" means a basic life support ambulance service or part-time advanced life support ambulance service.

(f) "Supporting ambulance service" means a full-time advanced life support ambulance service.

Subd. 2. **Pilot program established.** The board must establish and oversee an alternative emergency medical services response model pilot program, with one pilot program site in Otter Tail County and Grant County and one pilot program site in St. Louis County. Under the pilot program, the board may authorize primary ambulance services with primary service areas that include: (1) any portion of Otter Tail County or Grant County; or (2) any portion of St. Louis County to partner with supporting ambulance services to provide expanded advanced life support service intercept capability and staffing support for emergency ambulance calls to locations anywhere in the partnering ambulance services' primary service areas, including locations outside of Otter Tail County, Grant County, or St. Louis County.

Subd. 3. **Application.** A primary ambulance service that wishes to participate in the pilot program must apply to the board. An application from a primary ambulance service must be submitted jointly with the supporting ambulance service with which the primary ambulance service proposes to partner. The application must identify the ambulance services applying to be partnering ambulance services and must include:

(1) approval to participate in the pilot program from the medical directors of the proposed partnering ambulance services;

(2) procedures the primary ambulance service will implement to respond to emergency ambulance calls when the primary ambulance service is unable to meet the minimum staffing requirements under Minnesota Statutes, section 144E.101, and the supporting ambulance service is unavailable to jointly respond to emergency ambulance calls;

(3) an agreement between the proposed partnering ambulance services specifying which ambulance service is responsible for:

(i) workers' compensation insurance;

(ii) motor vehicle insurance; and

(iii) billing, identifying which ambulance service, if any, will bill the patient or the patient's insurer and specifying how payments received will be distributed among the proposed partnering ambulance services;

(4) communication procedures to coordinate and make known the real-time availability of the supporting ambulance service to its proposed partnering primary ambulance service and public safety answering points;

(5) an acknowledgment that the proposed partnering ambulance services must coordinate compliance with the prehospital care data requirements in Minnesota Statutes, section 144E.123; and

(6) an acknowledgment that the proposed partnering ambulance services remain responsible for providing continual service as required under Minnesota Statutes, section 144E.101, subdivision 3.

Subd. 4. **Operation.** Under the pilot program, a supporting ambulance service may partner with one or more primary ambulance services. Under this partnership, the supporting ambulance service and primary ambulance service must jointly respond to emergency ambulance calls originating in the primary service area of the primary ambulance service. The supporting ambulance service must respond to emergency ambulance calls with either an ambulance or a nontransporting vehicle fully equipped with the advanced life support complement of equipment and medications required for that nontransporting vehicle by that ambulance service's medical director.

(b) The staffing specified in paragraph (a) is deemed to satisfy the staffing requirements in Minnesota Statutes, section 144E.101, for both the primary ambulance service response and the supporting ambulance service intercept requirements.

Subd. 6. **Medical director oversight.** The medical directors for ambulance services participating in the pilot program retain responsibility for the ambulance service personnel

of their respective ambulance services. A permissible user whose account has been selected for a random audit shall respond to an inquiry by the board, no later than 30 days after receipt of notice that an audit is being conducted. Failure to respond may result in deactivation of access to the electronic system and referral to the appropriate health licensing board, or the commissioner of human services, for further action. The board shall report the results of random audits to the chairs and ranking minority members of the legislative committees

with jurisdiction over health and human services policy and finance and government data practices.

(n) A permissible user who has delegated the task of accessing the data in subdivision 4 to an agent or employee shall audit the use of the electronic system by delegated agents or employees on at least a quarterly basis to ensure compliance with permissible use as defined in this section. Sec. 18. **ALTERNATIVE EMERGENCY MEDICAL SERVICES RESPONSE MODEL PILOT PROGRAM.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "Board" means the Emergency Medical Services Regulatory Board.

(c) "Partnering ambulance services" means the primary ambulance service and the supporting ambulance service that partner to jointly respond to emergency ambulance calls under the pilot program.

(d) "Pilot program" means the alternative emergency medical services response model pilot program established under this section.

(e) "Primary ambulance service" means a basic life support ambulance service or part-time advanced life support ambulance service.

(f) "Supporting ambulance service" means a full-time advanced life support ambulance service.

Subd. 2. **Pilot program established.** The board must establish and oversee an alternative emergency medical services response model pilot program, with one pilot program site in Otter Tail County and Grant County and one pilot program site in St. Louis County. Under the pilot program, the board may authorize primary ambulance services with primary service areas that include: (1) any portion of Otter Tail County or Grant County; or (2) any portion of St. Louis County to partner with supporting ambulance services to provide expanded advanced life support service intercept capability and staffing support for emergency ambulance calls to locations anywhere in the partnering ambulance services' primary service areas, including locations outside of Otter Tail County, Grant County, or St. Louis County.

Subd. 3. **Application.** A primary ambulance service that wishes to participate in the pilot program must apply to the board. An application from a primary ambulance service must be submitted jointly with the supporting ambulance service with which the primary ambulance service proposes to partner. The application must identify the ambulance services applying to be partnering ambulance services and must include:

(1) approval to participate in the pilot program from the medical directors of the proposed partnering ambulance services;

(2) procedures the primary ambulance service will implement to respond to emergency ambulance calls when the primary ambulance service is unable to meet the minimum staffing requirements under Minnesota Statutes, section 144E.101, and the supporting ambulance service is unavailable to jointly respond to emergency ambulance calls;

(3) an agreement between the proposed partnering ambulance services specifying which ambulance service is responsible for:

(i) workers' compensation insurance;

(ii) motor vehicle insurance; and

(iii) billing, identifying which ambulance service, if any, will bill the patient or the patient's insurer and specifying how payments received will be distributed among the proposed partnering ambulance services;

(4) communication procedures to coordinate and make known the real-time availability of the supporting ambulance service to its proposed partnering primary ambulance service and public safety answering points;

(5) an acknowledgment that the proposed partnering ambulance services must coordinate compliance with the prehospital care data requirements in Minnesota Statutes, section 144E.123; and

Subd. 4. **Operation.** Under the pilot program, a supporting ambulance service may partner with one or more primary ambulance services. Under this partnership, the supporting ambulance service and primary ambulance service must jointly respond to emergency ambulance calls originating in the primary service area of the primary ambulance service. The supporting ambulance service must respond to emergency ambulance calls with either an ambulance or a nontransporting vehicle fully equipped with the advanced life support complement of equipment and medications required for that nontransporting vehicle by that ambulance service's medical director.

(b) The staffing specified in paragraph (a) is deemed to satisfy the staffing requirements in Minnesota Statutes, section 144E.101, for both the primary ambulance service response and the supporting ambulance service intercept requirements.

Subd. 6. **Medical director oversight.** The medical directors for ambulance services participating in the pilot program retain responsibility for the ambulance service personnel

(m) "Response density" means the quotient of EMS responses divided by the square mileage of the primary service area.

(n) "Unit of government" means a county, a statutory or home rule charter city, or a township.

Subd. 2. **Excluded services.** The commissioner, in coordination with the executive director of the board, must exclude EMS responses by a specialized life support service as described in Minnesota Statutes, section 144E.101, subdivision 9, when calculating EMS responses, response density, and aid payments under this section.

Subd. 3. **Certain multiple license holders excluded.** (a) Except as provided under paragraph (b), all licenses held by a multiple license holder are ineligible for aid payments under this section if any license held by a multiple license holder is designated to serve a primary service area, any portion of which is located within the cities of Duluth, Mankato, Moorhead, Rochester, or St. Cloud, or a metropolitan county.

(b) For a multiple license holder affiliated with a private, nonprofit adult hospital that is located in Hennepin County and designated by the commissioner of health as a level I trauma hospital, only the licenses held by the multiple license holder and located entirely within one or more metropolitan counties are ineligible for aid payments under this section.

Subd. 4. **Eligibility.** A licensed ambulance service provider is eligible for aid under this section if the licensed ambulance service provider:

(1) possessed a nonexcluded license in calendar year 2022;

(2) continues to operate under the nonexcluded license during calendar year 2024; and

(3) completes the requirements under subdivision 5.

Subd. 5. **Application process.** (a) An eligible licensed ambulance service provider may apply to the commissioner, in the form and manner determined by the commissioner, for aid under this section. Applications must be submitted by September 16, 2024. The commissioner may require an eligible licensed ambulance service provider to submit any information necessary, including financial statements, to make the calculations under subdivision 6. An eligible licensed ambulance service provider who applies for aid under this section must provide a copy of the application to the executive director of the board by September 16, 2024.

(b) The commissioner and the executive director of the board must establish a process for verifying the data submitted with applications under this section. By September 20, 2024, for each eligible licensed ambulance service provider that applies for aid under paragraph (a), the executive director of the board must certify the following information to the commissioner:

(1) EMS responses by primary service area reported for calendar year 2023;

(2) EMS responses by primary service area reported for calendar year 2023 that were provided by a specialized life support service;

(4) the square mileage of each primary service area as of January 1, 2024.

Subd. 6. **Commissioner calculations.** (a) Prior to determining an aid payment amount for eligible licensed ambulance service providers, the commissioner, in coordination with the executive director of the board, must make the calculations in paragraphs (b) to (d).

(b) The commissioner must determine the amount equal to dividing 20 percent of the amount appropriated for aid payments under this section equally among all eligible licensed ambulance service providers who possess at least one nonexcluded license. Eligible licensed ambulance service providers who possess only one nonexcluded license do not qualify for a payment under this paragraph if the nonexcluded license has a response density greater than 30.

(c) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid payments under this section multiplied by the quotient of the square mileage of the primary service area served under the nonexcluded license divided by the total square mileage of all primary service areas served under nonexcluded licenses.

(d) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid payments under this section multiplied by the quotient of the number of points determined under clauses (1) to (4) for each nonexcluded license with a response density less than or equal to 30 divided by the total points determined under clauses (1) to (4) for all nonexcluded licenses with a response density less than or equal to 30 held by eligible licensed ambulance

service providers. For calculations under this paragraph, the commissioner must determine points as follows:

(1) for EMS response one to EMS response 500, a nonexcluded license is awarded ten points for each EMS response;

(2) for EMS response 501 to EMS response 1,500, a nonexcluded license is awarded five points for each EMS response;

(n) "Unit of government" means a county, a statutory or home rule charter city, or a township.

Subd. 2. **Excluded services.** The commissioner, in coordination with the executive director of the board, must exclude EMS responses by a specialized life support service as described in Minnesota Statutes, section 144E.101, subdivision 9, when calculating EMS responses, response density, and aid payments under this section.

Subd. 3. **Certain multiple license holders excluded.** (a) Except as provided under paragraph (b), all licenses held by a multiple license holder are ineligible for aid payments under this section if any license held by a multiple license holder is designated to serve a primary service area, any portion of which is located within the cities of Duluth, Mankato, Moorhead, Rochester, or St. Cloud, or a metropolitan county.

(b) For a multiple license holder affiliated with a private, nonprofit adult hospital that is located in Hennepin County and designated by the commissioner of health as a level I trauma hospital, only the licenses held by the multiple license holder and located entirely within one or more metropolitan counties are ineligible for aid payments under this section.

Subd. 4. **Eligibility.** A licensed ambulance service provider is eligible for aid under this section if the licensed ambulance service provider:

(1) possessed a nonexcluded license in calendar year 2022;

(2) continues to operate under the nonexcluded license during calendar year 2024; and

(3) completes the requirements under subdivision 5.

Subd. 5. **Application process.** (a) An eligible licensed ambulance service provider may apply to the commissioner, in the form and manner determined by the commissioner, for aid under this section. Eligible licensed ambulance service providers who possess only one nonexcluded license do not qualify for a payment under this paragraph if the nonexcluded license has a response density greater than 30.

(c) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid payments under this section multiplied by the quotient of the square mileage of the primary service area served under the nonexcluded license divided by the total square mileage of all primary service areas served under nonexcluded licenses.

(d) For each nonexcluded license with a response density less than or equal to 30 held by an eligible licensed ambulance service provider, the commissioner must determine the amount equal to the product of 40 percent of the amount appropriated for aid payments under this section multiplied by the quotient of the number of points determined under clauses (1) to (4) for each nonexcluded license with a response density less than or equal to 30 divided by the total points determined under clauses (1) to (4) for all nonexcluded licenses with a response density less than or equal to 30 held by eligible licensed ambulance service providers. For calculations under this paragraph, the commissioner must determine points as follows:

(1) for EMS response one to EMS response 500, a nonexcluded license is awarded ten points for each EMS response;

(2) for EMS response 501 to EMS response 1,500, a nonexcluded license is awarded five points for each EMS response;

(3) for EMS response 1,501 to EMS response 2,500, a nonexcluded license is awarded zero points for each EMS response; and

(4) for EMS response 2,501 and each subsequent EMS response, a nonexcluded license's points are reduced by two points for each EMS response, except a nonexcluded license's total awarded points must not be reduced below zero.

Subd. 7. **Aid amount.** The commissioner must make an aid payment to each eligible licensed ambulance service provider in the amount equal to the sum of the amounts calculated in subdivision 6, paragraphs (b) to (d), for each nonexcluded license held by the eligible licensed ambulance service.

(b) The commissioner must make the full aid payment to each eligible licensed ambulance service provider by December 26, 2024.

(c) Any funds not spent on or encumbered for eligible uses by December 31, 2025, must be returned to the commissioner and cancel to the general fund.

Subd. 10. **Report.** By February 15, 2026, each licensed ambulance service provider that receives aid under this section must submit a report to the commissioner, the executive director of the board, and the chairs and ranking minority members of the legislative committees with jurisdiction over taxes and property taxes. The report must include the amount of aid that each licensed ambulance service provider received, the amount of aid that was spent on or encumbered for operational expenses, the amount of aid that was spent on or encumbered for capital expenses, and documentation sufficient to establish that awarded aid was spent on or encumbered for eligible uses as defined in subdivision 8. The executive director of the board may request financial statements or other information necessary to verify that aid was spent on eligible uses.

Subd. 11. **Appropriation.** (a) $24,000,000 in fiscal year 2025 is appropriated from the general fund to the commissioner of revenue for aid payments under this section.

(b) Of the amount in paragraph (a), the commissioner may retain up to $60,000 for administrative costs related to aid under this section.

(b) Upon the death of the settlor of a trust that was revocable at the settlor's death, the trustee may proceed to distribute the trust property in accordance with the terms of the trust. The trustee is not subject to liability for doing so unless:

The attorney general's charitable trust division may, however, waive this notice requirement.

Sec. 14. Minnesota Statutes 2024, section 501C.0808, subdivision 5, is amended to read:

Subd. 5. **Duty and liability of directing party.** (a) A directing party who is a distribution trust advisor or an investment trust advisor is a fiduciary of the trust subject to the same duties and standards applicable to a trustee of a trust as provided by applicable law ~~unless the governing instrument provides otherwise, but the governing instrument may not, however, relieve or exonerate a directing party from the duty to act or withhold acting as the directing party in good faith reasonably believes is in the best interests of the trust.~~, including but not limited to the limitation period for actions against a trustee, the effect of providing a report or account, and the defenses available to a trustee in an action for breach of trust against the trustee. The terms of the governing instrument may vary the duty or liability of an investment trust advisor or a distribution trust advisor, but only to the same extent the terms of the trust could vary the duty or liability of a trustee in a like position and under similar circumstances.

(b) A trust protector is not a fiduciary of the trust unless the governing instrument provides otherwise, provided that a trust protector shall be a fiduciary subject to paragraph (a) if the governing instrument grants the trust protector any of the powers of an investment trust advisor under subdivision 2 or a distribution trust advisor under subdivision 3, but only to the extent of the power or powers granted.

Sec. 15. Minnesota Statutes 2024, section 501C.0808, subdivision 6, is amended to read:

Subd. 6. **Duty and liability of excluded fiduciary.** (a) The excluded fiduciary shall act in accordance with the governing instrument and shall take reasonable steps to comply with the directing party's exercise of the powers granted to the directing party by the governing instrument. Unless otherwise provided in the governing instrument, an excluded fiduciary has no duty to monitor, review, inquire, investigate, recommend, evaluate, or warn with respect to a directing party's exercise of or failure to exercise any power granted to the directing party by the governing instrument, including but not limited to, any power related to the acquisition, disposition, retention, management, or valuation of any asset or investment. Except as otherwise provided in this section or the governing instrument, an excluded fiduciary is not liable, either individually or as a fiduciary, for any action, inaction, consent, or failure to consent by a directing party, including but not limited to, any of the following:

(1) if a governing instrument provides that an excluded fiduciary is to follow the direction of a directing party, and the excluded fiduciary acts in accordance with the direction, then except in cases of willful misconduct on the part of the excluded fiduciary in complying with the direction of the directing party, the excluded fiduciary is not liable for any loss resulting directly or indirectly from following the direction, including but not limited to, compliance regarding the valuation of assets for which there is no readily available market value;

(2) if a governing instrument provides that an excluded fiduciary is to act or omit to act only with the consent of a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the directing party's failure to provide consent after having been requested to do so by the excluded fiduciary; or

(3) if a governing instrument provides that, or if for any other reason, an excluded fiduciary is required to assume the role or responsibilities of a directing party, or if the excluded fiduciary appoints a directing party or successor to a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from its actions in carrying out the roles and responsibilities of the directing party.

(b) Any excluded fiduciary is also relieved from any obligation to review or evaluate any direction from a distribution trust advisor or to perform investment or suitability reviews, inquiries, or investigations or to make recommendations or evaluations with respect to investments to the extent the directing party, custodial account owner, or authorized designee

of a custodial account owner had authority to direct the acquisition, disposition, or retention of any such investment. If the excluded fiduciary offers such communication to the directing party or any investment person selected by the investment trust advisor, the action may not be deemed to constitute an undertaking by the excluded fiduciary to monitor or otherwise participate in actions within the scope of the advisor's authority or to constitute any duty to do so.

(c) An excluded fiduciary is also relieved of any duty to communicate with, warn, or apprise any beneficiary or third party concerning instances in which the excluded fiduciary would or may have exercised the excluded fiduciary's own discretion in a manner different from the manner directed by the directing party.

(d) Absent a contrary provision in the governing instrument, the actions of the excluded fiduciary, including any communications with the directing party or others, or carrying out, recording, or reporting actions taken at the directing party's direction pertaining to matters within the scope of authority of the directing party, shall be deemed to be administrative actions taken by the excluded fiduciary solely to allow the excluded fiduciary to perform those duties assigned to the excluded fiduciary under the governing instrument. An administrative action described under this paragraph may not be deemed to constitute an undertaking by the excluded fiduciary to monitor, participate, or otherwise take any fiduciary responsibility for actions within the scope of authority of the directing party.

(e) Any person acting in the role of excluded fiduciary or directing party is an interested person who may petition the district court and invoke its jurisdiction as provided in sections 501C.0201 to 501C.0208 for those matters specified in section 501C.0202, and the provisions of section 501C.0202 shall be construed and applied so that the references in that section to a "trustee" include the excluded fiduciary or directing party, as applicable.

Sec. 16. Minnesota Statutes 2024, section 501C.0808, subdivision 8, is amended to read:

Subd. 8. **Duty to inform excluded fiduciary and directing parties.** (a) Each directing party shall keep the excluded fiduciary and any other directing party reasonably informed regarding the administration of the trust with respect to any specific duty or function being performed by the directing party to the extent that the duty or function would normally be performed by the excluded fiduciary or to the extent that providing such information to the excluded fiduciary or other directing party is reasonably necessary for the excluded fiduciary or other directing party to perform its duties. The directing party shall provide such information as reasonably requested by the excluded fiduciary or other directing party. Neither the performance nor the failure to perform of a directing party's duty to inform as

provided in this subdivision affects the limitation on the liability of the excluded fiduciary as provided in this section.

(b) Each excluded fiduciary shall keep the directing party or parties reasonably informed regarding the administration of the trust with respect to any specific duty or function performed by the excluded fiduciary to the extent that providing such information to the directing party or parties is reasonably necessary for the directing party to perform its duties. The excluded fiduciary shall provide such information as reasonably requested by a directing party. Neither the performance of nor the failure to perform an excluded fiduciary's duty to inform as provided in this subdivision affects the liability of the directing party as provided in this section.

Sec. 17. Minnesota Statutes 2024, section 501C.0808, is amended by adding a subdivision to read:

Subd. 9a. **Office of directing party.** Unless the terms of a governing instrument provide otherwise, the rules applicable to a trustee apply to a directing party regarding the following matters:

(1) acceptance under section 501C.0701;

(2) giving of bond to secure performance under section 501C.0702;

(3) when more than one person is acting in the role of a directing party, the provisions applicable to cotrustees under section 501C.0703;

(4) reasonable compensation under section 501C.0708;

(5) resignation under section 501C.0705;

(6) removal under section 501C.0706; and

(7) vacancy and appointment of successor under section 501C.0704.

Sec. 18. Minnesota Statutes 2024, section 501C.1013, subdivision 4, is amended to read:

Subd. 4. **Effect.** When a certificate of trust is recorded in a county where real property is situated, or in the case of personal property, when it is presented to a third party, the certificate of trust serves to document the existence of the trust, the identity of the trustees, the powers of the trustees and any limitations on those powers, and other matters the certificate of trust sets out, as though the full trust instrument had been recorded or presented. Until amended or revoked under subdivision 5, or until the full trust instrument is recorded or presented, a certificate of trust is prima facie proof as to matters contained in it and any

party may rely upon the continued effectiveness of the certificate, and the subsequent revocation or amendment of a certificate of trust shall not affect transactions entered into in reliance on a prior certificate of trust.

Sec. 19. Minnesota Statutes 2024, section 501C.1014, is amended by adding a subdivision to read:

Subd. 5. **Affidavit of trustee.** An affidavit of a trustee or of trustees of an inter vivos trust or a testamentary trust in support of a personal property transaction may be substantially in the form of the affidavit provided in subdivision 1 or 2, as long as the affidavit sets forth a description of the personal property and includes paragraphs 2, 3(a) and (b), changing the property reference to the personal property described, 4, 5, 6, and 7 of the form of the affidavit provided in subdivision 1 or 2.

Sec. 20. Minnesota Statutes 2024, section 501C.1105, subdivision 1, is amended to read:

Subdivision 1. **Expenses.** Unless a will or trust instrument provides otherwise and subject to subdivision 2, all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, interest and penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs must be charged against the principal of the estate.

Sec. 21. Minnesota Statutes 2024, section 501C.1105, is amended by adding a subdivision to read:

Subd. 4. **Decedent's estate.** For purposes of this section, the "decedent's estate" includes the estate of the decedent and any trust that was revocable by the decedent at the time of the decedent's death.

Sec. 22. Minnesota Statutes 2024, section 502.851, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Appointed trust" means an irrevocable trust which receives principal from an invaded trust under subdivision 3 or 4, including another trust created by the settlor of the invaded trust, under the terms of the invaded trust or any other trust instrument, or by the trustees, in that capacity, of the invaded trust. For purposes of creating another trust, any requirement that a trust instrument be signed by the settlor shall be deemed satisfied by the signature of the trustee of the appointed trust. In the discretion of the authorized trustee, the appointed trust may be the same trust as the invaded trust with modified terms which does not require

the trustee of the appointed trust to refer to the trust by a different name or obtain a separate tax identification number when applicable.

(c) "Authorized trustee" means, as to an invaded trust, any trustee or trustees with authority to pay trust principal to or for one or more current beneficiaries other than a trustee who is the settlor, or a beneficiary to whom income or principal must be paid currently or in the future, or who is or will become eligible to receive a distribution of income or principal in the discretion of the trustee, other than by the exercise of a power of appointment held in a nonfiduciary capacity.

(d) "Current beneficiary" or "beneficiaries" means the person or persons, or as to a class, any person or persons who are or will become members of that class, to whom the trustees may distribute principal at the time of the exercise of the power, provided that the interest of a beneficiary to whom income, but not principal, may be distributed at the discretion of the trustee of the invaded trust, may be continued in the appointed trust.

(e) "Invade" means the power to pay directly to the beneficiary of a trust or make application for the benefit of the beneficiary.

(f) "Invaded trust" means any existing irrevocable inter vivos or testamentary trust whose principal is appointed under subdivision 3 or 4.

(g) "Person or persons interested in the invaded trust" means all qualified beneficiaries as defined in section 501C.0103, paragraph (m).

(h) "Principal" includes the income of the trust at the time of the exercise of the power that is not currently required to be distributed, including accrued and accumulated income.

(i) "Unlimited discretion" means the unlimited power to distribute principal. A power to distribute principal that includes words such as best interests, welfare, comfort, or happiness shall not be considered a limitation of the power to distribute principal.

Sec. 23. Minnesota Statutes 2024, section 502.851, subdivision 2, is amended to read:

Subd. 2. ~~**Power of appointment; effect when more or less extensive than authorized**~~ **Savings provision.** ~~An exercise of a power of appointment is not void if the exercise is:~~

~~(1) more extensive than was authorized but is valid to the extent authorized by the instrument creating its power; or~~

~~(2) less extensive than authorized by the instrument creating the power, unless the donor has manifested a contrary intention.~~

(a) If exercise of the power to invade trust principal under subdivision 3 or 4 would be effective under this section except that the appointed trust instrument in part does not comply with this section, the exercise of the power is effective and the following rules apply with respect to the principal of the appointed trust attributable to the exercise of the power:

(1) a provision in the appointed trust instrument that is not permitted under this section is void to the extent necessary to comply with this section; and

(2) a provision required by this section to be in the appointed trust instrument that is not contained in the trust instrument is deemed to be included in the trust instrument to the extent necessary to comply with this section.

(b) If a trustee or other fiduciary of an appointed trust determines that paragraph (a) applies to a prior exercise of the power to invade trust principal under subdivision 3 or 4, the fiduciary shall take corrective action consistent with the fiduciary's duties.

Sec. 24. Minnesota Statutes 2024, section 502.851, subdivision 3, is amended to read:

Subd. 3. **Authorized trustee with unlimited discretion.** (a) An authorized trustee with unlimited discretion to invade trust principal may appoint part or all of the principal to a trustee of an appointed trust for, and only for the benefit of, one, more than one, or all of the current beneficiaries of the invaded trust, to the exclusion of any one or more of the current beneficiaries. The successor and remainder beneficiaries of the appointed trust ~~may be none,~~ must be one, more than one, or all of the successor and remainder beneficiaries of the invaded trust, and may be to the exclusion of any one, more than one, or all of such successor and remainder beneficiaries.

(b) An authorized trustee exercising the power under paragraph (a) may grant a discretionary power of appointment in the appointed trust to one or more of the current beneficiaries of the invaded trust, provided that the beneficiary granted a power to appoint may receive principal outright under the terms of the invaded trust.

Subd. 4. **Authorized trustee without unlimited discretion.** (a) An authorized trustee with the power to invade trust principal but without unlimited discretion may appoint part or all of the principal of the trust to a trustee of an appointed trust, provided that the current beneficiaries of the appointed trust shall be the same as the current beneficiaries of the invaded trust and the successor and remainder beneficiaries shall be the same as the successor and remainder beneficiaries of the invaded trust.

(b) If the authorized trustee exercises the power under this subdivision, the appointed trust shall include the same language authorizing the trustee to distribute the income or invade the principal of the appointed trust as in the invaded trust.

(c) If the authorized trustee exercises the power under this subdivision to extend the term of the appointed trust beyond the term of the invaded trust, for any period after the invaded trust would have otherwise terminated under the provisions of the invaded trust, the appointed trust, in addition to the language required to be included in the appointed trust pursuant to paragraph (b), may also include language providing the trustee with unlimited discretion to invade the principal of the appointed trust during this extended term.

Sec. 26. Minnesota Statutes 2024, section 502.851, subdivision 11, is amended to read:

(b) An authorized trustee may exercise the power authorized by subdivision 3 or 4 without the consent of the settlor or the persons interested in the invaded trust and without

court approval, provided that the authorized trustee may seek court approval for the exercise with notice to all persons interested in the invaded trust.

(h) If the authorized trustee receives a written objection within the applicable period, either the authorized trustee or any person entitled to notice may petition the court to have the proposed exercise of a power performed as proposed, performed with modifications, or denied. In a proceeding, a person objecting to the proposed exercise has the burden of proof as to whether the authorized trustee's proposed exercise should not be performed. A person who has not objected is not estopped from opposing the proposed exercise in the proceeding. If the authorized trustee decides not to implement the proposed exercise, the trustee shall notify all persons entitled to notice of the decision not to exercise the power and the reasons for the decision, and the authorized trustee's decision not to implement the proposed exercise does not itself give rise to liability to any person interested in the invaded trust. (i) A copy of the instrument exercising the power and a copy of each of the invaded trust and the appointed trust shall be filed with records of the appointed trust and the invaded trust.

Subdivision 1. **Issuance; validity.** (a) The commissioner may issue a state general permit to a governmental subdivision or to the general public to conduct one or more projects described in this subdivision. The commissioner may issue permits, with or without a fee, to:

(1) gather or harvest aquatic plants, or plant parts, other than wild rice from public waters;

(2) transplant aquatic plants into public waters;

(3) destroy harmful or undesirable aquatic vegetation or organisms in public waters under prescribed conditions to protect the waters, desirable species of fish, vegetation, other forms of aquatic life, and the public.

(b) Application for a permit and a notification to request authorization to conduct a project under a general permit must be accompanied by a fee, if required.

(c) An aquatic plant management permit is valid for one growing season and expires on December 31 of the year it is issued unless the commissioner stipulates a different expiration date in rule or in the permit.

(d) A general permit may authorize a project for more than one growing season.

(e) To receive a commercial mechanical control permit under this section, the applicant must inform the commissioner whether scuba diving equipment will be used during any activity authorized by the permit. If the applicant indicates that scuba diving equipment will be used:

(1) the commissioner must provide the applicant with the information sheet required under section 182.679, subdivision 7; and

(2) the applicant must provide documentation to the commissioner verifying that a third-party on-site hazard survey was completed in the last year by a qualified safety professional who observed the applicant's work using scuba diving equipment. The documentation must include a written report of the findings and recommendations to reduce the risk of injury or illness to employees that are scuba diving. The written report must include an evaluation of specific safety practices, equipment, and training. A qualified safety professional includes:

(2) has contested a citation for one or more willful violations of an occupational safety and health standard adopted under chapter 182 involving scuba diving during the pendency of a contested case.

relating to contracts for deed; modifying definition of investor seller; making technical changes; amending Minnesota Statutes 2024, sections 272.12; 559.21, subdivision 4; 559A.01, subdivisions 3, 5, by adding a subdivision; 559A.03, subdivision 3; 559A.04, subdivision 4.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2024, section 272.12, is amended to read:

**272.12 CONVEYANCES, TAXES PAID BEFORE RECORDING.**

When:

(a) a deed or other instrument conveying land,

(b) a plat of any townsite or addition thereto,

(c) a survey required pursuant to section 508.47,

(d) a condominium plat subject to chapter 515 or 515A or a declaration that contains such a plat, or

(e) a common interest community plat subject to chapter 515B or a declaration that contains such a plat,

is presented to the county auditor for transfer, the auditor shall ascertain from the records if there be taxes delinquent upon the land described therein ~~within four months of the execution of the contract for deed,~~ or if it has been sold for taxes. An assignment of a sheriff's or referee's certificate of sale, when the certificate of sale describes real estate, and certificates of redemption from mortgage or lien foreclosure sales, when the certificate of redemption encompasses real estate and is issued to a junior creditor, are considered instruments

conveying land for the purposes of this section and section 272.121. If there are taxes delinquent, the auditor shall certify to the same; and upon payment of such taxes, or in case no taxes are delinquent, shall transfer the land upon the books of the auditor's office, and note upon the instrument, over official signature, the words, "no delinquent taxes and transfer entered," or, if the land described has been sold or assigned to an actual purchaser for taxes, the words "paid by sale of land described within;" and, unless such statement is made upon such instrument, the county recorder or the registrar of titles shall refuse to receive or record the same; provided, that sheriff's or referees' certificates of sale on execution or foreclosure of a lien or mortgage, certificates of redemption from mortgage or lien foreclosure sales issued to the redeeming mortgagor or lienee, documents evidencing the termination of a contract for deed as described in section 559.213, deeds of distribution made by a personal representative in probate proceedings, transfer on death deeds under section 507.071, decrees and judgments, receivers receipts, patents, and copies of town or statutory city plats, in case the original plat filed in the office of the county recorder has been lost or destroyed, and the instruments releasing, removing and discharging reversionary and forfeiture provisions affecting title to land and instruments releasing, removing or discharging easement rights in land or building or other restrictions, may be recorded without such certificate; and, provided that instruments conveying land and, as appurtenant thereto an easement over adjacent tract or tracts of land, may be recorded without such certificate as to the land covered by such easement; and provided further, that any instrument granting an easement made in favor of any public utility or pipe line for conveying gas, liquids or solids in suspension, in the nature of a right-of-way over, along, across or under a tract of land may be recorded without such certificate as to the land covered by such easement. Documents governing homeowners associations of condominiums, townhouses, common interest ownership communities, and other planned unit developments may be recorded without the auditor's certificate to the extent provided in section 515B.1-116 (e).

A deed of distribution made by a personal representative in a probate proceeding, a decree, or a judgment that conveys land shall be presented to the county auditor, who shall transfer the land upon the books of the auditor's office and note upon the instrument, over official signature, the words, "transfer entered", and the instrument may then be recorded. A decree or judgment that affects title to land but does not convey land may be recorded without presentation to the auditor.

A violation of this section by the county recorder or the registrar of titles shall be a gross misdemeanor, and, in addition to the punishment therefor, the recorder or registrar shall be liable to the grantee of any instrument so recorded for the amount of any damages sustained.

When, as a condition to permitting the recording of deed or other instrument affecting the title to real estate previously forfeited to the state under the provisions of sections 281.16 to 281.25, county officials, after such real estate has been purchased or repurchased, have required the payment of taxes erroneously assumed to have accrued against such real estate after forfeiture and before the date of purchase or repurchase, the sum required to be so paid shall be refunded to the persons entitled thereto out of moneys in the funds in which the sum so paid was placed. Delinquent taxes are those taxes deemed delinquent under section 279.02.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2024, section 559.21, subdivision 4, is amended to read:

Subd. 4. **Law prevails over contract; procedure; conditions.** (a) The notice required by this section must be given notwithstanding any provisions in the contract to the contrary, except that (1) earnest money contracts, purchase agreements, and exercised options that are subject to this section may, unless by their terms they provide for a longer termination period, be terminated on 30 days' notice, or may be canceled under section 559.217 and (2) contracts for deed executed by an investor seller shall be terminated on 90 days' notice. The notice must be served within the state in the same manner as a summons in the district court, and outside of the state, in the same manner, and without securing any sheriff's return of not found, making any preliminary affidavit, mailing a copy of the notice or doing any other preliminary act or thing whatsoever. Service of the notice outside of the state may be proved by the affidavit of the person making the same, made before an authorized officer having a seal, and within the state by such an affidavit or by the return of the sheriff of any county therein.

(b) If a person to be served is a resident individual who has departed from the state, or cannot be found in the state; or is a nonresident individual or a foreign corporation, partnership, or association, service may be made by publication as provided in this paragraph. Three weeks' published notice has the same effect as personal service of the notice. The published notice must comply with subdivision 3 and state (1) that the person to be served is allowed 90 days after the first date of publication of the notice to comply with the conditions of the contract, and (2) that the contract will terminate 90 days after the first date of publication of the notice, unless before the termination date the purchaser complies with the notice. If the real estate described in the contract is actually occupied, then, in addition to publication, a person in possession must be personally served, in like manner as the service of a summons in a civil action in state district court, within 30 days after the first

date of publication of the notice. If an address of a person to be served is known, then within 30 days after the first date of publication of the notice a copy of the notice must be mailed to the person's last known address by first class mail, postage prepaid.

(c) The contract is reinstated if, within the time mentioned, the person served:

(1) complies with the conditions in default;

(2) if subdivision 1d or 2a applies, makes all payments due and owing to the seller under the contract through the date that payment is made;

(3) pays the costs of service as provided in subdivision 1b, 1c, 1d, or 2a;

(4) if subdivision 2a applies, pays two percent of the amount in default, not including the final balloon payment, any taxes, assessments, mortgages, or prior contracts that are assumed by the purchaser; and

(5) pays attorneys' fees as provided in subdivision 1b, 1c, 1d, or 2a.

(d) The contract is terminated if the provisions of paragraph (c) are not met.

(e) In the event that the notice was not signed by an attorney for the seller and the seller is not present in the state, or cannot be found in the state, then compliance with the conditions specified in the notice may be made by paying to the court administrator of the district court in the county wherein the real estate or any part thereof is situated any money due and filing proof of compliance with other defaults specified, and the court administrator of the district court shall be deemed the agent of the seller for such purposes. A copy of the notice with proof of service thereof, and the affidavit of the seller, the seller's agent or attorney, showing that the purchaser has not complied with the terms of the notice, may be recorded with the county recorder or registrar of titles, and is prima facie evidence of the facts stated in it; but this section in no case applies to contracts for the sale or conveyance of lands situated in another state or in a foreign country. If the notice is served by publication, the affidavit must state that the affiant believes that the party to be served is not a resident of the state, or cannot be found in the state, and either that the affiant has mailed a copy of the notice by first class mail, postage prepaid, to the party's last known address, or that such address is not known to the affiant.

(f) No notice under this section may be given for a contract for deed executed by an investor seller unless, at least 30 days prior to the service of the notice, some part of the conditions of default has existed and the investor seller has notified the purchaser of such conditions of default by certified mail to the purchaser's last known address.

(g) For purposes of this subdivision, "investor seller" has the meaning given in section 559A.01, subdivision ~~6~~ 5.

~~"EARNINGS": For the purpose of execution, "earnings" means compensation paid or payable to an employee for personal services or compensation paid or payable to the producer for the sale of agricultural products; milk or milk products; or fruit or other horticultural products produced when the producer is operating a family farm, a family farm corporation, or an authorized farm corporation, as defined in section 500.24, subdivision 2, whether denominated as wages, salary, commission, bonus, or otherwise, and includes periodic payments pursuant to a pension or retirement.~~

The amount being held ~~will be~~ is frozen for 14 days from the date of this notice.

**Some of your money in your account may be protected (the legal word is exempt). You may be able to get it sooner than 14 days if you act quickly and follow the instructions on the next page.**

The attached exemption form lists some different ~~sources of~~ ways money in your account ~~that~~ may be protected. But filling out the form now is easiest.

Sec. 5. Minnesota Statutes 2024, section 550.143, subdivision 3b, is amended to read:

Subd. 3b. **Form of instructions.** The instructions required by this section must be in a separate form and must be substantially in the following form:

**Exemption Form Instructions**

**Note:** The creditor is who you owe the money to. You are the debtor.

1. Fill out **both** of the attached exemption forms in this packet.

If you check one of the lines, you should also give proof. Use proof that ~~shows~~ show that some or all of the money in your account is from one or more of the protected sources. This might be letters or account statements. Creditors may ask for a hearing if they question your exemptions.

**To avoid a hearing:**

(i) Case numbers should be added to the form.

(ii) Copies of documents should be sent with the form.

**Notice:** You must send ~~to the creditor's attorney (or to the creditor, if no attorney)~~ copies of your bank statements for the past 60 days before the ~~levy~~ garnishment. Send them to the creditor's lawyer (or to the creditor, if there isn't a lawyer). Keep a copy of your bank statements in case there are questions about your claim. If you ~~do not~~ don't send bank statements to the creditor's ~~attorney~~ lawyer (or to the creditor~~, if no attorney~~) ~~bank statements~~ along with your exemption claim, the financial institution may ~~release~~ give your money to the ~~Sheriff~~ creditor. They would do this once the creditor gives them a court order saying they have to turn over the funds.

**How The Process Works**

**If You ~~Do Not~~ Don't Send in the Exemption Form and Bank Statements:**

14 days after the date of this letter some or all of your money may be turned over to the creditor ~~or to the sheriff~~. This happens once they get an order from the court telling the bank to do this.

**If You Do Send in the Exemption Form and Bank Statements:**

Any money that is NOT protected can be turned over to the ~~sheriff~~ creditor once they get an order from the court.

**If the Creditor Does Not Object to Your Claimed Exemptions:**

The ~~financial institution will~~ bank should unfreeze your money ~~six~~ 6 business days after ~~the institution gets~~ they get your completed form. If they don't, ask the creditor or the creditor's lawyer to send a release letter to the bank.

**If the Creditor Objects to Your Claimed Exemptions:**

The money you ~~have~~ said is protected on the form ~~will be~~ is held by the bank. The creditor has ~~six~~ 6 business days to object (disagree) and ask the court to hold a hearing. You ~~will receive~~ get a Notice of Objection and a Notice of Hearing.

The ~~financial institution will hold~~ bank holds the money until a court decides ~~whether~~ if your money is protected or not. Some reasons a creditor may object are because you ~~did not~~ didn't send copies of your bank statements or other proof of the benefits you ~~received~~ got. Be sure to include these when you send your exemption form.

You may want to talk to a lawyer for advice about this process. If you are low income you can call Legal Aid statewide at 1(877) 696-6529.

~~**PENALTIES:**~~

**Warnings and Fines**

If you claim that your money is protected and a court decides you made that claim in bad faith, ~~the court~~ they can order you to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100. Bad faith is when someone does something wrong on purpose. For example, it may be bad faith if you claim you ~~receive~~ get government benefits ~~that~~ and you ~~do not receive~~ don't.

If the creditor made a bad faith objection to your claim that your money is protected, the court can order them to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100.

Sec. 10. Minnesota Statutes 2024, section 551.06, subdivision 6, is amended to read:

Subd. 6. **Earnings exemption notice.** Before the first levy on earnings, the attorney for the judgment creditor shall serve upon the judgment debtor no less than ten days before the service of the writ of execution, a notice that the writ of execution may be served on the judgment debtor's employer. The notice must: (1) be substantially in the form set forth below; (2) be served personally, in the manner of a summons and complaint, or by first class mail to the last known address of the judgment debtor; (3) inform the judgment debtor that an execution levy may be served on the judgment debtor's employer in ten days, and that the judgment debtor may, within that time, cause to be served on the judgment creditor's attorney a signed statement under penalties of perjury asserting an entitlement to an exemption from execution; (4) inform the judgment debtor of the earnings exemptions

contained in section 550.37, subdivision 14; and (5) advise the judgment debtor of the relief set forth in this chapter to which the judgment debtor may be entitled if a judgment creditor in bad faith disregards a valid claim and the fee, costs, and penalty that may be assessed against a judgment debtor who in bad faith falsely claims an exemption or in bad faith takes action to frustrate the execution process. The notice requirement of this subdivision does not apply to a levy on earnings being held by an employer pursuant to a garnishment summons served in compliance with chapter 571.

The ten-day notice informing a judgment debtor that a writ of execution may be used to levy the earnings of an individual must be substantially in the following form:

~~STATE OF MINNESOTA~~ ~~DISTRICT COURT~~

~~COUNTY OF .....~~ ~~.....JUDICIAL DISTRICT~~

~~..... (Judgment Creditor)~~

~~EXECUTION EXEMPTION~~

~~NOTICE AND NOTICE OF~~

~~..... (Third Party)~~

~~PLEASE TAKE NOTICE that A levy may be served upon your employer or other third parties, without any further court proceedings or notice to you, ten days or more from the date hereof. Your earnings are completely exempt from execution levy if you are now a recipient of relief based on need, if you have been a recipient of relief within the last six months, or if you have been an inmate of a correctional institution in the last six months.~~

~~Relief based on need includes the Minnesota Family Investment Program (MFIP), Emergency Assistance (EA), Work First Program, Medical Assistance (MA), General Assistance (GA), Emergency General Assistance (EGA), Minnesota Supplemental Aid (MSA), MSA Emergency Assistance (MSA-EA), Supplemental Security Income (SSI), and Energy Assistance.~~

~~If you wish to claim an exemption, you should fill out the appropriate form below, sign it, and send it to the judgment creditor's attorney.~~

~~You may wish to contact the attorney for the judgment creditor in order to arrange for a settlement of the debt or contact an attorney to advise you about exemptions or other rights.~~

**Notice**: A levy may be served on your employer or other third parties. **A levy means that part of your earnings can be taken to pay off debts that you owe.** This can happen in 10 days or more after you get this notice. This can happen without any other court action or notice to you. **But some of your money may be protected.**

**Your earnings cannot be taken if:**

(i) you are getting government assistance based on need,

(ii) you got any government assistance based on need in the last 6 months, or

(iii) you were an inmate of a correctional institution in the last 6 months.

**These are called exemptions. Your money is NOT protected unless you fill out the Exemption Claim Notice attached and send it back to the creditor or the creditor's lawyer.** If you are not sure if you have any exemptions, talk to a lawyer.

You can also contact the creditor or their lawyer to talk about a settlement of the debt.

Examples of government assistance based on need:

(ii) **DWP** - MFIP Diversionary Work Program

(iii) **SNAP** - Supplemental Nutrition Assistance Program

~~PENALTIES~~ **Warnings and Fines**

(1) ~~Be advised that even if you claim an exemption, an execution levy may still be served on your employer. If your earnings are levied on after you claim an exemption, you may petition the court for a determination of your exemption. If the court finds that the judgment creditor disregarded your claim of exemption in bad faith, you will be entitled to costs, reasonable attorney fees, actual damages, and an amount not to exceed $100.~~ Even if you claim an exemption, a levy may still be served on your employer. If they take money from you after you claim an exemption, you may ask the court to review your exemption. If the court finds that the creditor ignored your claim of exemption in bad faith, you are entitled to costs, reasonable lawyer fees, actual damages, and a fine up to $100. Bad faith is when someone does something wrong on purpose.

(2) ~~HOWEVER, BE WARNED if you claim an exemption, the judgment creditor can also petition the court for a determination of your exemption, and if the court finds that you claimed an exemption in bad faith, you will be assessed costs and reasonable attorney's fees plus an amount not to exceed $100.~~ BUT if you claim an exemption, the creditor can also ask the court to review your exemption. If the court finds that you claimed an exemption in bad faith, you are charged costs and reasonable lawyer fees, and a fine up to $100.

(3) ~~If after receipt of this notice, you in bad faith take action to frustrate the execution levy, thus requiring the judgment creditor to petition the court to resolve the problem, you will be liable to the judgment creditor for costs and reasonable attorney's fees plus an amount not to exceed $100.~~ If you get this notice, then do something in bad faith to try to block or stop the levy and the creditor has to take you to court because of it, you will have to pay the creditor's costs, and reasonable lawyer's fees, and a fine up to $100.

~~GARNISHMENT SUMMONS~~

~~The State of Minnesota~~

To the ~~Garnishee~~ Third Party (garnishee) named above:

~~You are hereby summoned and required to serve upon the creditor's attorney (or the creditor if not represented by an attorney) and on the debtor within 20 days after service of this garnishment summons upon you, a written disclosure, of the nonexempt indebtedness, money, or other property due or belonging to the debtor and owing by you or in your possession or under your control and answers to all written interrogatories that are served with the garnishment summons. However, if the garnishment is on earnings and the debtor has garnishable earnings, you shall serve the completed disclosure form on the creditor's attorney, or the creditor if not represented by an attorney, within ten days of the last payday to occur within the 90 days after the date of the service of this garnishment summons. "Payday" means the day which you pay earnings in the ordinary course of business. If the debtor has no regular paydays, "payday" means the 15th day and the last day of each month.~~

~~Your disclosure need not exceed 110 percent of the amount of the creditor's claim that remains unpaid.~~

~~You shall retain garnishable earnings, other indebtedness, money, or other property in your possession in an amount not to exceed 110 percent of the creditor's claim until such time as the creditor causes a writ of execution to be served upon you, until the debtor authorizes you in writing to release the property to the creditor, or until the expiration of ..... days from the date of service of this garnishment summons upon you, at which time you shall return the disposable earnings, other indebtedness, money, or other property to the debtor.~~

A court has ordered that you must serve a written statement to the creditor (or to the creditor's lawyer). You must do this within 20 days after you get this notice. Your written statement should include any money, or other property of the debtor that you have or owe to them. It should also include answers to any questions that are in this summons.

But, if the garnishment is on earnings and the debtor has earnings that can be garnished, fill out the completed disclosure form. Then serve it on the creditor (or the creditor's lawyer). It must be served within 10 days of the last payday within the 90 days after the date you got this summons. If the debtor has no regular paydays, "payday" means the 15th day and the last day of each month.

You don't have to disclose more than 110% of the unpaid amount that is owed to the creditor. Keep earnings that can be garnished, other indebtedness, money, or other property in your possession in an amount not to exceed 110 percent of the creditor's claim. Keep this until:

(i) the creditor has a writ of execution served on you;

(ii) the debtor gives you permission in writing to release the property to the creditor; or

(iii) it's been ... days from the day you got this garnishment summons.

Then you give the debtor back the disposable earnings, other indebtedness, money, or other property.

**Earnings**

~~In the event~~ If you are summoned as a garnishee because you owe "earnings" ~~(as defined on the Earnings Garnishment Disclosure form attached to this Garnishment Summons, if applicable)~~ to the debtor, then you ~~are required to~~ must serve ~~upon the creditor's attorney, or the creditor if not represented by an attorney, a written~~ an Earnings Disclosure Form ~~within~~ on the creditor (or the creditor's lawyer). The Earnings Disclosure Form must be in writing and must be served in the time limit set ~~forth~~ above. "Earnings" are defined on the Earnings Garnishment Disclosure Form attached to this Garnishment Summons.

In the case of earnings, you ~~are further required to retain in your possession~~ must keep all unpaid, nonexempt disposable earnings ~~owed or to be owed by you and earned or to be earned~~ that you owe or will owe to the debtor ~~within~~ during the pay period ~~in which~~ when this garnishment ~~summons~~ notice is ~~served and within all subsequent pay periods whose paydays (defined above) occur within the 90 days after the date of service of this garnishment summons~~ delivered and for all pay periods within 90 days after this notice is served.

~~Any assignment of earnings made by the debtor to any party within ten days before the receipt of the first garnishment on a debt is void. Any indebtedness to you incurred by the debtor within the ten days before the receipt of the first garnishment on a debt may not be set off against amounts otherwise subject to the garnishment.~~

Any transfer of earnings made by the debtor to someone else within 10 days before the first garnishment notice is invalid. Any debt the debtor owes you from within those 10 days can't be used to lower the amount that can be garnished.

~~You are prohibited~~ By law ~~from discharging or disciplining~~ you can't fire or discipline the debtor because ~~the debtor's~~ their earnings have been subject to garnishment.

This Garnishment Summons includes:

(check ~~applicable box~~ the boxes that apply)

... Earnings garnishment (see attached Earnings Disclosure Form)

... Nonearnings garnishment (see attached Nonearnings Disclosure Form)

... Both Earnings and Nonearnings garnishment (see both attached Earnings and Nonearnings Disclosure Form)

**Notice to Debtor**

You are being served copies of a Garnishment Summons, Earnings Garnishment Disclosure Form, Nonwage Garnishment Disclosure Form, Garnishment Exemption Notices and/or written Interrogatories (strike out if not applicable)~~,~~. A. If your answer to question 1 is "No," then you must sign the affirmation below and return this disclosure to the creditor's attorney (or the creditor if not represented by an attorney) within 20 days after it was served on you, and you do not need to answer the remaining questions.

B. If your answer to question 1 is "Yes," you must complete this form and the Earnings Disclosure Worksheet as follows:

For each payday that falls within 90 days from the date the garnishment summons was served on you, YOU MUST calculate the amount of earnings to be retained by completing steps 2 through 8 on page 2, and enter the amounts on the Earnings Disclosure Worksheet. (6) COLUMN E. Enter here any amount claimed by you as a setoff, defense, lien, or claim, or any amount claimed by any other person as an exemption or adverse interest that would reduce the amount of earnings owing to the debtor. Sec. 16. Minnesota Statutes 2024, section 571.912, is amended to read:

**571.912 FORM OF NOTICE, INSTRUCTIONS, AND EXEMPTION NOTICE.**

Subdivision 1. **Form of notice.** The notice, instructions, and exemption notice informing a debtor that a garnishment summons has been used to attach funds of the debtor to satisfy a claim must be a separate notice and must be substantially in the following form:

~~STATE OF MINNESOTA~~ ~~DISTRICT COURT~~

~~COUNTY OF .....~~ .....~~JUDICIAL DISTRICT~~

**Important Notice**

~~**YOUR FUNDS HAVE BEEN GARNISHED**~~

**Money in Your Account Has Been Frozen**

The Creditor has frozen money in your account at your ~~financial institution~~ bank.

**Your account balance is $.....**

**The amount being held is $.....**

The amount being held ~~will be~~ is frozen for 14 days from the date of this notice.

**Some of your money in your account may be protected (the legal word is exempt). You may be able to get it sooner than 14 days if you act quickly and follow the instructions on the next page.**

The attached exemption form lists some different ~~sources of~~ ways money in your account ~~that~~ may be protected. If your money ~~is~~ comes from ~~one or more of these sources, place~~ a benefit on the list, put a check on the line ~~on the form next to the sources of your money. If it is from one of these sources,~~ next to it. The creditor ~~cannot~~ can't take it.

BUT, if you want the bank to unfreeze your money, **you must follow the instructions and return the exemption form ~~and~~ with copies of your bank statements from the last 60 days** ~~to have the bank unfreeze your money~~. Instructions and the form are attached. If you ~~do not~~ don't follow the instructions ~~or your Creditor gets an order from the court or writ of execution,~~ your ~~financial institution will give~~ bank gives the money to your creditor. If your creditor gets an order from the court or writ of execution, your bank gives the money to them. If that happens and ~~it~~ your money is protected, you can still get it back from the creditor later~~,~~. But ~~that is not as easy to do as~~ filling ~~in~~ out the form now is easiest.

See next pages for instructions and the exemption form.

Subd. 2. **Form of instructions.** The instructions required must be in a separate form and must be substantially in the following form:

**Instructions**

**Note:** The creditor is who you owe the money to. You are the debtor.

1. Fill out **both** of the attached exemption forms in this packet.

If you check one of the lines, you should also give proof. Use proof that ~~shows~~ show that some or all of the money in your account is from one or more of the protected sources. This might be letters or account statements. Creditors may ask for a hearing if they question your exemptions.

**To avoid a hearing:**

(i) Case numbers should be added to the form.

(ii) Copies of documents should be sent with the form.

**Notice:** You must send ~~to the creditor's attorney (or to the creditor, if no attorney)~~ copies of your bank statements for the past 60 days before the garnishment. Send them to the creditor (or to the creditor's lawyer). Keep a copy of your bank statements in case there are questions about your claim. If you ~~do not~~ don't send bank statements to the ~~creditor's attorney (or to the creditor, if no attorney) bank statements~~ creditor (or to the creditor's lawyer) along with your exemption claim, the financial institution may ~~release~~ give your money to the creditor. They would do this once the creditor gives ~~the financial institution~~ them a court order ~~directing it~~ saying they have to turn over the funds.

2. **Sign** the exemption forms. **Make ~~one~~ a copy to keep for yourself.**

3. **Mail or deliver** the other copies of the form by (insert date).

**How The Process Works**

**If You ~~Do Not~~ Don't Send in the Exemption Form and Bank Statements:**

14 days after the date of this letter some or all of your money may be turned over to the creditor. This happens once they get an order from the court telling the ~~financial institution~~ bank to do this.

**If You Do Send in the Exemption Form and Bank Statements:**

Any money that is NOT protected can be turned over to the creditor once they get an order from the court.

**If the Creditor Does Not Object to Your Claimed Exemptions:**

The ~~financial institution will~~ bank should unfreeze your money ~~six~~ 6 business days after ~~the institution gets~~ they get your completed form. If they don't, ask the creditor or the creditor's lawyer to send a release letter to the bank.

**If the Creditor Objects to Your Claimed Exemptions:**

The money you ~~have~~ said is protected on the form ~~will be~~ is held by the bank. The creditor has ~~six~~ 6 business days to object (disagree) and ask the court to hold a hearing. You ~~will receive~~ get a Notice of Objection and a Notice of Hearing.

The ~~financial institution will hold~~ bank holds the money until a court decides ~~whether~~ if your money is protected or not. Some reasons a creditor may object are because you ~~did not~~ didn't send copies of your bank statements or other proof of the benefits you ~~received~~ got. Be sure to include these when you send your exemption form.

You may want to talk to a lawyer for advice about this process. If you are low income you can call Legal Aid statewide at 1(877) 696-6529.

~~**PENALTIES:**~~

**Warnings and Fines**

If you claim that your money is protected and a court decides you made that claim in bad faith, ~~the court~~ they can order you to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100. Bad faith is when someone does something wrong on purpose. For example, it may be bad faith if you claim you ~~receive~~ get government benefits ~~that you do not receive~~ and you don't.

If the creditor made a bad faith objection to your claim that your money is protected, the court can order them to pay costs, actual damages, ~~attorney~~ lawyer fees, and ~~an additional amount of~~ a fine up to $100.

Subd. 3. **Exemption notice.** The exemption notice must be a separate form and must be in substantially the following form:

(1) the time when a defective corporate act submitted to shareholders for approval under section 302A.166, subdivision 4, is approved by shareholders or, if no vote of the shareholders is required to approve the ratification of the defective corporate act, immediately following the time when the board adopts the resolutions required under section 302A.166, subdivision 2 or 3;

(2) if no certificate of validation must be filed under section 302A.166, subdivision 6, the time, if any, specified by the board of directors in the resolutions adopted under section 302A.166, subdivision 2 or 3, provided the time specified by the board of directors does not precede the time when the resolutions are adopted; or

Subd. 23a. **Emergency powers.** (a) During an emergency, unless emergency bylaws provide otherwise:

(1) notice of a meeting of the board must be given only to the directors that are practicable to reach and may, if ordinary notice is impracticable or inadvisable due to the emergency, be given in any practicable manner; and

(2) the officers designated on a list approved by the board of directors before the emergency, in the priority order and subject to conditions as may be provided in the board resolution approving the list, must, to the extent required to provide a quorum at any meeting of the board, be deemed directors for the meeting.

(b) During an emergency that makes it impracticable to convene a meeting of shareholders in accordance with this chapter, the articles, the bylaws, or as specified in a notice for the meeting previously given, unless emergency bylaws provide otherwise, the board may postpone a meeting of shareholders for which notice has been given or authorize shareholders to participate in a meeting by any means of remote communication that conforms with section 302A.436. The corporation must give notice to shareholders, by the means and with

shorter advance notice as are reasonable in the circumstances, of a postponement, including any new date, time, or place, and describe any means of remote communication to be used. The notice to shareholders by a publicly held corporation may be given solely by means of a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to the rules and regulations under the Securities Exchange Act of 1934, United States Code, title 15, section 78a, et seq.

(c) A corporate action taken in good faith under this subdivision during an emergency to further the business and affairs of the corporation binds the corporation.

Sec. 12. **[302A.166] DEFECTIVE CORPORATE ACTS AND SHARES; RATIFICATION.**

Subdivision 1. **Effect of ratification or validation.** Subject to subdivision 7, a defective corporate act or putative share is not void or voidable solely as a result of a failure of authorization if the defective corporate act or putative share is ratified under this section or validated by a court in a proceeding brought under section 302A.167.

Subd. 2. **Board approval; generally.** (a) In order to ratify one or more defective corporate acts under this section other than ratifying an election of the first board under subdivision 3, the board must adopt resolutions stating:

(1) the defective corporate act or acts to be ratified;

(2) the date of each defective corporate act or acts;

(3) if the defective corporate act or acts involved the issuance of putative shares, the number and type of putative shares issued and the date or dates upon which the putative shares were purported to have been issued;

(4) the nature of the failure of authorization in respect of each defective corporate act to be ratified; and

(5) that the board approves ratification of the defective corporate act or acts.

(b) The resolutions also may provide that, at any time before the validation effective time in respect of a defective corporate act set forth in the resolutions, notwithstanding the approval of the ratification of the defective corporate act by shareholders, the board may abandon the ratification of the defective corporate act without further action of the shareholders.

(c) The quorum and voting requirements that apply to the board's ratification of any defective corporate act must be the quorum and voting requirements applicable to the type

of defective corporate act proposed to be ratified at the time the board adopts the resolutions ratifying the defective corporate act. If the articles or bylaws, any plan or agreement to which the corporation was a party, or any provision of this chapter, in each case as in effect as of the time of the defective corporate act, require a larger number or portion of directors or of specified directors for a quorum to be present or to approve the defective corporate act, the larger number or portion of the directors or the specified directors must be required for a quorum to be present or to adopt the resolutions to ratify the defective corporate act, as applicable; except that the presence or approval of a director elected, appointed, or nominated by holders of any class or series of which no shares are outstanding at the time the board adopts the resolutions ratifying the defective corporate act, or by any person that is no longer a shareholder at the time the board adopts the resolutions ratifying the defective corporate act, is not required.

Subd. 3. **Board approval; election of first board.** To ratify a defective corporate act in respect of the election of the first board under section 302A.201, subdivision 1, a majority of the persons who, at the time the resolutions required by this subdivision are adopted, are exercising the powers of directors under claim and color of an election or appointment as such may adopt resolutions stating:

(1) the name of the person or persons who first took action in the name of the corporation as the first board;

(2) the earlier of the date on which the persons first took the action or were purported to have been elected as the first board; and

(3) that the ratification of the election of the person or persons as the first board is approved.

Subd. 4. **Shareholder approval; when required.** A defective corporate act ratified under subdivision 2 must be submitted to shareholders for approval under subdivision 5, unless:

(1)(i) no other provision of this chapter, and no provision of the articles or bylaws, or of any plan or agreement to which the corporation is a party, requires shareholder approval of the defective corporate act to be ratified, either at the time of the defective corporate act or at the time the board adopts the resolutions ratifying the defective corporate act under subdivision 2, and (ii) the defective corporate act did not result from a failure to comply with section 302A.673; or

(2) as of the adoption of the resolutions of the board under subdivision 2, there are no valid shares outstanding and entitled to vote thereon, regardless of whether there then exist any putative shares.

Subd. 5. **Shareholder approval; process.** (a) If the ratification of a defective corporate act must be submitted to shareholders for approval under subdivision 4, notice of the meeting must be given in the manner set forth in section 302A.435 to each holder of valid shares and putative shares, whether voting or nonvoting.

(b) The notice under this subdivision must be given as follows:

(1) in the case of a defective corporate act that did not involve the establishment of a record date for notice of or voting at any meeting of shareholders, for written action of shareholders in lieu of a meeting, or for any other purpose, to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the time of the defective corporate act, other than holders whose identities or addresses cannot be determined from the corporation's records; or

(2) in the case of a defective corporate act that involved the establishment of a record date for notice of or voting at any meeting of shareholders, for written action of shareholders in lieu of a meeting, or for any other purpose, to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the record date for notice of or voting at the meeting, the record date for written action, or the record date for the other action, as the case may be, other than holders whose identities or addresses cannot be determined from the corporation's records.

(c) The notice must contain a copy of the resolutions adopted by the board under subdivision 2 or the information required by subdivision 2, paragraph (a), clauses (1) to (5). The notice must include a statement that any claim that the defective corporate act or putative shares ratified under this section is void or voidable due to the failure of authorization, or that a court should declare in the court's discretion that a ratification in accordance with this section is not effective or is effective only on certain conditions, must be brought within 120 days from the applicable validation effective time.

(d) At the meeting, the quorum and voting requirements that apply to ratification of the defective corporate act must be the same quorum and voting requirements that apply to the type of defective corporate act proposed to be ratified at the time of the approval of the ratification, except that:

(1) if the articles or bylaws, a plan or agreement to which the corporation was a party, or a provision under this chapter in effect as of the time of the defective corporate act requires

a larger number or portion of shares or of any class or series thereof or of specified shareholders for a quorum to be present or to approve the defective corporate act, the presence or approval of the larger number or portion of stock or of the class or series thereof or of the specified shareholders must be required for a quorum to be present or to approve the ratification of the defective corporate act, as applicable; except that the presence or approval of shares of any class or series of which no shares are outstanding at the time of the approval of the ratification, or of any person that is no longer a shareholder at the time of the approval of the ratification, is not required; and

(2) the approval by shareholders of the ratification of a director's election requires the affirmative vote of a plurality of shares present at the meeting and entitled to vote on the election of the director in the manner set forth in section 302A.215, except that, if the articles or bylaws then in effect or in effect at the time of the defective election require or required a larger number or portion of shares or of any class or series thereof or of specified shareholders to elect the director, the affirmative vote of the larger number or portion of shares or of any class or series thereof or of the specified shareholders must be required to ratify the election of the director; except that the presence or approval of shares of any class or series of which no shares are outstanding at the time of the approval of the ratification, or of any person that is no longer a shareholder at the time of the approval of the ratification, is not required.

(e) Putative shares, measured as of the adoption by the board of resolutions under subdivision 2 and without giving effect to any ratification that becomes effective after the adoption, are neither entitled to vote nor counted for quorum purposes in a vote to ratify a defective corporate act.

Subd. 6. **Certificate of validation.** (a) If a defective corporate act ratified under this section requires under any other section of this chapter a certificate to be filed with the secretary of state, and either (1) the certificate requires any change to give effect to the defective corporate act in accordance with this section, including a change to the date and time of the effectiveness of the certificate, or (2) a certificate was not previously filed with respect to the defective corporate act, the corporation must file with the secretary of state a certificate of validation with respect to the defective corporate act in lieu of filing the certificate otherwise required by this chapter.

(b) A separate certificate of validation is required for each defective corporate act that requires the filing of a certificate of validation under this section, except that (1) two or more defective corporate acts may be included in a single certificate of validation if the corporation filed with the secretary of state, or to comply with this chapter would have filed

with the secretary of state, a single certificate under another provision of this chapter to effect the acts, and (2) two or more overissues of shares, or of any class or series of shares, may be included in a single certificate of validation; provided that the increase in the number of authorized shares, or of each class or series, set forth in the certificate of validation is effective on the date of the first overissue.

(c) The certificate of validation must set forth:

(1) that the corporation has ratified one or more defective corporate acts that would have required filing with the secretary of state of a certificate under this chapter;

(2) that each defective corporate act has been ratified in accordance with this section; and

(3) the following information:

(i) if a certificate was previously filed with the secretary of state under this chapter with respect to the defective corporate act and the certificate requires any change to give effect to the defective corporate act in accordance with this section, including a change to the date and time of the effectiveness of the certificate, the certificate of validation must set forth:

(A) the name, title, and filing date of the certificate previously filed and any certificate of correction to the certificate previously filed;

(B) a statement that a certificate containing all of the information that must be included under the applicable section or sections of this chapter to give effect to the defective corporate act is attached as an exhibit to the certificate of validation; and

(C) the date and time that the certificate is deemed effective pursuant to this section; or

(ii) if a certificate was not previously filed with the secretary of state under this chapter in respect of the defective corporate act and the defective corporate act ratified pursuant to this section would have required under any other section of this chapter the filing with the secretary of state of a certificate, the certificate of validation shall set forth:

(A) a statement that a certificate containing all of the information required to be included under the applicable section or sections of this chapter to give effect to the defective corporate act is attached as an exhibit to the certificate of validation; and

(B) the date and time that the certificate shall be deemed to have become effective pursuant to this section.

(d) A certificate attached to a certificate of validation need not be separately executed and acknowledged and need not include a statement required by another section under this

chapter that the instrument has been approved and adopted in accordance with the provisions of the other section under this chapter.

Subd. 7. **Retroactive effect.** From and after the validation effective time, unless otherwise determined in an action brought pursuant to section 302A.167, subject to subdivision 5, paragraph (e):

(1) each defective corporate act ratified in accordance with this section is no longer deemed void or voidable as a result of the failure of authorization described in the resolutions adopted under subdivision 2, effective retroactively from the time of the defective corporate act; and

(2) each share or fraction of a share of putative shares issued or purportedly issued pursuant to the defective corporate act is no longer deemed void or voidable, and is deemed to be an identical outstanding share or fraction of an outstanding share as of the time the share or fraction of a share was purportedly issued.

Subd. 8. **Postratification notice.** (a) Except as provided under paragraph (b), with respect to each defective corporate act ratified by the board under subdivision 2 or subdivision 3, prompt notice of the ratification must be given to all shareholders of valid shares and putative shares, whether voting or nonvoting, as of the date the board adopts the resolutions approving the defective corporate act, or as of a date within 60 days after the date of adoption, as established by the board. The notice must be sent to the address of the holder as the address appears or most recently appeared, as appropriate, on the corporation's records. The notice must be given to the shareholders of valid shares and putative shares, whether voting or nonvoting, as of the time of the defective corporate act, other than holders whose identities or addresses cannot be determined from the records of the corporation. The notice must contain a copy of the resolutions adopted under subdivision 2 or the information specified under subdivision 2, paragraph (a), clauses (1) to (5), or subdivision 3, clauses (1) to (3), as applicable, and a statement that any claim that the defective corporate act or putative shares ratified under this section is void or voidable due to the failure of authorization, or that a court should declare in the court's discretion that a ratification in accordance with this section is not effective or is effective only on certain conditions, must be brought within 120 days from the latter of the validation effective time or the time at which the notice required by this subdivision is given.

(b) Notice is not required if notice of the ratification of the defective corporate act is given in accordance with subdivision 5 and, in the case of a corporation that has a class of shares listed on a national securities exchange, the notice required by this subdivision and

subdivision 5 may be deemed given if disclosed in a document publicly filed by the corporation with the Securities and Exchange Commission pursuant to section 13, 14, or 15(d) of the Securities Exchange Act of 1934, as amended, United States Code, title 15, section 78a, et seq., and rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, or the corresponding provisions of any subsequent United States securities laws, rules, or regulations.

(c) If a defective corporate act has been approved by shareholders acting pursuant to section 302A.441, the notice required by this subdivision may be included in a notice required under section 302A.441, subdivision 3. If the notice is given under section 302A.441, the notice must be sent to the shareholders entitled to the notice under section 302A.441, subdivision 3, and to all holders of valid shares and putative shares to whom notice is required under this subdivision if the defective corporate act had been approved at a meeting and the record date for determining the shareholders entitled to notice of the meeting had been the date for determining the shareholders entitled to notice under paragraph (a) other than any shareholder who approved the written action in lieu of a meeting under section 302A.441 or any holder of putative shares who otherwise consented thereto in writing.

(d) For purposes of this subdivision and subdivision 5 only, notice to holders of putative shares, and notice to holders of valid shares and putative shares as of the time of the defective corporate act, is treated as notice to holders of valid shares for purposes of sections 302A.435 and 302A.441.

Sec. 13. **[302A.167] VALIDITY OF DEFECTIVE CORPORATE ACTS AND SHARES; PROCEEDINGS.**

Subdivision 1. **When permitted.** Subject to subdivision 5, upon application by the corporation, a successor entity to the corporation, a member of the board, a shareholder or beneficial owner of valid shares or putative shares, a shareholder or beneficial owner of valid shares or putative shares as of the time of a defective corporate act ratified pursuant to section 302A.166, or other person claiming to be substantially and adversely affected by a ratification pursuant to section 302A.166, a court may:

(1) determine the validity and effectiveness of any defective corporate act ratified pursuant to section 302A.166;

(2) determine the validity and effectiveness of the ratification of any defective corporate act pursuant to section 302A.166;

(3) determine the validity and effectiveness of any defective corporate act not ratified or not ratified effectively pursuant to section 302A.166;

(4) determine the validity of any corporate act or transaction and any shares or rights to purchase; and

(5) modify or waive any of the procedures set forth in section 302A.166 to ratify a defective corporate act.

Subd. 2. **Remedies.** In connection with an action under this section, a court may:

(1) declare that a ratification under section 302A.166 is not effective or is only effective at a time or upon conditions established by the court;

(2) validate and declare effective a defective corporate act or putative shares and impose conditions upon the court's validation;

(3) require measures to remedy or avoid harm to a person substantially and adversely affected by a ratification under section 302A.166 or from a court order pursuant to this section, excluding harm that would have resulted if the defective corporate act had been valid when approved or effectuated;

(4) order the secretary of state to accept an instrument for filing with an effective time specified by the court, which may be before or after the time of the order, provided that the filing date of the instrument must be determined in accordance with section 302A.011, subdivision 11;

(5) approve a share register for the corporation that includes any shares ratified or validated in accordance with this section or section 302A.166;

(6) declare that putative shares are valid shares or require a corporation to issue and deliver valid shares in place of any putative shares;

(7) order a meeting of holders of valid shares or putative shares and determine the right and power of persons claiming to hold valid shares or putative shares to vote at the ordered meeting;

(8) declare that a defective corporate act validated by a court is effective as of the time of the defective corporate act or at another time the court may determine;

(9) declare that putative shares validated by a court shall be deemed to be an identical share or fraction of a valid share as of the time originally issued or purportedly issued or at such other time as the court may determine; and

(10) make other orders regarding matters as the court deems proper under the circumstances.

Subd. 3. **Service.** Service of the application under subdivision 1 upon the registered agent of the corporation is deemed to be service upon the corporation, and no other party needs to be joined in order for a court to adjudicate the matter. In an action filed by the corporation, a court may require notice of the action be provided to other persons specified by the court and permit the other persons to intervene in the action.

Subd. 4. **Considerations.** In connection with resolving matters pursuant to subdivisions 1 and 2, a court may consider the following:

(1) whether the defective corporate act was originally approved or effectuated with the good faith belief that the approval or effectuation was in compliance with the provisions of this chapter, the articles, or the bylaws;

(2) whether the corporation and board have treated the defective corporate act as a valid act or transaction and whether a person has acted in reliance on the public record that the defective corporate act was valid;

(3) whether any person may be or was harmed by the ratification or validation of the defective corporate act, excluding harm that would have resulted if the defective corporate act had been valid when approved or effectuated;

(4) whether any person is harmed by the failure to ratify or validate the defective corporate act; and

(5) any other factors or considerations the court deems just and equitable.

Subd. 5. **Statute of limitations.** An action asserting that (1) a defective corporate act or putative shares ratified in accordance with section 302A.166 is void or voidable due to a failure of authorization identified in the resolution adopted in accordance with section 302A.166, subdivision 2 or 3, or (2) a court should declare in its discretion that a ratification in accordance with section 302A.166 not be effective or be effective only on certain conditions, is prohibited from being brought after the expiration of 120 days from the later of the validation effective time and the time notice, if any, that is required to be given pursuant to section 302A.166, subdivision 8, is given with respect to the ratification; except that this subdivision does not apply to an action asserting that a ratification was not accomplished in accordance with section 302A.166 or to any person to whom notice of the ratification was required to have been given pursuant to 302A.166, subdivision 5 or 8, but to whom the notice was not given.

Sec. 14. Minnesota Statutes 2024, section 302A.181, is amended by adding a subdivision to read:

Subd. 4. **Emergency bylaws.** (a) Unless the articles provide otherwise, bylaws may contain provisions that are effective only during an emergency. The emergency bylaws may contain provisions necessary to manage the corporation during the emergency, including:

(1) procedures for calling a meeting of the board;

(2) quorum requirements for the meeting;

(3) designation of additional or substitute directors; and

(4) procedures for the board to determine the duration of an emergency.

(b) All provisions of the regular bylaws that are not inconsistent with the emergency bylaws remain effective during the emergency.

(c) Corporate action taken in good faith in accordance with the emergency bylaws binds the corporation.

Sec. 15. Minnesota Statutes 2024, section 302A.201, subdivision 1, is amended to read:

Subdivision 1. **Board to manage.** The business and affairs of a corporation shall be managed by or under the direction of a board, subject to the provisions of subdivision 2 and section 302A.457, and except as may be otherwise provided in the articles. If a provision is made in the articles: (1) the powers and duties conferred or imposed upon the board of directors by this chapter must be exercised or performed to the extent and by the natural persons provided in the articles, (2) the directors have no duties, liabilities, or responsibilities as directors under this chapter with respect to or arising from the exercise or performance of, or from the failure to exercise or perform, the conferred or imposed powers and duties by the other persons, and (3) the other persons have all of the duties, liabilities, and responsibilities of directors under this chapter with respect to and arising from the exercise or performance of, or the failure to exercise or perform, the conferred or imposed powers and duties. The members of the first board may be named in the articles or elected by the incorporators pursuant to section 302A.171 or by the shareholders.

Sec. 16. Minnesota Statutes 2024, section 302A.237, is amended by adding a subdivision to read:

Subd. 3. **Agreements and other instruments; authorization.** When this chapter requires the board to approve or to take other action with respect to an agreement, instrument, plan,

or document, the agreement, instrument, plan, or document may be approved by the board in final form or in substantially final form. If the board acts to approve or take other action with respect to an agreement, instrument, plan, or document that this chapter requires to be filed with the secretary of state or referenced in any certificate filed, the board may, at any time after providing the approval or taking other action and prior to the effectiveness of the filing with the secretary of state, adopt a resolution ratifying the agreement, instrument, plan, or document. The ratification under this subdivision is effective as of the time of the original approval or other action by the board and to satisfy any requirement under this chapter that the board approve or take other action with respect to the agreement, instrument, plan, or document in a specific manner or sequence.

Sec. 17. Minnesota Statutes 2024, section 302A.361, is amended to read:

**302A.361 STANDARD OF CONDUCT.**

Subdivision 1. **Standard; liability.** An officer shall discharge the duties of an office in good faith, in a manner the officer reasonably believes to be in the best interests of the corporation, and with the care an ordinarily prudent person in a like position would exercise under similar circumstances. A person who so performs those duties is not liable by reason of being or having been an officer of the corporation. A person exercising the principal functions of an office or to whom some or all of the duties and powers of an office are delegated pursuant to section 302A.351 is deemed an officer for purposes of this section and sections 302A.467 and 302A.521.

Subd. 2. **Liability; elimination or limitation.** The articles of a corporation may provide that an officer's personal liability to the shareholders for monetary damages for breach, during the time the corporation is a publicly held corporation, of fiduciary duty as an officer may be eliminated or limited. The articles must not eliminate or limit the liability of an officer:

(1) for any breach of the officer's duty of loyalty to the corporation or the corporation's shareholders;

(2) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

(3) under section 80A.76;

(4) for any transaction from which the officer derived an improper personal benefit;

(5) in any action by or in the right of the corporation; or

(6) for any act or omission occurring prior to the date when the provision in the articles eliminating or limiting liability becomes effective.

Sec. 18. Minnesota Statutes 2024, section 302A.461, subdivision 4, is amended to read:

Subd. 4. **Right to inspect.** (a) A shareholder, beneficial owner, or a holder of a voting trust certificate of a corporation that is not a publicly held corporation has an absolute right, upon written demand, to examine and copy, in person or by a legal representative, at any reasonable time, and the corporation shall make available within ten days after receipt by an officer of the corporation of the written demand:

(1) the share register; and

(2) all documents referred to in subdivision 2.

(b) A shareholder, beneficial owner, or a holder of a voting trust certificate of a corporation that is not a publicly held corporation has a right, upon written demand, to examine and copy, in person or by a legal representative, other corporate records at any reasonable time only if the shareholder, beneficial owner, or holder of a voting trust certificate demonstrates a proper purpose for the examination.

(c) A shareholder, beneficial owner, or a holder of a voting trust certificate of a publicly held corporation has, upon written demand stating the purpose and acknowledged or verified in the manner provided in chapter 358, a right at any reasonable time to examine and copy the corporation's share register and other corporate records reasonably related to the stated purpose and described with reasonable particularity in the written demand upon demonstrating the stated purpose to be a proper purpose. The acknowledged or verified demand must be directed to the corporation at its registered office in this state or at its principal place of business.

(d) For purposes of this section, a "proper purpose" is one reasonably related to the person's interest as a shareholder, beneficial owner, or holder of a voting trust certificate of the corporation.

(4) excludes or limits the right of a shareholder to vote on a matter, or to cumulate votes, except as the right may be excluded or limited through the authorization or issuance of securities of an existing or new class or series with similar or different voting rights; except that an amendment to the articles of an issuing public corporation that provides that section 302A.671 does not apply to a control share acquisition does not give rise to the right to obtain payment under this section; ~~or~~

(5) eliminates the right to obtain payment under this subdivision; or

(6) pursuant to section 302A.201, subdivision 1, diminishes or abolishes the board's right to manage, or to direct the management of, the corporation's business and affairs;

(d) a plan of exchange, whether under this chapter or under chapter 322C, to which the corporation is a party as the corporation whose shares will be acquired by the acquiring organization, except as provided in subdivision 3;

(e) a plan of conversion is adopted by the corporation and becomes effective;

(f) an amendment of the articles in connection with a combination of a class or series under section 302A.402 that reduces the number of shares of the class or series owned by the shareholder to a fraction of a share if the corporation exercises its right to repurchase the fractional share so created under section 302A.423; or

(g) any other corporate action taken pursuant to a shareholder vote with respect to which the articles, the bylaws, or a resolution approved by the board directs that dissenting shareholders may obtain payment for their shares.

Sec. 20. Minnesota Statutes 2024, section 302A.471, subdivision 3, is amended to read:

Subd. 3. **Rights not to apply.** (a) Unless the articles, the bylaws, or a resolution approved by the board otherwise provide, the right to obtain payment under this section does not apply to a shareholder of (1) the surviving corporation in a merger with respect to shares of the shareholder that are not entitled to be voted on the merger and are not canceled or exchanged in the merger or (2) the corporation whose shares will be acquired by the acquiring organization in a plan of exchange with respect to shares of the shareholder that are not entitled to be voted on the plan of exchange and are not exchanged in the plan of exchange.

(b) If a date is fixed according to section 302A.445, subdivision 1, for the determination of shareholders entitled to receive notice of and to vote on an action described in subdivision 1, only shareholders as of the date fixed, and beneficial owners as of the date fixed who hold through shareholders, as provided in subdivision 2, may exercise dissenters' rights.

(2) The applicability of clause (1) is determined as of:

(i) the record date fixed to determine the shareholders entitled to receive notice of, and to vote at, the meeting of shareholders to act upon the corporate action described in subdivision 1; or

(ii) the day before the effective date of corporate action described in subdivision 1 if there is no meeting of shareholders.

(3) Clause (1) is not applicable, and the right to obtain payment under this section is available pursuant to subdivision 1, for the holders of any class or series of shares who are required by the terms of the corporate action described in subdivision 1 to accept for such shares anything other than shares, or cash in lieu of fractional shares, of any class or any series of shares of a domestic or foreign corporation, or any other ownership interest of any other organization, that satisfies the standards set forth in clause (1) at the time the corporate action becomes effective.

(1) that: (i) a party to the plan that fails to perform the party's obligations under the plan in accordance with the terms and conditions of the plan, or that otherwise fails to comply with the terms and conditions of the plan, in each case required to be performed or complied with prior to the time the merger or exchange becomes effective, or that otherwise fails to consummate, or fails to cause the consummation of, the merger or exchange, whether prior to a specified date, upon satisfaction or, to the extent permitted by law, waiver of all conditions to consummation set forth in the plan or otherwise, is subject, in addition to any other remedies available at law or in equity, to penalties or consequences set forth in the plan of merger or exchange, which may include an obligation to pay to the other party or parties to the plan an amount representing or based on the loss of any premium or other economic entitlement the shareholders or holders of rights to purchase of the other party would be entitled to receive pursuant to the terms of the plan if the merger or exchange were consummated in accordance with the terms of the plan; and (ii) if, pursuant to the terms of the plan of merger or exchange, the corporation is entitled to receive payment from another party to the plan of any amount representing a penalty or consequence, the corporation is entitled to enforce the other party's payment obligation and upon receipt of a payment is entitled to retain the amount of the payment received; or

(2)(i) for the appointment, at or after the time at which the plan of merger or exchange is approved by the shareholders of the corporation in accordance with the requirements of this chapter, of one or more persons, which may include the surviving or resulting organization or any officer, representative, or agent of the surviving or resulting organization, as representative of the shareholders or the holders of rights to purchase of the corporation, including the shareholders and holders whose shares or rights to purchase must be canceled, converted, or exchanged in the merger or exchange and for the delegation to the person or persons of the sole and exclusive authority to take action and bring claims on behalf of the shareholders and the holders pursuant to the plan, including taking actions and bringing claims, including by entering into settlements, as the representative determines to enforce the rights of the shareholders and holders under the plan of merger or exchange, on the terms and subject to the conditions set forth in the plan; (ii) that an appointment is irrevocable and binding on all shareholders and holders from and after the approval of the plan of merger or exchange by the requisite vote of shareholders pursuant to this chapter; and (iii) that a provision adopted pursuant to this clause may not be amended after the merger or exchange has become effective or may be amended only with the consent or approval of persons specified in the plan of merger or exchange.

(b) Upon the death of the settlor of a trust that was revocable at the settlor's death, the trustee may proceed to distribute the trust property in accordance with the terms of the trust. The trustee is not subject to liability for doing so unless:

The attorney general's charitable trust division may, however, waive this notice requirement.

Sec. 14. Minnesota Statutes 2024, section 501C.0808, subdivision 5, is amended to read:

Subd. 5. **Duty and liability of directing party.** (a) A directing party who is a distribution trust advisor or an investment trust advisor is a fiduciary of the trust subject to the same duties and standards applicable to a trustee of a trust as provided by applicable law ~~unless the governing instrument provides otherwise, but the governing instrument may not, however, relieve or exonerate a directing party from the duty to act or withhold acting as the directing party in good faith reasonably believes is in the best interests of the trust.~~, including but not limited to the limitation period for actions against a trustee, the effect of providing a report or account, and the defenses available to a trustee in an action for breach of trust against the trustee. The terms of the governing instrument may vary the duty or liability of an investment trust advisor or a distribution trust advisor, but only to the same extent the terms of the trust could vary the duty or liability of a trustee in a like position and under similar circumstances.

(b) A trust protector is not a fiduciary of the trust unless the governing instrument provides otherwise, provided that a trust protector shall be a fiduciary subject to paragraph (a) if the governing instrument grants the trust protector any of the powers of an investment trust advisor under subdivision 2 or a distribution trust advisor under subdivision 3, but only to the extent of the power or powers granted.

Sec. 15. Minnesota Statutes 2024, section 501C.0808, subdivision 6, is amended to read:

Subd. 6. **Duty and liability of excluded fiduciary.** (a) The excluded fiduciary shall act in accordance with the governing instrument and shall take reasonable steps to comply with the directing party's exercise of the powers granted to the directing party by the governing instrument. Unless otherwise provided in the governing instrument, an excluded fiduciary has no duty to monitor, review, inquire, investigate, recommend, evaluate, or warn with respect to a directing party's exercise of or failure to exercise any power granted to the directing party by the governing instrument, including but not limited to, any power related to the acquisition, disposition, retention, management, or valuation of any asset or investment. Except as otherwise provided in this section or the governing instrument, an excluded fiduciary is not liable, either individually or as a fiduciary, for any action, inaction, consent, or failure to consent by a directing party, including but not limited to, any of the following:

(1) if a governing instrument provides that an excluded fiduciary is to follow the direction of a directing party, and the excluded fiduciary acts in accordance with the direction, then except in cases of willful misconduct on the part of the excluded fiduciary in complying with the direction of the directing party, the excluded fiduciary is not liable for any loss resulting directly or indirectly from following the direction, including but not limited to, compliance regarding the valuation of assets for which there is no readily available market value;

(2) if a governing instrument provides that an excluded fiduciary is to act or omit to act only with the consent of a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the directing party's failure to provide consent after having been requested to do so by the excluded fiduciary; or

(3) if a governing instrument provides that, or if for any other reason, an excluded fiduciary is required to assume the role or responsibilities of a directing party, or if the excluded fiduciary appoints a directing party or successor to a directing party, then except in cases of willful misconduct on the part of the excluded fiduciary, the excluded fiduciary is not liable for any loss resulting directly or indirectly from its actions in carrying out the roles and responsibilities of the directing party.

(b) Any excluded fiduciary is also relieved from any obligation to review or evaluate any direction from a distribution trust advisor or to perform investment or suitability reviews, inquiries, or investigations or to make recommendations or evaluations with respect to investments to the extent the directing party, custodial account owner, or authorized designee

of a custodial account owner had authority to direct the acquisition, disposition, or retention of any such investment. If the excluded fiduciary offers such communication to the directing party or any investment person selected by the investment trust advisor, the action may not be deemed to constitute an undertaking by the excluded fiduciary to monitor or otherwise participate in actions within the scope of the advisor's authority or to constitute any duty to do so.

(c) An excluded fiduciary is also relieved of any duty to communicate with, warn, or apprise any beneficiary or third party concerning instances in which the excluded fiduciary would or may have exercised the excluded fiduciary's own discretion in a manner different from the manner directed by the directing party.

(d) Absent a contrary provision in the governing instrument, the actions of the excluded fiduciary, including any communications with the directing party or others, or carrying out, recording, or reporting actions taken at the directing party's direction pertaining to matters within the scope of authority of the directing party, shall be deemed to be administrative actions taken by the excluded fiduciary solely to allow the excluded fiduciary to perform those duties assigned to the excluded fiduciary under the governing instrument. An administrative action described under this paragraph may not be deemed to constitute an undertaking by the excluded fiduciary to monitor, participate, or otherwise take any fiduciary responsibility for actions within the scope of authority of the directing party.

(e) Any person acting in the role of excluded fiduciary or directing party is an interested person who may petition the district court and invoke its jurisdiction as provided in sections 501C.0201 to 501C.0208 for those matters specified in section 501C.0202, and the provisions of section 501C.0202 shall be construed and applied so that the references in that section to a "trustee" include the excluded fiduciary or directing party, as applicable.

Sec. 16. Minnesota Statutes 2024, section 501C.0808, subdivision 8, is amended to read:

Subd. 8. **Duty to inform excluded fiduciary and directing parties.** (a) Each directing party shall keep the excluded fiduciary and any other directing party reasonably informed regarding the administration of the trust with respect to any specific duty or function being performed by the directing party to the extent that the duty or function would normally be performed by the excluded fiduciary or to the extent that providing such information to the excluded fiduciary or other directing party is reasonably necessary for the excluded fiduciary or other directing party to perform its duties. The directing party shall provide such information as reasonably requested by the excluded fiduciary or other directing party. Neither the performance nor the failure to perform of a directing party's duty to inform as

provided in this subdivision affects the limitation on the liability of the excluded fiduciary as provided in this section.

(b) Each excluded fiduciary shall keep the directing party or parties reasonably informed regarding the administration of the trust with respect to any specific duty or function performed by the excluded fiduciary to the extent that providing such information to the directing party or parties is reasonably necessary for the directing party to perform its duties. The excluded fiduciary shall provide such information as reasonably requested by a directing party. Neither the performance of nor the failure to perform an excluded fiduciary's duty to inform as provided in this subdivision affects the liability of the directing party as provided in this section.

Sec. 17. Minnesota Statutes 2024, section 501C.0808, is amended by adding a subdivision to read:

Subd. 9a. **Office of directing party.** Unless the terms of a governing instrument provide otherwise, the rules applicable to a trustee apply to a directing party regarding the following matters:

(1) acceptance under section 501C.0701;

(2) giving of bond to secure performance under section 501C.0702;

(3) when more than one person is acting in the role of a directing party, the provisions applicable to cotrustees under section 501C.0703;

(4) reasonable compensation under section 501C.0708;

(5) resignation under section 501C.0705;

(6) removal under section 501C.0706; and

(7) vacancy and appointment of successor under section 501C.0704.

Sec. 18. Minnesota Statutes 2024, section 501C.1013, subdivision 4, is amended to read:

Subd. 4. **Effect.** When a certificate of trust is recorded in a county where real property is situated, or in the case of personal property, when it is presented to a third party, the certificate of trust serves to document the existence of the trust, the identity of the trustees, the powers of the trustees and any limitations on those powers, and other matters the certificate of trust sets out, as though the full trust instrument had been recorded or presented. Until amended or revoked under subdivision 5, or until the full trust instrument is recorded or presented, a certificate of trust is prima facie proof as to matters contained in it and any

party may rely upon the continued effectiveness of the certificate, and the subsequent revocation or amendment of a certificate of trust shall not affect transactions entered into in reliance on a prior certificate of trust.

Sec. 19. Minnesota Statutes 2024, section 501C.1014, is amended by adding a subdivision to read:

Subd. 5. **Affidavit of trustee.** An affidavit of a trustee or of trustees of an inter vivos trust or a testamentary trust in support of a personal property transaction may be substantially in the form of the affidavit provided in subdivision 1 or 2, as long as the affidavit sets forth a description of the personal property and includes paragraphs 2, 3(a) and (b), changing the property reference to the personal property described, 4, 5, 6, and 7 of the form of the affidavit provided in subdivision 1 or 2.

Sec. 20. Minnesota Statutes 2024, section 501C.1105, subdivision 1, is amended to read:

Subdivision 1. **Expenses.** Unless a will or trust instrument provides otherwise and subject to subdivision 2, all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, interest and penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs must be charged against the principal of the estate.

Sec. 21. Minnesota Statutes 2024, section 501C.1105, is amended by adding a subdivision to read:

Subd. 4. **Decedent's estate.** For purposes of this section, the "decedent's estate" includes the estate of the decedent and any trust that was revocable by the decedent at the time of the decedent's death.

Sec. 22. Minnesota Statutes 2024, section 502.851, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Appointed trust" means an irrevocable trust which receives principal from an invaded trust under subdivision 3 or 4, including another trust created by the settlor of the invaded trust, under the terms of the invaded trust or any other trust instrument, or by the trustees, in that capacity, of the invaded trust. For purposes of creating another trust, any requirement that a trust instrument be signed by the settlor shall be deemed satisfied by the signature of the trustee of the appointed trust. In the discretion of the authorized trustee, the appointed trust may be the same trust as the invaded trust with modified terms which does not require

the trustee of the appointed trust to refer to the trust by a different name or obtain a separate tax identification number when applicable.

(c) "Authorized trustee" means, as to an invaded trust, any trustee or trustees with authority to pay trust principal to or for one or more current beneficiaries other than a trustee who is the settlor, or a beneficiary to whom income or principal must be paid currently or in the future, or who is or will become eligible to receive a distribution of income or principal in the discretion of the trustee, other than by the exercise of a power of appointment held in a nonfiduciary capacity.

(d) "Current beneficiary" or "beneficiaries" means the person or persons, or as to a class, any person or persons who are or will become members of that class, to whom the trustees may distribute principal at the time of the exercise of the power, provided that the interest of a beneficiary to whom income, but not principal, may be distributed at the discretion of the trustee of the invaded trust, may be continued in the appointed trust.

(e) "Invade" means the power to pay directly to the beneficiary of a trust or make application for the benefit of the beneficiary.

(f) "Invaded trust" means any existing irrevocable inter vivos or testamentary trust whose principal is appointed under subdivision 3 or 4.

(g) "Person or persons interested in the invaded trust" means all qualified beneficiaries as defined in section 501C.0103, paragraph (m).

(h) "Principal" includes the income of the trust at the time of the exercise of the power that is not currently required to be distributed, including accrued and accumulated income.

(i) "Unlimited discretion" means the unlimited power to distribute principal. A power to distribute principal that includes words such as best interests, welfare, comfort, or happiness shall not be considered a limitation of the power to distribute principal.

Sec. 23. Minnesota Statutes 2024, section 502.851, subdivision 2, is amended to read:

Subd. 2. ~~**Power of appointment; effect when more or less extensive than authorized**~~ **Savings provision.** ~~An exercise of a power of appointment is not void if the exercise is:~~

~~(1) more extensive than was authorized but is valid to the extent authorized by the instrument creating its power; or~~

~~(2) less extensive than authorized by the instrument creating the power, unless the donor has manifested a contrary intention.~~

(a) If exercise of the power to invade trust principal under subdivision 3 or 4 would be effective under this section except that the appointed trust instrument in part does not comply with this section, the exercise of the power is effective and the following rules apply with respect to the principal of the appointed trust attributable to the exercise of the power:

(1) a provision in the appointed trust instrument that is not permitted under this section is void to the extent necessary to comply with this section; and

(2) a provision required by this section to be in the appointed trust instrument that is not contained in the trust instrument is deemed to be included in the trust instrument to the extent necessary to comply with this section.

(b) If a trustee or other fiduciary of an appointed trust determines that paragraph (a) applies to a prior exercise of the power to invade trust principal under subdivision 3 or 4, the fiduciary shall take corrective action consistent with the fiduciary's duties.

Sec. 24. Minnesota Statutes 2024, section 502.851, subdivision 3, is amended to read:

Sec. 25. Minnesota Statutes 2024, section 502.851, subdivision 4, is amended to read:

Subd. 4. **Authorized trustee without unlimited discretion.** (a) An authorized trustee with the power to invade trust principal but without unlimited discretion may appoint part or all of the principal of the trust to a trustee of an appointed trust, provided that the current beneficiaries of the appointed trust shall be the same as the current beneficiaries of the invaded trust and the successor and remainder beneficiaries shall be the same as the successor and remainder beneficiaries of the invaded trust.

(b) If the authorized trustee exercises the power under this subdivision, the appointed trust shall include the same language authorizing the trustee to distribute the income or invade the principal of the appointed trust as in the invaded trust.

(c) If the authorized trustee exercises the power under this subdivision to extend the term of the appointed trust beyond the term of the invaded trust, for any period after the invaded trust would have otherwise terminated under the provisions of the invaded trust, the appointed trust, in addition to the language required to be included in the appointed trust pursuant to paragraph (b), may also include language providing the trustee with unlimited discretion to invade the principal of the appointed trust during this extended term.

Sec. 26. Minnesota Statutes 2024, section 502.851, subdivision 11, is amended to read:

(b) An authorized trustee may exercise the power authorized by subdivision 3 or 4 without the consent of the settlor or the persons interested in the invaded trust and without

If the authorized trustee decides not to implement the proposed exercise, the trustee shall notify all persons entitled to notice of the decision not to exercise the power and the reasons for the decision, and the authorized trustee's decision not to implement the proposed exercise does not itself give rise to liability to any person interested in the invaded trust. A person

entitled to notice may petition the court to have the exercise of a power performed and has the burden of proof as to whether it should be performed.

(i) A copy of the instrument exercising the power and a copy of each of the invaded trust and the appointed trust shall be filed with records of the appointed trust and the invaded trust.

Sec. 11. Minnesota Statutes 2024, section 27.19, subdivision 1, is amended to read:

Subdivision 1. **Prohibited acts.** (a) A person subject to the provisions of this section and sections 27.01 to 27.14 must not:

Under this clause growers must be compensated for passed acreage at the same rate for grade and yield as they would have received had the crop been harvested in a timely manner minus any contractual provision for green manure or feed value. Both parties are excused from payment or performance for crop conditions that are beyond the control of the parties; or

(10) discriminate between different sections, localities, communities, or cities, or between persons in the same community, by purchasing perishable farm products from farmers of the same grade, quality, and kind, at different prices, except that price differentials are allowed if directly related to the costs of transportation, shipping, and handling of the perishable farm products and a person is allowed to meet the prices of a competitor in good faith, in the same locality for the same grade, quality, and kind of perishable farm products. A showing of different prices by the commissioner is prima facie evidence of discrimination.

(b) Any person violating any provision of this chapter, or any rule adopted under this chapter, is guilty of a misdemeanor.

(c) A separate violation occurs with respect to each different person involved, each purchase or transaction involved, and each false statement.

(d) Any prosecuting officer to whom the commissioner reports a violation of this chapter, or a violation of any rule adopted under this chapter, must bring appropriate proceedings in a proper court without delay for the enforcement of the penalties under this chapter.

Sec. 81. Minnesota Statutes 2024, section 115.03, subdivision 1, is amended to read:

Subdivision 1. **Generally.** (a) The commissioner is given and charged with the following powers and duties:

(1) to administer and enforce all laws relating to the pollution of any of the waters of the state;

(2) to investigate the extent, character, and effect of the pollution of the waters of this state and to gather data and information necessary or desirable in the administration or enforcement of pollution laws, and to make such classification of the waters of the state as ~~it~~ the commissioner may deem advisable;

(3) to establish and alter such reasonable pollution standards for any waters of the state in relation to the public use to which they are or may be put as ~~it~~ the commissioner shall deem necessary for the purposes of this chapter and, with respect to the pollution of waters of the state, chapter 116;

(4) to encourage waste treatment, including advanced waste treatment, instead of stream low-flow augmentation for dilution purposes to control and prevent pollution;

(5) to adopt, issue, reissue, modify, deny, revoke, reopen, enter into, or enforce reasonable orders, permits, variances, standards, rules, schedules of compliance, and stipulation agreements, under such conditions as ~~it~~ the commissioner may prescribe, in order to prevent, control or abate water pollution, or for the installation or operation of disposal systems or parts thereof, or for other equipment and facilities:

(i) requiring the discontinuance of the discharge of sewage, industrial waste, or other wastes into any waters of the state resulting in pollution in excess of the applicable pollution standard established under this chapter;

(ii) prohibiting or directing the abatement of any discharge of sewage, industrial waste, or other wastes, into any waters of the state or the deposit thereof or the discharge into any municipal disposal system where the same is likely to get into any waters of the state in violation of this chapter and, with respect to the pollution of waters of the state, chapter 116, or standards or rules promulgated or permits issued pursuant thereto, and specifying the schedule of compliance within which such prohibition or abatement must be accomplished;

(iii) prohibiting the storage of any liquid or solid substance or other pollutant in a manner which does not reasonably assure proper retention against entry into any waters of the state that would be likely to pollute any waters of the state;

(iv) requiring the construction, installation, maintenance, and operation by any person of any disposal system or any part thereof, or other equipment and facilities, or the reconstruction, alteration, or enlargement of its existing disposal system or any part thereof, or the adoption of other remedial measures to prevent, control or abate any discharge or deposit of sewage, industrial waste or other wastes by any person;

(v) establishing, and from time to time revising, standards of performance for new sources taking into consideration, among other things, classes, types, sizes, and categories of sources, processes, pollution control technology, cost of achieving such effluent reduction, and any nonwater quality environmental impact and energy requirements. Said standards of performance for new sources shall encompass those standards for the control of the discharge of pollutants which reflect the greatest degree of effluent reduction which the ~~agency~~ commissioner determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants. New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the ~~agency~~ commissioner of proposed rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973, and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(vi) establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(vii) requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the ~~agency~~ commissioner shall prescribe, and providing such other information as the ~~agency~~ commissioner may reasonably require;

(viii) notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 13, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the ~~agency~~ commissioner determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the ~~agency~~ commissioner shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(ix) modifying, in ~~its~~ the commissioner's discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants;

(x) requiring that applicants for wastewater discharge permits evaluate in their applications the potential reuses of the discharged wastewater; and

(xi) when appropriate, requiring parties who enter into a negotiated agreement to settle an enforcement matter with the agency to reimburse the agency for oversight costs. The

~~agency~~ commissioner may recover oversight costs only if the agency's costs exceed $25,000. Subd. 5. **Sanctions; appeal.** (a) This subdivision does not authorize any sanction that reduces, pauses, or otherwise interrupts state or federal aid to a school district, charter school, cooperative unit as defined by section 123A.24, subdivision 2, or any library, library system, or library district defined in section 134.001.

(b) The inspector general may recommend that the commissioner impose appropriate temporary sanctions, including withholding of payments under the department program, on a program participant pending an investigation by the Office of the Inspector General if:

(1) during the course of an investigation, the Office of the Inspector General finds credible indicia of fraud, waste, or abuse by the program participant;

(2) there has been a criminal, civil, or administrative adjudication of fraud, waste, or abuse against the program participant in Minnesota or in another state or jurisdiction;

(3) the program participant was receiving funds under any contract or registered in any program administered by another Minnesota state agency, a government agency in another state, or a federal agency, and was excluded from that contract or program for reasons credibly indicating fraud, waste, or abuse by the program participant; or

(4) the program participant has a pattern of noncompliance with an investigation.

(c) If an investigation finds, by a preponderance of the evidence, fraud, waste, or abuse by a program participant, the inspector general may, after reviewing all facts and evidence and when acting judiciously on a case-by-case basis, recommend that the commissioner impose appropriate sanctions on the program participant.

(d) Unless prohibited by law, the commissioner has the authority to implement recommendations by the inspector general, including imposing appropriate sanctions, temporarily or otherwise, on a program participant. Sanctions may include ending program participation, stopping disbursement of funds or resources, monetary recovery, and termination of department contracts with the participant for any current or future department program or contract. A sanction may be imposed for up to the longest period permitted by state or federal law. Sanctions authorized under this subdivision are in addition to other remedies and penalties available under law.

(e) If the commissioner imposes sanctions on a program participant under this subdivision, the commissioner must notify the participant in writing within seven business days of imposing the sanction, unless requested in writing by a law enforcement agency to temporarily delay issuing the notice to prevent disruption of an ongoing law enforcement agency investigation. A notice of sanction must state:

(1) the sanction being imposed;

(2) the general allegations that form the basis for the sanction;

(3) the duration of the sanction;

(4) the department programs to which the sanction applies; and

(5) how the program participant may appeal the sanction pursuant to paragraph ~~(e)~~ (f).

(f) A program participant sanctioned under this subdivision may, within 30 days after the date the notice of sanction was mailed to the participant, appeal the determination by requesting in writing that the commissioner initiate a contested case proceeding under chapter 14. The scope of any contested case hearing is limited to the sanction imposed under this subdivision. An appeal request must specify with particularity each disputed item, the reason for the dispute, and must include the name and contact information of the person or entity that may be contacted regarding the appeal.

(g) The commissioner shall lift sanctions imposed under this subdivision if the Office of the Inspector General determines there is insufficient evidence of fraud, waste, or abuse by the program participant. The commissioner must notify the participant in writing within seven business days of lifting the sanction.

Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. B. Educational program placement - The receiving state school shall initially honor placement of the student in educational programs based on the current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility - Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. B. Exit exams - States shall accept: (1) exit or end-of-course exams required for graduation from the sending state, (2) national norm-referenced achievement tests, or (3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her senior year, then the provisions of Article VII, Section C shall apply.

C. Transfers during senior year - Should a military student transferring at the beginning or during his or her senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if

the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. 4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

The relief sought may include both injunctive relief and damages.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to the adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

## ARTICLE XVI

## WITHDRAWAL AND DISSOLUTION

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

2. All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(5) revocation is required under section 245A.04, subdivision 7, paragraph (d); or

A license holder who has had a license issued under this chapter suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail, by

personal service, or through the provider licensing and reporting hub. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

(b) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. If the order is issued through the provider hub, the appeal must be received by the commissioner within ten calendar days from the date the commissioner issued the order through the hub. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue to operate the program as provided in section 245A.04, subdivision 7, paragraphs (i) and (j), until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an order to pay a fine must be made in writing by certified mail, by personal service, or through the provider licensing and reporting hub. (2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the

license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail, by personal service, or through the provider licensing and reporting hub that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(4) Fines shall be assessed as follows:

(ii) if the commissioner determines that a determination of maltreatment for which the license holder is responsible is the result of maltreatment that meets the definition of serious maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit $5,000;

(iii) the license holder shall forfeit $200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff-to-child or adult ratios, and failure to comply with background study requirements under chapter 245C; and

(iv) the license holder shall forfeit $100 for each occurrence of a violation of law or rule other than those subject to a $5,000, $1,000, or $200 fine in items (i) to ~~(iv)~~ (iii).

For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide home and community-based services, as identified in section 245D.03, subdivision 1, and a community residential setting or day services facility license under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the

license holder will be personally liable for payment. In the case of a corporation, each controlling individual is personally and jointly liable for payment.

(d) Except for background study violations involving the failure to comply with an order to immediately remove an individual or an order to provide continuous, direct supervision, the commissioner shall not issue a fine under paragraph (c) relating to a background study violation to a license holder who self-corrects a background study violation before the commissioner discovers the violation. A license holder who has previously exercised the provisions of this paragraph to avoid a fine for a background study violation may not avoid a fine for a subsequent background study violation unless at least 365 days have passed since the license holder self-corrected the earlier background study violation.

The commissioner shall work in conjunction with the commissioner of children, youth, and families to carry out the duties of this paragraph when necessary and feasible.

(1) one-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. Disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for medical assistance. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in clause (1), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to clause (1).

(n) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches $1,000,000. to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(o) Have the authority to establish and enforce the following county reporting requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services programs. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received;

Sec. 208. Minnesota Statutes 2024, section 256B.0625, subdivision 5m, is amended to read:

Subd. 5m. **Certified community behavioral health clinic services.** (a) Medical assistance covers services provided by a not-for-profit certified community behavioral health clinic (CCBHC) that meets the requirements of section 245.735, subdivision 3.

(b) The commissioner shall reimburse CCBHCs on a per-day basis for each day that an eligible service is delivered using the CCBHC daily bundled rate system for medical assistance payments as described in paragraph (c). The commissioner shall include a quality incentive payment in the CCBHC daily bundled rate system as described in paragraph (e). There is no county share for medical assistance services when reimbursed through the CCBHC daily bundled rate system.

(c) The commissioner shall ensure that the CCBHC daily bundled rate system for CCBHC payments under medical assistance meets the following requirements:

(1) the CCBHC daily bundled rate shall be a provider-specific rate calculated for each CCBHC, based on the daily cost of providing CCBHC services and the total annual allowable CCBHC costs divided by the total annual number of CCBHC visits. For calculating the payment rate, total annual visits include visits covered by medical assistance and visits not covered by medical assistance. Allowable costs include but are not limited to the salaries and benefits of medical assistance providers; the cost of CCBHC services provided under section 245.735, subdivision 3, paragraph (a), clauses (6) and (7); and other costs such as insurance or supplies needed to provide CCBHC services;

(2) payment shall be limited to one payment per day per medical assistance enrollee when an eligible CCBHC service is provided. A CCBHC visit is eligible for reimbursement if at least one of the CCBHC services listed under section 245.735, subdivision 3, paragraph (a), clause (6), is furnished to a medical assistance enrollee by a health care practitioner or licensed agency employed by or under contract with a CCBHC;

(3) initial CCBHC daily bundled rates for newly certified CCBHCs under section 245.735, subdivision 3, shall be established by the commissioner using a provider-specific rate based on the newly certified CCBHC's audited historical cost report data adjusted for the expected cost of delivering CCBHC services. Estimates are subject to review by the commissioner and must include the expected cost of providing the full scope of CCBHC services and the expected number of visits for the rate period;

(4) the commissioner shall rebase CCBHC rates once every two years following the last rebasing and no less than 12 months following an initial rate or a rate change due to a change

in the scope of services. For CCBHCs certified after September ~~31~~ 30, 2020, and before January 1, 2021, the commissioner shall rebase rates according to this clause for services provided on or after January 1, 2024;

(5) the commissioner shall provide for a 60-day appeals process after notice of the results of the rebasing;

(6) an entity that receives a CCBHC daily bundled rate that overlaps with another federal Medicaid rate is not eligible for the CCBHC rate methodology;

(7) payments for CCBHC services to individuals enrolled in managed care shall be coordinated with the state's phase-out of CCBHC wrap payments. The commissioner shall complete the phase-out of CCBHC wrap payments within 60 days of the implementation of the CCBHC daily bundled rate system in the Medicaid Management Information System (MMIS), for CCBHCs reimbursed under this chapter, with a final settlement of payments due made payable to CCBHCs no later than 18 months thereafter;

(8) the CCBHC daily bundled rate for each CCBHC shall be updated by trending each provider-specific rate by the Medicare Economic Index for primary care services. This update shall occur each year in between rebasing periods determined by the commissioner in accordance with clause (4). CCBHCs must provide data on costs and visits to the state annually using the CCBHC cost report established by the commissioner; and

The CCBHC must provide the commissioner with information regarding the changes in the scope of services, including the estimated cost of providing the new or modified services and any projected increase or decrease in the number of visits resulting from the change. Estimated costs are subject to review by the commissioner. Rate adjustments for changes in scope shall occur no more than once per year in between rebasing periods per CCBHC and are effective on the date of the annual CCBHC rate update.

(d) Managed care plans and county-based purchasing plans shall reimburse CCBHC providers at the CCBHC daily bundled rate. The commissioner shall monitor the effect of this requirement on the rate of access to the services delivered by CCBHC providers. If, for any contract year, federal approval is not received for this paragraph, the commissioner must adjust the capitation rates paid to managed care plans and county-based purchasing plans for that contract year to reflect the removal of this provision. Contracts between managed care plans and county-based purchasing plans and providers to whom this paragraph applies must allow recovery of payments from those providers if capitation rates are adjusted

in accordance with this paragraph. Payment recoveries must not exceed the amount equal to any increase in rates that results from this provision. This paragraph expires if federal approval is not received for this paragraph at any time.

(e) The commissioner shall implement a quality incentive payment program for CCBHCs that meets the following requirements:

(1) a CCBHC shall receive a quality incentive payment upon meeting specific numeric thresholds for performance metrics established by the commissioner, in addition to payments for which the CCBHC is eligible under the CCBHC daily bundled rate system described in paragraph (c);

(2) a CCBHC must be certified and enrolled as a CCBHC for the entire measurement year to be eligible for incentive payments;

(3) each CCBHC shall receive written notice of the criteria that must be met in order to receive quality incentive payments at least 90 days prior to the measurement year; and

(4) a CCBHC must provide the commissioner with data needed to determine incentive payment eligibility within six months following the measurement year. The commissioner shall notify CCBHC providers of their performance on the required measures and the incentive payment amount within 12 months following the measurement year.

(f) All claims to managed care plans for CCBHC services as provided under this section shall be submitted directly to, and paid by, the commissioner on the dates specified no later than January 1 of the following calendar year, if:

(1) one or more managed care plans does not comply with the federal requirement for payment of clean claims to CCBHCs, as defined in Code of Federal Regulations, title 42, section 447.45(b), and the managed care plan does not resolve the payment issue within 30 days of noncompliance; and

(2) the total amount of clean claims not paid in accordance with federal requirements by one or more managed care plans is 50 percent of, or greater than, the total CCBHC claims eligible for payment by managed care plans.

If the conditions in this paragraph are met between January 1 and June 30 of a calendar year, claims shall be submitted to and paid by the commissioner beginning on January 1 of the following year. If the conditions in this paragraph are met between July 1 and December 31 of a calendar year, claims shall be submitted to and paid by the commissioner beginning on July 1 of the following year.

(g) Peer services provided by a CCBHC certified under section 245.735 are a covered service under medical assistance when a licensed mental health professional or alcohol and drug counselor determines that peer services are medically necessary. Eligibility under this subdivision for peer services provided by a CCBHC supersede eligibility standards under sections 256B.0615, 256B.0616, and 245G.07, subdivision 2, clause (8).

Active efforts to preserve the Indian child's family include efforts to prevent placement of the Indian child to correct the conditions that led to the placement by ensuring remedial services and rehabilitative programs designed to prevent the breakup of the family were provided in a manner consistent with the prevailing social and cultural conditions of the Indian child's

Tribe and in partnership with the Indian child, the Indian child's parents, the Indian custodian, extended family members, and Tribe, and that these efforts have proved unsuccessful.

(b) The court, in determining whether active efforts were made to preserve the Indian child's family for purposes of child placement or permanency, shall ensure the provision of active efforts designed to correct the conditions that led to the placement of the Indian child and shall make findings regarding whether the following activities were appropriate and necessary, and whether the child-placing agency or petitioner ensured appropriate and meaningful services were available based upon the family's specific needs, whether listed in this paragraph or not:

(1) whether active efforts were made at the earliest point possible to inquire into the child's heritage, to identify any federally recognized Indian Tribe the child may be affiliated with, to notify all potential Tribes at the earliest point possible, and to request participation of the Indian child's Tribe;

(2) whether a Tribally designated representative with substantial knowledge of the prevailing social and cultural standards and child-rearing practices within the Tribal community was provided an opportunity to consult with and be involved in any investigations or assessments of the family's circumstances, participate in identifying the family's needs, and participate in development of any plan to keep the Indian child safely in the home, identify services designed to prevent the breakup of the Indian child's family, and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(3) whether the Tribal representative was provided with all information available regarding the proceeding, and whether it was requested that the Tribal representative assist in identifying services designed to prevent the breakup of the Indian child's family and to reunify the Indian child's family as soon as safety can be assured if out-of-home placement has occurred;

(4) whether, before making a decision that may affect an Indian child's safety and well-being or when contemplating placement of an Indian child, guidance from the Indian child's Tribe was sought regarding family structure, how the family can seek help, what family and Tribal resources are available, and what barriers the family faces that could threaten the family's preservation;

(5) whether a Tribal representative was consulted to determine and arrange for visitation in the most natural setting that ensures the Indian child's safety, when the Indian child's safety requires supervised visitation;

(6) whether early and ongoing efforts occurred to identify, locate, and include extended family members as supports for the Indian child and the Indian child's family;

(7) whether continued active efforts were made to identify and place the Indian child in a home that is compliant with the placement preferences in sections 260.751 to 260.835, including whether extended family members were consulted to provide support to the Indian child and Indian child's parents; to inform the child-placing agency, petitioner, and court as to cultural connections and family structure; to assist in identifying appropriate cultural services and supports for the Indian child and Indian child's parents; and to identify and serve as placement and permanency resources for the Indian child. If there was difficulty contacting or engaging extended family members, whether assistance was sought from the Tribe, the Department of Human Services, or other agencies with expertise in working with Indian families;

(8) whether services and resources were provided to extended family members who are considered the primary placement option for an Indian child, as agreed upon by the child-placing agency or petitioner and the Tribe, to overcome licensing and other barriers to providing care to an Indian child. The need for services or resources shall not be a basis to exclude an extended family member from consideration as a primary placement. Services and resources include but are not limited to child care assistance, financial assistance, housing resources, emergency resources, and foster care licensing assistance and resources;

(9) whether concrete services and access to both Tribal and non-Tribal services were provided to the Indian child's parents and Indian custodian and, where necessary, members of the Indian child's extended family ~~members~~ who provide support to the Indian child and the Indian child's parents; and whether these services were provided in an ongoing manner throughout the child-placing agency or petitioner's involvement with the Indian family to directly assist the Indian family in accessing and utilizing services to maintain the Indian family, or to reunify the Indian family as soon as safety can be assured if out-of-home placement has occurred. Services include but are not limited to financial assistance, food, housing, health care, transportation, in-home services, community support services, and specialized services; and

(10) whether visitation occurred whenever possible in the home of the Indian child's parent, Indian custodian, or extended family member or in another noninstitutional setting in order to keep the Indian child in close contact with the Indian child's parents, siblings, and other relatives regardless of the Indian child's age and to allow the Indian child and those with whom the Indian child visits to have natural, unsupervised interaction when consistent with protecting the child's safety.

Sec. 217. Minnesota Statutes 2024, section 260C.151, subdivision 2a, is amended to read:

Subd. 2a. **Notice; termination of parental rights or permanency proceeding.** (a) After a petition for termination of parental rights or petition for permanent placement of a child away from a parent under section 260C.505 has been filed, the court shall set a time for the admit or deny hearing as required under the Minnesota Rules of Juvenile Protection Procedure and shall issue a summons requiring the parents of the child to appear before the court at the time and place stated. The court shall issue a notice to:

(1) a putative father who has timely registered with the Minnesota Fathers' Adoption Registry and who is entitled to notice of an adoption proceeding under section 259.49, subdivision 1; and

(2) a grandparent with the right to participate under section 260C.163, subdivision 2.

(b) Neither summons nor notice under this section or section 260C.152 of a termination of parental rights matter or other permanent placement matter under sections 260C.503 to 260C.521 is required to be given to a putative father who has failed to timely register with the Minnesota Fathers' Adoption Registry under section 259.52 unless that individual also meets the requirements of section 257.55 or is required to be given notice under section 259.49, subdivision 1. When a putative father is not entitled to notice under this paragraph and is therefore not given notice, any order terminating the putative father's rights does not give rise to a presumption of parental unfitness under section 260C.301, subdivision 1, paragraph (b), clause ~~(4)~~ (3).

Sec. 218. Minnesota Statutes 2024, section 260C.178, subdivision 1, is amended to read:

Subdivision 1. **Hearing and release requirements.** (a) If a child was taken into custody under section 260C.175, subdivision 1, clause (1) or (2), item (ii), the court shall hold a hearing within 72 hours of the time that the child was taken into custody, excluding Saturdays, Sundays, and holidays, to determine whether the child should continue to be in custody.

(b) Unless there is reason to believe that the child would endanger self or others or not return for a court hearing, or that the child's health or welfare would be immediately endangered, the child shall be released to the custody of a parent, guardian, custodian, or other suitable person, subject to reasonable conditions of release including, but not limited to, a requirement that the child undergo a chemical use assessment as provided in section 260C.157, subdivision 1.

(c) If the court determines that there is reason to believe that the child would endanger self or others or not return for a court hearing, or that the child's health or welfare would be immediately endangered if returned to the care of the parent or guardian who has custody and from whom the child was removed, the court shall order the child:

(1) into the care of the child's noncustodial parent and order the noncustodial parent to comply with any conditions that the court determines appropriate to ensure the safety and care of the child, including requiring the noncustodial parent to cooperate with paternity establishment proceedings if the noncustodial parent has not been adjudicated the child's father; or

(2) into foster care as defined in section 260C.007, subdivision 18, under the legal responsibility of the responsible social services agency or responsible probation or corrections agency for the purposes of protective care as that term is used in the juvenile court rules. The court shall not give the responsible social services legal custody and order a trial home visit at any time prior to adjudication and disposition under section 260C.201, subdivision 1, paragraph (a), clause (3), but may order the child returned to the care of the parent or guardian who has custody and from whom the child was removed and order the parent or guardian to comply with any conditions the court determines to be appropriate to meet the safety, health, and welfare of the child.

(d) In determining whether the child's health or welfare would be immediately endangered, the court shall consider whether the child would reside with a perpetrator of domestic child abuse.

(e) The court, before determining whether a child should be placed in or continue in foster care under the protective care of the responsible agency, shall also make a determination, consistent with section 260.012 as to whether reasonable efforts were made to prevent placement or whether reasonable efforts to prevent placement are not required. In the case of an Indian child, the court shall determine whether active efforts, according to section 260.762 and the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(d), were made to prevent placement. The court shall enter a finding that the responsible social services agency has made reasonable efforts to prevent placement when the agency establishes either:

(1) that the agency has actually provided services or made efforts in an attempt to prevent the child's removal but that such services or efforts have not proven sufficient to permit the child to safely remain in the home; or

(2) that there are no services or other efforts that could be made at the time of the hearing that could safely permit the child to remain home or to return home. The court shall not make a reasonable efforts determination under this clause unless the court is satisfied that the agency has sufficiently demonstrated to the court that there were no services or other efforts that the agency was able to provide at the time of the hearing enabling the child to safely remain home or to safely return home. When reasonable efforts to prevent placement are required and there are services or other efforts that could be ordered that would permit the child to safely return home, the court shall order the child returned to the care of the parent or guardian and the services or efforts put in place to ensure the child's safety. When the court makes a prima facie determination that one of the circumstances under paragraph ~~(g)~~ (h) exists, the court shall determine that reasonable efforts to prevent placement and to return the child to the care of the parent or guardian are not required.

(f) If the court finds the social services agency's preventive or reunification efforts have not been reasonable but further preventive or reunification efforts could not permit the child to safely remain at home, the court may nevertheless authorize or continue the removal of the child.

(g) The court may not order or continue the foster care placement of the child unless the court makes explicit, individualized findings that continued custody of the child by the parent or guardian would be contrary to the welfare of the child and that placement is in the best interest of the child.

(h) At the emergency removal hearing, or at any time during the course of the proceeding, and upon notice and request of the county attorney, the court shall determine whether a petition has been filed stating a prima facie case that:

(1) the parent has subjected a child to egregious harm as defined in section 260C.007, subdivision 14;

(2) the parental rights of the parent to another child have been involuntarily terminated;

(3) the child is an abandoned infant under section 260C.301, subdivision 2, paragraph (a), clause (2);

(4) the parents' custodial rights to another child have been involuntarily transferred to a relative under a juvenile protection proceeding or a similar process of another jurisdiction;

(5) the parent has committed sexual abuse as defined in section 260E.03, against the child or another child of the parent;

(6) the parent has committed an offense that requires registration as a predatory offender under section 243.166, subdivision 1b, paragraph (a) or (b); or

(7) the provision of services or further services for the purpose of reunification is futile and therefore unreasonable.

(i) When a petition to terminate parental rights is required under section 260C.301, subdivision 4, or 260C.503, subdivision 2, but the county attorney has determined not to proceed with a termination of parental rights petition, and has instead filed a petition to transfer permanent legal and physical custody to a relative under section 260C.507, the court shall schedule a permanency hearing within 30 days of the filing of the petition.

(j) If the county attorney has filed a petition under section 260C.307, the court shall schedule a trial under section 260C.163 within 90 days of the filing of the petition except when the county attorney determines that the criminal case shall proceed to trial first under section 260C.503, subdivision 2, paragraph (c).

(k) If the court determines the child should be ordered into foster care and the child's parent refuses to give information to the responsible social services agency regarding the child's father or relatives of the child, the court may order the parent to disclose the names, addresses, telephone numbers, and other identifying information to the responsible social services agency for the purpose of complying with sections 260C.150, 260C.151, 260C.212, 260C.215, 260C.219, and 260C.221.

(l) If a child ordered into foster care has siblings, whether full, half, or step, who are also ordered into foster care, the court shall inquire of the responsible social services agency of the efforts to place the children together as required by section 260C.212, subdivision 2, paragraph (d), if placement together is in each child's best interests, unless a child is in placement for treatment or a child is placed with a previously noncustodial parent who is not a parent to all siblings. If the children are not placed together at the time of the hearing, the court shall inquire at each subsequent hearing of the agency's reasonable efforts to place the siblings together, as required under section 260.012. If any sibling is not placed with another sibling or siblings, the agency must develop a plan to facilitate visitation or ongoing contact among the siblings as required under section 260C.212, subdivision 1, unless it is contrary to the safety or well-being of any of the siblings to do so.

(m) When the court has ordered the child into the care of a noncustodial parent or in foster care, the court may order a chemical dependency evaluation, mental health evaluation, medical examination, and parenting assessment for the parent as necessary to support the development of a plan for reunification required under subdivision 7 and section 260C.212,

subdivision 1, or the child protective services plan under section 260E.26, and Minnesota Rules, part 9560.0228.

(n) When the court has ordered an Indian child into an emergency child placement, the Indian child shall be placed according to the placement preferences in the Minnesota Indian Family Preservation Act, section 260.773.

Sec. 219. Minnesota Statutes 2024, section 260C.71, subdivision 1, is amended to read:

Within 60 days of placing the child at a qualified residential treatment facility, the agency must obtain a court order finding that the child's placement is appropriate and meets the child's individualized needs.

(2) been found to be palpably unfit under section 260C.301, subdivision 1, paragraph (b), clause ~~(4)~~ (3), or a similar law of another jurisdiction;

(3) committed an act that resulted in an involuntary termination of parental rights under section 260C.301, or a similar law of another jurisdiction; or

(c) For a taxpayer other than a married taxpayer filing a separate return with adjusted gross income above the phaseout threshold, the simplified subtraction is reduced by ten percent for each $4,000 of adjusted gross income, or fraction thereof, in excess of the phaseout threshold. The phaseout threshold equals:

(1) $100,000 for a married taxpayer filing a joint return or surviving spouse;

(b) For purposes of this subdivision, "mandatory fee" includes but is not limited to a fee or surcharge that:

(1) must be paid in order to purchase the goods or services being advertised;

(2) is not reasonably avoidable by the consumer; or

(3) a reasonable person would expect to be included in the purchase of the goods or services being advertised.

**336.3-206 RESTRICTIVE ENDORSEMENT.**

(a) An endorsement limiting payment to a particular person or otherwise prohibiting further transfer or negotiation of the instrument is not effective to prevent further transfer or negotiation of the instrument.

(b) An endorsement stating a condition to the right of the endorsee to receive payment does not affect the right of the endorsee to enforce the instrument. A person paying the instrument or taking it for value or collection may disregard the condition, and the rights and liabilities of that person are not affected by whether the condition has been fulfilled.

(c) If an instrument bears an endorsement (i) described in section 336.4-201(b), or (ii) in blank or to a particular bank using the words "for deposit," "for collection," or other words indicating a purpose of having the instrument collected by a bank for the endorser or for a particular account, the following rules apply:

(1) A person, other than a bank, who purchases the instrument when so endorsed converts the instrument unless the amount paid for the instrument is received by the endorser or applied consistently with the endorsement.

(2) A depositary bank that purchases the instrument or takes it for collection when so endorsed converts the instrument unless the amount paid by the bank with respect to the instrument is received by the endorser or applied consistently with the endorsement.

(3) A payor bank that is also the depositary bank or that takes the instrument for immediate payment over the counter from a person other than a collecting bank converts the instrument unless the proceeds of the instrument are received by the endorser or applied consistently with the endorsement.

(4) Except as otherwise provided in paragraph (3), a payor bank or intermediary bank may disregard the endorsement and is not liable if the proceeds of the instrument are not received by the endorser or applied consistently with the endorsement.

(d) Except for an endorsement covered by subsection (c), if an instrument bears an endorsement using words to the effect that payment is to be made to the endorsee as agent, trustee, or other fiduciary for the benefit of the endorser or another person, the following rules apply:

(1) Unless there is notice of breach of fiduciary duty as provided in section 336.3-307, a person who purchases the instrument from the endorsee or takes the instrument from the endorsee for collection or payment may pay the proceeds of payment or the value given for the instrument to the endorsee without regard to whether the endorsee violates a fiduciary duty to the endorser.

(2) A subsequent transferee of the instrument or person who pays the instrument is neither given notice nor otherwise affected by the restriction in the endorsement unless the transferee or payor knows that the fiduciary dealt with the instrument or its proceeds in breach of fiduciary duty.

(e) The presence on an instrument of an endorsement to which this section applies does not prevent a purchaser of the instrument from becoming a holder in due course of the instrument unless the purchaser is a converter under subsection (c) or has notice or knowledge of breach of fiduciary duty as stated in subsection (d).

(f) In an action to enforce the obligation of a party to pay the instrument, the obligor has a defense if payment would violate an endorsement to which this section applies and the payment is not permitted by this section.

~~(g) Nothing in this section prohibits or limits the effectiveness of a restrictive endorsement made under section 256.9831, subdivision 3.~~

(g) At least 60 calendar days before the discontinuation of services under paragraph (f), the public authority must mail a written notice to the obligee and obligor at the obligee's and obligor's last known addresses that the public authority intends to close the child support enforcement case and explaining each party's rights. Seven calendar days after the first notice is mailed, the public authority must mail a second notice under this paragraph to the obligee.

(h) The case must be kept open if the obligee responds before case closure and provides information that could reasonably lead to collection of arrears. If the case is closed, the obligee may later request that the case be reopened by completing a new application for services, if there is a change in circumstances that could reasonably lead to the collection of arrears.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[299C.77] FEDERAL BACKGROUND CHECKS BY POLITICAL SUBDIVISIONS.**

Subdivision 1. **Definition.** As used in this section, "applicant for licensure" means an individual or if the applicant is a corporation, limited liability company, partnership, or other legal entity, every officer, director, manager, and general partner of the entity, who seeks a license issued by a county or city to operate a business:

(1) that qualifies as an adult entertainment establishment under section 617.242, subdivision 1; or

(2) providing massage services.

Subd. 2. **Background check authorized.** (a) A county or city may investigate the criminal history background of any applicant for licensure.

(b) The investigation conducted pursuant to paragraph (a) must consist of a criminal history check of the state criminal records repository and a national criminal history check. The county or city must accept the applicant's signed criminal history records check consent form for the state and national criminal history check request, a full set of classifiable fingerprints, and required fees. The county or city must submit the applicant's completed criminal history records check consent form, full set of classifiable fingerprints, and required

fees to the Bureau of Criminal Apprehension. After receiving this information, the bureau must conduct a Minnesota criminal history records check of the applicant. The bureau may exchange an applicant's fingerprints with the Federal Bureau of Investigation to obtain the applicant's national criminal history record information. The bureau must return the results of the Minnesota and federal criminal history records checks to the county or city. Using the criminal history data provided by the bureau, the county or city must determine whether the applicant is disqualified from licensure. The applicant's failure to cooperate with the county or city in conducting the records check is reasonable cause to deny an application.

In the declaration and bylaws, unless specifically provided otherwise or the context otherwise requires, and in this chapter:

(1) "Additional real estate" means real estate that may be added to a flexible common interest community.

(2) "Affiliate of a declarant" means any person who controls, is controlled by, or is under common control with a declarant.

(A) A person "controls" a declarant if the person (i) is a general partner, officer, director, or employer of the declarant, (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than 20 percent of the voting interest in the declarant, (iii) controls in any manner the election of a majority of the directors of the declarant, or (iv) has contributed more than 20 percent of the capital of the declarant.

(6) "CIC plat" means a common interest community plat described in section 515B.2-110.

(7) "Common elements" means all portions of the common interest community other than the units.

(8) "Common expenses" means expenditures made or liabilities incurred by or on behalf of the association, or master association when so identified, together with any allocations to reserves.

Real estate which satisfies the definition of a common interest community is a common interest community whether or not it is subject to this chapter. Real estate subject to a master declaration, regardless of when the master declaration was recorded, shall not collectively constitute a separate common interest community unless so stated in the master declaration.

(11) "Condominium" means a common interest community in which (i) portions of the real estate are designated as units, (ii) the remainder of the real estate is designated for common ownership solely by the owners of the units, and (iii) undivided interests in the common elements are vested in the unit owners.

(12) "Conversion property" means real estate on which is located a building that at any time within two years before creation of the common interest community was occupied, in whole or in part, for (i) residential use or (ii) for residential rental purposes by persons other than purchasers and persons who occupy with the consent of purchasers.

(13) "Cooperative" means a common interest community in which the real estate is owned by an association, each of whose members is entitled to a proprietary lease by virtue of the member's ownership interest in the association.

(14) "Dealer" means a person in the business of selling units for the person's own account.

(15) "Declarant" means:

(i) if the common interest community has been created, (A) any person who has executed a declaration, or a supplemental declaration or amendment to a declaration adding additional real estate, except secured parties, a spouse holding only an inchoate interest, persons whose interests in the real estate will not be transferred to unit owners, or, in the case of a leasehold common interest community, a lessor who possesses no special declarant rights and who is not an affiliate of a declarant who possesses special declarant rights, or (B) any person who reserves, or succeeds under section 515B.3-104 to any special declarant rights;

(ii) any person or persons acting in concert who have offered prior to creation of the common interest community to transfer their interest in a unit to be created and not previously transferred; or

(17) "Dispose" or "disposition" means a voluntary transfer to a purchaser of any legal or equitable interest in the common interest community, but the term does not include the transfer or release of a security interest.

(17a) "First mortgage" means either (i) if there is only one mortgage encumbering title to a unit, that mortgage, or (ii) if there are multiple mortgages encumbering title to a unit, the mortgage that is first in priority, whether by operation of applicable law or by a properly recorded agreement.

(18) "Flexible common interest community" means a common interest community to which additional real estate may be added.

A person (i) hired by an association to perform maintenance, repair, accounting, bookkeeping or management services, or (ii) granted authority under an instrument recorded primarily for the purpose of creating rights or obligations with respect to utilities, access, drainage, or recreational amenities, is not, solely by reason of that relationship, a master association.

A master developer is not a declarant unless the master declaration states that the real estate subject to the master declaration collectively is or collectively will be a separate common interest community.

(27) "Proprietary lease" means an agreement with a cooperative association whereby a member of the association is entitled to exclusive possession of a unit in the cooperative.

(28) "Purchaser" means a person, other than a declarant, who by means of a voluntary transfer acquires a legal or equitable interest in a unit other than (i) a leasehold interest of less than 20 years, including renewal options, or (ii) a security interest.

"Real estate" may include spaces with or without upper or lower boundaries, or spaces without physical boundaries.

(30) "Residential use" means use as a dwelling, whether primary, secondary or seasonal, but not (i) transient use such as hotels or motels, (ii) use for residential rental purposes if the individual dwellings are not separate units or if the individual dwellings are not located on separate parcels of real estate. For purposes of this chapter, a unit is restricted to nonresidential use if the unit is subject to a restriction that prohibits residential use as defined in this section whether or not the restriction also prohibits the uses described in this paragraph.

(31) "Secured party" means the person owning a security interest as defined in paragraph (32).

(32) "Security interest" means a perfected interest in real estate or personal property, created by contract or conveyance, which secures payment or performance of an obligation. The term includes a mortgagee's interest in a mortgage, a vendor's interest in a contract for deed, a lessor's interest in a lease intended as security, a holder's interest in a sheriff's certificate of sale during the period of redemption, an assignee's interest in an assignment of leases or rents intended as security, in a cooperative, a lender's interest in a member's ownership interest in the association, a pledgee's interest in the pledge of an ownership interest, or any other interest intended as security for an obligation under a written agreement.

(33a) This definition of special declarant rights applies only to common interest communities created before August 1, 2010. "Special declarant rights" means rights reserved in the declaration for the benefit of a declarant to:

(i) complete improvements indicated on the CIC plat, planned by the declarant consistent with the disclosure statement or authorized by the municipality in which the CIC is located;

(ii) add additional real estate to a common interest community;

(iii) subdivide or combine units, or convert units into common elements, limited common elements, or units;

"Special declarant rights" means rights reserved in the declaration for the benefit of a declarant and expressly identified in the declaration as special declarant rights. Such special declarant rights may include but are not limited to the following:

(i) to complete improvements indicated on the CIC plat, planned by the declarant consistent with the disclosure statement or authorized by the municipality in which the common interest community is located, and to have and use easements for itself and its employees, agents, and contractors through the common elements for such purposes;

(vi) to utilize an alternate common expense plan as provided in section 515B.3-115(a)(2);

(vii) to grant common element licenses as provided in section 515B.2-109(e); or

(viii) to review, and approve or disapprove, the exterior design, materials, size, site location, and other exterior features of buildings and other structures, landscaping and other exterior improvements, located within the common interest community, and any modifications or alterations thereto.

Special declarant rights shall not be reserved or utilized for the purpose of evading any limitation or obligation imposed on declarants by this chapter.

(34) "Time share" means a right to occupy a unit or any of several units during three or more separate time periods over a period of at least three years, including renewal options, whether or not coupled with a fee title interest in the common interest community or a specified portion thereof.

(35) "Unit" means a portion of a common interest community the boundaries of which are described in the common interest community's declaration and which is intended for separate ownership, or separate occupancy pursuant to a proprietary lease.

(36) "Unit identifier" means English letters or Arabic numerals, or a combination thereof, which identify only one unit in a common interest community and which meet the requirements of section 515B.2-104.

Sec. 4. Minnesota Statutes 2024, section 515B.2-119, is amended to read:

**515B.2-119 TERMINATION OF COMMON INTEREST COMMUNITY.**

(a) Except as otherwise provided in this chapter, a common interest community may be terminated as follows:

(1) if the common interest community does not include any common elements, the common interest community may be terminated only by agreement of unit owners of units to which at least 60 percent of the votes in the association are allocated; or

(2) if the common interest community includes common elements, the common interest community may be terminated only by agreement of unit owners of units to which at least 80 percent of the votes in the association are allocated, and 80 percent of the first mortgagees of units (each mortgagee having one vote per unit financed), or any larger percentage the declaration specifies. The declaration may specify a smaller percentage ~~only~~ if all of the units are detached single-family dwellings or if all of the units are restricted to nonresidential use.

(b) An agreement to terminate shall be evidenced by a written agreement, executed in the same manner as a deed by the number of unit owners and first mortgagees of units required by subsection (a), and shall include an explanation of the potential distribution of property, including easements, for any common elements. The agreement shall specify a date after which the agreement shall be void unless recorded before that date. The agreement shall also specify a date by which the termination of the common interest community and the winding up of its affairs must be accomplished. A certificate of termination executed by the association evidencing the termination shall be recorded on or before the termination date, or the agreement to terminate shall be revoked. (c) In the case of a condominium or planned community containing only units having upper and lower boundaries, a termination agreement may provide that all of the common elements and units of the common interest community must be sold following termination. If, pursuant to the agreement, any real estate in the common interest community is to be sold following termination, the termination agreement shall set forth the minimum terms of sale acceptable to the association.

(d) In the case of a condominium or planned community containing any units not having upper and lower boundaries, a termination agreement may provide for sale of the common elements, but it may not require that the units be sold following termination, unless ~~the original declaration provided otherwise or~~ all unit owners whose units are to be sold consent to the sale.

(e) The association, on behalf of the unit owners, shall have authority to contract for the sale of real estate in a common interest community pursuant to this section, subject to the required approval. The agreement to terminate shall be deemed to grant to the association a power of attorney coupled with an interest to effect the conveyance of the real estate on behalf of the holders of all interests in the units, including without limitation the power to execute all instruments of conveyance and related instruments. Until the sale has been completed, all instruments in connection with the sale have been executed and the sale proceeds distributed, the association shall continue in existence with all powers it had before termination.

(1) The instrument conveying or creating the interest in the common interest community shall include as exhibits (i) an affidavit of the secretary of the association certifying that the approval required by this section has been obtained and (ii) a schedule of the names of all unit owners in the common interest community as of the date of the approval.

(2) Proceeds of the sale shall be distributed to unit owners and secured parties as their interests may appear, in accordance with subsections (h), (i), (j), and (k).

(3) Unless otherwise specified in the agreement of termination, until the association has conveyed title to the real estate, each unit owner and the unit owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted the unit. During the period of that occupancy, each unit owner and the unit owner's successors in interest remain liable for all assessments and other obligations imposed on unit owners by this chapter, the declaration or the bylaws.

(f) The legal description of the real estate constituting the common interest community shall, upon the date of recording of the certificate of termination referred to in subsection (b), be as follows:

(1) In a planned community utilizing a CIC plat complying with section 515B.2-110(d)(1) and (2), the lot and block description contained in the CIC plat, and any amendments thereto, subject to any subsequent conveyance or taking of a fee interest in any part of the property.

(2) In a condominium or cooperative, or a planned community utilizing a CIC plat complying with section 515B.2-110(c), the underlying legal description of the real estate as set forth in the declaration creating the common interest community, and any amendments thereto, subject to any subsequent conveyance or taking of a fee interest in any part of the property.

(3) The legal description referred to in this subsection shall apply upon the recording of the certificate of termination. The recording officer for each county in which the common interest community is located shall index the property located in that county in its records under the legal description required by this subsection from and after the date of recording of the certificate of termination. In the case of registered property, the registrar of titles shall cancel the existing certificates of title with respect to the property and issue one or more certificates of title for the property utilizing the legal description required by this subsection.

(g) In a condominium or planned community, if the agreement to terminate provides that the real estate constituting the common interest community is not to be sold following termination, title to the common elements and, in a common interest community containing only units having upper and lower boundaries described in the declaration, title to all the real estate in the common interest community, vests in the unit owners upon termination as tenants in common in proportion to their respective interest as provided in subsection (k), and liens on the units shift accordingly. While the tenancy in common exists, each unit owner and the unit owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted the unit.

(h) The proceeds of any sale of real estate pursuant to subsection (e), together with the assets of the association, shall be held by the association as trustee for unit owners, secured parties and other holders of liens on the units as their interests may appear. Before distributing any proceeds, the association shall have authority to deduct from the proceeds of sale due with respect to the unit (i) unpaid assessments levied by the association with respect to the unit, (ii) unpaid real estate taxes or special assessments due with respect to the unit, and

(iii) the share of expenses of sale and winding up of the association's affairs with respect to the unit.

(i) Following termination of a condominium or planned community, creditors of the association holding liens on the units perfected before termination may enforce those liens in the same manner as any lienholder, in order of priority based upon their times of perfection. All other creditors of the association are to be treated as if they had perfected liens on the units immediately before termination.

(j) In a cooperative, the declaration may provide that all creditors of the association have priority over any interests of unit owners and creditors of unit owners. In that event, following termination, creditors of the association holding liens on the cooperative which were perfected before termination may enforce their liens in the same manner as any lienholder, in order of priority based upon their times of perfection. All other creditors of the association shall be treated as if they had perfected a lien against the cooperative immediately before termination. Unless the declaration provides that all creditors of the association have that priority:

(1) the lien of each creditor of the association which was perfected against the association before termination becomes, upon termination, a lien against each unit owner's interest in the unit as of the date the lien was perfected;

(2) any other creditor of the association is to be treated upon termination as if the creditor had perfected a lien against each unit owner's interest immediately before termination;

(3) the amount of the lien of an association's creditor described in paragraphs (1) and (2) against each of the unit owners' interest shall be proportionate to the ratio which each unit's common expense liability bears to the common expense liability of all of the units;

(4) the lien of each creditor of each unit owner which was perfected before termination continues as a lien against that unit owner's interest in the unit as of the date the lien was perfected; and

(5) the assets of the association shall be distributed to all unit owners and all lienholders as their interests may appear in the order described in this section. Creditors of the association are not entitled to payment from any unit owner in excess of the amount of the creditor's lien against that unit owner's interest.

(k) The respective interest of unit owners referred to in subsections (e), (f), (g), (h) and (i) are as follows:

(1) Except as provided in paragraph (2), the respective interests of unit owners are the fair market values of their units, allocated interests, and any limited common elements immediately before the termination, as determined by one or more independent appraisers selected by the association. The decision of the independent appraisers must be distributed to the unit owners and becomes final unless disapproved within 30 days after distribution by unit owners of units to which 25 percent of the votes in the association are allocated. The proportion of any unit's interest to that of all units is determined by dividing the fair market value of that unit by the total fair market values of all the units.

(2) If any unit or any limited common element is destroyed to the extent that an appraisal of the fair market value thereof before destruction cannot be made, the interests of all unit owners shall be measured by: (i) in a condominium, their allocations of common element interests immediately before the termination, (ii) in a cooperative, their respective ownership interests immediately before the termination, and (iii) in a planned community, their respective allocations of common expenses immediately before the termination.

(l) In a condominium or planned community, except as provided in subsection (m), foreclosure or enforcement of a lien or encumbrance against the entire common interest community does not terminate, of itself, the common interest community, and foreclosure or enforcement of a lien or encumbrance against a portion of the common interest community does not withdraw that portion from the common interest community.

(m) In a condominium or planned community, if a lien or encumbrance against a portion of the real estate comprising the common interest community has priority over the declaration and the lien or encumbrance has not been partially released, the parties foreclosing the lien or encumbrance, upon foreclosure, may record an instrument excluding the real estate subject to that lien or encumbrance from the common interest community.

(n) Following the termination of a common interest community in accordance with this section, the association shall be dissolved in accordance with law.

**EFFECTIVE DATE.** This section is effective January 1, 2026.

Sec. 5. Minnesota Statutes 2024, section 515B.3-102, is amended to read:
