Subd. 2. **Transfer of past service credit authorized.** Notwithstanding any state law to the contrary, an eligible person described in subdivision 3 who makes a payment to the correctional employees retirement fund, as permitted under subdivision 4, on or before one year following the effective date of this section is entitled to have:

(1) the employer payment made on the eligible person's behalf under subdivision 5; and

(2) applicable past service credit transferred from the general plan to the correctional plan for the transfer period under subdivision 6.

Subd. 3. **Eligible person.** An eligible person is a person who:

(1) is an employee of the Department of Corrections;

(2) on July 8, 1998, was appointed to a position with MinnCor, a position eligible to participate in the correctional plan; and

Subd. 4. **Payment by eligible person.** (a) An eligible person may pay to the executive director the difference between the employee contribution rate for the general plan and the employee contribution rate for the correctional plan for the transfer period. The difference between the two rates must be applied to the eligible person's salary at the time that each contribution would have been deducted from pay if the eligible person had been covered by the correctional plan for the transfer period. The payment must include interest at the applicable annual rate or rates specified in Minnesota Statutes, section 356.59, subdivision 2, calculated from the date that each contribution would have been deducted to the date that the payment is made.

(b) The payment under paragraph (a) must be made in a lump sum no later than one year following the effective date. Upon receipt of the payment, the executive director must notify the commissioner of corrections that the payment was made and of the amount owed under subdivision 5.

Subd. 5. **Payment by the Department of Corrections.** If an eligible person makes the payment under subdivision 4, the Department of Corrections, on behalf of the eligible person, shall pay to the Minnesota State Retirement System the actuarial present value of the additional benefit resulting from the transferred service credit less the payment made under subdivision 4. This amount must be paid by the department in a lump sum within 30 days after the date on which the executive director notifies the commissioner of corrections under subdivision 4.

Subd. 6. **Transfer of assets and service credit.** (a) If the payments under subdivisions 4 and 5 are made, the executive director must transfer assets from the general state employees retirement fund to the correctional employees retirement fund in an amount equal to the actuarial present value of the benefits earned by the eligible person under the general plan during the transfer period. The transfer of assets must be made within 15 days after receipt of the payments under subdivisions 4 and 5.

(b) Upon transfer of the assets under paragraph (a), the eligible person shall have service credit in the correctional plan and no service credit in the general plan for the transfer period.

## WORKERS' COMPENSATION SELF-INSURANCE

Section 1. Minnesota Statutes 2022, section 79A.01, subdivision 4, is amended to read:

Subd. 4. **Insolvent self-insurer.** "Insolvent self-insurer" means: (1) a member private self-insurer who has failed to pay compensation as a result of a declaration of bankruptcy or insolvency by a court of competent jurisdiction and whose security deposit has been called by the commissioner pursuant to chapter 176; (2) a member self-insurer who has failed to pay compensation and who has been issued a certificate of default by the commissioner and whose security deposit has been called by the commissioner pursuant to chapter 176; ~~or~~ (3) a member or former member private self-insurer who has failed to pay an assessment required by section 79A.12, subdivision 2, and who has been issued a certificate of default by the commissioner and whose security deposit has been called by

the commissioner.; or (4) a member private self-insurer whose security deposit has been called by the commissioner pursuant to chapter 176 and in accordance with section 79A.04, subdivision 9a, paragraph (b).

Sec. 2. Minnesota Statutes 2022, section 79A.04, subdivision 7, is amended to read:

Subd. 7. **Perfection of security.** Upon the commissioner sending a request to renew, request to post, or request to increase a security deposit, a perfected security interest is created in the private self-insured's assets in favor of the commissioner to the extent of any then unsecured portion of the self-insured's incurred liabilities. That perfected security interest is transferred to any cash or securities thereafter posted by the private self-insured with the commissioner of management and budget and is released only upon either of the following:

(1) the acceptance by the commissioner of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation; or

(2) the return of cash or securities by the commissioner.

The private self-insured employer loses all right, title, and interest in and any right to control all assets or obligations posted or left on deposit as security. In the event that ~~a private self-insurer is the subject of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11, or~~ a court of competent jurisdiction has declared the private self-insurer to be ~~bankrupt or~~ insolvent, or in the event of the issuance of a certificate of default by the commissioner, the commissioner shall liquidate the deposit as provided in this chapter, and transfer it to the self-insurer's security fund for application to the self-insured employer's incurred liability and other current or future obligations of the self-insurers' security fund. In the event that ~~a private self-insurer is the subject of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11, or~~ a court of competent jurisdiction has declared the private self-insurer to be ~~bankrupt or~~ insolvent, or in the event of the issuance of a certificate of default by the commissioner, all right, title, and interest in and any right to control all assets or obligations which have been posted or deposited as security must be transferred to the self-insurers' security fund.

Sec. 3. Minnesota Statutes 2022, section 79A.04, subdivision 9, is amended to read:

Subd. 9. **Insolvency~~, bankruptcy,~~ or default; utilization of security deposit.** The commissioner of labor and industry shall notify the commissioner and the security fund if the commissioner of labor and industry has knowledge that any private self-insurer has failed to pay workers' compensation benefits as required by chapter 176. The security deposit

shall be used to administer and pay the private self-insurers' workers' compensation or assessment obligations or any other current or future obligations of the self-insurers' security fund if any of the following occurs:

(1) the private self-insurer has failed to pay workers' compensation as required by chapter 176 and ~~either:~~

~~(i) the commissioner determines that a private self-insurer is the subject of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11; or~~

~~(ii)~~ the commissioner determines that a court of competent jurisdiction has declared the private self-insurer to be ~~bankrupt or~~ insolvent; ~~or~~

(2) the commissioner issues a certificate of default against a private self-insurer for failure to pay workers' compensation as required by chapter 176; or

(3) the commissioner issues a certificate of default against a private self-insurer for failure to pay an assessment to the self-insurer's security fund when due.

Sec. 4. Minnesota Statutes 2022, section 79A.04, is amended by adding a subdivision to read:

Subd. 9a. **Bankruptcy; utilization of security deposit.** (a) A private self-insurer must notify the commissioner prior to, or immediately upon, the filing of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11, and when a court of competent jurisdiction has declared the private self-insurer to be bankrupt.

(b) If a private self-insurer is (1) the subject of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11, or (2) a court of competent jurisdiction has declared the private self-insurer to be bankrupt and the private self-insurer has failed to pay workers' compensation as required by chapter 176, the commissioner must call the security and proceed in accordance with this section.

(c) If, upon notice that a private self-insurer is the subject of a voluntary or involuntary petition under the United States Bankruptcy Code, title 11, or a court of competent jurisdiction has declared the private self-insurer to be bankrupt but the private self-insurer has not failed to timely pay workers' compensation benefits as required by chapter 176, the commissioner may call the security and proceed in accordance with this section if the commissioner determines that the private self-insurer's payment of workers' compensation benefits would be delayed in any way as a result of the bankruptcy petition or declaration or that the private self-insurer would otherwise be unable to fulfill its obligations under chapter 79A or 176.

(d) In making the determination provided for in paragraph (c) to call a private self-insurer's security and proceed in accordance with this section, the commissioner must consult with the commissioner of labor and industry to determine if the commissioner of labor and industry has knowledge that the private self-insurer has failed to pay workers' compensation benefits as required by chapter 176. The commissioner shall also consider the following:

(1) the self-insurer's most recent actuarial statement, including but not limited to estimated future liability and posted security;

(2) the self-insurer's claims history and claims projections;

(3) the circumstances surrounding the self-insurer's petition to file bankruptcy; and

(4) any other circumstances the commissioner deems relevant.

(d) In making the determination under paragraph (c), the commissioner must also meet and confer with the private self-insurer and the security fund. The initial meet and confer must occur within 30 days of the filing of the petition for chapter 11 bankruptcy. Failure to participate in the meet and confer process by the self-insurer may result in a default determination to immediately transfer the posted security and claims obligations to the security fund. During the meet and confer, the commissioner may ask the self-insurer to provide additional information. Additionally, the security fund may inspect the private self-insurer's most recent actuarial study on file with the commissioner as well as its current security deposit amount required by the commissioner. Data disclosed during the meet and confer must remain confidential. Nothing in this section shall limit the fund's authority to seek information directly from its members.

Sec. 5. Minnesota Statutes 2022, section 79A.04, subdivision 10, is amended to read:

Subd. 10. **Notice; obligation of fund.** In the event of ~~bankruptcy,~~ insolvency~~,~~ or certificate of default, the commissioner shall immediately notify by certified mail the commissioner of management and budget, the surety, the issuer of an irrevocable letter of credit, and any custodian of the security required in this chapter. At the time of notification, the commissioner shall also call the security and transfer and assign it to the self-insurers' security fund. The commissioner shall also immediately notify by certified mail the self-insurers' security fund, and order the security fund to assume the insolvent self-insurers' obligations for which it is liable under chapter 176. The security fund shall commence payment of these obligations within 14 days of receipt of this notification and order. Payments shall be made to claimants whose entitlement to benefits can be ascertained by the security

fund, with or without proceedings before the Department of Labor and Industry, the Office of Administrative Hearings, the Workers' Compensation Court of Appeals, or the Minnesota Supreme Court. Upon the assumption of obligations by the security fund pursuant to the commissioner's notification and order, the security fund has the right to immediate possession of any posted or deposited security and the custodian, surety, or issuer of any irrevocable letter of credit or the commissioner, if in possession of it, shall turn over the security, proceeds of the surety bond, or letter of credit to the security fund together with the interest that has accrued since the date of the self-insured employer's insolvency. The security fund has the right to the immediate possession of all relevant workers' compensation claim files and data of the self-insurer, and the possessor of the files and data must turn the files and data, or complete copies of them, over to the security fund within five days of the notification provided under this subdivision. If the possessor of the files and data fails to timely turn over the files and data to the security fund, it is liable to the security fund for a penalty of $500 per day for each day after the five-day period has expired. The security fund is entitled to recover its reasonable attorney fees and costs in any action brought to obtain possession of the workers' compensation claim files and data of the self-insurer, and for any action to recover the penalties provided by this subdivision. The self-insurers' security fund may administer payment of benefits or it may retain a third-party administrator to do so.

Sec. 6. Minnesota Statutes 2022, section 79A.04, subdivision 16, is amended to read:

Subd. 16. **Certificate to self-insure; revocation.** If, following a private self-insurer's ~~bankruptcy,~~ insolvency~~,~~ or certificate of default, the commissioner calls its security and proceeds in accordance with this section, the commissioner shall revoke the certificate to self-insure of the private self-insurer as soon as practicable but no later than 30 days after its security has been called. No insolvent self-insurer, as defined in section 79A.01, subdivision 4, shall be eligible to receive another grant of authority to self-insure unless either: (1) the insolvent self-insurer's posted security was sufficient to pay all direct and indirect administrative and professional expenses of the security fund related to the insolvent self-insurer, and all losses, including estimated future liability, allocated loss expense, and unallocated loss expense of the insolvent self-insurer; or (2) the insolvent self-insurer pays the security fund an amount equal to all such losses and expenses the security fund has paid or will be required to pay related to this insolvent self-insurer.

Sec. 7. Minnesota Statutes 2022, section 79A.08, is amended to read:

**79A.08 LEGISLATIVE INTENT.**

It is the intent of the legislature in enacting sections 79A.08 to 79A.10 to provide for the continuation of workers' compensation benefits delayed due to the failure of a private self-insured employer to meet its compensation obligations, whenever the commissioner of commerce issues a certificate of default or there is a declaration of ~~bankruptcy or~~ insolvency by a court of competent jurisdiction. With respect to the continued liability of a surety for claims that arise under a bond after termination of that bond and to a surety's liability for the cost of administration of claims, it is the intent of the legislature to provide that that liability ceases upon lawful termination of that bond. This applies to all surety bonds which are purchased by the self-insured employer after July 1, 1988. The legislature finds and declares that the establishment of the self-insurers' security fund is a necessary component of a complete system of workers' compensation, required by chapter 176, to have adequate provisions for the comfort, health, safety, and general welfare of any and all workers and their dependents to the extent of relieving the consequences of any industrial injury or death, and full provision for securing the payment of compensation.

Sec. 8. Minnesota Statutes 2022, section 79A.13, is amended to read:

**79A.13 AUDIT; ANNUAL REPORT.**

The trustees shall annually contract for an independent certified audit of the financial activities of the fund. An annual report on the financial status of the fund as of June 30 shall be submitted to the commissioner and to each member.

The security fund shall be established on July 1, 1988, or 90 days after July 1, 1988, whichever occurs later. All applications for private self-insurers which are made after July 1, 1988, prior to the establishment of the security fund, shall comply with all requirements of this chapter. Applications for private self-insurers which are made after January 1, 1988, but prior to July 1, 1988, shall, prior to the establishment of the security fund, comply with the requirements of this chapter. The security fund shall be liable for payment of benefits only for members where there has been a declaration of ~~bankruptcy or~~ insolvency by a court of competent jurisdiction after the date on which the security fund is established, or where the commissioner has issued a certificate of default which has occurred after the date on which the security fund is established.

Sec. 9. Minnesota Statutes 2022, section 79A.24, subdivision 4, is amended to read:

Subd. 4. **Custodial accounts.** (a) All surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit shall be deposited in accordance with the provisions of section 79A.071.

(b) Upon the commissioner sending a request to renew, request to post, or request to increase a security deposit, a perfected security interest is created in the commercial self-insurance group's and member's assets in favor of the commissioner to the extent of any then unsecured portion of the commercial self-insurance group's incurred liabilities. The perfected security interest is transferred to any cash or securities thereafter posted by the commercial self-insurance group with the commissioner of management and budget and is released only upon either of the following:

(1) the acceptance by the commissioner of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation; or

(2) the return of cash or securities by the commissioner. The commercial self-insurance group loses all right, title, and interest in and any right to control all assets or obligations posted or left on deposit as security. In the event of a declaration of ~~bankruptcy or~~ insolvency by a court of competent jurisdiction, or in the event of the issuance of a certificate of default by the commissioner, the commissioner shall liquidate the deposit as provided in this chapter, and transfer it to the commercial self-insurance group security fund for application to the commercial self-insurance group's incurred liability.

(c) No securities in physical form on deposit with the commissioner of management and budget or the commissioner or custodial accounts assigned to the state shall be released or exchanged without an order from the commissioner. No security can be exchanged more than once every 90 days.

(d) Any securities deposited with the commissioner of management and budget or with a custodial account assigned to the commissioner of management and budget or letters of credit or surety bonds held by the commissioner may be exchanged or replaced by the depositor with any other acceptable securities or letters of credit or surety bond of like amount so long as the market value of the securities or amount of the surety bonds or letter of credit equals or exceeds the amount of the deposit required. If securities are replaced by surety bond, the commercial self-insurance group must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities.

Sec. 10. Minnesota Statutes 2022, section 79A.25, subdivision 1, is amended to read:

Subdivision 1. **Notice of insolvency~~, bankruptcy,~~ or default.** The commissioner of labor and industry shall notify the commissioner and the commercial self-insurance group security fund if the commissioner of labor and industry has knowledge that any commercial self-insurance group has failed to pay workers' compensation benefits as required by chapter 176. If the commissioner determines that a court of competent jurisdiction has declared the commercial self-insurance group to be ~~bankrupt or~~ insolvent and the commercial self-insurance group has failed to pay workers' compensation as required by chapter 176 or if the commissioner issues a certificate of default against a commercial self-insurance group for failure to pay workers' compensation as required by chapter 176, then the security deposit posted by the commercial self-insurance group shall be utilized to administer and pay the commercial self-insurance group's workers' compensation obligation.

Sec. 11. Minnesota Statutes 2022, section 79A.25, subdivision 2, is amended to read:

Subd. 2. **Mandatory revocation of certificate to self-insure.** (a) The commissioner shall revoke the commercial self-insurance group's certificate to self-insure once notified of the commercial self-insurance group's ~~bankruptcy,~~ insolvency~~,~~ or upon issuance of a certificate of default. The revocation shall be completed as soon as practicable, but no later than 30 days after the commercial self-insurance group's security has been called.

(b) The commissioner shall also revoke a commercial self-insurance group's authority to self-insure on the following grounds:

(1) failure to comply with any lawful order of the commissioner;

(2) failure to comply with any provision of chapter 176;

(3) a deterioration of the commercial self-insurance group's financial condition affecting its ability to pay obligations in chapter 176;

(4) committing an unfair or deceptive act or practice as defined in section 72A.20; or

(5) failure to abide by the plan of operation of the Workers' Compensation Reinsurance Association.

Sec. 12. Minnesota Statutes 2022, section 79A.25, is amended by adding a subdivision to read:

Subd. 2a. **Discretionary revocation of certificate to self-insure.** (a) A commercial self-insurance group must notify the commissioner, prior to or immediately upon a court

of competent jurisdiction declaring it to be insolvent. If a commercial self-insurance group has been declared insolvent by a court of competent jurisdiction and the commercial self-insurance group has failed to pay workers' compensation as required by chapter 176, the commissioner must call the security and proceed in accordance with this section.

(b) If a commercial self-insurance group has notified the commissioner that a court of competent jurisdiction has declared it bankrupt but the commercial self-insurance group has not failed to pay workers' compensation benefits as required by chapter 176, the commissioner may call the security and proceed in accordance with this section if the commissioner determines that the commercial self-insurance group's payment of workers' compensation benefits would be delayed in any way as a result of the bankruptcy petition or declaration or that the commercial self-insurance group would otherwise be unable to fulfill its obligations under chapter 79A or 176.

(c) In making the determination provided for in paragraph (b) to call a commercial self-insurance group's security and proceed in accordance with this section, the commissioner must consult with the commissioner of labor and industry to determine if the commissioner of labor and industry has knowledge that the commercial self-insurance group has failed to pay workers' compensation benefits as required by chapter 176. The commissioner shall also consider the following:

(1) the commercial self-insurance group's most recent actuarial statement, including but not limited to estimated future liability and posted security;

(2) the commercial self-insurance group's claims history and claims projections;

(3) the circumstances surrounding the commercial self-insurance group's petition to file bankruptcy; and

(4) any other circumstances the commissioner deems relevant.

(d) The commissioner must also meet and confer with the commercial self-insurance group and the group security fund. The initial meet and confer must occur within 30 days of the filing of the petition for chapter 11 bankruptcy. Failure to participate in the meet and confer process by the commercial self-insurance group may result in a default determination to immediately transfer the posted security and claims obligations to the fund. During the meet and confer, the commissioner may ask the commercial self-insurance group to provide additional information and the commercial self-insurance group security fund may inspect the commercial self-insurance group's most recent actuarial study on file with the commissioner as well as its current security deposit amount required by the commissioner.

Data disclosed during the meet and confer must remain confidential. Nothing in this section shall limit the fund's authority to seek information directly from its members.

Sec. 13. Minnesota Statutes 2022, section 79A.25, subdivision 3, is amended to read:

Subd. 3. **Notice by commissioner.** In the event of ~~bankruptcy,~~ insolvency~~,~~ or certificate of default, the commissioner shall immediately notify by certified mail the commissioner of management and budget, the surety, the issuer of an irrevocable letter of credit, and any custodian of the security. At the time of notification, the commissioner shall also call the security and transfer and assign it to the commercial self-insurance group security fund. The commissioner shall also notify by certified mail the commercial self-insurance group's security fund and order the commercial security fund to assume the insolvent commercial self-insurance group's obligations for which it is liable under chapter 176.

## ARTICLE 2
## SYSTEM EFFICIENCIES

Section 1. Minnesota Statutes 2022, section 176.081, subdivision 1, is amended to read:

Subdivision 1. **Limitation of fees.** (a) A fee for legal services of 20 percent of the first $130,000 of compensation awarded to the employee is the maximum permissible fee and does not require approval by the commissioner, compensation judge, or any other party. All fees, including fees for obtaining medical or rehabilitation benefits, must be calculated according to the formula under this subdivision, except as otherwise provided in clause (1) or (2).

(1) The contingent attorney fee for recovery of monetary benefits according to the formula in this section is presumed to be adequate to cover recovery of medical and rehabilitation benefit or services concurrently in dispute. Attorney fees for recovery of medical or rehabilitation benefits or services shall be assessed against the employer or insurer only if the attorney establishes that the contingent fee is inadequate to reasonably compensate the attorney for representing the employee in the medical or rehabilitation dispute. In cases where the contingent fee is inadequate the employer or insurer is liable for attorney fees based on the formula in this subdivision or in clause (2).

For the purposes of applying the formula where the employer or insurer is liable for attorney fees, the amount of compensation awarded for obtaining disputed medical and rehabilitation benefits under sections 176.102, 176.135, and 176.136 shall be the dollar value of the medical or rehabilitation benefit awarded, where ascertainable.

(2) The maximum attorney fee for obtaining a change of doctor or qualified rehabilitation consultant, or any other disputed medical or rehabilitation benefit for which a dollar value is not reasonably ascertainable, is the amount charged in hourly fees for the representation or $500, whichever is less, to be paid by the employer or insurer.

(3) The fees for obtaining disputed medical or rehabilitation benefits are included in the $26,000 limit in paragraph (b). An attorney must concurrently file all outstanding disputed issues. An attorney is not entitled to attorney fees for representation in any issue which could reasonably have been addressed during the pendency of other issues for the same injury.

(b) All fees for legal services related to the same injury are cumulative and may not exceed $26,000. If multiple injuries are the subject of a dispute, the commissioner, compensation judge, or court of appeals shall specify the attorney fee attributable to each injury.

(c) If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. Subject to the foregoing maximum amount for attorney fees, up to 20 percent of the first $130,000 of periodic compensation awarded to the employee may be withheld from the periodic payments for attorney fees or disbursements if the payor of the funds clearly indicates on the check or draft issued to the employee for payment the purpose of the withholding, the name of the attorney, the amount withheld, and the gross amount of the compensation payment before withholding. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be available to an attorney who procures a benefit on behalf of the employee and be based solely upon genuinely disputed claims or portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. The existence of a dispute is dependent upon a disagreement after the employer or insurer has had adequate time and information to take a position on liability. Neither the holding of a hearing nor the filing of an application for a hearing alone may determine the existence of a dispute. Except where the employee is represented by an attorney in other litigation pending at the department or at the Office of Administrative Hearings, a fee may not be charged ~~after June 1, 1996,~~ for services with respect to a medical or rehabilitation issue arising under section 176.102, 176.135, or 176.136 performed before the ~~employee has consulted with the department~~ attorney has filed with the commissioner and served on the employer or insurer and the attorney representing the employer or insurer, if any, a request for certification of dispute containing the name of the employer and its insurer, the date of the injury, and

a description of the benefits claimed, and the department certifies that there is a dispute and that it has tried to resolve the dispute. If within 30 days of the filing of the request the department has not issued a determination of whether a dispute exists, the dispute shall be certified if all of the following apply:

(1) the insurer has not approved the requested benefit;

(2) the employee, the employee's attorney, or the employee's treating provider has submitted any and all additional information requested by the insurer necessary to determine whether the requested benefit is disputed or approved; and

(3) the insurer has had at least seven calendar days to review any additional information submitted.

In cases of nonemergency surgery, if the employer or insurer has requested a second opinion under section 176.135, subdivision 1a, or an examination under section 176.155, subdivision 1, a dispute shall be certified if 45 days have passed following a written request for an examination or second opinion and the conditions in clauses (1) to (3) have been met.

(d) An attorney who is claiming legal fees for representing an employee in a workers' compensation matter shall file a statement of attorney fees with the commissioner or compensation judge before whom the matter was heard. A copy of the signed retainer agreement shall also be filed. The employee ~~and insurer~~, employer or insurer, and the attorney representing the employer or insurer, if any, shall receive a copy of the statement of attorney fees. The statement shall be on a form prescribed by the commissioner and shall report the number of hours spent on the case.

(e) Employers and insurers may not pay attorney fees or wages for legal services of more than $26,000 per case.

(f) An attorney must file a statement of attorney fees within 12 months of the date the attorney has submitted the written notice specified in paragraph (c). If the attorney has not filed a statement of attorney fees within the 12 months, the attorney must send a renewed notice of lien to the insurer. If 12 months have elapsed since the last notice of lien has been received by the insurer and no statement of attorney fees has been filed, the insurer must release the withheld money to the employee, except that before releasing the money to the employee, the insurer must give the attorney 30 days' written notice of the pending release. The insurer must not release the money if the attorney files a statement of attorney fees within the 30 days.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 2. Minnesota Statutes 2022, section 176.135, subdivision 1, is amended to read:

Subdivision 1. **Medical, psychological, chiropractic, podiatric, surgical, hospital.** (a) The employer shall furnish any medical, psychological, chiropractic, podiatric, surgical and hospital treatment, including nursing, medicines, medical, chiropractic, podiatric, and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment, chiropractic medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. This treatment shall include treatments necessary to physical rehabilitation.

(b) The employer shall pay for the reasonable value of nursing services provided by a member of the employee's family in cases of permanent total disability.

(c) Exposure to rabies is an injury and an employer shall furnish preventative treatment to employees exposed to rabies.

(d) The employer shall furnish replacement or repair for artificial members, glasses or spectacles, artificial eyes, podiatric orthotics, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches, or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. If an item under this paragraph is customized specifically for the injured worker, the item is the property of the injured worker. For the purpose of this paragraph, "injury" includes damage wholly or in part to an artificial member. In case of the employer's inability or refusal ~~seasonably~~ to timely provide the items required to be provided under this paragraph, the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing the same, including costs of copies of any medical records or medical reports that are in existence, obtained from health care providers, and that directly relate to the items for which payment is sought under this chapter, limited to the charges allowed by subdivision 7, and attorney fees incurred by the employee.

(e) Both the commissioner and the compensation judges have authority to make determinations under this section in accordance with sections 176.106 and 176.305.

(f) An employer may require that the treatment and supplies required to be provided by an employer by this section be received in whole or in part from a managed care plan certified under section 176.1351 except as otherwise provided by that section.

(g) An employer may designate a pharmacy or network of pharmacies that employees must use to obtain outpatient prescription and nonprescription medications. An employee

is not required to obtain outpatient medications at a designated pharmacy unless the pharmacy is located within 15 miles of the employee's place of residence.

(h) Notwithstanding any fees established by rule adopted under section 176.136, an employer may contract for the cost of medication provided to employees. All requests for reimbursement from the special compensation fund formerly codified under section 176.131 for medication provided to an employee must be accompanied by the dispensing pharmacy's invoice showing its usual and customary charge for the medication at the time it was dispensed to the employee. The special compensation fund shall not reimburse any amount that exceeds the maximum amount payable for the medication under Minnesota Rules, part 5221.4070, subparts 3 and 4, notwithstanding any contract under Minnesota Rules, part 5221.4070, subpart 5, that provides for a different reimbursement amount.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2022, section 176.135, subdivision 1a, is amended to read:

Subd. 1a. **Nonemergency surgery; second surgical opinion.** (a) The employer or insurer is required to furnish surgical treatment pursuant to subdivision 1 when the surgery is reasonably required to cure and relieve the effects of the personal injury or occupational disease. An employee may not be compelled to undergo surgery. If an employee desires a second opinion on the necessity of the surgery, the employer shall pay the costs of obtaining the second opinion. Except in cases of emergency surgery, the employer or insurer may require the employee to obtain a second opinion on the necessity of the surgery, at the expense of the employer or insurer, before the employee undergoes surgery. ~~Failure to obtain a second surgical opinion shall not be reason for nonpayment of the charges for the surgery. The employer is required to pay the reasonable value of the surgery unless the commissioner or compensation judge determines that the surgery is not reasonably required.~~ If an employer or insurer receives a request for nonemergency surgery, the employer or insurer must respond in writing no later than seven calendar days after receiving the request from the health care provider or employee by approving the request, denying authorization, requesting additional information, requesting a second opinion under this section, or requesting an examination by the employer's physician under section 176.155.

(b) An employer or insurer requesting a second opinion must notify the employee and the health care provider of the request for a second opinion within seven calendar days of the request for nonemergency surgery. If the employer or insurer denies authorization within seven calendar days of receiving the second opinion, the health care provider may elect to

perform the surgery, subject to a determination of compensability by the commissioner or compensation judge.

(c) Failure to obtain a second surgical opinion is not reason for nonpayment of the charges for the surgery. The employer or insurer is required to pay the reasonable value of the surgery unless the commissioner or compensation judge determines that the surgery is not reasonably required.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 4. Minnesota Statutes 2022, section 176.135, subdivision 7, is amended to read:

Subd. 7. **Medical bills and records.** (a) Health care providers shall submit to the insurer an itemized statement of charges in the standard electronic transaction format when required by section 62J.536 or, if there is no prescribed standard electronic transaction format, on a billing form prescribed by the commissioner. Health care providers shall also submit copies of medical records or reports that substantiate the nature of the charge and its relationship to the work injury. Pursuant to Minnesota Rules, part 5219.0300, health care providers may charge for copies of any records or reports that are in existence and directly relate to the items for which payment is sought under this chapter. The commissioner shall adopt, by rule, a schedule of reasonable charges ~~by rule~~ that will apply to charges not covered by paragraphs (d) and (e).

A health care provider shall not collect, attempt to collect, refer a bill for collection, or commence an action for collection against the employee, employer, or any other party until the information required by this section has been furnished.

A United States government facility rendering health care services to veterans is not subject to the uniform billing form requirements of this subdivision.

(b) For medical services provided under this section, the codes from the International Classification of Diseases, Tenth Edition, Clinical Modification/Procedure Coding System (ICD-10), must be used to report medical diagnoses and hospital inpatient procedures when required by the United States Department of Health and Human Services for federal programs. The commissioner must replace the codes from the International Classification of Diseases, Ninth Edition, Clinical Modification/Procedure Coding System (ICD-9), with equivalent ICD-10 codes wherever the ICD-9 codes appear in rules adopted under this chapter. The commissioner must use the General Equivalence Mappings established by the Centers for Medicare and Medicaid Services to replace the ICD-9 diagnostic codes with ICD-10 codes in the rules.

(c) The commissioner shall amend rules adopted under this chapter as necessary to implement the ICD-10 coding system in paragraph (b). The amendments shall be adopted by giving notice in the State Register according to the procedures in section 14.386, paragraph (a). The amended rules are not subject to expiration under section 14.386, paragraph (b).

(d) The requirements in this paragraph and paragraph (e) apply to each request for copies of existing medical records that are required to be maintained in electronic format by state or federal law.

(1) If an authorized requestor of copies of medical records submits a written request for advance notice of the cost of the copies requested, the health care provider must notify the requestor of the estimated cost before sending the copies. If the requestor approves the cost and copies of the records are provided, the payment is the applicable fee under paragraph (e). If the requestor does not pay for the records, the health care provider may charge a fee, which must not exceed $10.

(2) A health care provider shall not require prepayment for the cost of copies of medical records under this paragraph or Minnesota Rules, chapter 5219, unless there is an outstanding past-due invoice for the requestor concerning a previous request for records from the health care provider.

(3) A health care provider shall provide copies of medical records in electronic format.

(4) The charges under paragraph (e) include any fee for retrieval, download, or other delivery of records.

(e) For any copies of electronic records provided under paragraph (d), a health care provider may not charge more than a total of:

(1) $10 if there are no records available;

(2) $30 for copies of records of up to 25 pages;

(3) $50 for copies of records of up to 100 pages;

(4) $50, plus an additional 20 cents per page for pages 101 and above; or

(5) $500 for any request.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 5. Minnesota Statutes 2022, section 176.155, subdivision 1, is amended to read:

Subdivision 1. **Employer's physician.** (a) The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable

times thereafter upon the employer's request. Examinations shall not be conducted in hotel or motel facilities. The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department to order an examination at a location further from the employee's residence. The employee is entitled upon request to have a personal physician or witness present at any such examination. Each party shall defray the cost of that party's physician.

(b) Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury~~, shall be made available, upon request and without charge, to the injured employee or representative of the employee~~ or whether litigation is pending, must be served upon the employee and the attorney representing the employee, if any, no later than 14 calendar days within the issuance of the report or written statement.

(c) The employer shall pay reasonable travel expenses incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination.

(d) A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition. Any request for a good cause extension pursuant to paragraph (e) must be made within 120 days of service of the claim petition, except that a request may be made after 120 days of service of a claim petition in the following circumstances:

(1) a change to the employee's claim regarding the nature and extent of the injury;

(2) a change to the permanency benefits claimed by the employee, including a change in permanent partial disability percentage;

(3) a new claim for indemnity benefits; or

(4) the employment relationship is not admitted by the uninsured employer.

(e) No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written

extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather additional information which was not included on the petition as required by section 176.291.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 6. Minnesota Statutes 2022, section 176.239, subdivision 6, is amended to read:

Subd. 6. **Scope of the administrative decision.** If benefits have been discontinued due to the employee's return to work, the commissioner shall determine whether, as a result of occurrences arising during the initial 14 calendar days after the return to work, the employee is entitled to additional payment of temporary total, temporary partial, or permanent total compensation.

If periodic payment of temporary total, temporary partial, or permanent total compensation has been discontinued for reasons other than a return to work, the commissioner shall determine whether the employer has reasonable grounds to support the discontinuance. Only ~~information or~~ reasons specified on the notice of discontinuance shall provide a basis for a discontinuance, unless the parties agree otherwise.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 7. Minnesota Statutes 2022, section 176.239, subdivision 7, is amended to read:

Administrative decisions under this section shall be issued within five working days from the close of the conference. Disputed issues of fact shall be determined by a preponderance of the evidence.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

Sec. 8. Minnesota Statutes 2022, section 176.291, is amended to read:

**176.291 DISPUTES; PETITIONS; PROCEDURE.**

(a) Where there is a dispute as to a question of law or fact in connection with a claim for compensation, a party may serve on all other parties and file a petition with the office stating the matter in dispute. The petition shall be on a form prescribed by the commissioner and shall be signed by the petitioner.

(b) The petition shall also state and include, where applicable:

(1) names and residence or business address of parties;

(2) facts relating to the employment at the time of injury, including amount of wages received;

(3) extent and character of each injury;

(4) notice to or knowledge by employer of injury;

(5) copies of written medical reports or medical records supporting each claim asserted;

(6) copies of other information in support of the claim;

~~(6)~~ (7) names and addresses of all known witnesses intended to be called in support of ~~the~~ each injury and claim;

~~(9)~~ (10) a list of all known third parties, including the Departments of Human Services and Employment and Economic Development, who may have paid any medical bills or other benefits to the employee for the injuries or disease alleged in the petition or for the time the employee was unable to work due to the injuries or disease, together with a listing of the amounts paid by each;

~~(10)~~ (11) the nature and extent of ~~the~~ each claim; and

~~(11)~~ (12) a request for an expedited hearing which must include an attached affidavit of significant financial hardship which complies with the requirements of section 176.341, subdivision 6.

(c) Incomplete petitions may be stricken or dismissed from the calendar as provided by section 176.305, subdivision 4. Within ~~30~~ 14 days of a request by a party, an employee who has filed a claim petition pursuant to section 176.271 or this section shall furnish a list of

Sec. 9. Minnesota Statutes 2022, section 176.305, subdivision 4, is amended to read:

Subd. 4. **Striking from calendar.** A compensation judge, after receiving a properly served motion, may strike a case from the active trial calendar after the employee has been given 30 days to correct ~~the deficiency~~ a deficient petition if it is shown that the information on the petition or included with the petition is incomplete. Once a case is stricken, it may not be reinstated until the missing information is provided to the adverse parties and filed with the compensation judge. The adverse party that failed to file an answer or appear at a pretrial conference may appear at the hearing, present evidence and question witnesses, but shall not be granted a continuance except upon a showing of good cause.

If an adverse party who fails to serve and file an answer is neither insured for workers' compensation liability nor a licensed self-insured as required by section 176.181 and the special compensation fund is a party to the proceeding, the compensation judge may enter an order awarding benefits to the petitioning party without a hearing if so requested by the special compensation fund.

**EFFECTIVE DATE.** This section is effective August 1, 2023.

## ARTICLE 3
## PERMANENT PARTIAL DISABILITY SCHEDULE

Section 1. Minnesota Statutes 2022, section 176.101, subdivision 2a, is amended to read:

Subd. 2a. **Permanent partial disability.** (a) Compensation for permanent partial disability is as provided in this subdivision. Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. During the 2026 regular legislative session, and every even-year legislative session thereafter, the Workers' Compensation Advisory Council must consider whether the permanent partial disability schedule in paragraph (b) represents adequate compensation for permanent impairment.

(b) The percentage determined pursuant to the rules adopted under section 176.105 must be multiplied by the corresponding amount in the following table at the time permanent partial disability is payable according to paragraph (c):

| Impairment Rating (percent) | Amount |
|---|---|
| less than 5.5 | ~~$ 78,800~~ $ 114,260 |
| 5.5 to less than 10.5 | ~~84,000~~ 121,800 |
| 10.5 to less than 15.5 | ~~89,300~~ 129,485 |
| 15.5 to less than 20.5 | ~~94,500~~ 137,025 |

| 55.5 to less than 60.5 | 209,475 |
| | ~~225,800~~ |
| 60.5 to less than 65.5 | 237,090 |
| | ~~252,000~~ |

An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.

~~(b)~~ (c) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee requests payment in a lump sum, then the compensation must be paid within 30 days. This lump-sum payment may be discounted to the present value calculated up to a maximum five percent basis. If the employee does not choose to receive the compensation in a lump sum, then the compensation is payable in installments at the same intervals and in the same amount as the employee's temporary total disability rate on the date of injury. Permanent partial disability is not payable while temporary total compensation is being paid.

**EFFECTIVE DATE.** This section is effective for injuries occurring on or after October 1, 2023.

## ARTICLE 4
## HOSPITAL OUTPATIENT FEE SCHEDULE

Section 1. Minnesota Statutes 2022, section 176.1364, subdivision 3, is amended to read:

Subd. 3. **Hospital outpatient fee schedule (HOFS).** (a) Effective for hospital outpatient services on or after October 1, 2018, the commissioner shall establish a workers' compensation hospital outpatient fee schedule (HOFS) to establish the payment for hospital bills with charges for services with a J1 or J2 status indicator as listed in the status indicator

(SI) column of Addendum B and the comprehensive observation services Ambulatory Payment Classification (APC) 8011 with a J2 status indicator in Addendum A. The commissioner shall publish a link to the HOFS in the State Register before October 1, 2018, and shall maintain the current HOFS on the department's website.

(b) The amount listed for each of the procedures in the HOFS as described in paragraph (a) shall be the relative weight for the procedure multiplied by a HOFS conversion factor that results in the same overall payment for hospital outpatient services under this section as the actual payments made in the most recent 12-month period available before October 1, 2018. The commissioner must establish separate conversion factors to achieve the same overall payment for noncritical access hospitals of 100 or fewer licensed beds and hospitals with more than 100 licensed beds. The commissioner shall establish the two conversion factors according to the requirements in clauses (1) to (4) in consultation with insurer and hospital representatives.

(1) The commissioner shall obtain a suitable sample of de-identified data for Minnesota workers' compensation outpatient cases at Minnesota hospitals for the most recently available 12-month period. The commissioner may obtain de-identified data from any reliable source, including Minnesota hospitals and insurers, or their representatives. Any data provided to the commissioner by a hospital, insurer, or their representative under this subdivision is nonpublic data under section 13.02, subdivision 9.

(2) The sample must be divided into a data set for hospitals over 100 licensed beds, and 100 or fewer licensed beds, excluding critical access hospitals.

(3) For each data set the commissioner shall:

(i) calculate the total amount of the actual payments made in the most recent 12-month period available before October 1, 2018, adjusted for inflation to July 2018; and

(ii) apply all of the payment provisions in this section to each claim including, as applicable, payment under the relative value fee schedule or 85 percent of the hospital's usual and customary charge under section 176.136, subdivisions 1a and 1b, to determine the total payment amount using the Medicare conversion factor in effect for the OPPS in effect on July 1, 2018.

(4) The commissioner shall calculate the Minnesota conversion factor to equal the Medicare conversion factor multiplied by the ratio of total payments under clause (3), item (i), divided by the total payments under clause (3), item (ii).

(c) For purposes of this section:

(1) the relative weight is the amount in the "relative weight" column in Addendum B and Addendum A for comprehensive observation services;

(2) references to J1, J2, and H status indicators; Addenda A and B; APC 8011; and HCPCS code G0378 includes any successor status indicators, addenda, APC, or HCPCS code established by the Centers for Medicare and Medicaid Services.

(d) On October 1 of each year, the commissioner shall adjust the HOFS conversion factors based on the market basket index for inpatient hospital services calculated by Medicare and published on its website. The adjustment on each October 1 shall be a percentage equal to the value of that index averaged over the four quarters of the most recent calendar year divided by the value of that index over the four quarters of the prior calendar year.

(e) No later than October 1, 2021, and at least once every three years thereafter, the commissioner shall update the HOFS established under this subdivision by incorporating services with a J1 or J2 status indicator, and the corresponding relative weights, listed in the Addenda A and B most recently available on Medicare's website as of the preceding July 1. If Addenda A and B are not available on Medicare's website on the preceding July 1, the HOFS most recently published on the department's website remains in effect.

(1) Each time the HOFS is updated under this paragraph, the commissioner shall adjust the conversion factors so that there is no difference between the overall payment under the new HOFS and the overall payment under the HOFS most recently in effect, for services in both HOFSs.

(2) The conversion factor adjustments under this paragraph shall be made separately for each hospital category in paragraph (b).

(3) The conversion factor adjustments under this paragraph must be made before making any additional adjustment under paragraph (d).

(f) The commissioner shall give notice in the State Register of the adjusted conversion factor in paragraph (d) no later than October 1 annually. The commissioner shall give notice in the State Register of an updated HOFS under paragraph (e) no later than October 1 of the year in which the HOFS becomes effective. The notice must include a link to the HOFS published on the department's website. The notices, the updated fee schedules, and the adjusted conversion factors are not rules subject to chapter 14, but have the force and effect of law as of the effective date published in the State Register.

(g) Beginning October 1, 2023, to October 1, 2025, the commissioner shall adjust the conversion factors calculated under this subdivision to result in the following:

(1) for services effective October 1, 2023, a three percent overall reduction in total payments for hospital outpatient services;

(2) for services effective October 1, 2024, a three percent overall reduction in total payments for hospital outpatient services; and

(3) for services effective October 1, 2025, a four percent overall reduction in total payments for hospital outpatient services.

Sec. 2. **REPEALER.**

Minnesota Statutes 2022, section 176.1364, subdivision 6, is repealed.

**EFFECTIVE DATE.** This section is effective for services on or after October 1, 2023.

(b) An eligible worker may receive payments of up to $3,000 per year from the workforce incentive grant account and all other state money intended for the same purpose.

(c) The commissioner must develop a grant cycle distribution plan that allows for equitable distribution of money among eligible employers. The commissioner's determination of the grant awards and amounts is final and is not subject to appeal.

Subd. 4. **Attestation.** As a condition of obtaining grant payments under this section, an eligible employer must attest and agree to the following:

(1) the employer is an eligible employer;

Appropriations made for grants and payments administered under this section may be transferred to this account. Amounts in the account are appropriated to the commissioner of human services. Appropriations transferred to this account cancel and are returned to the fund of origin on the date the original appropriations would have lapsed.

Subd. 10. **Nursing facilities; applicable credit.** The commissioner must treat grant payments awarded under this section as an applicable credit as defined under section 256R.10, subdivision 6.

Sec. 2. **PAYMENTS TO NURSING FACILITIES NOT TO EXCEED FORECAST SPENDING.**

(c) The commissioner shall compare the amount in paragraph (a) to the amount in paragraph (b). If the amount in paragraph (a) exceeds the amount in paragraph (b), the payments in subdivision 2 shall be determined to have not increased medical assistance payments to nursing facilities. If the amount in paragraph (b) exceeds the amount in paragraph (a), the payments in subdivision 2 shall be determined to have increased medical assistance payments to nursing facilities and the commissioner shall adjust each nursing facility's rates in an amount proportional to the payment received by the nursing facility in subdivision 2 to reduce aggregate medical assistance payments to nursing facilities in rate year 2029 by an amount equal to the amount by which actual total medical assistance payments to nursing facilities for fiscal years 2024 to 2027, as determined in paragraph (b), exceeds the projected medical assistance payments to nursing facilities for fiscal years 2024 to 2027 based on the amount in paragraph (a).

(d) The commissioner's determinations under this subdivision are final and not subject to appeal.

(c) A school resource officer must not use force or the authority of their office solely to enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.

(d) Nothing in this subdivision limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

Subd. 3. **Instruction required.** (a) Except as provided for in paragraphs (b) to (d), beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in subdivision 4 prior to assuming the duties of a school resource officer.

(b) A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph (a) before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to subdivision 4, paragraph (b), to satisfy the training requirement.

(c) If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. The officer is not required to perform the duties described in subdivision 2, paragraph (a), clause (4) or (5), until the officer has completed the required training course. The officer must review any policy adopted by the officer's employer pursuant to subdivision 6 before assuming the other duties of a school resource officer and must comply with that policy.

(d) An officer who is serving as a substitute school resource officer for fewer than 60 student contact days within a school year is not obligated to complete the required training or perform the duties described in subdivision 2, paragraph (a), clause (4) or (5), but must review and comply with any policy adopted pursuant to subdivision 6 by the law enforcement agency that employs the substitute school resource officer.

(e) For each school resource officer employed by an agency, the chief law enforcement officer must maintain a copy of the most recent training certificate issued to the officer for completion of the training mandated under this section.

Subd. 4. **Training course.** (a) By January 15, 2025, the Board of Peace Officer Standards and Training, in consultation with the Department of Public Safety's School Safety Center, shall prepare learning objectives for training courses to instruct peace officers in serving as a school resource officer. At a minimum, the learning objectives must ensure officers receive training on:

(2) legal standards for peace officers to use force to detain or arrest students in schools;

(3) legal standards for school employees and contractors to use force to detain, discipline, and arrest students in school;

(4) de-escalation techniques and using the least restrictive physical intervention strategies for handling conflicts in schools;

(b) The Board of Peace Officer Standards and Training may also approve supplemental training courses that are offered by providers who have trained school resource officers in the state prior to development of the learning objectives required under paragraph (a). At a minimum, an approved supplemental course must provide instruction on each of the board's

learning objectives that were not covered in the provider's existing school resource officer course curriculum.

Subd. 5. **Model Policy.** (a) By December 31, 2024, the Board of Peace Officer Standards and Training shall develop a model school resource officer policy. In developing the policy, the board must convene a group consisting of representatives from the Department of Public Safety's School Safety Center, the Minnesota School Boards Association, the Minnesota Association of Secondary School Principals, Education Minnesota, the Minnesota Sheriffs' Association, the Minnesota Chiefs of Police Association, the Minnesota Police and Peace Officers Association, the Minnesota Juvenile Officers Association, the National Association of School Resource Officers, Solutions Not Suspensions, the Minnesota Youth Council, the Minnesota Council on Disability, and one community organization supporting the rights of students receiving special education services. (b) The model policy must cover, at a minimum, the following:

(1) issues to be addressed in a school resource officer contract, including but not limited to the use of plain clothes, modified uniforms, and other changes to school resource officer attire in order to foster a positive school climate, facilitate the establishment of positive relationships with students, and promote open communication;

(2) considerations for the proper use of force on school grounds, including:

(i) the prohibitions on choke holds and other restraints established in section 609.06, subdivision 3;

(ii) the prohibition on using force or the authority of the peace officer's office solely to enforce school rules or policies or participating in the enforcement of discipline for violations of school rules;

(5) considerations to build constructive police relationships with students, administrators, and educational staff;

Subdivision 1. **Definitions.** (a) For purposes of this section, the following terms have the meanings given.

(b) "School" means an elementary school, middle school, or secondary school, as defined in section 120A.05, subdivisions 9, 11, and 13.

(c) "School resource officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

Subd. 2. **Duties.** (a) A school resource officer's contractual duties with a school district or charter school shall include:

(1) fostering a positive school climate through relationship building and open communication;

(2) protecting students, staff, and visitors to the school grounds from criminal activity;

(3) serving as a liaison from law enforcement to school officials;

(4) providing advice on safety drills;

(5) identifying vulnerabilities in school facilities and safety protocols;

(6) educating and advising students and staff on law enforcement topics; and

(7) enforcement of criminal laws.

(b) A school district or charter school may contract with a school resource officer's employer for the officer to perform additional duties to those described in paragraph (a).

(c) A school resource officer must not use force or the authority of their office solely to enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.

(d) Nothing in this subdivision limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

Subd. 3. **Instruction required.** (a) Except as provided for in paragraphs (b) to (d), beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in subdivision 4 prior to assuming the duties of a school resource officer.

(b) A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph (a) before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to subdivision 4, paragraph (b), to satisfy the training requirement.

(c) If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. The officer is not required to perform the duties described in subdivision 2, paragraph (a), clause (4) or (5), until the officer has completed the required training course. The officer must review any policy adopted by the officer's employer pursuant to subdivision 6 before assuming the other duties of a school resource officer and must comply with that policy.

(d) An officer who is serving as a substitute school resource officer for fewer than 60 student contact days within a school year is not obligated to complete the required training or perform the duties described in subdivision 2, paragraph (a), clause (4) or (5), but must review and comply with any policy adopted pursuant to subdivision 6 by the law enforcement agency that employs the substitute school resource officer.

(e) For each school resource officer employed by an agency, the chief law enforcement officer must maintain a copy of the most recent training certificate issued to the officer for completion of the training mandated under this section.

Subd. 4. **Training course.** (a) By January 15, 2025, the Board of Peace Officer Standards and Training, in consultation with the Department of Public Safety's School Safety Center, shall prepare learning objectives for training courses to instruct peace officers in serving as a school resource officer. At a minimum, the learning objectives must ensure officers receive training on:

(1) the juvenile justice system;

(2) legal standards for peace officers to use force to detain or arrest students in schools;

(3) legal standards for school employees and contractors to use force to detain, discipline, and arrest students in school;

(4) de-escalation techniques and using the least restrictive physical intervention strategies for handling conflicts in schools;

(5) responding to persons experiencing a mental health crisis in a school setting, with an emphasis placed on juveniles;

(6) understanding and working with students with disabilities and students receiving special education services;

(7) juvenile brain development, including limitations on impulse control;

(8) the impact of childhood trauma on juvenile behavior;

(13) mandated safety drills and best practices in conducting safety drills; and

(14) the topics identified in section 626.8469, subdivision 1, as they pertain to juveniles or students.

(b) The Board of Peace Officer Standards and Training may also approve supplemental training courses that are offered by providers who have trained school resource officers in the state prior to development of the learning objectives required under paragraph (a). At a minimum, an approved supplemental course must provide instruction on each of the board's

learning objectives that were not covered in the provider's existing school resource officer course curriculum.

Subd. 5. **Model Policy.** (a) By December 31, 2024, the Board of Peace Officer Standards and Training shall develop a model school resource officer policy. In developing the policy, the board must convene a group consisting of representatives from the Department of Public Safety's School Safety Center, the Minnesota School Boards Association, the Minnesota Association of Secondary School Principals, Education Minnesota, the Minnesota Sheriffs' Association, the Minnesota Chiefs of Police Association, the Minnesota Police and Peace Officers Association, the Minnesota Juvenile Officers Association, the National Association of School Resource Officers, Solutions Not Suspensions, the Minnesota Youth Council, the Minnesota Council on Disability, and one community organization supporting the rights of students receiving special education services. The group must meet at least three times to discuss the topics identified in paragraph (b), address any related issues, and provide advice and direction regarding development of the model policy.

(b) The model policy must cover, at a minimum, the following:

(1) issues to be addressed in a school resource officer contract, including but not limited to the use of plain clothes, modified uniforms, and other changes to school resource officer attire in order to foster a positive school climate, facilitate the establishment of positive relationships with students, and promote open communication;

(2) considerations for the proper use of force on school grounds, including:

(i) the prohibitions on choke holds and other restraints established in section 609.06, subdivision 3;

(iii) the use of de-escalation techniques and other alternatives to higher levels of force that are appropriate with juveniles and students in a school setting;

(iv) response tactics and strategies that minimize the use and duration of prone restraint, as defined in section 121A.58, and other physical holds of students; and

(v) the duty to render reasonably prompt care, consistent with the officer's training, to a person who an officer physically holds or restrains;

(3) alternative procedures that can be used to de-escalate conflicts in schools and students and others in crisis;

(4) proper procedures and limitations placed on school districts and charter schools to ensure school resource officers are being utilized appropriately and not for school disciplinary purposes;

(5) considerations to build constructive police relationships with students, administrators, and educational staff;

(6) proper procedures for protecting student data; and

(7) how soon after completing the training required under subdivision 3 that a school resource officer must complete a refresher course that covers the learning objectives established in subdivision 4.

Subd. 6. **Policies required.** By September 1, 2025, each law enforcement agency with a school resource officer program shall develop, adopt, and implement a written policy regarding school resource officers that is identical or, at a minimum, substantially similar to the model policy adopted by the board under subdivision 5.

Subd. 7. **Licensing sanctions; injunctive relief.** The board may impose licensing sanctions and seek injunctive relief under section 214.11 for failure to comply with the requirements of this section.

Sec. 25. Minnesota Statutes 2023 Supplement, section 125A.15, is amended to read:

**125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.**

The responsibility for special instruction and services for a child with a disability temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The district of residence of a child shall be the district in which the child's parent resides, if living, or the child's guardian. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner.

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program

and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district. If a child's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the child's district of residence may utilize that ~~state-approved~~ online learning program in fulfilling its educational program responsibility under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services or the commissioner of corrections or their agents, for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment. If a child's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the nonresident district may utilize that ~~state-approved~~ online learning program in fulfilling its educational program responsibility under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services with a joint powers entity. The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. If a privately owned and operated residential facility does not enter into a contract under this paragraph, then paragraph (d) applies.

(f) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim general education aid for the child as provided by law. Transportation costs must be paid by the district responsible for providing the transportation and the state must pay transportation aid to that district.

Sec. 26. Minnesota Statutes 2023 Supplement, section 125A.51, is amended to read:

**125A.51 PLACEMENT OF CHILDREN WITHOUT DISABILITIES; EDUCATION AND TRANSPORTATION.**

The responsibility for providing instruction and transportation for a pupil without a disability who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the commissioner, and who is temporarily placed for care and treatment for that illness or disability, must be determined as provided in this section.

(a) The school district of residence of the pupil is the district in which the pupil's parent or guardian resides. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner.

(b) When parental rights have been terminated by court order, the legal residence of a child placed in a residential or foster facility for care and treatment is the district in which the child resides.

(c) Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, must notify the district of residence of the emergency placement within 15 days of the placement. When a nonresident district makes an emergency placement without first consulting with the resident district, the resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(d) When a pupil without a disability is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence must provide instruction and necessary transportation to and from the care and treatment program for the pupil. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the

child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the instruction at a school within the district of residence; at the pupil's residence; through an authorized online learning program provided by the pupil's resident district, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction; or, in the case of a placement outside of the resident district, in the district in which the day treatment program is located by paying tuition to that district. The district of placement may contract with a facility to provide instruction by teachers licensed by the Professional Educator Licensing and Standards Board.

(e) When a pupil without a disability is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed must provide instruction for the pupil and necessary transportation while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district must bill the district of residence for the actual cost of providing the instruction for the regular school year and for summer school, excluding transportation costs. If a pupil's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the district in which the pupil is placed may utilize that ~~state-approved~~ online learning program in fulfilling its responsibility to provide instruction under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(f) Notwithstanding paragraph (e), if the pupil is homeless and placed in a public or private homeless shelter, then the district that enrolls the pupil under section 120A.20, subdivision 2, paragraph (b), shall provide the transportation, unless the district that enrolls the pupil and the district in which the pupil is temporarily placed agree that the district in which the pupil is temporarily placed shall provide transportation. When a pupil without a disability is temporarily placed in a residential program outside the district of residence, the administrator of the court placing the pupil must send timely written notice of the placement to the district of residence. The district of placement may contract with a residential facility to provide instruction by teachers licensed by the Professional Educator Licensing and Standards Board. For purposes of this section, the state correctional facilities

operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(g) The district of residence must include the pupil in its residence count of pupil units and pay tuition as provided in section 123A.488 to the district providing the instruction. Transportation costs must be paid by the district providing the transportation and the state must pay transportation aid to that district. For purposes of computing state transportation aid, pupils governed by this subdivision must be included in the disabled transportation category if the pupils cannot be transported on a regular school bus route without special accommodations.

Sec. 27. Minnesota Statutes 2023 Supplement, section 125A.515, subdivision 3, is amended to read:

Subd. 3. **Responsibilities for providing education.** (a) The district in which the children's residential facility is located must provide education services, including special education if eligible, to all students placed in a facility. If a child's district of residence, district of open enrollment under section 124D.03, or charter school of enrollment under section 124E.11 is authorized to provide online learning instruction under state statutes, the district in which the children's residential facility is located may utilize that ~~state-approved~~ online learning program in fulfilling its education services responsibility under this section if the child, or the child's parent or guardian for a pupil under the age of 18, agrees to that form of instruction.

(b) For education programs operated by the Department of Corrections, the providing district shall be the Department of Corrections. For students remanded to the commissioner of corrections, the providing and resident district shall be the Department of Corrections.

Sec. 28. Minnesota Statutes 2022, section 126C.05, subdivision 8, is amended to read:

The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused. However, a pupil, regardless of age, who has been absent from school for 15 consecutive school days during the regular school year or for five consecutive school days during summer school or intersession classes of flexible school year programs without receiving instruction in the home or hospital shall be dropped from the roll and classified as withdrawn. Nothing in this

section shall be construed as waiving the compulsory attendance provisions cited in section 120A.22. Average daily membership equals the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days the schools are in session or are providing e-learning days due to inclement weather. Days of summer school or intersession classes of flexible school year programs are only included in the computation of membership for pupils with a disability not appropriately served primarily in the regular classroom. A student must not be counted as more than 1.2 pupils in average daily membership under this section and section 126C.10, subdivision 2a, paragraph ~~(b)~~ (c). When the initial total average daily membership exceeds 1.2 for a pupil enrolled in more than one school district during the fiscal year, each district's average daily membership must be reduced proportionately.

(b) A student must not be counted as more than one pupil in average daily membership except for purposes of section 126C.10, subdivision 2a.

Sec. 29. Minnesota Statutes 2022, section 126C.126, is amended to read:

**126C.126 USE OF GENERAL EDUCATION REVENUE FOR ALL-DAY KINDERGARTEN AND PREKINDERGARTEN.**

At the school board's discretion, the district may use revenue generated by the all-day kindergarten pupil count under section 126C.05, subdivision 1, paragraph ~~(d)~~ (c), to meet the needs of three- and four-year-olds in the district. A school district may not use these funds on programs for three- and four-year-old children while maintaining a fee-based all-day kindergarten program.

Sec. 30. Minnesota Statutes 2022, section 126C.13, subdivision 4, is amended to read:

Subd. 4. **General education aid.** For fiscal year 2015 and later, a district's general education aid equals:

(1) general education revenue, excluding operating capital revenue, equity revenue, local optional revenue, and transition revenue~~, minus the student achievement levy, multiplied times the ratio of the actual amount of student achievement levy levied to the permitted student achievement levy~~; plus

(2) operating capital aid under section 126C.10, subdivision 13b;

(3) equity aid under section 126C.10, subdivision 30; plus

(4) transition aid under section 126C.10, subdivision 33; plus

(5) shared time aid under section 126C.01, subdivision 7; plus

(6) referendum aid under section 126C.17, subdivisions 7 and 7a; plus

(7) online learning aid under section 124D.096; plus

(d) A district's second tier referendum equalization revenue equals the district's second tier referendum equalization allowance times the district's adjusted pupil units for that year.

(e) A district's second tier referendum equalization allowance equals the lesser of the district's referendum allowance under subdivision 1 or 25 percent of the formula allowance, minus the sum of $300 and the district's first tier referendum equalization allowance.

(f) Notwithstanding paragraph (e), the second tier referendum equalization allowance for a district qualifying for secondary sparsity revenue under section 126C.10, subdivision 7, or elementary sparsity revenue under section 126C.10, subdivision 8, equals the district's referendum allowance under subdivision 1 minus the district's first tier referendum equalization allowance.

(d) An ambulance service providing advanced life support shall have a written agreement with its medical director to ensure medical control for patient care 24 hours a day, seven days a week. The terms of the agreement shall include a written policy on the administration of medical control for the service. The policy shall address the following issues:

(3) use of standing orders; and

(4) the means by which medical control will be provided 24 hours a day.

The agreement shall be signed by the licensee's medical director and the licensee or the licensee's designee and maintained in the files of the licensee.

(e) When an ambulance service provides advanced life support, the authority of a paramedic, Minnesota registered nurse-EMT, or Minnesota registered physician assistant-EMT to determine the delivery of patient care prevails over the authority of an EMT.

(f) Upon application from an ambulance service that includes evidence demonstrating hardship, the board may grant a variance from the staff requirements in paragraph (a), clause (1), and may authorize an advanced life-support ambulance to be staffed by a registered emergency medical responder driver with a paramedic for all emergency calls and interfacility transfers. The response is predicated upon formal agreements among participating ambulance services. A copy of each mutual aid agreement shall be maintained in the files of the licensee and shall be filed with the board for informational purposes only.

(b) A licensee may have a written agreement with a neighboring licensed ambulance service, including a licensed ambulance service from a neighboring state if that service is currently and remains in compliance with its home state licensing requirements, to provide support to the primary service area of the licensee upon the licensee's request. The agreement may allow the licensee to suspend ambulance services in its primary service area during the times the neighboring licensed ambulance service has agreed to provide all emergency services to the licensee's primary service area. The agreement may permit the neighboring licensed ambulance service to serve the licensee's primary service area for up to 24 hours per day, provided service by the neighboring licensed ambulance service does not exceed 108 hours per calendar week. This paragraph applies only to an ambulance service whose primary service area is mainly located outside the metropolitan counties listed in section 473.121, subdivision 4, and outside the cities of Duluth, Mankato, Moorhead, Rochester, and St. Cloud, or an ambulance service based in a community with a population of less than 2,500 persons.

ground for a court to enjoin or unwind the transaction or provide other equitable relief, provided the attorney general notified the entities of the inadequacy of the information provided and provided the entities with a reasonable opportunity to remedy the inadequacy.

(d) The commissioner shall provide to the attorney general, upon request, data and research on broader market trends, impacts on prices and outcomes, public health and population health considerations, and health care access, for the attorney general to use when evaluating whether a transaction is contrary to public interest. Sec. 47. Minnesota Statutes 2022, section 176.011, subdivision 15, is amended to read:

Subd. 15. **Occupational disease.** (a) "Occupational disease" means a mental impairment as defined in paragraph (d) or physical disease arising out of and in the course of employment peculiar to the occupation in which the employee is engaged and due to causes in excess of the hazards ordinary of employment and shall include undulant fever. Physical stimulus resulting in mental injury and mental stimulus resulting in physical injury shall remain compensable. Mental impairment is not considered a disease if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement, or similar action taken in good faith by the employer. Ordinary diseases of life to which the general public is equally exposed outside of employment are not compensable, except where the diseases follow as an incident of an occupational disease, or where the exposure peculiar to the occupation makes the disease an occupational disease hazard. A disease arises out of the employment only if there be a direct causal connection between the conditions under which the work is performed and if the occupational disease follows as a natural incident of the work as a result of the exposure occasioned by the nature of the employment. An employer is not liable for compensation for any occupational disease which cannot be traced to the employment as a direct and proximate cause and is not recognized as a hazard characteristic of and peculiar to the trade, occupation, process, or employment or which results from a hazard to which the worker would have been equally exposed outside of the employment.

(b) If immediately preceding the date of disablement or death, an employee was employed on active duty with an organized fire or police department of any municipality, as a member of the Minnesota State Patrol, conservation officer service, state crime bureau, as a forest officer by the Department of Natural Resources, correctional officer or security counselor

employed by the state or a political subdivision at a corrections, detention, or secure treatment facility, or sheriff or full-time deputy sheriff of any county, and the disease is that of myocarditis, coronary sclerosis, pneumonia or its sequel, and at the time of employment such employee was given a thorough physical examination by a licensed doctor of medicine, and a written report thereof has been made and filed with such organized fire or police department, with the Minnesota State Patrol, conservation officer service, state crime bureau, Department of Natural Resources, Department of Corrections, or sheriff's department of any county, which examination and report negatived any evidence of myocarditis, coronary sclerosis, pneumonia or its sequel, the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of employment. If immediately preceding the date of disablement or death, any individual who by nature of their position provides emergency medical care, or an employee who was employed as a licensed police officer under section 626.84, subdivision 1; firefighter; paramedic; correctional officer or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility; emergency medical technician; or licensed nurse providing emergency medical care; and who contracts an infectious or communicable disease to which the employee was exposed in the course of employment outside of a hospital, then the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of employment and the presumption may be rebutted by substantial factors brought by the employer or insurer. Any substantial factors which shall be used to rebut this presumption and which are known to the employer or insurer at the time of the denial of liability shall be communicated to the employee on the denial of liability.

(c) A firefighter on active duty with an organized fire department who is unable to perform duties in the department by reason of a disabling cancer of a type caused by exposure to heat, radiation, or a known or suspected carcinogen, as defined by the International Agency for Research on Cancer, and the carcinogen is reasonably linked to the disabling cancer, is presumed to have an occupational disease under paragraph (a). If a firefighter who enters the service after August 1, 1988, is examined by a physician prior to being hired and the examination discloses the existence of a cancer of a type described in this paragraph, the firefighter is not entitled to the presumption unless a subsequent medical determination is made that the firefighter no longer has the cancer.

(d) For the purposes of this chapter, "mental impairment" means a diagnosis of post-traumatic stress disorder by a licensed psychiatrist or psychologist. For the purposes of this chapter, "post-traumatic stress disorder" means the condition as described in the most recently published edition of the Diagnostic and Statistical Manual of Mental Disorders by

the American Psychiatric Association. For purposes of section 79.34, subdivision 2, one or more compensable mental impairment claims arising out of a single event or occurrence shall constitute a single loss occurrence.

(e) If, preceding the date of disablement or death, an employee who was employed on active duty as: a licensed police officer; a firefighter; a paramedic; an emergency medical technician; a licensed nurse employed to provide emergency medical services outside of a medical facility; a public safety dispatcher; a correctional officer or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility; a sheriff or full-time deputy sheriff of any county; or a member of the Minnesota State Patrol is diagnosed with a mental impairment as defined in paragraph (d), and had not been diagnosed with the mental impairment previously, then the mental impairment is presumptively an occupational disease and shall be presumed to have been due to the nature of employment. This presumption may be rebutted by substantial factors brought by the employer or insurer. Any substantial factors that are used to rebut this presumption and that are known to the employer or insurer at the time of the denial of liability shall be communicated to the employee on the denial of liability. The mental impairment is not considered an occupational disease if it results from a disciplinary action, work evaluation, job transfer, layoff, demotion, promotion, termination, retirement, or similar action taken in good faith by the employer.

~~(f) Notwithstanding paragraph (a) and the rebuttable presumption for infectious or communicable diseases in paragraph (b), an employee who contracts COVID-19 is presumed to have an occupational disease arising out of and in the course of employment if the employee satisfies the requirements of clauses (1) and (2).~~

~~(1) The employee was employed as a licensed peace officer under section 626.84, subdivision 1; firefighter; paramedic; nurse or health care worker, correctional officer, or security counselor employed by the state or a political subdivision at a corrections, detention, or secure treatment facility; emergency medical technician; a health care provider, nurse, or assistive employee employed in a health care, home care, or long-term care setting, with direct COVID-19 patient care or ancillary work in COVID-19 patient units; and workers required to provide child care to first responders and health care workers under Executive Order 20-02 and Executive Order 20-19.~~

~~(2) The employee's contraction of COVID-19 must be confirmed by a positive laboratory test or, if a laboratory test was not available for the employee, as diagnosed and documented by the employee's licensed physician, licensed physician's assistant, or licensed advanced practice registered nurse (APRN), based on the employee's symptoms. A copy of the positive~~

~~laboratory test or the written documentation of the physician's, physician assistant's, or APRN's diagnosis shall be provided to the employer or insurer.~~

~~(3) Once the employee has satisfied the requirements of clauses (1) and (2), the presumption shall only be rebutted if the employer or insurer shows the employment was not a direct cause of the disease. A denial of liability under this paragraph must meet the requirements for a denial under section 176.221, subdivision 1.~~

~~(4) The date of injury for an employee who has contracted COVID-19 under this paragraph shall be the date that the employee was unable to work due to a diagnosis of COVID-19, or due to symptoms that were later diagnosed as COVID-19, whichever occurred first.~~

~~(5) An employee who has contracted COVID-19 but who is not entitled to the presumption under this paragraph is not precluded from claiming an occupational disease as provided in other paragraphs of this subdivision or from claiming a personal injury under subdivision 16.~~

~~(6) The commissioner shall provide a detailed report on COVID-19 workers' compensation claims under this paragraph to the Workers' Compensation Advisory Council, and chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over workers' compensation, by January 15, 2021.~~

Sec. 48. Minnesota Statutes 2022, section 180.03, subdivision 4, is amended to read:

Subd. 4. **Exemptions.** (a) The portion of an excavation, cave, open or water-filled pit, or shaft is exempt from the requirements of this section if:

(i) grants-in-aid trails as defined in section 85.018;

Sec. 53. Minnesota Statutes 2023 Supplement, section 245A.03, subdivision 7, is amended to read:

Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a family child foster care home or family adult foster care home

license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. When approving an exception under this paragraph, the commissioner shall consider the resource need determination process in paragraph (h), the availability of foster care licensed beds in the geographic area in which the licensee seeks to operate, the results of a person's choices during their annual assessment and service plan review, and the recommendation of the local county board. The determination by the commissioner is final and not subject to appeal. Exceptions to the moratorium include:

(1) a license for a person in a foster care setting that is not the primary residence of the license holder and where at least 80 percent of the residents are 55 years of age or older;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on December 31, 2013, and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24; or

(4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital-level care~~;~~ ~~or~~.

~~(5) new foster care licenses or community residential setting licenses for people receiving customized living or 24-hour customized living services under the brain injury or community access for disability inclusion waiver plans under section 256B.49 or elderly waiver plan under chapter 256S and residing in the customized living setting for which a license is required. A customized living service provider subject to this exception may rebut the presumption that a license is required by seeking a reconsideration of the commissioner's determination. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14. The exception is available until December 31, 2023. This exception is available when:~~

~~(i) the person's customized living services are provided in a customized living service setting serving four or fewer people in a single-family home operational on or before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;~~

~~(ii) the person's case manager provided the person with information about the choice of service, service provider, and location of service, including in the person's home, to help the person make an informed choice; and~~

~~(iii) the person's services provided in the licensed foster care or community residential setting are less than or equal to the cost of the person's services delivered in the customized living setting as determined by the lead agency.~~

(b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) When an adult resident served by the program moves out of a foster home that is not the primary residence of the license holder according to section 256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the county shall immediately inform the Department of Human Services Licensing Division. The department may decrease the statewide licensed capacity for adult foster care settings.

(d) Residential settings that would otherwise be subject to the decreased license capacity established in paragraph (c) shall be exempt if the license holder's beds are occupied by residents whose primary diagnosis is mental illness and the license holder is certified under the requirements in subdivision 6a or section 245D.33.

(e) A resource need determination process, managed at the state level, using the available data required by section 144A.351, and other data and information shall be used to determine where the reduced capacity determined under section 256B.493 will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet the informed decisions of those people who want to move out of corporate foster care or community residential settings, long-term service needs within budgetary limits, including seeking proposals from service providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term services and supports reports and statewide data and information.

(f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

(g) License holders of foster care homes identified under paragraph (f) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under chapter 256S or section 256B.092 or 256B.49, must inform the human services licensing division that the license holder provides or intends to provide these waiver-funded services.

(h) The commissioner may adjust capacity to address needs identified in section 144A.351. Under this authority, the commissioner may approve new licensed settings or delicense existing settings. Delicensing of settings will be accomplished through a process identified in section 256B.493.

(i) The commissioner must notify a license holder when its corporate foster care or community residential setting licensed beds are reduced under this section. The notice of reduction of licensed beds must be in writing and delivered to the license holder by certified mail or personal service. The notice must state why the licensed beds are reduced and must inform the license holder of its right to request reconsideration by the commissioner. The license holder's request for reconsideration must be in writing. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds. If a request for reconsideration is made by personal service, it must be received by the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds.

(j) The commissioner shall not issue an initial license for children's residential treatment services licensed under Minnesota Rules, parts 2960.0580 to 2960.0700, under this chapter for a program that Centers for Medicare and Medicaid Services would consider an institution for mental diseases. Facilities that serve only private pay clients are exempt from the moratorium described in this paragraph. The commissioner has the authority to manage existing statewide capacity for children's residential treatment services subject to the moratorium under this paragraph and may issue an initial license for such facilities if the

initial license would not increase the statewide capacity for children's residential treatment services subject to the moratorium under this paragraph.

Sec. 54. Minnesota Statutes 2023 Supplement, section 245A.10, subdivision 3, is amended to read:

Subd. 3. **Application fee for initial license or certification.** (a) For fees required under subdivision 1, an applicant for an initial license or certification issued by the commissioner shall submit a $500 application fee with each new application required under this subdivision. An applicant for an initial day services facility license under chapter 245D shall submit a $250 application fee with each new application. The application fee shall not be prorated, is nonrefundable, and is in lieu of the annual license or certification fee that expires on December 31. The commissioner shall not process an application until the application fee is paid.

(b) Except as provided in clauses (1) and (2), an applicant shall apply for a license to provide services at a specific location.

(1) For a license to provide home and community-based services to persons with disabilities or age 65 and older under chapter 245D, an applicant shall submit an application to provide services statewide. Notwithstanding paragraph (a), applications received by the commissioner between July 1, 2013, and December 31, 2013, for licensure of services provided under chapter 245D must include an application fee that is equal to the annual license renewal fee under subdivision 4, paragraph (b), or $500, whichever is less. Applications received by the commissioner after January 1, 2014, must include the application fee required under paragraph (a). Applicants who meet the modified application criteria identified in section 245A.042, subdivision 2, are exempt from paying an application fee.

(2) For a license for a private agency to provide foster care or adoption services under Minnesota Rules, parts 9545.0755 to 9545.0845, an applicant shall submit a single application to provide services statewide.

~~(c) The initial application fee charged under this subdivision does not include the temporary license surcharge under section 16E.22.~~

that a residential program whose primary purpose is to treat juveniles who have violated criminal statutes relating to sex offenses or have been adjudicated delinquent on the basis of conduct in violation of criminal statutes relating to sex offenses shall not be considered a permitted use. This exception shall not apply to residential programs licensed before July 1, 1995. Programs otherwise allowed under this subdivision shall not be prohibited by operation of restrictive covenants or similar restrictions, regardless of when entered into, which cannot be met because of the nature of the licensed program, including provisions which require the home's occupants be related, and that the home must be occupied by the owner, or similar provisions.

~~(b) Unless otherwise provided in any town, municipal, or county zoning regulation, licensed residential services provided to more than four persons with developmental disabilities in a supervised living facility, including intermediate care facilities for persons with developmental disabilities, with a licensed capacity of seven to eight persons shall be considered a permitted single-family residential use of property for the purposes of zoning and other land use regulations. A town, municipal, or county zoning authority may require a conditional use or special use permit to assure proper maintenance and operation of the residential program. Conditions imposed on the residential program must not be more restrictive than those imposed on other conditional uses or special uses of residential property in the same zones, unless the additional conditions are necessary to protect the health and safety of the persons being served by the program. This paragraph expires July 1, 2023.~~

(4) programs that offer medical services delivered by appropriately credentialed health care staff in an amount equal to two hours per client per week if the medical needs of the client and the nature and provision of any medical services provided are documented in the client file; or

(5) programs that offer services to individuals with co-occurring mental health and substance use disorder problems if:

(i) the program meets the co-occurring requirements in section 245G.20;

(ii) 25 percent of the counseling staff are licensed mental health professionals under section 245I.04, subdivision 2, or are students or licensing candidates under the supervision of a licensed alcohol and drug counselor supervisor and mental health professional under section 245I.04, subdivision 2, except that no more than 50 percent of the mental health staff may be students or licensing candidates with time documented to be directly related to provisions of co-occurring services;

(iii) clients scoring positive on a standardized mental health screen receive a mental health diagnostic assessment within ten days of admission;

(iv) the program has standards for multidisciplinary case review that include a monthly review for each client that, at a minimum, includes a licensed mental health professional and licensed alcohol and drug counselor, and their involvement in the review is documented;

(v) family education is offered that addresses mental health and substance use disorder and the interaction between the two; and

(vi) co-occurring counseling staff shall receive eight hours of co-occurring disorder training annually.

(d) In order to be eligible for a higher rate under paragraph (c), clause (1), a program that provides arrangements for off-site child care must maintain current documentation at the substance use disorder facility of the child care provider's current licensure to provide child care services.

(e) Adolescent residential programs that meet the requirements of Minnesota Rules, parts 2960.0430 to 2960.0490 and 2960.0580 to 2960.0690, are exempt from the requirements in paragraph (c), clause ~~(4)~~ (5), items (i) to (iv).

(f) Subject to federal approval, substance use disorder services that are otherwise covered as direct face-to-face services may be provided via telehealth as defined in section 256B.0625, subdivision 3b. The use of telehealth to deliver services must be medically appropriate to the condition and needs of the person being served. Reimbursement shall be at the same rates and under the same conditions that would otherwise apply to direct face-to-face services.

(g) For the purpose of reimbursement under this section, substance use disorder treatment services provided in a group setting without a group participant maximum or maximum client to staff ratio under chapter 245G shall not exceed a client to staff ratio of 48 to one. At least one of the attending staff must meet the qualifications as established under this chapter for the type of treatment service provided. A recovery peer may not be included as part of the staff ratio.

(h) Payment for outpatient substance use disorder services that are licensed according to sections 245G.01 to 245G.17 is limited to six hours per day or 30 hours per week unless prior authorization of a greater number of hours is obtained from the commissioner.

(i) Payment for substance use disorder services under this section must start from the day of service initiation, when the comprehensive assessment is completed within the required timelines.

Sec. 60. Minnesota Statutes 2022, section 256.042, subdivision 4, is amended to read:

Subd. 4. **Grants.** (a) The commissioner of human services shall submit a report of the grants proposed by the advisory council to be awarded for the upcoming calendar year to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance, by December 1 of each year, beginning December 1, 2022. This paragraph expires upon the expiration of the advisory council.

(b) The grants shall be awarded to proposals selected by the advisory council that address the priorities in subdivision 1, paragraph (a), clauses (1) to (4), unless otherwise appropriated by the legislature. The advisory council shall determine grant awards and funding amounts based on the funds appropriated to the commissioner under section 256.043, subdivision 3, paragraph ~~(h)~~ (n), and subdivision 3a, paragraph (d). The commissioner shall award the grants from the opiate epidemic response fund and administer the grants in compliance with

section 16B.97. No more than ten percent of the grant amount may be used by a grantee for administration.

Sec. 61. Minnesota Statutes 2022, section 256.9742, subdivision 3, is amended to read:

Subd. 3. **Posting.** Every long-term care facility and acute care facility shall post in a conspicuous place the address and telephone number of the office. A home care service provider shall provide all recipients, including those in ~~housing with services under chapter 144D~~ an assisted living facility under chapter 144G, with the address and telephone number of the office. Counties shall provide clients receiving long-term care consultation services under section 256B.0911 or home and community-based services through a state or federally funded program with the name, address, and telephone number of the office. The posting or notice is subject to approval by the ombudsman.

Sec. 62. Minnesota Statutes 2022, section 256B.056, subdivision 11, is amended to read:

Subd. 11. **Treatment of annuities.** (a) Any person requesting medical assistance payment of long-term care services shall provide a complete description of any interest either the person or the person's spouse has in annuities on a form designated by the department. The form shall include a statement that the state becomes a preferred remainder beneficiary of annuities or similar financial instruments by virtue of the receipt of medical assistance payment of long-term care services. The person and the person's spouse shall furnish the agency responsible for determining eligibility with complete current copies of their annuities and related documents and complete the form designating the state as the preferred remainder beneficiary for each annuity in which the person or the person's spouse has an interest.

(b) The department shall provide notice to the issuer of the department's right under this section as a preferred remainder beneficiary under the annuity or similar financial instrument for medical assistance furnished to the person or the person's spouse, and provide notice of the issuer's responsibilities as provided in paragraph (c).

(c) An issuer of an annuity or similar financial instrument who receives notice of the state's right to be named a preferred remainder beneficiary as described in paragraph (b) shall provide confirmation to the requesting agency that the state has been made a preferred remainder beneficiary. The issuer shall also notify the county agency when a change in the amount of income or principal being withdrawn from the annuity or other similar financial instrument or a change in the state's preferred remainder beneficiary designation under the annuity or other similar financial instrument occurs. The county agency shall provide the

issuer with the name, address, and telephone number of a unit within the department that the issuer can contact to comply with this paragraph.

(d) "Preferred remainder beneficiary" for purposes of this subdivision and sections 256B.0594 and 256B.0595 means the state is a remainder beneficiary in the first position in an amount equal to the amount of medical assistance paid on behalf of the institutionalized person, or is a remainder beneficiary in the second position if the institutionalized person designates and is survived by a remainder beneficiary who is (1) a spouse who does not reside in a medical institution, (2) a minor child, or (3) a child of any age who is blind or permanently and totally disabled as defined in the Supplemental Security Income program. Notwithstanding this paragraph, the state is the remainder beneficiary in the first position if the spouse or child disposes of the remainder for less than fair market value.

(e) For purposes of this subdivision, "institutionalized person" and "long-term care services" have the meanings given in section 256B.0595, subdivision 1, paragraph ~~(f)~~ (a).

(f) For purposes of this subdivision, "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with developmental disabilities, nursing facility, or inpatient hospital.

Sec. 63. Minnesota Statutes 2022, section 256B.058, subdivision 2, is amended to read:

Subd. 2. **Monthly income allowance for community spouse.** (a) For an institutionalized spouse, monthly income may be allocated to the community spouse as a monthly income allowance for the community spouse. Beginning with the first full calendar month the institutionalized spouse is in the institution, the monthly income allowance is not considered available to the institutionalized spouse for monthly payment of costs of care in the institution as long as the income is made available to the community spouse.

(b) The monthly income allowance is the amount by which the community spouse's monthly maintenance needs allowance under paragraphs (c) and (d) exceeds the amount of monthly income otherwise available to the community spouse.

(c) The community spouse's monthly maintenance needs allowance is the lesser of $1,500 or 122 percent of the monthly federal poverty guideline for a family of two plus an excess shelter allowance. The excess shelter allowance is for the amount of shelter expenses that exceed 30 percent of 122 percent of the federal poverty guideline ~~line~~ for a family of two. Shelter expenses are the community spouse's expenses for rent, mortgage payments including principal and interest, taxes, insurance, required maintenance charges for a cooperative or condominium that is the community spouse's principal residence, and the standard utility

allowance under section 5 of the federal Food and Nutrition Act of 2008. If the community spouse has a required maintenance charge for a cooperative or condominium, the standard utility allowance must be reduced by the amount of utility expenses included in the required maintenance charge.

If the community or institutionalized spouse establishes that the community spouse needs income greater than the monthly maintenance needs allowance determined in this paragraph due to exceptional circumstances resulting in significant financial duress, the monthly maintenance needs allowance may be increased to an amount that provides needed additional income.

(d) The percentage of the federal poverty guideline used to determine the monthly maintenance needs allowance in paragraph (c) is increased to 133 percent on July 1, 1991, and to 150 percent on July 1, 1992. Adjustments in the income limits due to annual changes in the federal poverty guidelines shall be implemented the first day of July following publication of the annual changes. The $1,500 maximum must be adjusted January 1, 1990, and every January 1 after that by the same percentage increase in the Consumer Price Index for all urban consumers (all items; United States city average) between the two previous Septembers.

(e) If a court has entered an order against an institutionalized spouse for monthly income for support of the community spouse, the community spouse's monthly income allowance under this subdivision shall not be less than the amount of the monthly income ordered.

Sec. 64. Minnesota Statutes 2022, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. **Prohibited transfers.** (a) For purposes of this section, "long-term care services" includes services in a nursing facility; services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed; services in an intermediate care facility for persons with developmental disabilities; and home and community-based services provided pursuant to sections 256B.092 and 256B.49 and chapter 256S. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, a swing bed, or an intermediate care facility for persons with developmental disabilities, or who is receiving home and community-based services under sections 256B.092 and 256B.49 and chapter 256S.

~~(a)~~ (b) Effective for transfers made after August 10, 1993, an institutionalized person, an institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the

institutionalized person or institutionalized person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the Supplemental Security Income program, for the purpose of establishing or maintaining medical assistance eligibility. This applies to all transfers, including those made by a community spouse after the month in which the institutionalized spouse is determined eligible for medical assistance. For purposes of determining eligibility for long-term care services, any transfer of such assets within 36 months before or any time after an institutionalized person requests medical assistance payment of long-term care services, or 36 months before or any time after a medical assistance recipient becomes an institutionalized person, for less than fair market value may be considered. Any such transfer is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the institutionalized person is ineligible for long-term care services for the period of time determined under subdivision 2, unless the institutionalized person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivision 3 or 4. In the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, or in the case of any other disposal of assets made on or after February 8, 2006, any transfers made within 60 months before or any time after an institutionalized person requests medical assistance payment of long-term care services and within 60 months before or any time after a medical assistance recipient becomes an institutionalized person, may be considered.

~~(b)~~ (c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the institutionalized person or the institutionalized person's spouse is entitled but does not receive due to action by the institutionalized person, the institutionalized person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the institutionalized person or the institutionalized person's spouse.

~~(c)~~ (d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement that was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

~~(d)~~ (e) Effective for transactions, including the purchase of an annuity, occurring on or after February 8, 2006, by or on behalf of an institutionalized person who has applied for or is receiving long-term care services or the institutionalized person's spouse shall be treated as the disposal of an asset for less than fair market value unless the department is named a preferred remainder beneficiary as described in section 256B.056, subdivision 11. Any subsequent change to the designation of the department as a preferred remainder beneficiary shall result in the annuity being treated as a disposal of assets for less than fair market value. The amount of such transfer shall be the maximum amount the institutionalized person or the institutionalized person's spouse could receive from the annuity or similar financial instrument. Any change in the amount of the income or principal being withdrawn from the annuity or other similar financial instrument at the time of the most recent disclosure shall be deemed to be a transfer of assets for less than fair market value unless the institutionalized person or the institutionalized person's spouse demonstrates that the transaction was for fair market value. In the event a distribution of income or principal has been improperly distributed or disbursed from an annuity or other retirement planning instrument of an institutionalized person or the institutionalized person's spouse, a cause of action exists against the individual receiving the improper distribution for the cost of medical assistance services provided or the amount of the improper distribution, whichever is less.

~~(e)~~ (f) Effective for transactions, including the purchase of an annuity, occurring on or after February 8, 2006, by or on behalf of an institutionalized person applying for or receiving long-term care services shall be treated as a disposal of assets for less than fair market value unless it is:

(1) an annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986; or

(2) purchased with proceeds from:

(i) an account or trust described in subsection (a), (c), or (p) of section 408 of the Internal Revenue Code;

(ii) a simplified employee pension within the meaning of section 408(k) of the Internal Revenue Code; or

(iii) a Roth IRA described in section 408A of the Internal Revenue Code; or

(3) an annuity that is irrevocable and nonassignable; is actuarially sound as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration; and provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

~~(f) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with developmental disabilities, and home and community-based services provided pursuant to chapter 256S and sections 256B.092 and 256B.49. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility or in a swing bed, or intermediate care facility for persons with developmental disabilities or who is receiving home and community-based services under chapter 256S and sections 256B.092 and 256B.49.~~

(g) This section applies to funds used to purchase a promissory note, loan, or mortgage unless the note, loan, or mortgage:

(1) has a repayment term that is actuarially sound;

(2) provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

(3) prohibits the cancellation of the balance upon the death of the lender.

(h) In the case of a promissory note, loan, or mortgage that does not meet an exception in paragraph (g), clauses (1) to (3), the value of such note, loan, or mortgage shall be the outstanding balance due as of the date of the institutionalized person's request for medical assistance payment of long-term care services.

(i) This section applies to the purchase of a life estate interest in another person's home unless the purchaser resides in the home for a period of at least one year after the date of purchase.

(j) This section applies to transfers into a pooled trust that qualifies under United States Code, title 42, section 1396p(d)(4)(C), by:

(1) a person age 65 or older or the person's spouse; or

(2) any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of a person age 65 or older or the person's spouse.

Sec. 65. Minnesota Statutes 2022, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. **Other exceptions to transfer prohibition.** (a) An institutionalized person, as defined in subdivision 1, paragraph ~~(f)~~ (a), who has made, or whose spouse has made a

transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions applies:

(1) the assets were transferred to the individual's spouse or to another for the sole benefit of the spouse; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the Supplemental Security Income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of a period of ineligibility resulting from a transfer for less than fair market value based on an imminent threat to the individual's health and well-being. Imminent threat to the individual's health and well-being means that imposing a period of ineligibility would endanger the individual's health or life or cause serious deprivation of food, clothing, or shelter. Whenever an applicant or recipient is denied eligibility because of a transfer for less than fair market value, the local agency shall notify the applicant or recipient that the applicant or recipient may request a waiver of the period of ineligibility if the denial of eligibility will cause undue hardship. With the written consent of the individual or the personal representative of the individual, a long-term care facility in which an individual is residing may file an undue hardship waiver request, on behalf of the individual who is denied eligibility for long-term care services on or after July 1, 2006, due to a period of ineligibility resulting from a transfer on or after February 8, 2006; or

(6) for transfers occurring after August 10, 1993, the assets were transferred by the person or the person's spouse: (i) into a trust established for the sole benefit of a son or daughter of any age who is blind or disabled as defined by the Supplemental Security Income program; or (ii) into a trust established for the sole benefit of an individual who is under 65 years of age who is disabled as defined by the Supplemental Security Income program. "For the sole benefit of" has the meaning found in section 256B.059, subdivision 1.

(b) Subject to paragraph (c), when evaluating a hardship waiver, the local agency shall take into account whether the individual was the victim of financial exploitation, whether

the individual has made reasonable efforts to recover the transferred property or resource, whether the individual has taken any action to prevent the designation of the department as a remainder beneficiary on an annuity as described in section 256B.056, subdivision 11, and other factors relevant to a determination of hardship.

(c) In the case of an imminent threat to the individual's health and well-being, the local agency shall approve a hardship waiver of the portion of an individual's period of ineligibility resulting from a transfer of assets for less than fair market value by or to a person:

(1) convicted of financial exploitation, fraud, or theft upon the individual for the transfer of assets; or

(2) against whom a report of financial exploitation upon the individual has been substantiated. For purposes of this paragraph, "financial exploitation" and "substantiated" have the meanings given in section 626.5572.

(d) The local agency shall make a determination within 30 days of the receipt of all necessary information needed to make such a determination. If the local agency does not approve a hardship waiver, the local agency shall issue a written notice to the individual stating the reasons for the denial and the process for appealing the local agency's decision. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services provided within:

(1) 30 months of a transfer made on or before August 10, 1993;

(2) 60 months of a transfer if the assets were transferred after August 30, 1993, to a trust or portion of a trust that is considered a transfer of assets under federal law;

(3) 36 months of a transfer if transferred in any other manner after August 10, 1993, but prior to February 8, 2006; or

(4) 60 months of any transfer made on or after February 8, 2006,

or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action.

Sec. 66. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 13e, is amended to read:

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the ingredient costs of the drugs plus the professional dispensing fee; or the usual and customary price charged to the public. The usual and customary price means the lowest price charged by the provider to a patient who pays for the prescription by cash,

check, or charge account and includes prices the pharmacy charges to a patient enrolled in a prescription savings club or prescription discount club administered by the pharmacy or pharmacy chain. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any third-party provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The professional dispensing fee shall be $10.77 for prescriptions filled with legend drugs meeting the definition of "covered outpatient drugs" according to United States Code, title 42, section 1396r-8(k)(2). The dispensing fee for intravenous solutions that must be compounded by the pharmacist shall be $10.77 per claim. The professional dispensing fee for prescriptions filled with over-the-counter drugs meeting the definition of covered outpatient drugs shall be $10.77 for dispensed quantities equal to or greater than the number of units contained in the manufacturer's original package. The professional dispensing fee shall be prorated based on the percentage of the package dispensed when the pharmacy dispenses a quantity less than the number of units contained in the manufacturer's original package. The pharmacy dispensing fee for prescribed over-the-counter drugs not meeting the definition of covered outpatient drugs shall be $3.65 for quantities equal to or greater than the number of units contained in the manufacturer's original package and shall be prorated based on the percentage of the package dispensed when the pharmacy dispenses a quantity less than the number of units contained in the manufacturer's original package. The National Average Drug Acquisition Cost (NADAC) shall be used to determine the ingredient cost of a drug. For drugs for which a NADAC is not reported, the commissioner shall estimate the ingredient cost at the wholesale acquisition cost minus two percent. The ingredient cost of a drug for a provider participating in the federal 340B Drug Pricing Program shall be either the 340B Drug Pricing Program ceiling price established by the Health Resources and Services Administration or NADAC, whichever is lower. Wholesale acquisition cost is defined as the manufacturer's list price for a drug or biological to wholesalers or direct purchasers in the United States, not including prompt pay or other discounts, rebates, or reductions in price, for the most recent month for which information is available, as reported in wholesale price guides or other publications of drug or biological pricing data. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to the actual acquisition cost of the drug product and no higher than the NADAC of the generic product. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) Pharmacies dispensing prescriptions to residents of long-term care facilities using an automated drug distribution system meeting the requirements of section 151.58, or a

packaging system meeting the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse, may employ retrospective billing for prescription drugs dispensed to long-term care facility residents. A retrospectively billing pharmacy must submit a claim only for the quantity of medication used by the enrolled recipient during the defined billing period. A retrospectively billing pharmacy must use a billing period not less than one calendar month or 30 days.

(c) A pharmacy provider using packaging that meets the standards set forth in Minnesota Rules, part 6800.2700, is required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse, unless the pharmacy is using retrospective billing. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(d) If a pharmacy dispenses a multisource drug, the ingredient cost shall be the NADAC of the generic product or the maximum allowable cost established by the commissioner unless prior authorization for the brand name product has been granted according to the criteria established by the Drug Formulary Committee as required by subdivision 13f, paragraph (a), and the prescriber has indicated "dispense as written" on the prescription in a manner consistent with section 151.21, subdivision 2.

(e) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider, 106 percent of the average sales price as determined by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. If average sales price is unavailable, the amount of payment must be lower of the usual and customary cost submitted by the provider, the wholesale acquisition cost, the specialty pharmacy rate, or the maximum allowable cost set by the commissioner. The commissioner shall discount the payment rate for drugs obtained through the federal 340B Drug Pricing Program by 28.6 percent. The payment for drugs administered in an outpatient setting shall be made to the administering facility or practitioner. A retail or specialty pharmacy dispensing a drug for administration in an outpatient setting is not eligible for direct reimbursement.

(f) The commissioner may establish maximum allowable cost rates for specialty pharmacy products that are lower than the ingredient cost formulas specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are

defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, antihemophilic factor products, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the Formulary Committee to develop a list of specialty pharmacy products subject to maximum allowable cost reimbursement. In consulting with the Formulary Committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the maximum allowable cost to prevent access to care issues.

(g) Home infusion therapy services provided by home infusion therapy pharmacies must be paid at rates according to subdivision 8d.

(h) The commissioner shall contract with a vendor to conduct a cost of dispensing survey for all pharmacies that are physically located in the state of Minnesota that dispense outpatient drugs under medical assistance. The commissioner shall ensure that the vendor has prior experience in conducting cost of dispensing surveys. Each pharmacy enrolled with the department to dispense outpatient prescription drugs to fee-for-service members must respond to the cost of dispensing survey. The commissioner may sanction a pharmacy under section 256B.064 for failure to respond. The commissioner shall require the vendor to measure a single statewide cost of dispensing for specialty prescription drugs and a single statewide cost of dispensing for nonspecialty prescription drugs for all responding pharmacies to measure the mean, mean weighted by total prescription volume, mean weighted by medical assistance prescription volume, median, median weighted by total prescription volume, and median weighted by total medical assistance prescription volume. The commissioner shall post a copy of the final cost of dispensing survey report on the department's website. The initial survey must be completed no later than January 1, 2021, and repeated every three years. The commissioner shall provide a summary of the results of each cost of dispensing survey and provide recommendations for any changes to the dispensing fee to the chairs and ranking minority members of the legislative committees with jurisdiction over medical assistance pharmacy reimbursement. Notwithstanding section 256.01, subdivision 42, this paragraph does not expire.

(i) The commissioner shall increase the ingredient cost reimbursement calculated in paragraphs (a) and (f) by 1.8 percent for prescription and nonprescription drugs subject to the wholesale drug distributor tax under section 295.52.

Sec. 67. Minnesota Statutes 2022, section 256B.0625, subdivision 56, is amended to read:

Subd. 56. **Medical service coordination.** (a)(1) Medical assistance covers in-reach community-based service coordination that is performed through a hospital emergency department as an eligible procedure under a state ~~healthcare~~ health care program for a frequent user. A frequent user is defined as an individual who has frequented the hospital emergency department for services three or more times in the previous four consecutive months. In-reach community-based service coordination includes navigating services to address a client's mental health, chemical health, social, economic, and housing needs, or any other activity targeted at reducing the incidence of emergency room and other nonmedically necessary health care utilization.

(2) Medical assistance covers in-reach community-based service coordination that is performed through a hospital emergency department or inpatient psychiatric unit for a child or young adult up to age 21 with a serious emotional disturbance who has frequented the hospital emergency room two or more times in the previous consecutive three months or been admitted to an inpatient psychiatric unit two or more times in the previous consecutive four months, or is being discharged to a shelter.

(b) Reimbursement must be made in 15-minute increments and allowed for up to 60 days posthospital discharge based upon the specific identified emergency department visit or inpatient admitting event. In-reach community-based service coordination shall seek to connect frequent users with existing covered services available to them, including, but not limited to, targeted case management, waiver case management, or care coordination in a health care home. For children and young adults with a serious emotional disturbance, in-reach community-based service coordination includes navigating and arranging for community-based services prior to discharge to address a client's mental health, chemical health, social, educational, family support and housing needs, or any other activity targeted at reducing multiple incidents of emergency room use, inpatient readmissions, and other nonmedically necessary health care utilization. In-reach services shall seek to connect them with existing covered services, including targeted case management, waiver case management, care coordination in a health care home, children's therapeutic services and supports, crisis services, and respite care. The commissioner shall then determine the amount of a supplemental payment to Hennepin County Medical Center and Regions Hospital for these services that would increase medical assistance spending in this category to the aggregate upper payment limit for all nonstate government hospitals in Minnesota. In making this determination, the commissioner shall allot the available increases between Hennepin County Medical Center and Regions Hospital based on the ratio of medical assistance fee-for-service outpatient hospital payments to the two facilities. The commissioner shall adjust this allotment as necessary based on federal approvals, the amount of intergovernmental transfers received from Hennepin and Ramsey Counties, and other factors, in order to maximize the additional total payments. The commissioner shall inform Hennepin County and Ramsey County of the periodic intergovernmental transfers necessary to match federal Medicaid payments available under this subdivision in order to make supplementary medical assistance payments to Hennepin County Medical Center and Regions Hospital equal to an amount that when combined with existing medical assistance payments to nonstate governmental hospitals would increase total payments to hospitals in this category for outpatient services to the aggregate upper payment limit for all hospitals in this category in Minnesota. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to Hennepin County Medical Center and Regions Hospital.

(b) For the purposes of this subdivision and subdivision 3, the commissioner shall determine an upper payment limit for physicians and other billing professionals affiliated with Hennepin County Medical Center and with Regions Hospital. The upper payment limit shall be based on the average commercial rate or be determined using another method acceptable to the Centers for Medicare and Medicaid Services. The commissioner shall inform Hennepin County and Ramsey County of the periodic intergovernmental transfers necessary to match the federal Medicaid payments available under this subdivision in order to make supplementary payments to physicians and other billing professionals affiliated with Hennepin County Medical Center and to make supplementary payments to physicians and other billing professionals affiliated with Regions Hospital through HealthPartners Medical Group equal to the difference between the established medical assistance payment for physician and other billing professional services and the upper payment limit. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to physicians and other billing professionals affiliated with Hennepin County Medical Center

and shall make supplementary payments to physicians and other billing professionals affiliated with Regions Hospital through HealthPartners Medical Group.

(c) Beginning January 1, 2010, Ramsey County may make monthly voluntary intergovernmental transfers to the commissioner in amounts not to exceed $6,000,000 per year. The commissioner shall increase the medical assistance capitation payments to any licensed health plan under contract with the medical assistance program that agrees to make enhanced payments to Regions Hospital. The increase shall be in an amount equal to the annual value of the monthly transfers plus federal financial participation, with each health plan receiving its pro rata share of the increase based on the pro rata share of medical assistance admissions to Regions Hospital by those plans. For the purposes of this paragraph, "the base amount" means the total annual value of increased medical assistance capitation payments, including the voluntary intergovernmental transfers, under this paragraph in calendar year 2017. For managed care contracts beginning on or after January 1, 2018, the commissioner shall reduce the total annual value of increased medical assistance capitation payments under this paragraph by an amount equal to ten percent of the base amount, and by an additional ten percent of the base amount for each subsequent contract year until December 31, 2025. Upon the request of the commissioner, health plans shall submit individual-level cost data for verification purposes. The commissioner may ratably reduce these payments on a pro rata basis in order to satisfy federal requirements for actuarial soundness. If payments are reduced, transfers shall be reduced accordingly. Any licensed health plan that receives increased medical assistance capitation payments under the intergovernmental transfer described in this paragraph shall increase its medical assistance payments to Regions Hospital by the same amount as the increased payments received in the capitation payment described in this paragraph. This paragraph expires January 1, 2026.

The upper payment limit shall be based on the average commercial rate or be determined using another method acceptable to the Centers for Medicare and Medicaid Services. The commissioner shall inform Hennepin County, the city of St. Paul, and other participating governmental entities of the periodic intergovernmental transfers necessary to match the federal Medicaid payments available under this subdivision in order to make supplementary payments to Hennepin County Medical Center, the city of St. Paul, and other participating governmental entities equal to

the difference between the established medical assistance payment for ambulance services and the upper payment limit. Upon receipt of these periodic transfers, the commissioner shall make supplementary payments to Hennepin County Medical Center, the city of St. Paul, and other participating governmental entities. A tribal government that owns and operates an ambulance service is not eligible to participate under this subdivision.

The upper payment limit shall be based on the average commercial rate or be determined using another method acceptable to the Centers for Medicare and Medicaid Services. The commissioner shall inform the University of Minnesota Medical School and University of Minnesota School of Dentistry of the periodic intergovernmental transfers necessary to match the federal Medicaid payments available under this subdivision in order to make supplementary payments to physicians, dentists, and other billing professionals affiliated with the University of Minnesota and the University of Minnesota Physicians equal to the difference between the established medical assistance payment for physician, dentist, and other billing professional services and the upper payment limit. If the combined amount of such supplemental payment amounts and existing medical assistance payments for inpatient hospital services to all nonstate government hospitals is less than the upper payment limit, the commissioner shall increase the supplemental payment amount for each eligible nonstate government hospital in proportion to the initial supplemental payments in order to maximize the additional total payments.

(b) The commissioner shall inform each eligible nonstate government hospital and associated governmental entities of voluntary intergovernmental transfers necessary to provide the nonfederal share for the supplemental payment amount attributable to each eligible nonstate government hospital, as calculated under paragraph (a).

(c) Upon receipt of a voluntary intergovernmental transfer from a governmental entity associated with an eligible nonstate government hospital or from the eligible nonstate government hospital, the commissioner shall make a supplemental payment, using the amounts calculated under paragraph (a), to the associated eligible nonstate government hospital.

(iii) powerline credit under section 273.425.

(b) Estimated market value under paragraph (a) also includes the market value of tax-exempt property if the applicable law specifically provides that the limitation, qualification, or aid calculation includes tax-exempt property.

(c) Unless otherwise provided, "market value," "estimated market value," and "market valuation" for purposes of property tax levy limitations and calculation of state aid, refer to the estimated market value for the previous assessment year and for purposes of limits on net debt, the issuance of bonds, certificates of indebtedness, or capital notes refer to the estimated market value as last finally equalized.

(d) For purposes of a provision of a home rule charter or of any special law that is not codified in the statutes and that imposes a levy limitation based on market value or any limit on debt, the issuance of bonds, certificates of indebtedness, or capital notes based on market

value, the terms "market value," "taxable market value," and "market valuation," whether equalized or unequalized, mean "estimated market value" as defined in paragraph (a).

Sec. 86. Minnesota Statutes 2022, section 273.121, subdivision 1, is amended to read:

Subdivision 1. **Notice.** Any county assessor or city assessor having the powers of a county assessor, valuing or classifying taxable real property shall in each year notify those persons whose property is to be included on the assessment roll that year if the person's address is known to the assessor, otherwise the occupant of the property. The notice shall be in writing and shall be sent by ordinary mail at least ten days before the meeting of the local board of appeal and equalization under section 274.01 or the review process established under section 274.13, subdivision 1c. Upon written request by the owner of the property, the assessor may send the notice in electronic form or by electronic mail instead of on paper or by ordinary mail. It shall contain: (1) the market value for the current and prior assessment~~,~~; (2) ~~the qualifying amount of any improvements under section 273.11, subdivision 16, for the current assessment, (3)~~ the market value subject to taxation after subtracting the amount of any qualifying improvements for the current assessment~~, (4)~~; (3) the classification of the property for the current and prior assessment~~, (5)~~; (4) the assessor's office address~~,~~ and ~~(6)~~; (5) the dates, places, and times set for the meetings of the local board of appeal and equalization, the review process established under section 274.13, subdivision 1c, and the county board of appeal and equalization. If the classification of the property has changed between the current and prior assessments, a specific note to that effect shall be prominently listed on the statement. The commissioner of revenue shall specify the form of the notice. The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed. Any assessor who is not provided sufficient funds from the assessor's governing body to provide such notices, may make application to the commissioner of revenue to finance such notices. The commissioner of revenue shall conduct an investigation and, if satisfied that the assessor does not have the necessary funds, issue a certification to the commissioner of management and budget of the amount necessary to provide such notices. The commissioner of management and budget shall issue a payment for such amount and shall deduct such amount from any state payment to such county or municipality. The necessary funds to make such payments are hereby appropriated. Failure to receive the notice shall in no way affect the validity of the assessment, the resulting tax, the procedures of any board of review or equalization, or the enforcement of delinquent taxes by statutory means.

Sec. 87. Minnesota Statutes 2022, section 276.04, subdivision 2, is amended to read:

Subd. 2. **Contents of tax statements.** (a) The treasurer shall provide for the printing of the tax statements. The commissioner of revenue shall prescribe the form of the property tax statement and its contents. The tax statement must not state or imply that property tax credits are paid by the state of Minnesota. The statement must contain a tabulated statement of the dollar amount due to each taxing authority and the amount of the state tax from the parcel of real property for which a particular tax statement is prepared. The dollar amounts attributable to the county, the state tax, the voter approved school tax, the other local school tax, the township or municipality, and the total of the metropolitan special taxing districts as defined in section 275.065, subdivision 3, paragraph (i), must be separately stated. The amounts due all other special taxing districts, if any, may be aggregated except that any levies made by the regional rail authorities in the county of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington under chapter 398A shall be listed on a separate line directly under the appropriate county's levy. If the county levy under this paragraph includes an amount for a lake improvement district as defined under sections 103B.501 to 103B.581, the amount attributable for that purpose must be separately stated from the remaining county levy amount. In the case of Ramsey County, if the county levy under this paragraph includes an amount for public library service under section 134.07, the amount attributable for that purpose may be separated from the remaining county levy amount. The amount of the tax on homesteads qualifying under the senior citizens' property tax deferral program under chapter 290B is the total amount of property tax before subtraction of the deferred property tax amount. The amount of the tax on contamination value imposed under sections 270.91 to 270.98, if any, must also be separately stated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. ~~The amount of market value excluded under section 273.11, subdivision 16, if any, must also be listed on the tax statement.~~

(b) The property tax statements for manufactured homes and sectional structures taxed as personal property shall contain the same information that is required on the tax statements for real property.

(c) Real and personal property tax statements must contain the following information in the order given in this paragraph. The information must contain the current year tax information in the right column with the corresponding information for the previous year in a column on the left:

(1) the property's estimated market value under section 273.11, subdivision 1;

(2) the property's homestead market value exclusion under section 273.13, subdivision 35;

(3) the property's taxable market value under section 272.03, subdivision 15;

(4) the property's gross tax, before credits;

(5) for agricultural properties, the credits under sections 273.1384 and 273.1387;

(6) any credits received under sections 273.119; 273.1234 or 273.1235; 273.135; 273.1391; 273.1398, subdivision 4; 469.171; and 473H.10, except that the amount of credit received under section 273.135 must be separately stated and identified as "taconite tax relief"; and

(7) the net tax payable in the manner required in paragraph (a).

(d) If the county uses envelopes for mailing property tax statements and if the county agrees, a taxing district may include a notice with the property tax statement notifying taxpayers when the taxing district will begin its budget deliberations for the current year, and encouraging taxpayers to attend the hearings. If the county allows notices to be included in the envelope containing the property tax statement, and if more than one taxing district relative to a given property decides to include a notice with the tax statement, the county treasurer or auditor must coordinate the process and may combine the information on a single announcement.

Sec. 88. Minnesota Statutes 2023 Supplement, section 289A.08, subdivision 7a, is amended to read:

Subd. 7a. **Pass-through entity tax.** (a) For the purposes of this subdivision, the following terms have the meanings given:

(1) "income" has the meaning given in section 290.01, subdivision 19, paragraph (i). The income of a resident qualifying owner of a qualifying entity that is a partnership or limited liability company taxed as a partnership under the Internal Revenue Code is not subject to allocation outside this state as provided for resident individuals under section 290.17, subdivision 1, paragraph (a). The income of a nonresident qualifying owner of a qualifying entity and the income of a resident qualifying owner of a qualifying entity that is an S corporation, including a qualified subchapter S subsidiary organized under section 1361(b)(3)(B) of the Internal Revenue Code, are allocated and assigned to this state as provided for nonresident partners and shareholders under sections 290.17, 290.191, and 290.20;

(2) "qualifying entity" means a partnership, limited liability company taxed as a partnership or S corporation, or S corporation including a qualified subchapter S subsidiary organized under section 1361(b)(3)(B) of the Internal Revenue Code that has at least one qualifying owner. Qualifying entity does not include a publicly traded partnership, as defined in section 7704 of the Internal Revenue Code; and

(3) "qualifying owner" means:

(i) a resident or nonresident individual or estate that is a partner, member, or shareholder of a qualifying entity;

(ii) a resident or nonresident trust that is a shareholder of a qualifying entity that is an S corporation; or

(iii) a disregarded entity that has a qualifying owner as its single owner.

(b) For taxable years beginning after December 31, 2020, a qualifying entity may elect to file a return and pay the pass-through entity tax imposed under paragraph (c). The election:

(1) must be made on or before the due date or extended due date of the qualifying entity's pass-through entity tax return;

(2) must exclude partners, members, shareholders, or owners who are not qualifying owners;

(3) may only be made by qualifying owners who collectively hold more than 50 percent of the ownership interests in the qualifying entity held by qualifying owners;

(4) is binding on all qualifying owners who have an ownership interest in the qualifying entity; and

(5) once made is irrevocable for the taxable year.

(c) Subject to the election in paragraph (b), a pass-through entity tax is imposed on a qualifying entity in an amount equal to the sum of the tax liability of each qualifying owner.

(d) The amount of a qualifying owner's tax liability under paragraph (c) is the amount of the qualifying owner's income multiplied by the highest tax rate for individuals under section 290.06, subdivision 2c. The computation of a qualifying owner's net investment income tax liability must be computed under section 290.033. When making this determination:

(1) nonbusiness deductions, standard deductions, or personal exemptions are not allowed; and

(2) a credit or deduction is allowed only to the extent allowed to the qualifying owner.

(e) The amount of each credit and deduction used to determine a qualifying owner's tax liability under paragraph (d) must also be used to determine that qualifying owner's income tax liability under chapter 290.

(f) This subdivision does not negate the requirement that a qualifying owner pay estimated tax if the qualifying owner's tax liability would exceed the requirements set forth in section 289A.25. The qualifying owner's liability to pay estimated tax on the qualifying owner's tax liability as determined under paragraph (d) is, however, satisfied when the qualifying entity pays estimated tax in the manner prescribed in section 289A.25 for composite estimated tax.

(g) A qualifying owner's adjusted basis in the interest in the qualifying entity, and the treatment of distributions, is determined as if the election to pay the pass-through entity tax under paragraph (b) is not made.

(h) To the extent not inconsistent with this subdivision, for purposes of this chapter, a pass-through entity tax return must be treated as a composite return and a qualifying entity filing a pass-through entity tax return must be treated as a partnership filing a composite return.

(i) The provisions of subdivision 17 apply to the election to pay the pass-through entity tax under this subdivision.

(j) If a nonresident qualifying owner of a qualifying entity making the election to file and pay the tax under this subdivision has no other Minnesota source income, filing of the pass-through entity tax return is a return for purposes of subdivision 1, provided that the nonresident qualifying owner must not have any Minnesota source income other than the income from the qualifying entity, other electing qualifying entities, and other partnerships electing to file a composite return under subdivision 7. If it is determined that the nonresident qualifying owner has other Minnesota source income, the inclusion of the income and tax liability for that owner under this provision will not constitute a return to satisfy the requirements of subdivision 1. The tax paid for the qualifying owner as part of the pass-through entity tax return is allowed as a payment of the tax by the qualifying owner on the date on which the pass-through entity tax return payment was made.

(k) Once a credit is claimed by a qualifying owner under section 290.06, subdivision 40, a qualifying entity cannot receive a refund for tax paid under this subdivision for any amounts claimed under that section by the qualifying owners. Once a credit is claimed under

section 290.06, subdivision 40, any refund must be claimed in conjunction with a return filed by the qualifying owner.

(l) This ~~section~~ subdivision expires at the same time and on the same terms as section 164(b)(6)(B) of the Internal Revenue Code, except that the expiration of this ~~section~~ subdivision does not affect the commissioner's authority to audit or power of examination and assessments for credits claimed under this section.

Sec. 89. Minnesota Statutes 2022, section 290.0132, subdivision 15, is amended to read:

Subd. 15. **Nonresident military service compensation.** For nonresidents of Minnesota, compensation paid to a service member as defined in United States Code, title 10, section 101(a)(5), for military service as defined in United States Code, ~~Appendix,~~ title 50, section ~~511(2)~~ 3911(2), is a subtraction.

Sec. 90. Minnesota Statutes 2023 Supplement, section 290.0132, subdivision 32, is amended to read:

Subd. 32. **Delayed net operating loss deduction.** The amount of the sum of each addition required in section 290.0131, subdivision 20, for each taxable year, except as otherwise provided, less the sum of all amounts subtracted under this subdivision in all prior taxable years, that does not exceed 80 percent of federal taxable income as defined in section 290.01, subdivision 19, paragraph (b), determined without regard to this subdivision, is a subtraction. Any excess is a delayed net operating loss deduction carryforward, the entire amount of which must be carried to the earliest taxable year. No subtraction under this subdivision is allowed after 20 taxable years from the taxable year in which an operating loss arises. The sum of the additions required under section 290.0131, subdivision 20, paragraph (a), are aggregated and assigned to the taxable year immediately succeeding the taxable year in which the operating loss arises, for purposes of determining the subtraction allowed under this subdivision in that succeeding taxable year and the amount carried forward.

Sec. 91. Minnesota Statutes 2023 Supplement, section 290.067, subdivision 1, is amended to read:

Subdivision 1. **Amount of credit.** (a) A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code except that in determining whether the child qualified as a dependent, income received as a Minnesota family investment program grant or allowance

to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer.

(b) If a child who has not attained the age of six years at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one ~~qualified~~ qualifying individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but has not attained the age of six years at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care.

(c) If a taxpayer:

(1) has a child who has not attained the age of one year at the close of the taxable year; and

(2) does not participate in a dependent care assistance program as defined in section 129 of the Internal Revenue Code, in lieu of the actual employment related expenses paid for that child under paragraph (a) or the deemed amount under paragraph (b), the lesser of (i) the earned income of the taxpayer or (ii) the amount of the maximum limit for one ~~qualified~~ qualifying individual under section 21(c) and (d) of the Internal Revenue Code will be deemed to be the employment related expense paid for that child. The earned income limitation of section 21(d) of the Internal Revenue Code shall not apply to this deemed amount. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

(d) If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

(e) In the case of a nonresident~~,~~ or part-year resident, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

(f) For residents of Minnesota, the subtractions for military pay under section 290.0132, subdivisions 11 and 12, are not considered "earned income not subject to tax under this chapter."

(g) For residents of Minnesota, the exclusion of combat pay under section 112 of the Internal Revenue Code is not considered "earned income not subject to tax under this chapter."

(h) For taxpayers with federal adjusted gross income in excess of $52,230, the credit is equal to the lesser of the credit otherwise calculated under this subdivision, or the amount equal to $600 minus five percent of federal adjusted gross income in excess of $52,230 for taxpayers with one ~~qualified~~ qualifying individual, or $1,200 minus five percent of federal adjusted gross income in excess of $52,230 for taxpayers with two or more ~~qualified~~ qualifying individuals, but in no case is the credit less than zero.

Sec. 92. Minnesota Statutes 2023 Supplement, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. **Additional refund.** (a) If the gross property taxes payable on a homestead increase more than 12 percent over the property taxes payable in the prior year on the same property that is owned and occupied by the same owner on January 2 of both years, and the amount of that increase is $100 or more, a claimant who is a homeowner shall be allowed an additional refund equal to 60 percent of the amount of the increase over the greater of 12 percent of the prior year's property taxes payable or $100. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes. ~~This subdivision shall not apply to any increase in the gross property taxes payable attributable to the termination of valuation exclusions under section 273.11, subdivision 16.~~

The maximum refund allowed under this subdivision is $1,000.

(b) For purposes of this subdivision "gross property taxes payable" means property taxes payable determined without regard to the refund allowed under this subdivision.

(c) In addition to the other proofs required by this chapter, each claimant under this subdivision shall file with the property tax refund return a copy of the property tax statement for taxes payable in the preceding year or other documents required by the commissioner.

(d) Upon request, the appropriate county official shall make available the names and addresses of the property taxpayers who may be eligible for the additional property tax refund under this section. The information shall be provided electronically. The county may recover its costs by charging the person requesting the information the reasonable cost for preparing the data. The information may not be used for any purpose other than for notifying the homeowner of potential eligibility and assisting the homeowner, without charge, in preparing a refund claim.

Sec. 93. Minnesota Statutes 2022, section 297A.71, subdivision 14, is amended to read:

Subd. 14. **Mineral production facilities.** Building materials, equipment, and supplies used for the construction of the following mineral production facilities are exempt.

The mineral production facilities that qualify for this exemption are:

(1) a value added iron products plant, which may be either a new plant or a facility incorporated into an existing plant that produces iron upgraded to a minimum of 75 percent iron content or any iron alloy with a total minimum metallic content of 90 percent;

(2) a facility used for the manufacture of fluxed taconite pellets as defined in section 298.24;

(3) a new capital project that has a total cost of over $40,000,000 that is directly related to production, cost, or quality at an existing taconite facility that does not qualify under clause (1) or (2); and

(4) a new mine or minerals processing plant for any mineral subject to the ~~net~~ gross proceeds tax imposed under section 298.015.

The tax must be imposed and collected as if the rate under section 297A.62, subdivision 1, applied, and then refunded in the manner provided in section 297A.75.

Sec. 94. Minnesota Statutes 2023 Supplement, section 297A.71, subdivision 44, is amended to read:

Subd. 44. **Building materials, capital projects.** (a) Materials and supplies used or consumed in and equipment incorporated into the construction or improvement of a capital

project funded partially or wholly under section 297A.9905 are exempt, provided that the project has a total construction cost of at least $40,000,000 within a 24-month period.

(b) Materials and supplies used or consumed in and equipment incorporated into the construction, remodeling, expansion, or improvement of an ice arena or other buildings or facilities owned and operated by the city of Plymouth are exempt. For purposes of this paragraph, "facilities" include municipal streets and facilities associated with streets including but not limited to lighting, curbs and gutters, and sidewalks. The total amount of refund on all building materials, supplies, and equipment that the city may apply for under this paragraph is $2,500,000.

(c) The tax on purchases exempt under paragraph (a) and paragraph (b) must be imposed and collected as if the rate under section 297A.62, subdivision 1, applied and then refunded in the manner provided in section 297A.75. ~~Notwithstanding section 289A.40, the city of Plymouth must file for refund by December 31, 2017, for sales tax paid on all eligible purchases under paragraph (b) made prior to December 31, 2015.~~

Subdivision 1. **Required fingerprinting.** (a) Sheriffs, peace officers, and community corrections agencies operating secure juvenile detention facilities shall take or cause to be taken immediately fingerprints and thumbprints, photographs, distinctive physical mark identification data, information on any known aliases or street names, and other identification data requested or required by the superintendent of the bureau, of the following:

(1) persons arrested for, appearing in court on a charge of, or convicted of a felony, gross misdemeanor, or targeted misdemeanor;

(7) persons currently involved in the criminal justice process, on probation, on parole, or in custody for any offense whom the superintendent of the bureau identifies as being the subject of a court disposition record which cannot be linked to an arrest record, and whose fingerprints are necessary to reduce the number of suspense files, or to comply with the mandates of section 299C.111, relating to the reduction of the number of suspense files. This duty to obtain fingerprints for the offenses in suspense at the request of the bureau shall include the requirement that fingerprints be taken in post-arrest interviews, while making court appearances, while in custody, or while on any form of probation, diversion, or supervised release.

(b) Unless the superintendent of the bureau requires a shorter period, within 24 hours of taking the fingerprints and data, the fingerprint records and other identification data specified under paragraph (a) must be electronically entered into a bureau-managed searchable database in a manner as may be prescribed by the superintendent.

If finger and thumb prints have not been successfully received by the bureau, an individual may, upon order of the court, be taken into custody for no more than eight hours so that the taking of prints can be completed. Upon notice and motion of the prosecuting attorney, this time period may be extended upon a showing that additional time in custody is essential for the successful taking of prints.

(e) For purposes of this section, a targeted misdemeanor is a misdemeanor violation of section 169A.20 (driving while impaired), 518B.01 (order for protection violation), 609.224 (fifth-degree assault), 609.2242 (domestic assault), 609.746 (interference with privacy), 609.748 (harassment or restraining order violation), ~~609.749~~ 609.79 (obscene or harassing telephone calls), 617.23 (indecent exposure), or 629.75 (domestic abuse no contact order).

If the commissioner determines to exercise the authority under this section for a fiscal year, the commissioner must implement the revenue options, as necessary, in the following order:

(d) Before implementing a revenue source authorized under this section, the commissioner must report the intent to do so to the Legislative Commission on Planning and Fiscal Policy. The commissioner must inform the commission of determinations to continue or discontinue each revenue source for a subsequent fiscal year.

(e) The provisions of this section no longer apply after the Minnesota Sports Facilities Authority certifies to the commissioner that it has determined that the revenues of the general fund under section 297A.994, the increased revenues under chapter 297E, and other available resources of the authority provide adequate financial security for the state and the authority.

**256.021 VULNERABLE ADULT MALTREATMENT REVIEW PANEL.**

(b) This subdivision expires January 1, 2024.

**273.11 VALUATION OF PROPERTY.**

Subd. 16. **Valuation exclusion for certain improvements.** (a) Improvements to homestead property made before January 2, 2003, shall be fully or partially excluded from the value of the property for assessment purposes provided that (1) the house is at least 45 years old at the time of the improvement and (2) the assessor's estimated market value of the house on January 2 of the current year is equal to or less than $400,000.

(b) For purposes of determining this eligibility, "house" means land and buildings.

(c) The age of a residence is the number of years since the original year of its construction. In the case of a residence that is relocated, the relocation must be from a location within the state and the only improvements eligible for exclusion under this subdivision are (1) those for which building permits were issued to the homeowner after the residence was relocated to its present site, and (2) those undertaken during or after the year the residence is initially occupied by the homeowner, excluding any market value increase relating to basic improvements that are necessary to install the residence on its foundation and connect it to utilities at its present site. In the case of an owner-occupied duplex or triplex, the improvement is eligible regardless of which portion of the property was improved.

(d) If the property lies in a jurisdiction which is subject to a building permit process, a building permit must have been issued prior to commencement of the improvement. The improvements for a single project or in any one year must add at least $5,000 to the value of the property to be eligible for exclusion under this subdivision. Only improvements to the structure which is the residence of the qualifying homesteader or construction of or improvements to no more than one two-car garage per residence qualify for the provisions of this subdivision. If an improvement was begun between January 2, 1992, and January 2, 1993, any value added from that improvement for the January 1994 and subsequent assessments shall qualify for exclusion under this subdivision provided that a building permit was obtained for the improvement between January 2, 1992, and January 2, 1993. Whenever a building permit is issued for property currently classified as homestead, the issuing jurisdiction shall notify the property owner of the possibility of valuation exclusion under this subdivision. The assessor shall require an application, including documentation of the age of the house from the owner, if unknown by the assessor. The application may be filed subsequent to the date of the building permit provided that the application must be filed within three years of the date the building permit was issued for the improvement. If the property lies in a jurisdiction which is not subject to a building permit process, the application must be filed within three years of the date the improvement was made. The assessor may require proof from the taxpayer of the date the improvement was made. Applications must be received prior to July 1 of any year in order to be effective for taxes payable in the following year.

No exclusion for an improvement may be granted by a local board of review or county board of equalization, and no abatement of the taxes for qualifying improvements may be granted by the county board unless (1) a building permit was issued prior to the commencement of the improvement if the jurisdiction requires a building permit, and (2) an application was completed.

(e) The assessor shall note the qualifying value of each improvement on the property's record, and the sum of those amounts shall be subtracted from the value of the property in each year for ten years after the improvement has been made. After ten years the amount of the qualifying value shall be added back as follows:

(1) 50 percent in the two subsequent assessment years if the qualifying value is equal to or less than $10,000 market value; or

(2) 20 percent in the five subsequent assessment years if the qualifying value is greater than $10,000 market value.

(f) If an application is filed after the first assessment date at which an improvement could have been subject to the valuation exclusion under this subdivision, the ten-year period during which the value is subject to exclusion is reduced by the number of years that have elapsed since the property would have qualified initially. The valuation exclusion shall terminate whenever (1) the property is sold, or (2) the property is reclassified to a class which does not qualify for treatment under this subdivision. Improvements made by an occupant who is the purchaser of the property under a conditional purchase contract do not qualify under this subdivision unless the seller of the property is a governmental entity. The qualifying value of the property shall be computed based upon the increase from that structure's market value as of January 2 preceding the acquisition of the property by the governmental entity.

(g) The total qualifying value for a homestead may not exceed $50,000. The total qualifying value for a homestead with a house that is less than 70 years old may not exceed $25,000. The term "qualifying value" means the increase in estimated market value resulting from the improvement if the improvement occurs when the house is at least 70 years old, or one-half of the increase in estimated market value resulting from the improvement otherwise. The $25,000 and $50,000 maximum qualifying value under this subdivision may result from multiple improvements to the homestead.

(h) If 50 percent or more of the square footage of a structure is voluntarily razed or removed, the valuation increase attributable to any subsequent improvements to the remaining structure does not qualify for the exclusion under this subdivision. If a structure is unintentionally or accidentally destroyed by a natural disaster, the property is eligible for an exclusion under this subdivision provided that the structure was not completely destroyed. The qualifying value on property destroyed by a natural disaster shall be computed based upon the increase from that structure's market value as determined on January 2 of the year in which the disaster occurred. A property receiving benefits under the homestead disaster provisions under sections 273.1231 to 273.1235 is not disqualified from receiving an exclusion under this subdivision. If any combination of improvements made to a structure after January 1, 1993, increases the size of the structure by 100 percent or more, the

valuation increase attributable to the portion of the improvement that causes the structure's size to exceed 100 percent does not qualify for exclusion under this subdivision.

**297A.71 CONSTRUCTION EXEMPTIONS.**

Subd. 45. **Biopharmaceutical manufacturing facility.** (a) Materials and supplies used or consumed in, capital equipment incorporated into, and privately owned infrastructure in support of the construction, improvement, or expansion of a biopharmaceutical manufacturing facility in the state are exempt if the commissioner of employment and economic development certifies to the commissioner of revenue that the following criteria are met:

(1) the facility is used for the manufacturing of biologics;

(2) the total capital investment made at the facility exceeds $50,000,000; and

(3) the facility creates and maintains at least 190 full-time equivalent positions at the facility. These positions must be new jobs in Minnesota and not the result of relocating jobs that currently exist in Minnesota.

(b) The tax must be imposed and collected as if the rate under section 297A.62 applied, and refunded in the manner provided in section 297A.75.

(c) To be eligible for a refund, the owner of the biopharmaceutical manufacturing facility must:

(1) initially apply to the commissioner of employment and economic development for certification no later than one year from the final completion date of construction, improvement, or expansion of the facility; and

(2) for each year that the owner of the biopharmaceutical manufacturing facility applies for a refund, the commissioner of revenue must have received written certification from the commissioner of employment and economic development that the facility has met the criteria of paragraph (a).

(d) The refund is to be paid annually at a rate of 25 percent of the total allowable refund payable to date, with the commissioner making annual payments of the remaining refund until all of the refund has been paid.

(e) For purposes of this subdivision, "biopharmaceutical" and "biologics" are interchangeable and mean medical drugs or medicinal preparations produced using technology that uses biological systems, living organisms, or derivatives of living organisms to make or modify products or processes for specific use. The medical drugs or medicinal preparations include but are not limited to proteins, antibodies, nucleic acids, and vaccines.

This section applies only to personal sick leave benefits payable to the employee from the employer's general assets.

(b) An employee may use sick leave as allowed under this section for safety leave, whether or not the employee's employer allows use of sick leave for that purpose for such reasonable periods of time as may be necessary. This paragraph does not apply to absences due to the illness or injury of a child, as defined in section 181.940, subdivision 4.

Where more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner shall identify one as lead agency for the purpose of receiving money under this section.~~

~~(b)~~ (a) Prior to distributing operating assistance to eligible recipients for any contract period, the commissioner ~~shall~~ must place all recipients into one of the following classifications: large urbanized area service, small ~~urban~~ urbanized area service, rural area service, ~~and~~ elderly and disabled service, and complementary paratransit service (ADA).

~~(c)~~ (b) The commissioner ~~shall~~ must distribute ~~funds~~ the operating assistance amount under this section so that the percentage ~~of total contracted operating cost~~ from local sources paid by any recipient ~~from local sources~~ will not exceed the following percentage for that recipient's classification, except as provided in this subdivision~~. The percentages must be~~:

(1) for urbanized area service and small urban area service, 20 percent;

(2) for rural area service, 15 percent; and

(3) for elderly and disabled service and complementary paratransit service (ADA), 15 percent.

~~Except as provided in a United States Department of Transportation program allowing or requiring a lower percentage to be paid from local sources, the remainder of the recipient's total contracted operating cost will be paid from state sources of funds less any assistance received by the recipient from the United States Department of Transportation.~~

~~(d)~~ (c) For purposes of this subdivision, "local sources" means all local sources of funds and includes all operating revenue, tax levies, and contributions from public funds~~, except that the commissioner may exclude from the total assistance contract revenues derived from operations the cost of which is excluded from the computation of total operating cost~~.

~~(e)~~ (d) If a recipient informs the commissioner in writing after the establishment of these percentages but prior to the distribution of financial assistance for any year that paying its designated percentage of ~~total operating cost~~ the operating assistance amount from local sources will cause undue hardship, the commissioner may reduce the percentage to be paid from local sources by the recipient and increase the percentage to be paid from local sources by one or more other recipients inside or outside the classification. However, the commissioner may not reduce or increase any recipient's percentage under this paragraph for more than two years successively. If for any year the funds appropriated to the commissioner to carry out the purposes of this section are insufficient to allow the commissioner to pay the state share of ~~total operating cost~~ the operating assistance amount as provided in this paragraph, the commissioner ~~shall~~ must reduce the state share in each classification to the extent necessary.

Sec. 10. Minnesota Statutes 2022, section 174.24, subdivision 3c, is amended to read:

Subd. 3c. **Nonoperating assistance.** The commissioner ~~shall~~ must determine the total cost of any planning and engineering design, capital assistance, other capital expenditures, and other assistance for public transit services that furthers the purposes of section 174.21 for any public transit system receiving or applying for the assistance in accordance with generally accepted accounting principles. The percentage of local sources paid by any recipient must not exceed 20 percent of the awarded amount. To be eligible for non-operating-cost financial assistance, an applicant or recipient ~~shall~~ must provide to the commissioner all financial records and other information and ~~shall~~ must permit any inspection

reasonably necessary to determine total cost and the amount of assistance that may be paid to the applicant or recipient. When more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner ~~shall~~ must identify one as a lead agency for the purpose of receiving money under this section. The commissioner has the sole discretion to determine the amount of state funds distributed to any recipient for non-operating-cost assistance.

Sec. 11. Minnesota Statutes 2022, section 174.247, is amended to read:

## ARTICLE 3
## CONFORMING CHANGES

Section 1. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service" means motor vehicle transportation provided by a public or private person that serves Minnesota health care program beneficiaries who do not require emergency ambulance service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

(b) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means a census-tract based classification system under which a geographical area is determined to be urban, rural, or super rural.

(c) Medical assistance covers medical transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, nonemergency medical transportation company, or other recognized providers of transportation services. Medical transportation must be provided by:

(1) nonemergency medical transportation providers who meet the requirements of this subdivision;

(2) ambulances, as defined in section 144E.001, subdivision 2;

(3) taxicabs that meet the requirements of this subdivision;

(4) public transit, within the meaning of "public transportation" as defined in section 174.22, subdivision 7; or

(5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472, subdivision 1, paragraph (h).

(d) Medical assistance covers nonemergency medical transportation provided by nonemergency medical transportation providers enrolled in the Minnesota health care programs. All nonemergency medical transportation providers must comply with the operating standards for special transportation service as defined in sections 174.29 to 174.30 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the commissioner and reported on the claim as the individual who provided the service. All nonemergency medical transportation providers shall bill for nonemergency medical transportation services in accordance with Minnesota health care programs criteria. Publicly operated transit systems, volunteers, and not-for-hire vehicles are exempt from the requirements outlined in this paragraph.

(e) An organization may be terminated, denied, or suspended from enrollment if:

(1) the provider has not initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

(2) the provider has initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

(i) the commissioner has sent the provider a notice that the individual has been disqualified under section 245C.14; and

(ii) the individual has not received a disqualification set-aside specific to the special transportation services provider under sections 245C.22 and 245C.23.

(f) The administrative agency of nonemergency medical transportation must:

(1) adhere to the policies defined by the commissioner;

(2) pay nonemergency medical transportation providers for services provided to Minnesota health care programs beneficiaries to obtain covered medical services;

(3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled trips, and number of trips by mode; and

(4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single administrative structure assessment tool that meets the technical requirements established by the commissioner, reconciles trip information with claims being submitted by providers, and ensures prompt payment for nonemergency medical transportation services.

(g) Until the commissioner implements the single administrative structure and delivery system under subdivision 18e, clients shall obtain their level-of-service certificate from the commissioner or an entity approved by the commissioner that does not dispatch rides for clients using modes of transportation under paragraph (l), clauses (4), (5), (6), and (7).

(h) The commissioner may use an order by the recipient's attending physician, advanced practice registered nurse, physician assistant, or a medical or mental health professional to certify that the recipient requires nonemergency medical transportation services. Nonemergency medical transportation providers shall perform driver-assisted services for eligible individuals, when appropriate. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs, child seats, or stretchers in the vehicle.

(i) Nonemergency medical transportation providers must take clients to the health care provider using the most direct route, and must not exceed 30 miles for a trip to a primary care provider or 60 miles for a trip to a specialty care provider, unless the client receives authorization from the local agency.

(j) Nonemergency medical transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Nonemergency medical transportation providers must maintain trip logs, which include pickup and drop-off times, signed by the medical provider or client, whichever is deemed most appropriate, attesting to mileage traveled to obtain covered medical services. Clients requesting client mileage reimbursement must sign the trip log attesting mileage traveled to obtain covered medical services.

(k) The administrative agency shall use the level of service process established by the commissioner to determine the client's most appropriate mode of transportation. If public transit or a certified transportation provider is not available to provide the appropriate service mode for the client, the client may receive a onetime service upgrade.

(l) The covered modes of transportation are:

(1) client reimbursement, which includes client mileage reimbursement provided to clients who have their own transportation, or to family or an acquaintance who provides transportation to the client;

(2) volunteer transport, which includes transportation by volunteers using their own vehicle;

(3) unassisted transport, which includes transportation provided to a client by a taxicab or public transit. If a taxicab or public transit is not available, the client can receive transportation from another nonemergency medical transportation provider;

(4) assisted transport, which includes transport provided to clients who require assistance by a nonemergency medical transportation provider;

(5) lift-equipped/ramp transport, which includes transport provided to a client who is dependent on a device and requires a nonemergency medical transportation provider with a vehicle containing a lift or ramp;

(6) protected transport, which includes transport provided to a client who has received a prescreening that has deemed other forms of transportation inappropriate and who requires a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety locks, a video recorder, and a transparent thermoplastic partition between the passenger and the vehicle driver; and (ii) who is certified as a protected transport provider; and

(7) stretcher transport, which includes transport for a client in a prone or supine position and requires a nonemergency medical transportation provider with a vehicle that can transport a client in a prone or supine position.

(m) The local agency shall be the single administrative agency and shall administer and reimburse for modes defined in paragraph (l) according to paragraphs (p) and (q) when the commissioner has developed, made available, and funded the web-based single administrative structure, assessment tool, and level of need assessment under subdivision 18e. The local agency's financial obligation is limited to funds provided by the state or federal government.

(n) The commissioner shall:

(1) verify that the mode and use of nonemergency medical transportation is appropriate;

(2) verify that the client is going to an approved medical appointment; and

(3) investigate all complaints and appeals.

(o) The administrative agency shall pay for the services provided in this subdivision and seek reimbursement from the commissioner, if appropriate. As vendors of medical care,

local agencies are subject to the provisions in section 256B.041, the sanctions and monetary recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

(p) Payments for nonemergency medical transportation must be paid based on the client's assessed mode under paragraph (k), not the type of vehicle used to provide the service. The medical assistance reimbursement rates for nonemergency medical transportation services that are payable by or on behalf of the commissioner for nonemergency medical transportation services are:

(1) $0.22 per mile for client reimbursement;

(2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer transport;

(3) equivalent to the standard fare for unassisted transport when provided by public transit, and $12.10 for the base rate and $1.43 per mile when provided by a nonemergency medical transportation provider;

(4) $14.30 for the base rate and $1.43 per mile for assisted transport;

(5) $19.80 for the base rate and $1.70 per mile for lift-equipped/ramp transport;

(6) $75 for the base rate and $2.40 per mile for protected transport; and

(7) $60 for the base rate and $2.40 per mile for stretcher transport, and $9 per trip for an additional attendant if deemed medically necessary.

(q) The base rate for nonemergency medical transportation services in areas defined under RUCA to be super rural is equal to 111.3 percent of the respective base rate in paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation services in areas defined under RUCA to be rural or super rural areas is:

(1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage rate in paragraph (p), clauses (1) to (7); and

(2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage rate in paragraph (p), clauses (1) to (7).

(r) For purposes of reimbursement rates for nonemergency medical transportation services under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine whether the urban, rural, or super rural reimbursement rate applies.

(s) The commissioner, when determining reimbursement rates for nonemergency medical transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

(t) Effective for the first day of each calendar quarter in which the price of gasoline as posted publicly by the United States Energy Information Administration exceeds $3.00 per gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent up or down for every increase or decrease of ten cents for the price of gasoline. The increase or decrease must be calculated using a base gasoline price of $3.00. The percentage increase or decrease must be calculated using the average of the most recently available price of all grades of gasoline for Minnesota as posted publicly by the United States Energy Information Administration.

Subp. 2. **Passenger fare.** "Passenger fare" means revenue earned from transporting passengers on the public transit system, including a cash fare, a donation received instead of a set fare, and an advance fare received from the sale of a coupon, token, or pass.

Subp. 7. **Other financial assistance.** "Other financial assistance" includes revenue earned from an activity not associated with the provision of the recipient's transit service but which is applied to help cover the system's costs, including tax levies, a federal cash grant, senior citizen fare assistance, investment income, and any general donation.

**8835.0320 CAPITAL ASSISTANCE.**

Subpart 1. **Budget.** An applicant seeking financial assistance for capital costs shall include in its budget a description of the vehicle, facility, or equipment desired, its cost and the reason for the request.

Subp. 2. **Criteria.** The department shall use the following criteria to evaluate requests for capital assistance:

A. the extent to which the request maintains public transit services, promotes safety, and promotes efficient operations;

B. the extent to which accessibility is enhanced; and

C. the availability of local share money.

Subp. 3. **Allocation formula.** The department shall determine the amount of capital assistance for the public transit participation program according to the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c. Except as provided in subparts 4 and 5, the department shall fund 80 percent of the capital costs approved by the department under the public transit participation program. The recipient shall provide the remaining 20 percent of the approved capital costs from local sources.

Subp. 4. **Program deviation from allocation formula.** Under the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c, the department may establish a capital assistance allocation formula that deviates from the formula established in subpart 3. In setting this formula, the department must consider all relevant conditions relating to funding the public transit participation program.

Subp. 5. **Individual exception to allocation formula.** The department may deviate from the capital assistance allocation formula for an exceptional circumstance. A recipient that seeks capital assistance from the public transit participation program in an amount greater than the allocation formula, established under subpart 3 or 4, must make a written request to the department that includes:

A. a detailed description of the exceptional circumstance that is the basis of the written request; and

B. a resolution from the governing body that the request is due to an exceptional circumstance.

The department shall consider a request for an individual exception to the allocation formula after assessing the nature of the exceptional circumstance, balancing the request against other requests from recipients for capital assistance, and considering the assurance provided by the governing body that the circumstance that gave rise to the request is exceptional.

Subp. 6. **Vehicle replacement or disposition.** The department shall determine financial assistance to a public transit system to replace, refurbish, or dispose of a vehicle based on the condition of the vehicle and the availability of funds.

Subp. 7. **Contract.** The financial assistance contract between the department and the recipient must specify the maximum amount of capital assistance to be allocated to the

recipient and the terms and conditions of assistance. The department shall determine the actual amount of capital assistance based on the availability of funds.

Subpart 1. **Content.** The financial assistance contract is a cost reimbursement contract that is based on the total operating cost in part 8835.0280. The contract must specify the maximum amount of financial assistance to be awarded to the recipient by the department and state the terms and conditions of assistance. The management plan must be incorporated into the contract as a legal part of the contract document. A resolution by the governing body, as provided in part 8835.0250, subpart 5, must be included with the contract.

Subp. 3. **Penalties.** If a recipient fails to comply with the terms and conditions of the contract, the department may withhold payment at any time or may terminate the financial assistance contract upon 30 days' written notice.

Subp. 4. **Amendments.** A recipient or the department may initiate an amendment to the contract. Before implementation, an amendment must be fully executed by the parties to the original contract, or their successors.

**8835.0350 FINANCIAL RECORDS.**

Subpart 1. **Records.** A recipient and any third party contractor shall maintain their financial records in accordance with generally accepted accounting principles. The records must permit audit verification of transit cost allocations claimed during the contract period. The recipient and any third party contractor also shall keep records on miles and hours of service and passenger trips. Records must be kept available for a period of six years from the date of final payment or the expiration date of the contract, whichever occurs first.

Subp. 3. **Audits.** The financial records of the recipient must be audited. They may be audited by the department or the department may accept all or part of the audit of an independent auditor instead of a departmental audit if the audit meets department standards. In addition to chapter 8835, department audits must be based on the contract cost principles and procedures in Code of Federal Regulations, title 48, chapter 1, part 31, and Office of Management and Budget Circular, Number A-87 and Number A-122, as amended. The financial records of a subcontractor may be audited at the department's discretion. The department shall submit year-end financial statements to the department auditor by April 15 of the year following the period covered by the financial assistance contract. Audits at the end of a contract period must establish approved total operating costs. New recipients are subject to a preaward audit before contract execution and fund encumbrance. As provided by Minnesota Statutes, section 16C.05, subdivision 5, the records, books, documents, and accounting practices of the recipient and of any third party contractor relating to the contract are subject to audit and examination by the department and the legislative auditor during working hours. If the department determines it has overpaid a recipient on a previous contract, the department may reduce payments under the current contract by the amount of overpayment.

Subp. 4. **Project monitoring.** The department shall use the management plan required under part 8835.0260 as a basis for monitoring and evaluating the performance of the public transit system during the contract period. Public transit policy decisions made by the recipient and actions taken during the contract period must conform with the management plan. A proposed deviation from the management plan must be reported to the department and approval secured in writing before implementation. Approval will be granted if it is clearly documented that the proposed deviation will not increase overall project costs. Failure to secure approval jeopardizes continued financial assistance.

Subp. 5. **Reserve account.** If a public transit system generates operating revenue in excess of the recipient's local share amount, the recipient shall deposit the excess into a reserve account to be used for approved operating expenses that are not covered by the contract or for part of the local share of capital expenses of the transit system. The recipient

shall report this revenue and expenses charged against it to the department on reporting forms provided by the department.

~~(e)~~ (d) If a recipient informs the commissioner in writing after the establishment of these percentages but prior to the distribution of financial assistance for any year that paying its designated percentage of ~~total operating cost~~ the operating assistance amount from local sources will cause undue hardship, the commissioner may reduce the percentage to be paid from local sources by the recipient and increase the percentage to be paid from local sources by one or more other recipients inside or outside the classification. However, the commissioner may not reduce or increase any recipient's percentage under this paragraph for more than two years successively. If for any year the funds appropriated to the commissioner to carry out the purposes of this section are insufficient to allow the commissioner to pay the state share of ~~total operating cost~~ the operating assistance amount as provided in this paragraph, the commissioner ~~shall~~ must reduce the state share in each classification to the extent necessary.

The percentage of local sources paid by any recipient must not exceed 20 percent of the awarded amount. To be eligible for non-operating-cost financial assistance, an applicant or recipient ~~shall~~ must provide to the commissioner all financial records and other information and ~~shall~~ must permit any inspection reasonably necessary to determine total cost and the amount of assistance that may be paid to the applicant or recipient. When more than one county or municipality contributes assistance to the operation of a public transit system, the commissioner ~~shall~~ must identify one as a lead agency for the purpose of receiving money under this section. The commissioner has the sole discretion to determine the amount of state funds distributed to any recipient for non-operating-cost assistance.

Sec. 11. Minnesota Statutes 2022, section 174.247, is amended to read:

Sec. 12. Minnesota Statutes 2023 Supplement, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. **Transportation costs.** (a) "Nonemergency medical transportation service" means motor vehicle transportation provided by a public or private person that serves Minnesota health care program beneficiaries who do not require emergency ambulance service, as defined in section 144E.001, subdivision 3, to obtain covered medical services.

(b) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means a census-tract based classification system under which a geographical area is determined to be urban, rural, or super rural.

(c) Medical assistance covers medical transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, nonemergency medical transportation company, or other recognized providers of transportation services. Medical transportation must be provided by:

(1) nonemergency medical transportation providers who meet the requirements of this subdivision;

(2) ambulances, as defined in section 144E.001, subdivision 2;

(3) taxicabs that meet the requirements of this subdivision;

(4) public transit, within the meaning of "public transportation" as defined in section 174.22, subdivision 7; or

(5) not-for-hire vehicles, including volunteer drivers, as defined in section 65B.472, subdivision 1, paragraph (h).

(d) Medical assistance covers nonemergency medical transportation provided by nonemergency medical transportation providers enrolled in the Minnesota health care programs. All nonemergency medical transportation providers must comply with the operating standards for special transportation service as defined in sections 174.29 to 174.30 and Minnesota Rules, chapter 8840, and all drivers must be individually enrolled with the commissioner and reported on the claim as the individual who provided the service. All nonemergency medical transportation providers shall bill for nonemergency medical

transportation services in accordance with Minnesota health care programs criteria. Publicly operated transit systems, volunteers, and not-for-hire vehicles are exempt from the requirements outlined in this paragraph.

(e) An organization may be terminated, denied, or suspended from enrollment if:

(1) the provider has not initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3); or

(2) the provider has initiated background studies on the individuals specified in section 174.30, subdivision 10, paragraph (a), clauses (1) to (3), and:

(i) the commissioner has sent the provider a notice that the individual has been disqualified under section 245C.14; and

(ii) the individual has not received a disqualification set-aside specific to the special transportation services provider under sections 245C.22 and 245C.23.

(f) The administrative agency of nonemergency medical transportation must:

(1) adhere to the policies defined by the commissioner;

(2) pay nonemergency medical transportation providers for services provided to Minnesota health care programs beneficiaries to obtain covered medical services;

(3) provide data monthly to the commissioner on appeals, complaints, no-shows, canceled trips, and number of trips by mode; and

(4) by July 1, 2016, in accordance with subdivision 18e, utilize a web-based single administrative structure assessment tool that meets the technical requirements established by the commissioner, reconciles trip information with claims being submitted by providers, and ensures prompt payment for nonemergency medical transportation services.

(g) Until the commissioner implements the single administrative structure and delivery system under subdivision 18e, clients shall obtain their level-of-service certificate from the commissioner or an entity approved by the commissioner that does not dispatch rides for clients using modes of transportation under paragraph (l), clauses (4), (5), (6), and (7).

(h) The commissioner may use an order by the recipient's attending physician, advanced practice registered nurse, physician assistant, or a medical or mental health professional to certify that the recipient requires nonemergency medical transportation services. Nonemergency medical transportation providers shall perform driver-assisted services for eligible individuals, when appropriate. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance

of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs, child seats, or stretchers in the vehicle.

(i) Nonemergency medical transportation providers must take clients to the health care provider using the most direct route, and must not exceed 30 miles for a trip to a primary care provider or 60 miles for a trip to a specialty care provider, unless the client receives authorization from the local agency.

(j) Nonemergency medical transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Nonemergency medical transportation providers must maintain trip logs, which include pickup and drop-off times, signed by the medical provider or client, whichever is deemed most appropriate, attesting to mileage traveled to obtain covered medical services. Clients requesting client mileage reimbursement must sign the trip log attesting mileage traveled to obtain covered medical services.

(k) The administrative agency shall use the level of service process established by the commissioner to determine the client's most appropriate mode of transportation. If public transit or a certified transportation provider is not available to provide the appropriate service mode for the client, the client may receive a onetime service upgrade.

(l) The covered modes of transportation are:

(1) client reimbursement, which includes client mileage reimbursement provided to clients who have their own transportation, or to family or an acquaintance who provides transportation to the client;

(2) volunteer transport, which includes transportation by volunteers using their own vehicle;

(3) unassisted transport, which includes transportation provided to a client by a taxicab or public transit. If a taxicab or public transit is not available, the client can receive transportation from another nonemergency medical transportation provider;

(4) assisted transport, which includes transport provided to clients who require assistance by a nonemergency medical transportation provider;

(5) lift-equipped/ramp transport, which includes transport provided to a client who is dependent on a device and requires a nonemergency medical transportation provider with a vehicle containing a lift or ramp;

(6) protected transport, which includes transport provided to a client who has received a prescreening that has deemed other forms of transportation inappropriate and who requires

a provider: (i) with a protected vehicle that is not an ambulance or police car and has safety locks, a video recorder, and a transparent thermoplastic partition between the passenger and the vehicle driver; and (ii) who is certified as a protected transport provider; and

(7) stretcher transport, which includes transport for a client in a prone or supine position and requires a nonemergency medical transportation provider with a vehicle that can transport a client in a prone or supine position.

(m) The local agency shall be the single administrative agency and shall administer and reimburse for modes defined in paragraph (l) according to paragraphs (p) and (q) when the commissioner has developed, made available, and funded the web-based single administrative structure, assessment tool, and level of need assessment under subdivision 18e. The local agency's financial obligation is limited to funds provided by the state or federal government.

(n) The commissioner shall:

(1) verify that the mode and use of nonemergency medical transportation is appropriate;

(2) verify that the client is going to an approved medical appointment; and

(3) investigate all complaints and appeals.

(o) The administrative agency shall pay for the services provided in this subdivision and seek reimbursement from the commissioner, if appropriate. As vendors of medical care, local agencies are subject to the provisions in section 256B.041, the sanctions and monetary recovery actions in section 256B.064, and Minnesota Rules, parts 9505.2160 to 9505.2245.

(p) Payments for nonemergency medical transportation must be paid based on the client's assessed mode under paragraph (k), not the type of vehicle used to provide the service. The medical assistance reimbursement rates for nonemergency medical transportation services that are payable by or on behalf of the commissioner for nonemergency medical transportation services are:

(1) $0.22 per mile for client reimbursement;

(2) up to 100 percent of the Internal Revenue Service business deduction rate for volunteer transport;

(3) equivalent to the standard fare for unassisted transport when provided by public transit, and $12.10 for the base rate and $1.43 per mile when provided by a nonemergency medical transportation provider;

(4) $14.30 for the base rate and $1.43 per mile for assisted transport;

(5) $19.80 for the base rate and $1.70 per mile for lift-equipped/ramp transport;

(6) $75 for the base rate and $2.40 per mile for protected transport; and

(7) $60 for the base rate and $2.40 per mile for stretcher transport, and $9 per trip for an additional attendant if deemed medically necessary.

(q) The base rate for nonemergency medical transportation services in areas defined under RUCA to be super rural is equal to 111.3 percent of the respective base rate in paragraph (p), clauses (1) to (7). The mileage rate for nonemergency medical transportation services in areas defined under RUCA to be rural or super rural areas is:

(1) for a trip equal to 17 miles or less, equal to 125 percent of the respective mileage rate in paragraph (p), clauses (1) to (7); and

(2) for a trip between 18 and 50 miles, equal to 112.5 percent of the respective mileage rate in paragraph (p), clauses (1) to (7).

(r) For purposes of reimbursement rates for nonemergency medical transportation services under paragraphs (p) and (q), the zip code of the recipient's place of residence shall determine whether the urban, rural, or super rural reimbursement rate applies.

(s) The commissioner, when determining reimbursement rates for nonemergency medical transportation under paragraphs (p) and (q), shall exempt all modes of transportation listed under paragraph (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

(t) Effective for the first day of each calendar quarter in which the price of gasoline as posted publicly by the United States Energy Information Administration exceeds $3.00 per gallon, the commissioner shall adjust the rate paid per mile in paragraph (p) by one percent up or down for every increase or decrease of ten cents for the price of gasoline. The increase or decrease must be calculated using a base gasoline price of $3.00. The percentage increase or decrease must be calculated using the average of the most recently available price of all grades of gasoline for Minnesota as posted publicly by the United States Energy Information Administration.

Subpart 1. **Operating revenue categories; local sources.** In determining the local sources of funds that may comprise the fixed percentage of total operating costs to be paid by a recipient in accordance with the distribution classifications in Minnesota Statutes, sections 174.24, subdivision 3b, the definitions of revenue categories in subparts 2 to 7 apply and have the meanings given them.

Subp. 2. **Passenger fare.** "Passenger fare" means revenue earned from transporting passengers on the public transit system, including a cash fare, a donation received instead of a set fare, and an advance fare received from the sale of a coupon, token, or pass.

Subp. 7. **Other financial assistance.** "Other financial assistance" includes revenue earned from an activity not associated with the provision of the recipient's transit service but which is applied to help cover the system's costs, including tax levies, a federal cash grant, senior citizen fare assistance, investment income, and any general donation.

**8835.0320 CAPITAL ASSISTANCE.**

Subpart 1. **Budget.** An applicant seeking financial assistance for capital costs shall include in its budget a description of the vehicle, facility, or equipment desired, its cost and the reason for the request.

A. the extent to which the request maintains public transit services, promotes safety, and promotes efficient operations;

B. the extent to which accessibility is enhanced; and

C. the availability of local share money.

Subp. 3. **Allocation formula.** The department shall determine the amount of capital assistance for the public transit participation program according to the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c. Except as provided in subparts 4 and 5, the department shall fund 80 percent of the capital costs approved by the department under the public transit participation program. The recipient shall provide the remaining 20 percent of the approved capital costs from local sources.

Subp. 4. **Program deviation from allocation formula.** Under the discretion provided to the commissioner in Minnesota Statutes, section 174.24, subdivision 3c, the department may establish a capital assistance allocation formula that deviates from the formula established in subpart 3. In setting this formula, the department must consider all relevant conditions relating to funding the public transit participation program.

Subp. 5. **Individual exception to allocation formula.** The department may deviate from the capital assistance allocation formula for an exceptional circumstance. A recipient that seeks capital assistance from the public transit participation program in an amount greater than the allocation formula, established under subpart 3 or 4, must make a written request to the department that includes:

A. a detailed description of the exceptional circumstance that is the basis of the written request; and

B. a resolution from the governing body that the request is due to an exceptional circumstance.

The department shall consider a request for an individual exception to the allocation formula after assessing the nature of the exceptional circumstance, balancing the request against other requests from recipients for capital assistance, and considering the assurance provided by the governing body that the circumstance that gave rise to the request is exceptional.

Subp. 6. **Vehicle replacement or disposition.** The department shall determine financial assistance to a public transit system to replace, refurbish, or dispose of a vehicle based on the condition of the vehicle and the availability of funds.

Subp. 7. **Contract.** The financial assistance contract between the department and the recipient must specify the maximum amount of capital assistance to be allocated to the recipient and the terms and conditions of assistance. The department shall determine the actual amount of capital assistance based on the availability of funds.

Subpart 1. **Content.** The financial assistance contract is a cost reimbursement contract that is based on the total operating cost in part 8835.0280. The contract must specify the maximum amount of financial assistance to be awarded to the recipient by the department and state the terms and conditions of assistance. The management plan must be incorporated into the contract as a legal part of the contract document. A resolution by the governing body, as provided in part 8835.0250, subpart 5, must be included with the contract.

Subp. 3. **Penalties.** If a recipient fails to comply with the terms and conditions of the contract, the department may withhold payment at any time or may terminate the financial assistance contract upon 30 days' written notice.

Subp. 4. **Amendments.** A recipient or the department may initiate an amendment to the contract. Before implementation, an amendment must be fully executed by the parties to the original contract, or their successors.

**8835.0350 FINANCIAL RECORDS.**

Subpart 1. **Records.** A recipient and any third party contractor shall maintain their financial records in accordance with generally accepted accounting principles. The records must permit audit verification of transit cost allocations claimed during the contract period. The recipient and any third party contractor also shall keep records on miles and hours of service and passenger trips. Records must be kept available for a period of six years from the date of final payment or the expiration date of the contract, whichever occurs first.

Subp. 3. **Audits.** The financial records of the recipient must be audited. They may be audited by the department or the department may accept all or part of the audit of an independent auditor instead of a departmental audit if the audit meets department standards. In addition to chapter 8835, department audits must be based on the contract cost principles and procedures in Code of Federal Regulations, title 48, chapter 1, part 31, and Office of Management and Budget Circular, Number A-87 and Number A-122, as amended. The financial records of a subcontractor may be audited at the department's discretion. The department shall submit year-end financial statements to the department auditor by April 15 of the year following the period covered by the financial assistance contract. Audits at the end of a contract period must establish approved total operating costs. New recipients are subject to a preaward audit before contract execution and fund encumbrance. As provided by Minnesota Statutes, section 16C.05, subdivision 5, the records, books, documents, and accounting practices of the recipient and of any third party contractor relating to the contract are subject to audit and examination by the department and the legislative auditor during working hours. If the department determines it has overpaid a recipient on a previous contract, the department may reduce payments under the current contract by the amount of overpayment.

Subp. 4. **Project monitoring.** The department shall use the management plan required under part 8835.0260 as a basis for monitoring and evaluating the performance of the public transit system during the contract period. Public transit policy decisions made by the recipient and actions taken during the contract period must conform with the management plan. A proposed deviation from the management plan must be reported to the department and approval secured in writing before implementation. Approval will be granted if it is clearly documented that the proposed deviation will not increase overall project costs. Failure to secure approval jeopardizes continued financial assistance.

Subp. 5. **Reserve account.** If a public transit system generates operating revenue in excess of the recipient's local share amount, the recipient shall deposit the excess into a

reserve account to be used for approved operating expenses that are not covered by the contract or for part of the local share of capital expenses of the transit system. The recipient shall report this revenue and expenses charged against it to the department on reporting forms provided by the department.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

## ARTICLE 1

## ELECTRONIC LICENSE SYSTEM

Section 1. Minnesota Statutes 2022, section 14.386, is amended to read:

**14.386 PROCEDURE FOR ADOPTING EXEMPT RULES; DURATION.**

(a) A rule adopted, amended, or repealed by an agency, under a statute enacted after January 1, 1997, authorizing or requiring rules to be adopted but excluded from the rulemaking provisions of chapter 14 or from the definition of a rule, has the force and effect of law only if:

(1) the revisor of statutes approves the form of the rule by certificate;

(2) the person authorized to adopt the rule on behalf of the agency signs an order adopting the rule;

(3) the Office of Administrative Hearings approves the rule as to its legality within 14 days after the agency submits it for approval and files four paper copies or an electronic copy of the adopted rule with the revisor's certificate in the Office of the Secretary of State; and

(4) a copy is published by the agency in the State Register.

The secretary of state shall forward one copy of the rule to the governor.

A statute enacted after January 1, 1997, authorizing or requiring rules to be adopted but excluded from the rulemaking provisions of chapter 14 or from the definition of a rule does not excuse compliance with this section unless it makes specific reference to this section.

(b) A rule adopted under this section is effective for a period of two years from the date of publication of the rule in the State Register. The authority for the rule expires at the end of this two-year period.

(c) The chief administrative law judge shall adopt rules relating to the rule approval duties imposed by this section and section 14.388, including rules establishing standards for review.

(d) This section does not apply to:

(1) any group or rule listed in section 14.03, subdivisions 1 and 3, except as otherwise provided by law;

(2) game and fish rules of the commissioner of natural resources adopted under section 84.027, subdivision 13, or sections 97A.0451 to 97A.0459;

(3) experimental and special management waters designated by the commissioner of natural resources under sections 97C.001 and 97C.005;

(4) game refuges designated by the commissioner of natural resources under section 97A.085; or

(5) transaction fees established by the commissioner of natural resources for electronic or telephone sales of licenses, stamps, permits, registrations, or transfers under section 84.027, subdivision 15, paragraph (a), clause ~~(3)~~ (2).

(e) If a statute provides that a rule is exempt from chapter 14, and section 14.386 does not apply to the rule, the rule has the force of law unless the context of the statute delegating the rulemaking authority makes clear that the rule does not have force of law.

Sec. 2. Minnesota Statutes 2022, section 84.027, subdivision 15, is amended to read:

Subd. 15. **Electronic transactions.** (a) The commissioner may receive an application for, sell, and issue any license, stamp, permit, pass, sticker, gift card, safety training certification, registration, or transfer under the jurisdiction of the commissioner by electronic means, including by telephone. Notwithstanding section 97A.472, electronic and telephone transactions may be made outside of the state. The commissioner may:

(1) provide for the electronic transfer of funds generated by electronic transactions, including by telephone;

~~(2) assign an identification number to an applicant who purchases a hunting or fishing license or recreational vehicle registration by electronic means, to serve as temporary~~

~~authorization to engage in the activity requiring a license or registration until the license or registration is received or expires;~~

~~(3)~~ (2) charge and permit agents to charge a fee of individuals who make electronic transactions and transactions by telephone or Internet, including issuing fees and an additional transaction fee not to exceed $3.50;

~~(4)~~ (3) charge and permit agents to charge a convenience fee not to exceed three percent of the cost of the license to individuals who use electronic bank cards for payment. An electronic licensing system agent charging a fee of individuals making an electronic bank card transaction in person must post a sign informing individuals of the fee. The sign must be near the point of payment, clearly visible, include the amount of the fee, and state: "License agents are allowed by state law to charge a fee not to exceed three percent of the cost of state licenses to persons who use electronic bank cards for payment. The fee is not required by state law.";

~~(5)~~ (4) establish, by written order, an electronic licensing system commission to be paid by revenues generated from all sales made through the electronic licensing system. The commissioner shall establish the commission in a manner that neither significantly overrecovers nor underrecovers costs involved in providing the electronic licensing system; and

~~(6)~~ (5) adopt rules to administer the provisions of this subdivision.

(b) The fees established under paragraph (a), clauses (2) and (3) ~~and (4)~~, and the commission established under paragraph (a), clause ~~(5)~~ (4), are not subject to the rulemaking procedures of chapter 14 and section 14.386 does not apply.

(c) Money received from fees and commissions collected under this subdivision, including interest earned, is annually appropriated from the game and fish fund and the natural resources fund to the commissioner for the cost of electronic licensing.

(d) Game and fish licenses under chapters 97A, 97B, and 97C shall be available by electronic transaction, regardless of whether all or any part of the biennial appropriation law for the department has been enacted. If, by July 1 of an odd-numbered year, legislation has not been enacted to appropriate money to the commissioner of management and budget for central accounting, procurement, payroll, and human resources functions, amounts necessary to operate those functions for the purpose of this paragraph are appropriated from the general fund to the commissioner of management and budget. As necessary, the commissioner may transfer a portion of this appropriation to other state agencies to support carrying out these functions. Any subsequent appropriation to the commissioner of

management and budget for a biennium in which this section is applicable supersedes and replaces the funding authorized in this paragraph.

Subd. 7a. **Pasture.** "Pasture" means land that is used for grazing by domestic livestock and that is not considered land with crop history.

Sec. 68. Minnesota Statutes 2022, section 103F.511, is amended by adding a subdivision to read:

Subd. 7b. **Perennial cover.** "Perennial cover" means:

(1) existing or established perennial vegetation within the easement boundary; or

(2) a restored or existing wetland or water-covered area within the easement boundary.

Sec. 69. Minnesota Statutes 2022, section 103F.515, is amended to read:

**103F.515 REINVEST IN MINNESOTA RESERVE PROGRAM.**

Subdivision 1. **Establishment.** The board, in consultation with the commissioner of agriculture and the commissioner of natural resources, shall establish and administer the reinvest in Minnesota reserve program. The board shall implement sections 103F.505 to 103F.531. Selection of land for the reinvest in Minnesota reserve program must be based on its ~~enhancement potential for fish, wildlife, and native plant habitats, reducing erosion, and protecting water quality~~ benefit to accomplishing the purposes in section 103F.505.

Subd. 2. **Eligible land.** (a) Land may be placed in the reinvest in Minnesota reserve program if the land meets the requirements of paragraphs (b) and (c) or paragraph (d).

(b) Land is eligible if the land:

(1) is marginal agricultural land;

(2) is adjacent to marginal agricultural land and is either beneficial to resource protection or necessary for efficient recording of the land description;

(3) consists of a drained wetland;

(4) is land that with a windbreak or water quality improvement practice would be beneficial to resource protection;

(5) is land in a sensitive groundwater area;

(6) is riparian or floodplain land;

(7) is cropland or noncropland adjacent to restored wetlands to the extent of up to eight acres of cropland or ~~one acre of~~ noncropland for each acre of wetland restored;

(8) is a woodlot on agricultural land;

(9) is abandoned building site on agricultural land, provided that funds are not used for compensation of the value of the buildings; ~~or~~

(10) is land used for pasture~~.~~; or

(11) is land in an environmentally sensitive area, including grasslands, peatlands, shorelands, karst geology, trout stream watersheds, and forest lands in priority areas.

(c) Eligible land under paragraph (a) must:

(1) be owned by the landowner, or a parent or other blood relative of the landowner, for at least one year before the date of application;

~~(2) be at least five acres in size, except for a drained wetland area, riparian area, windbreak, woodlot, wellhead protection area, or abandoned building site, or be a whole field;~~

~~(3)~~ (2) not be set aside, enrolled or diverted under another federal or state government program unless enrollment in the reinvest in Minnesota reserve program would provide additional conservation benefits or a longer term of enrollment than under the current federal or state program; and

~~(4) have been in agricultural crop production for at least two of the last five years before the date of application except drained wetlands, riparian lands, woodlots, abandoned building sites, environmentally sensitive areas, wellhead protection areas, or land used for pasture.~~

(3) benefit the purposes in section 103F.505.

(d) Land is eligible if the land is within a wellhead protection area as defined under section 103I.005, subdivision 24, and has a wellhead protection plan approved by the commissioner of health.

(e) In selecting land for enrollment in the program, highest priority must be given to permanent easements that are consistent with the purposes stated in section 103F.505.

Subd. 3. **Conservation easements.** (a) The board may acquire, or accept by gift or donation, conservation easements on eligible land. An easement may be permanent or of limited duration. An easement acquired on land for wetland restoration or windbreak

purposes, under subdivision 2, may be only of permanent duration. An easement of limited duration may not be acquired if it is for a period less than 20 years. The negotiation and acquisition of easements authorized by this section are exempt from the contractual provisions of chapters 16B and 16C.

(b) The board may acquire, or accept by gift or donation, flowage easements when necessary for completion of wetland restoration projects.

Subd. 4. **Nature of property rights acquired.** (a) A conservation easement must prohibit:

(1) alteration of wildlife habitat and other natural features, unless specifically approved by the board;

(2) agricultural crop production and livestock grazing, unless specifically approved by the board for conservation management purposes or extreme drought; ~~and~~

(3) spraying with chemicals or mowing, except:

(i) as necessary to comply with noxious weed control laws;

(ii) for emergency control of pests necessary to protect public health; or

(iii) as approved by the board for conservation management purposes~~.~~; and

(4) extracting or mining any gravel, rock, or topsoil.

(b) A conservation easement is subject to the terms of the agreement provided in subdivision 5.

(c) A conservation easement must allow repairs, improvements, and inspections necessary to maintain public drainage systems provided the easement area is restored to the condition required by the terms of the conservation easement.

(d) Notwithstanding paragraph (a), the board must permit the harvest of native grasses for use in seed production or bioenergy on wellhead protection lands eligible under subdivision 2, paragraph (d).

(e) A conservation easement must allow the board and its employees and agents to enter the easement area for inspection and for enforcing the terms and conditions of the conservation easement.

Subd. 5. **Agreements by landowner.** The board may enroll eligible land in the reinvest in Minnesota reserve program by signing an agreement ~~in recordable form~~ with a landowner in which the landowner agrees:

(1) to convey to the state a conservation easement that is not subject to any prior ~~title, lien, or encumbrance~~ liens or encumbrances that are determined to be objectionable by the attorney general;

(2) to seed the land subject to the conservation easement, as specified in the agreement, to establish and maintain perennial cover of either a grass-legume mixture or native grasses for the term of the easement, at seeding rates determined by the board; or to plant trees or carry out other long-term capital improvements approved by the board for soil and water conservation or wildlife management;

(3) to convey to the state a permanent easement for the wetland restoration;

~~(4) that other land supporting natural vegetation owned or leased as part of the same farm operation at the time of application, if it supports natural vegetation and has not been used in agricultural crop production, will not be converted to agricultural crop production or pasture; and~~

~~(5)~~ (4) that the easement duration may be lengthened through mutual agreement with the board in consultation with the commissioners of agriculture and natural resources if they determine that the changes effectuate the purpose of the program or facilitate its administration~~.~~;

(5) to be responsible for operating and maintaining approved practices designated in the conservation plan;

(6) to pay, when due, all taxes and assessments that may be levied against the easement area;

(7) to remove any existing structures as required before the conservation easement is conveyed and not place, erect, or construct structures on the easement area;

(8) to remove any existing hazardous and toxic substances or any pollutants and contaminants before the conservation easement is conveyed and not place such substances, pollutants, or contaminants on the easement area; and

(9) to properly seal all abandoned wells on the easement area before the conservation easement is conveyed and pay all associated costs.

Subd. 6. **Payments for easements.** (a) The board shall establish rates for payments to the landowner for the conservation easement and related practices. The board shall consider market factors, including the township average equalized estimated market value of property as established by the commissioner of revenue at the time of easement application.

(b) The board may establish a payment system for flowage easements acquired under this section.

(c) For wetland restoration projects involving more than one conservation easement, state payments for restoration costs may exceed the limits set by the board for an individual easement provided the total payment for the restoration project does not exceed the amount payable for the total number of acres involved.

~~(d) The board may use available nonstate funds to exceed the payment limits in this section.~~

Subd. 7. **Easement renewal.** When a conservation easement of limited duration expires, a new conservation easement and agreement for an additional period of not less than 20 years may be acquired by agreement of the board and the landowner, under the terms of this section. The board may adjust payment rates as a result of renewing an agreement and conservation easement only after examining the condition of the established cover, conservation practices, and land values.

Subd. 8. **Correcting boundary lines.** To correct errors in legal descriptions for easements that affect the ownership interests in the state and adjacent landowners, the board may, in the name of the state, with the approval of the attorney general, convey, without consideration, interests of the state necessary to correct legal descriptions of boundaries. The conveyance must be by quitclaim deed or release in a form approved by the attorney general.

Subd. 9. **Enforcement and damages.** (a) A landowner who violates the term of a conservation easement or agreement under this section, or induces, assists, or allows another to do so, is liable to the state for treble damages if the trespass is willful, but liable for double damages only if the trespass is not willful. The amount of damages is the amount needed to make the state whole or the amount the landowner has gained due to the violation, whichever is greater.

(b) ~~Upon the request of the board,~~ The board may request that the attorney general commence a legal action for a violation, and the attorney general may commence an action for specific performances, injunctive relief, damages, including attorney's fees, and any other appropriate relief to enforce sections 103F.505 to 103F.531 in district court in the county where all or part of the violation is alleged to have been committed, or where the landowner resides or has a principal place of business. In addition to or in lieu of making a request under this paragraph, the board may use its authority under section 103B.101,

subdivision 12, to issue a penalty order for a violation. The penalties may be forgiven, in whole or in part, upon compliance with the conservation easement conditions.

(c) A landowner is not in violation of the conservation easement if a failure of approved practices was caused by reasons beyond the landowner's control.

Subd. 10. **Use for mitigation prohibited.** Money made available under the reinvest in Minnesota reserve program may not be used for environmental regulatory or wetland mitigation purposes required under federal or state law.

Sec. 70. **[103F.527] CONSERVATION PRACTICES.**

Subdivision 1. **Approved practices.** An approved practice must be consistent with section 103F.505. The landowner is responsible for establishing all approved practices on the easement area as specified by the board.

Subd. 2. **Approved practices eligible for reimbursement.** The board must determine which approved practices are eligible for payments or reimbursement under a conservation easement program. Food plots are not eligible for payments or reimbursement under a conservation easement program.

Subd. 3. **Money from other sources.** The board may augment money available to pay for or reimburse approved practices with money from other agencies, organizations, or individuals.

Sec. 71. **[103F.528] SOIL AND WATER CONSERVATION DISTRICT RESPONSIBILITIES.**

Subdivision 1. **Program delegation.** With the consent of the Board of Water and Soil Resources, a district may enter into an agreement with others, as authorized under section 103C.231, to delegate, in whole or in part, the responsibility for administering a conservation easement program.

Subd. 2. **Land in more than one district.** If an application involves land in more than one district, the districts or delegated parties may jointly agree for one of the districts or delegated parties to be the responsible party to review and prioritize the application and complete all tasks necessary to convey the conservation easement to the Board of Water and Soil Resources.

Subd. 3. **Violations and enforcement.** The district may take measures that are necessary to ensure landowner compliance with the conservation agreement, conservation easement, and conservation plan. If the district is unsuccessful in obtaining landowner compliance,

the district must notify the Board of Water and Soil Resources of the violation and may recommend appropriate measures to be taken to correct the violation.

Sec. 72. Minnesota Statutes 2022, section 103F.535, subdivision 5, is amended to read:

Subd. 5. **Altering conservation easements.** (a) Conservation easements may be altered, released, or terminated by the board after consultation with the commissioners of agriculture and natural resources. The board may alter, release, or terminate a conservation easement only if the board determines that the public interest and general welfare are better served by the alteration, release, or termination.

(b) The board may adopt policies and procedures to implement this subdivision, including provisions to ensure at least equal resource value as a condition of approving a request to alter, release, or terminate a conservation easement.

(c) The landowner must compensate the board for damages and loss of benefits to the conservation easement that result from the alteration, release, or termination. The board may require the landowner to reimburse the board's administrative expenses and costs incurred in altering, releasing, or terminating a conservation easement.

Sec. 73. Minnesota Statutes 2022, section 103G.005, subdivision 14d, is amended to read:

Subd. 14d. **Project.** "Project" means a specific plan, contiguous activity, proposal, or design necessary to accomplish a goal as defined by the local government unit. As used in this chapter, a project may not be split into components or phases for the ~~sole~~ purpose of gaining additional exemptions.

Sec. 74. Minnesota Statutes 2022, section 103G.005, subdivision 17b, is amended to read:

Subd. 17b. **Wetland type.** "Wetland type" means a wetland type classified according to *Wetlands of the United States*, United States Fish and Wildlife Service Circular 39 (1971 edition)~~, as summarized in this subdivision~~ or *A Hydrogeomorphic Classification for Wetlands*, United States Army Corps of Engineers (August 1993), including updates, supplementary guidance, and replacements, if any, as determined by the board.

~~(1) "Type 1 wetlands" are seasonally flooded basins or flats in which soil is covered with water or is waterlogged during variable seasonal periods but usually is well-drained during much of the growing season. Type 1 wetlands are located in depressions and in overflow bottomlands along watercourses, and in which vegetation varies greatly according to season and duration of flooding and includes bottomland hardwoods as well as herbaceous growths.~~

~~(2) "Type 2 wetlands" are inland fresh meadows in which soil is usually without standing water during most of the growing season but is waterlogged within at least a few inches of surface. Vegetation includes grasses, sedges, rushes, and various broad-leafed plants. Meadows may fill shallow basins, sloughs, or farmland sags, or these meadows may border shallow marshes on the landward side.~~

~~(3) "Type 3 wetlands" are inland shallow fresh marshes in which soil is usually waterlogged early during a growing season and often covered with as much as six inches or more of water. Vegetation includes grasses, bulrushes, spikerushes, and various other marsh plants such as cattails, arrowheads, pickerelweed, and smartweeds. These marshes may nearly fill shallow lake basins or sloughs, or may border deep marshes on the landward side and are also common as seep areas on irrigated lands.~~

~~(4) "Type 4 wetlands" are inland deep fresh marshes in which soil is usually covered with six inches to three feet or more of water during the growing season. Vegetation includes cattails, reeds, bulrushes, spikerushes, and wild rice. In open areas, pondweeds, naiads, coontail, water milfoils, waterweeds, duckweeds, waterlilies, or spatterdocks may occur. These deep marshes may completely fill shallow lake basins, potholes, limestone sinks, and sloughs, or they may border open water in such depressions.~~

~~(5) "Type 5 wetlands" are inland open fresh water, shallow ponds, and reservoirs in which water is usually less than ten feet deep and is fringed by a border of emergent vegetation similar to open areas of type 4 wetland.~~

~~(6) "Type 6 wetlands" are shrub swamps in which soil is usually waterlogged during growing season and is often covered with as much as six inches of water. Vegetation includes alders, willows, buttonbush, dogwoods, and swamp-privet. This type occurs mostly along sluggish streams and occasionally on floodplains.~~

~~(7) "Type 7 wetlands" are wooded swamps in which soil is waterlogged at least to within a few inches of the surface during growing season and is often covered with as much as one foot of water. This type occurs mostly along sluggish streams, on floodplains, on flat uplands, and in shallow basins. Trees include tamarack, arborvitae, black spruce, balsam, red maple, and black ash. Northern evergreen swamps usually have a thick ground cover of mosses. Deciduous swamps frequently support beds of duckweeds and smartweeds.~~

~~(8) "Type 8 wetlands" are bogs in which soil is usually waterlogged and supports a spongy covering of mosses. This type occurs mostly in shallow basins, on flat uplands, and along sluggish streams. Vegetation is woody or herbaceous or both. Typical plants are heath shrubs, sphagnum moss, and sedges. In the north, leatherleaf, Labrador-tea, cranberries,~~

~~carex, and cottongrass are often present. Scattered, often stunted, black spruce and tamarack may occur.~~

Sec. 75. Minnesota Statutes 2023 Supplement, section 103G.005, subdivision 19, is amended to read:

Subd. 19. **Wetlands.** (a) "Wetlands" means lands transitional between terrestrial and aquatic systems where the water table is usually at or near the surface or the land is covered by shallow water. For purposes of this definition, wetlands must have the following three attributes:

(1) have a predominance of hydric soils;

(2) are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and

(3) under normal circumstances support a prevalence of such vegetation.

(b) For the purposes of regulation under this chapter, the term wetlands does not include public waters wetlands as defined in subdivision 15a.

(c) Notwithstanding paragraph (a), wetlands includes deepwater aquatic habitats that are not public waters or public waters wetlands. For purposes of this paragraph, "deepwater aquatic habitats" has the meaning given in *Corps of Engineers Wetlands Delineation Manual*, United States Army Corps of Engineers (January 1987).

Sec. 76. Minnesota Statutes 2022, section 103G.222, subdivision 1, is amended to read:

Subdivision 1. **Requirements.** (a) Wetlands must not be drained or filled, wholly or partially, unless replaced by actions that provide at least equal public value under a replacement plan approved as provided in section 103G.2242, a replacement plan under a local governmental unit's comprehensive wetland protection and management plan approved by the board under section 103G.2243, or, if a permit to mine is required under section 93.481, under a mining reclamation plan approved by the commissioner under the permit to mine. Project-specific wetland-replacement plans submitted as part of a project for which a permit to mine is required and approved by the commissioner on or after July 1, 1991, may include surplus wetland credits to be allocated by the commissioner to offset future mining-related wetland impacts under any permits to mine held by the permittee, the operator, the permittee's or operator's parent, an affiliated subsidiary, or an assignee pursuant to an assignment under section 93.481, subdivision 5. For project-specific wetland replacement

completed prior to wetland impacts authorized or conducted under a permit to mine within the Great Lakes and Rainy River watershed basins, those basins ~~shall be~~ are considered a single watershed for purposes of determining wetland-replacement ratios. Mining reclamation plans ~~shall~~ must apply the same principles and standards for replacing wetlands that are applicable to mitigation plans approved as provided in section 103G.2242. The commissioner must provide notice of an application for wetland replacement under a permit to mine to the county in which the impact is proposed and the county in which a mitigation site is proposed. Public value must be determined in accordance with section 103B.3355 or a comprehensive wetland protection and management plan established under section 103G.2243. Sections 103G.221 to 103G.2372 also apply to excavation in permanently and semipermanently flooded areas of ~~types 3, 4, and 5~~ wetlands.

(b) Replacement must be guided by the following principles in descending order of priority:

(1) avoiding the direct or indirect impact of the activity that may destroy or diminish the wetland;

(2) minimizing the impact by limiting the degree or magnitude of the wetland activity and its implementation;

(3) rectifying the impact by repairing, rehabilitating, or restoring the affected wetland environment;

(4) reducing or eliminating the impact over time by preservation and maintenance operations during the life of the activity;

(5) compensating for the impact by restoring a wetland; and

(6) compensating for the impact by replacing or providing substitute wetland resources or environments.

For a project involving the draining or filling of wetlands in an amount not exceeding 10,000 square feet more than the applicable amount in section 103G.2241, subdivision 9, paragraph (a), the local government unit may make an on-site sequencing determination without a written alternatives analysis from the applicant.

(c) If a wetland is located in a cultivated field, then replacement must be accomplished through restoration only without regard to the priority order in paragraph (b), provided that the altered wetland is not converted to a nonagricultural use for at least ten years.

(d) If a wetland is replaced under paragraph (c), or drained under section 103G.2241, ~~subdivision 2, paragraph (b) or (c),~~ subdivision 1, clause (1), the local government unit may

require a deed restriction that prohibits nonagricultural use for at least ten years. The local government unit may require the deed restriction if it determines the wetland area drained is at risk of conversion to a nonagricultural use within ten years based on the zoning classification, proximity to a municipality or full service road, or other criteria as determined by the local government unit.

(e) Restoration and replacement of wetlands must be accomplished in accordance with the ecology of the landscape area affected and ponds that are created primarily to fulfill stormwater management, and water quality treatment requirements may not be used to satisfy replacement requirements under this chapter unless the design includes pretreatment of runoff and the pond is functioning as a wetland.

(f) Except as provided in paragraph (g), for a wetland or public waters wetland located on nonagricultural land, replacement must be in the ratio of two acres of replaced wetland for each acre of drained or filled wetland.

(g) For a wetland or public waters wetland located on agricultural land or in a greater than 80 percent area, replacement must be in the ratio of one acre of replaced wetland for each acre of drained or filled wetland.

(h) Wetlands that are restored or created as a result of an approved replacement plan are subject to the provisions of this section for any subsequent drainage or filling.

(i) Except in a greater than 80 percent area, only wetlands that have been restored from previously drained or filled wetlands, wetlands created by excavation in nonwetlands, wetlands created by dikes or dams along public or private drainage ditches, or wetlands created by dikes or dams associated with the restoration of previously drained or filled wetlands may be used for wetland replacement according to rules adopted under section 103G.2242, subdivision 1. Modification or conversion of nondegraded naturally occurring wetlands from one type to another are not eligible for wetland replacement.

(j) The Technical Evaluation Panel established under section 103G.2242, subdivision 2, shall ensure that sufficient time has occurred for the wetland to develop wetland characteristics of soils, vegetation, and hydrology before recommending that the wetland be deposited in the statewide wetland bank. If the Technical Evaluation Panel has reason to believe that the wetland characteristics may change substantially, the panel shall postpone its recommendation until the wetland has stabilized.

(k) This section and sections 103G.223 to 103G.2242, 103G.2364, and 103G.2365 apply to the state and its departments and agencies.

(l) For projects involving draining or filling of wetlands associated with a new public transportation project, and for projects expanded solely for additional traffic capacity, public transportation authorities may purchase credits from the board at the cost to the board to establish credits. Proceeds from the sale of credits provided under this paragraph are appropriated to the board for the purposes of this paragraph. For the purposes of this paragraph, "transportation project" does not include an airport project.

(m) A replacement plan for wetlands is not required for individual projects that result in the filling or draining of wetlands for the repair, rehabilitation, reconstruction, or replacement of a currently serviceable existing state, city, county, or town public road necessary, as determined by the public transportation authority, to meet state or federal design or safety standards or requirements, excluding new roads or roads expanded solely for additional traffic capacity lanes. This paragraph only applies to authorities for public transportation projects that:

(1) minimize the amount of wetland filling or draining associated with the project and consider mitigating important site-specific wetland functions on site;

(2) except as provided in clause (3), submit project-specific reports to the board, the Technical Evaluation Panel, the commissioner of natural resources, and members of the public requesting a copy at least 30 days prior to construction that indicate the location, amount, and type of wetlands to be filled or drained by the project or, alternatively, convene an annual meeting of the parties required to receive notice to review projects to be commenced during the upcoming year; and

(3) for minor and emergency maintenance work impacting less than 10,000 square feet, submit project-specific reports, within 30 days of commencing the activity, to the board that indicate the location, amount, and type of wetlands that have been filled or drained.

Those required to receive notice of public transportation projects may appeal minimization, delineation, and on-site mitigation decisions made by the public transportation authority to the board according to the provisions of section 103G.2242, subdivision 9. The Technical Evaluation Panel ~~shall~~ must review minimization and delineation decisions made by the public transportation authority and provide recommendations regarding on-site mitigation if requested to do so by the local government unit, a contiguous landowner, or a member of the Technical Evaluation Panel.

Except for ~~state~~ public transportation projects that occur on state roads, for which the state Department of Transportation is responsible for the wetland replacement, the board must replace the wetlands, and wetland areas of public waters if authorized by the

commissioner or a delegated authority, drained or filled by public transportation projects on existing roads.

Public transportation authorities at their discretion may deviate from federal and state design standards on existing road projects when practical and reasonable to avoid wetland filling or draining, provided that public safety is not unreasonably compromised. The local road authority and its officers and employees are exempt from liability for any tort claim for injury to persons or property arising from travel on the highway and related to the deviation from the design standards for construction or reconstruction under this paragraph. This paragraph does not preclude an action for damages arising from negligence in construction or maintenance on a highway.

(n) If a landowner seeks approval of a replacement plan after the proposed project has already affected the wetland, the local government unit may require the landowner to replace the affected wetland at a ratio not to exceed twice the replacement ratio otherwise required.

(o) A local government unit may request the board to reclassify a county or watershed on the basis of its percentage of presettlement wetlands remaining. After receipt of satisfactory documentation from the local government, the board shall change the classification of a county or watershed. If requested by the local government unit, the board must assist in developing the documentation. Within 30 days of its action to approve a change of wetland classifications, the board shall publish a notice of the change in the Environmental Quality Board Monitor.

(p) One hundred citizens who reside within the jurisdiction of the local government unit may request the local government unit to reclassify a county or watershed on the basis of its percentage of presettlement wetlands remaining. In support of their petition, the citizens shall provide satisfactory documentation to the local government unit. The local government unit shall consider the petition and forward the request to the board under paragraph (o) or provide a reason why the petition is denied.

Sec. 77. Minnesota Statutes 2022, section 103G.2241, subdivision 1, is amended to read:

Subdivision 1. **Agricultural activities.** A replacement plan for wetlands is not required for:

~~(1) activities in a wetland that was planted with annually seeded crops, was in a crop rotation seeding of pasture grass or legumes, or was required to be set aside to receive price support or other payments under United States Code, title 7, sections 1421 to 1469, in six of the last ten years prior to January 1, 1991;~~

~~(2) activities in a type 1 wetland on agricultural pasture land that remains in the same use, except for bottomland hardwood type 1 wetlands, and activities in a type 2 or type 6 wetland that is less than two acres in size and located on agricultural pasture land that remains in the same use;~~

(1) impacts to wetlands on agricultural land labeled prior-converted cropland and impacts to wetlands resulting from drainage maintenance activities authorized by the United States Department of Agriculture, Natural Resources Conservation Service, on areas labeled farmed wetland, farmed-wetland pasture, and wetland. The prior-converted cropland, farmed wetland, farmed-wetland pasture, or wetland must be labeled on a valid final certified wetland determination issued by the Natural Resources Conservation Service in accordance with Code of Federal Regulations, part 7, section 12, as amended. It is the responsibility of the owner or operator of the land to provide a copy of the final certified wetland determination to, and allow the Natural Resources Conservation Service to share related information with, the local government unit and the board for purposes of verification.

~~(3)~~ (2) activities in a wetland conducted as part of normal farming practices. For purposes of this clause, "normal farming practices" means farming, silvicultural, grazing, and ranching activities such as plowing, seeding, cultivating, and harvesting for the production of feed, food, and fiber products, but does not include activities that result in the draining of wetlands;

~~(4)~~ (3) soil and water conservation practices approved by the soil and water conservation district, after review by the Technical Evaluation Panel;

~~(5)~~ (4) wetland impacts resulting from aquaculture activities, including pond excavation and construction and maintenance of associated access roads and dikes, authorized under~~,~~ and conducted in accordance with~~,~~ a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344, but not including construction or expansion of buildings;

~~(6)~~ (5) wetland impacts resulting from wild rice production activities, including necessary diking and other activities, authorized under and conducted in accordance with a permit issued by the United States Army Corps of Engineers under section 404 of the federal Clean Water Act, United States Code, title 33, section 1344; or

~~(7)~~ (6) agricultural activities on agricultural land that is subject to the swampbuster provisions of the federal farm program restrictions consistent with a memorandum of understanding and related agreements between the board and the United States Department of Agriculture, Natural Resources Conservation Service.

Sec. 78. Minnesota Statutes 2022, section 103G.2241, subdivision 2, is amended to read:

Subd. 2. **Drainage.** ~~(a) For the purposes of this subdivision, "public drainage system" means a drainage system as defined in section 103E.005, subdivision 12, and any ditch or tile lawfully connected to the drainage system.~~

~~(b) A replacement plan is not required for draining of type 1 wetlands, or up to five acres of type 2 or 6 wetlands, in an unincorporated area on land that has been assessed drainage benefits for a public drainage system, provided that:~~

~~(1) during the 20-year period that ended January 1, 1992:~~

~~(i) there was an expenditure made from the drainage system account for the public drainage system;~~

~~(ii) the public drainage system was repaired or maintained as approved by the drainage authority; or~~

~~(iii) no repair or maintenance of the public drainage system was required under section 103E.705, subdivision 1, as determined by the public drainage authority; and~~

~~(2) the wetlands are not drained for conversion to:~~

~~(i) platted lots;~~

~~(ii) planned unit, commercial, or industrial developments; or~~

~~(iii) any development with more than one residential unit per 40 acres, except for parcels subject to local zoning standards that allow for family members to establish an additional residence on the same 40 acres.~~

~~If wetlands drained under this paragraph are converted to uses prohibited under clause (2) during the ten-year period following drainage, the wetlands must be replaced under section 103G.222.~~

~~(c) A replacement plan is not required for draining or filling of wetlands, except for draining types 3, 4, and 5 wetlands that have been in existence for more than 25 years, resulting from maintenance and repair of existing public drainage systems.~~

~~(d)~~ (a) A replacement plan is not required for draining or filling of wetlands, except for draining wetlands that have been in existence for more than 25 years, resulting from maintenance and repair of existing drainage systems ~~other than~~, including public drainage systems.

~~(e) A replacement plan is not required for draining agricultural land that:~~

~~(1) was planted with annually seeded crops before July 5, except for crops that are normally planted after that date, in eight out of the ten most recent years prior to the impact;~~

These rules must address the criteria, procedure, timing, and location of acceptable replacement of wetland values and may address the state establishment and administration of a wetland banking program for public and private projects, including provisions for an in-lieu fee program; mitigating and banking other water and water-related resources; the administrative, monitoring, and enforcement procedures to be used; provisions that protect or mitigate impacts to the public values of watercourses that are not public waters; and a procedure for the review and appeal of decisions under this section. In the case of peatlands, the replacement plan rules must consider the impact on carbon. Any in-lieu fee program established by the board must conform with Code of Federal Regulations, title 33, section 332.8, as amended.

(b) After the adoption of the rules, a replacement plan must be approved by a resolution of the governing body of the local government unit, consistent with the provisions of the rules or a comprehensive wetland protection and management plan approved under section 103G.2243.

(c) If the local government unit fails to apply the rules or fails to implement a local comprehensive wetland protection and management plan established under section 103G.2243, the government unit is subject to penalty as determined by the board.

(d) When making a determination under rules adopted pursuant to this subdivision on whether a rare natural community will be permanently adversely affected, consideration of measures to mitigate any adverse effect on the community must be considered.

For wetland type determinations, the panel must also use *Wetlands of the United States*~~" (~~, United States Fish and Wildlife Service Circular 39~~,~~ (1971 edition)~~, and ";~~ *Classification of Wetlands and Deepwater Habitats of the United States*, United States Fish and Wildlife Service (August 2013 edition); or *A Hydrogeomorphic Classification for Wetlands*, United States Army Corps of Engineers (August 1993), according to rules authorized under this part ~~*Classification of Wetlands and Deepwater Habitats of the United States*" (1979 edition)~~ and including updates, supplementary guidance, and replacements, if any, for any of these publications.

(c) The panel ~~shall~~ must provide the wetland determination and recommendations on other technical matters to the local government unit that must approve a replacement plan, sequencing, exemption determination, no-loss determination, or wetland boundary or type determination and may recommend approval or denial of the plan. The authority must consider and include the decision of the Technical Evaluation Panel in their approval or denial of a plan or determination.

~~(b)~~ (d) A member of the Technical Evaluation Panel that has a financial interest in a wetland bank or management responsibility to sell or make recommendations in their official capacity to sell credits from a publicly owned wetland bank must disclose that interest, in writing, to the Technical Evaluation Panel and the local government unit.

Subd. 2a. **Wetland boundary or type determination.** (a) A landowner may apply for a wetland boundary or type determination from the local government unit. The landowner applying for the determination is responsible for submitting proof necessary to make the determination, including, but not limited to, wetland delineation field data, observation well data, topographic mapping, survey mapping, and information regarding soils, vegetation, hydrology, and groundwater both within and outside of the proposed wetland boundary.

(b) A local government unit that receives an application under paragraph (a) may seek the advice of the Technical Evaluation Panel as described in subdivision 2~~,~~ and, if necessary, expand the Technical Evaluation Panel. The local government unit may delegate the decision authority for wetland boundary or type determinations to designated staff~~,~~ or establish other procedures it considers appropriate.

(2) the replacement is approved under an in-lieu fee program according to rules adopted under subdivision 1. In the case of an in-lieu fee program established by a board-approved

sponsor, the board may require that a financial assurance in an amount and method acceptable to the board be given to the board to ensure the approved sponsor fulfills the sponsor's obligation to complete the required wetland replacement.

(b) The board may establish, sponsor, or administer a wetland banking program, which may include provisions allowing monetary payment to the wetland banking program for impacts to wetlands. The board may acquire land in fee title, purchase or accept easements, enter into agreements, and purchase existing wetland replacement credits to facilitate the wetland banking program. The board may establish wetland credit and in-lieu fee payment amounts and hold money in an account in the special revenue fund, which is appropriated to the board to be used solely for establishing replacement wetlands and administering the wetland banking program.

(c) The board shall coordinate the establishment and operation of a wetland bank with the United States Army Corps of Engineers, the Natural Resources Conservation Service of the United States Department of Agriculture, and the commissioners of natural resources, agriculture, and the Pollution Control Agency.

(c) After a fiscal year, the commissioner of management and budget shall certify the costs incurred for forestry during that year under appropriations for the improvement, administration, and management of state forest trust fund lands and construction and improvement of forest roads to enhance the forest value of the lands. The certificate must specify the trust funds interested in the lands. After presentation to the Legislative Permanent School Fund Commission or by June 30 each year, whichever is sooner, the commissioner of natural resources shall supply the commissioner of management and budget with the information needed for the certificate. The public must be given angling opportunities if public access is available.

(c) The commissioner shall attempt to provide opportunities to make brood stock available to licensed facilities to reduce reliance on out-of-state sources without causing adverse impacts to game fish and native rough fish populations.

Waters that are continually connected by a permanent watercourse to other waters must not be approved for aquatic farm use, except that connected waters that are isolated from other waters may be licensed as a single water body. Waters that are intermittently connected or may become connected with other waters may be denied, or screening or other measures may be required to prevent passage of aquatic life. Listed waters may be changed on approval by the area fisheries supervisor or the commissioner.

Subd. 3. **Acquisition of fish for brood stock.** (a) Game fish brood stock and native rough fish brood stock may be sold to private fish hatcheries or aquatic farms by the state at fair wholesale market value. For brood stock development, up to 20 pair of adults of each species requested may be provided to a licensee once every three years, if available, by the state through normal operations.

(b) If brood stock is not available by the June 1 following the request under paragraph (a) and a permit to take brood stock by angling is requested by the licensee, within 30 days of the request, the commissioner may issue a permit to the licensee to take, by angling, up to 20 pairs of each species requested. Subd. 5. **Payments.** (a) For interests in lands acquired under this section, the commissioner must make payments to the landowner ~~under~~ or land administrator according to this subdivision ~~for the easement~~.

(b) For a permanent easement, the commissioner may pay up to ten percent more than the Board of Water and Soil Resources pays for noncrop easements. If the Board of Water and Soil Resources does not establish a noncrop easement payment rate, the commissioner must establish land value rates for payments considering market factors, such as county-assessed land value and sales ratio studies, along with ecological, biological, and

cultural factors that take into consideration the global rarity of native prairie. The rates must be based on the need to protect the extremely small amount of the globally vulnerable and imperiled remaining native prairie in Minnesota.

(c) For an easement of limited duration, the commissioner ~~must pay~~ may pay up to 65 percent of the permanent prairie bank easement rate for the time period when the application is made.

(d) To maintain and protect native prairies, the commissioner may enter into easements that allow selected agricultural practices. Payment must be based on paragraph (b) or (c) but may be reduced due to the agricultural practices allowed after negotiation with the landowner or land administrator.

(e) If a native prairie qualifies for the native prairie bank but the landowner requests that the commissioner acquire the native prairie in fee rather than acquire an easement, the commissioner may acquire it as any outdoor recreation system classification under section 86A.05 with protections equivalent to a native prairie bank easement. For acquisition under this paragraph, the commissioner may pay up to 25 percent more than what the Board of Water and Soil Resources pays for noncrop easements. If the Board of Water and Soil Resources does not establish a noncrop easement payment rate, the commissioner must establish land value rates for payments considering market factors, such as county-assessed land value and sales ratio studies, along with ecological, biological, and cultural factors that take into consideration the global rarity of native prairie.

(f) For a permanent easement acquired on school trust lands under this section, the commissioner must pay no less than 100 percent of the easement's appraised value at the time of closing.

Sec. 18. Minnesota Statutes 2022, section 84B.061, is amended to read:

**84B.061 STATE JURISDICTION OVER RAINY LAKE AND OTHER NAVIGABLE WATERS; DUTIES OF GOVERNOR, ATTORNEY GENERAL, AND OTHER PUBLIC OFFICERS.**

As required by this chapter and the act of Congress authorizing Voyageurs National Park, the state of Minnesota donated in excess of 35,000 acres of state and other publicly owned land for the park, roughly one-fourth of the land area of the park, at a cost of over $5,000,000 to the state. More than 24,000 acres of this land was state trust fund land which the state condemned before making its donation. Pursuant to section 84B.06, lands donated by the state, along with other lands acquired by the National Park Service for the park, were

made subject to concurrent jurisdiction by the state and the United States under section 1.041. In making these donations, none of the navigable waters within the park and the lands under them have been donated to the United States. These navigable waters include the following: Rainy, Kabetogama, Namakan, Sand Point, and Crane Lakes. Pursuant to applicable federal and state law, navigable waters and their beds are owned by the state. Ownership of and jurisdiction over these waters and their beds has not been ceded by the state, either expressly or implicitly, to the United States. Unlike section 1.044 relating to the Upper Mississippi Wildlife and Fish Refuge, where the state expressly granted its consent and jurisdiction to the United States to acquire interests in water, as well as land, the consent granted by the state in section 84B.06 to acquisitions by the United States for Voyageurs National Park is limited to land, only. In the discharge of their official duties, the governor, attorney general, other constitutional officers, and other public officials, such as the commissioner of natural resources, shall vigorously assert and defend, in all forums, the state's ownership of and jurisdiction over these waters and their beds and related natural resources, together with associated rights of the state and its citizens arising from the state's ownership and jurisdiction. In discharging their duties, the governor, attorney general, other constitutional officers, and other public officials shall, additionally, be especially cognizant of the free rights of travel afforded to citizens of Minnesota and others under the Webster-Ashburton Treaty (proclaimed November 10, 1842) and the Root-Bryce Treaty (proclaimed May 13, 1910) on international and associated boundary waters. Also, in furtherance of duties under this section, the commissioner of natural resources shall continue in effect the commercial removal of native rough fish, as defined in section 97A.015, subdivision 43, from these waters, together with any rights to do so possessed by any person on January 1, 1995, so long as the commissioner determines that such taking is desirable to the management of the native fishery.

New sources shall encompass buildings, structures, facilities, or installations from which there is or may be the discharge of pollutants, the construction of which is commenced after the publication by the agency of proposed

rules prescribing a standard of performance which will be applicable to such source. Notwithstanding any other provision of the law of this state, any point source the construction of which is commenced after May 20, 1973, and which is so constructed as to meet all applicable standards of performance for new sources shall, consistent with and subject to the provisions of section 306(d) of the Amendments of 1972 to the Federal Water Pollution Control Act, not be subject to any more stringent standard of performance for new sources during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169, or both, of the Federal Internal Revenue Code of 1954, whichever period ends first. Construction shall encompass any placement, assembly, or installation of facilities or equipment, including contractual obligations to purchase such facilities or equipment, at the premises where such equipment will be used, including preparation work at such premises;

(vi) establishing and revising pretreatment standards to prevent or abate the discharge of any pollutant into any publicly owned disposal system, which pollutant interferes with, passes through, or otherwise is incompatible with such disposal system;

(vii) requiring the owner or operator of any disposal system or any point source to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment or methods, including where appropriate biological monitoring methods, sample such effluents in accordance with such methods, at such locations, at such intervals, and in such a manner as the agency shall prescribe, and providing such other information as the agency may reasonably require;

(viii) notwithstanding any other provision of this chapter, and with respect to the pollution of waters of the state, chapter 116, requiring the achievement of more stringent limitations than otherwise imposed by effluent limitations in order to meet any applicable water quality standard by establishing new effluent limitations, based upon section 115.01, subdivision 13, clause (b), including alternative effluent control strategies for any point source or group of point sources to insure the integrity of water quality classifications, whenever the agency determines that discharges of pollutants from such point source or sources, with the application of effluent limitations required to comply with any standard of best available technology, would interfere with the attainment or maintenance of the water quality classification in a specific portion of the waters of the state. Prior to establishment of any such effluent limitation, the agency shall hold a public hearing to determine the relationship of the economic and social costs of achieving such limitation or limitations, including any economic or social dislocation in the affected community or communities, to the social and

economic benefits to be obtained and to determine whether or not such effluent limitation can be implemented with available technology or other alternative control strategies. If a person affected by such limitation demonstrates at such hearing that, whether or not such technology or other alternative control strategies are available, there is no reasonable relationship between the economic and social costs and the benefits to be obtained, such limitation shall not become effective and shall be adjusted as it applies to such person;

(ix) modifying, in its discretion, any requirement or limitation based upon best available technology with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the agency that such modified requirements will represent the maximum use of technology within the economic capability of the owner or operator and will result in reasonable further progress toward the elimination of the discharge of pollutants; and

(x) requiring that applicants for wastewater discharge permits evaluate in their applications the potential reuses of the discharged wastewater;

(6) to require to be submitted and to approve plans and specifications for disposal systems or point sources, or any part thereof and to inspect the construction thereof for compliance with the approved plans and specifications thereof;

(7) to prescribe and alter rules, not inconsistent with law, for the conduct of the agency and other matters within the scope of the powers granted to and imposed upon it by this chapter and, with respect to pollution of waters of the state, in chapter 116, provided that every rule affecting any other department or agency of the state or any person other than a member or employee of the agency shall be filed with the secretary of state;

(8) to conduct such investigations, issue such notices, public and otherwise, and hold such hearings as are necessary or which it may deem advisable for the discharge of its duties under this chapter and, with respect to the pollution of waters of the state, under chapter 116, including, but not limited to, the issuance of permits, and to authorize any member, employee, or agent appointed by it to conduct such investigations or, issue such notices and hold such hearings;

(9) for the purpose of water pollution control planning by the state and pursuant to the Federal Water Pollution Control Act, as amended, to establish and revise planning areas, adopt plans and programs and continuing planning processes, including, but not limited to, basin plans and areawide waste treatment management plans, and to provide for the implementation of any such plans by means of, including, but not limited to, standards, plan

elements, procedures for revision, intergovernmental cooperation, residual treatment process waste controls, and needs inventory and ranking for construction of disposal systems;

(10) to train water pollution control personnel and charge training fees as are necessary to cover the agency's costs. All such fees received must be paid into the state treasury and credited to the Pollution Control Agency training account;

(11) to provide chloride reduction training and charge training fees as necessary to cover the agency's costs not to exceed $350. All training fees received must be paid into the state treasury and credited to the Pollution Control Agency training account;

(12) to impose as additional conditions in permits to publicly owned disposal systems appropriate measures to insure compliance by industrial and other users with any pretreatment standard, including, but not limited to, those related to toxic pollutants, and any system of user charges ratably as is hereby required under state law or said Federal Water Pollution Control Act, as amended, or any regulations or guidelines promulgated thereunder;

(13) to set a period not to exceed five years for the duration of any national pollutant discharge elimination system permit or not to exceed ten years for any permit issued as a state disposal system permit only;

(14) to require each governmental subdivision identified as a permittee for a wastewater treatment works to evaluate in every odd-numbered year the condition of its existing system and identify future capital improvements that will be needed to attain or maintain compliance with a national pollutant discharge elimination system or state disposal system permit; ~~and~~

(15) to train subsurface sewage treatment system personnel, including persons who design, construct, install, inspect, service, and operate subsurface sewage treatment systems, and charge fees as necessary to pay the agency's costs. All fees received must be paid into the state treasury and credited to the agency's training account. Money in the account is appropriated to the agency to pay expenses related to training~~.~~; and

(16) to encourage practices that enable the recovery and use of waste heat from wastewater treatment operations, in accordance with the federal Clean Water Act, United States Code, title 33, section 1281(e).

(b) The information required in paragraph (a), clause (14), must be submitted in every odd-numbered year to the commissioner on a form provided by the commissioner. The commissioner shall provide technical assistance if requested by the governmental subdivision.

Sec. 79. Minnesota Statutes 2022, section 115A.5502, is amended to read:

**115A.5502 PACKAGING PRACTICES; PREFERENCES; GOALS.**

Packaging forms a substantial portion of solid waste and contributes to environmental degradation and the costs of managing solid waste. It is imperative to reduce the amount and toxicity of packaging that must be managed as solid waste. In order to achieve significant reduction of packaging in solid waste ~~and to assist packagers and others to meet the packaging reduction goal in section 115A.5501~~, the goal of the state is that items be distributed without any packaging where feasible and, only when necessary to protect health and safety or product integrity, with the minimal amount of packaging possible. The following categories of packaging are listed in order of preference for use by all persons who find it necessary to package items for distribution or use in the state:

(1) minimal packaging that contains no intentionally introduced toxic materials and that is designed to be and actually is reused for its original purpose at least five times;

(2) minimal packaging that contains no intentionally introduced toxic materials and consists of a significant percentage of postconsumer material;

(3) minimal packaging that contains no intentionally introduced toxic materials, that is recyclable, and is regularly collected through recycling collection programs available to at least 75 percent of the residents of the state;

(4) minimal packaging that does not comply with clause (1), (2), or (3) because it is required under federal or state law and for which there does not exist a commercially feasible alternative that does comply with clause (1), (2), or (3);

(5) packaging that contains no intentionally introduced toxic materials but does not comply with clauses (1) to (4); and

(6) all other packaging.

The commissioner shall not unreasonably withhold or unreasonably delay approval of any transfer request. This request shall be handled in accordance with sections 116.07 and 15.992.

(c) An animal feedlot in shoreland that has been unused may resume operation after obtaining a permit from the agency or county, regardless of the number of years that the feedlot was unused.

(d) Notwithstanding Minnesota Rules, chapter 7020, a person who applies manure in a Level 2 or higher drinking water supply management area as designated under Minnesota Rules, part 1573.0040, must follow a manure management plan approved by the commissioner. A manure management plan for a Level 2 or higher drinking water supply management area must include the Department of Agriculture's recommended best management practices that are published on the department website for that drinking water supply management area.

The appraisers shall make a detailed statement and file the statement with the managers showing:

(1) the actual damages that have resulted or will result to individuals, property, or corporations from the construction or implementation of the project; and

(2) a list of property, including highways and corporations, receiving actual benefits by way of drainage, control of floodwaters, or other means authorized in this chapter.

Subd. 5. **Hearing on appraisers' report.** (a) After the appraisers' report and the plans and engineering data prepared by the governmental agency are filed with the managers, the managers shall prepare a detailed statement of all costs, including damages, to be incurred by the watershed district in construction or implementation of the project.

(b) The managers shall order a time and place within the watershed district for a hearing on the appraisers' report by 35 days after the detailed statement of costs is prepared. The managers shall

give notice by publication and mailing as provided in subdivision 1 for a hearing on a petition. At the time and place specified in the notice, the managers shall hear all parties interested for and against confirming the appraisers' report.

(c) The managers may order and direct the modification of the assessment of benefits and damages, and amend or change the list of properties reported as benefited or damaged. If the amended reports include property not included in the original report, the managers shall adjourn and publish and mail in the manner for the original notice, the proper notice concerning the property not included in the previous notice.

(d) If upon full hearing the managers find that the benefits resulting from the construction or implementation will be greater than the assessments including damages they shall confirm the appraisers' report.

(e) Persons or political subdivisions affected by the order may appeal the order under this chapter.

Subd. 6. **Assessments and levies.** Proceedings for assessments and levies may be brought under section 103D.901 after the managers file a statement with the auditor of a county that lists the property and corporations benefited or damaged or otherwise affected by a project as found by the appraisers and approved by the managers.

Subd. 7. **Exempt from normal project initiation.** Section 103D.701 relating to project initiation does not apply to projects of the watershed district constructed under contract as provided in this section.

Subd. 8. **Acquiring property.** (a) If the watershed district is required to acquire an interest in real property under this section or convey an interest in real property to the federal government, the managers shall, before the filing of the appraisers' report, record a notice of the pendency of a proceeding initiated by the managers to acquire the lands to be conveyed to the federal government. The notice of pendency must be recorded in the office of the county recorder of the affected county. The notice must state the purpose for which the lands are to be taken.

(b) By 20 days before the hearing on the appraisers' report, in addition to the notice required by subdivision 2, the notice of the hearing must be served on the owners of the property to be acquired, in the same manner as the summons in a civil action. The notice must:

(1) describe the property;

(2) state by whom and for what purpose the property is to be taken;

(3) give the names of all persons appearing of record or known to the managers to be the owners;

(4) state that appraisers have been appointed as provided by subdivision 4, to determine the benefits and damages; and

(5) state that a hearing will be held by the managers on the appraisers' report at the time and place specified in the notice.

(c) After the managers have confirmed the appraisers' report listing the property to be benefited or damaged as provided in subdivision 5, the managers have all rights of possession and entry conferred in other cases of condemnation by chapter 117.

(d) After confirmation of the appraisers' report, the attorney for the managers shall make a certificate describing the property taken and the purpose for the taking, and reciting the fact of payment of all awards determined by the appraisers appointed by the managers or judgments in relation to the land. When approved by the managers, the certificate establishes the right of the watershed district in the property taken. The certificate must be filed for record with the county recorder of the county where the property is located. The filing constitutes notice to all parties of the title of the watershed district to the property described in the certificate.

(e) After the certificate is filed, the managers may convey the property and interests in the property acquired to the federal government, if necessary.

Subdivision 1. **Statewide reduction goal.** It is the goal of the state that there be a minimum 25 percent statewide per capita reduction in the amount of discarded packaging delivered to facilities by December 31, 1995, based on a reasonable estimate of the amount of packaging that was delivered to facilities in calendar year 1992.

Subd. 2. **Measurement; procedures.** (a) To measure the overall percentage of packaging in the statewide solid waste stream, the commissioner shall conduct annual solid waste composition studies in the nonmetropolitan and metropolitan areas or shall develop an alternative method that is as statistically reliable as a waste composition study to measure the percentage of packaging in the waste stream.

(b) The commissioner shall average the nonmetropolitan and metropolitan results and submit the statewide percentage, along with a statistically reliable margin of error, to the senate and house of representatives committees having jurisdiction over environment and natural resources and environment and natural resources finance by July 1 of each year. The 1994 report must include a discussion of the reliability of data gathered under this subdivision and the methodology used to determine a statistically reliable margin of error.

Subd. 3. **Access; waste composition studies.** The owner or operator of a facility shall allow access upon reasonable notice to authorized agency staff for the purpose of conducting waste composition studies or otherwise assessing the amount of total packaging in the waste delivered to the facility under this section.

By July 1, 1996, the commissioner shall submit to the Legislative Commission on Waste Management an analysis of the extent to which the waste packaging reduction goal in subdivision 1 has been met. In determining whether the goal has been met, the margin of error must be applied in favor of meeting the goal. The commissioner shall use the statistical mean for the data collected in determining whether the goal has been met and shall include in the analysis a discussion of the margin of error and statistical reliability for the data collected.

Subd. 5. **Recommendations for further reduction goals.** If the goal in subdivision 1 is met, the commissioner shall include in the report required in subdivision 4 recommendations for

appropriate goals for further reducing the amount of discarded packaging delivered to facilities. The report must include an analysis of the costs of further reductions.

For purposes of the RIM reserve program, a conservation easement may be permanent or of limited duration. A conservation easement acquired on restorable drained wetlands, replacement wetlands, or land for highway windbreak purposes, must be of permanent duration. A conservation easement of limited duration may be acquired on other eligible land within a district if it is for a period not less than 20 years and only if the state board has approved enrollment of limited duration conservation easements in that district.

All permanent wetlands preserve program conservation easements must be of permanent duration.

**8400.3210 DELEGATION OF PROGRAM TO ANOTHER DISTRICT.**

A district board may enter into an agreement with other district boards as authorized by Minnesota Statutes, section 103C.231, to delegate to another district board the responsibility for administering any conservation easement program of the state board. Where such delegation has been mutually agreed upon, each district board must so notify all landowners in their respective district and each district must so notify the state board.

**8400.3260 LAND IN MORE THAN ONE DISTRICT.**

If an application involves land in more than one district, the participating districts may jointly delegate to one of the districts the responsibility for review and prioritization of that application. If that application is accepted for enrollment, the affected districts may also jointly delegate to one of the districts the responsibility for completing all of the tasks necessary for conveyance of the conservation easement to the state board.

**8400.3300 CRITERIA FOR SCREENING COMMITTEE REVIEW OF APPLICATIONS.**

The state board may direct districts to utilize a local screening process or committee to prioritize local project areas or applications. The criteria for screening committee prioritization are as follows:

A. consistency with the purpose and policy of the respective conservation easement program;

B. the parcel's potential impact on reducing soil erosion and sedimentation, improving water quality, reducing flooding, and enhancing fish and wildlife habitat;

C. compatibility with established priorities of the organizations and agencies participating in the screening process; and

D. highest priority must be given to permanent easements pursuant to Minnesota Statutes, section 103F.515, subdivision 2, paragraph (e).

**8400.3400 CONSERVATION AGREEMENT FOR EASEMENT.**

The district board shall direct its staff or the district technical representative to develop conservation agreements as prescribed by the state board and in a recordable form for all approved applications which incorporate the minimum requirements stated in Minnesota Statutes, section 103F.515, subdivisions 4 and 5. In addition, each conservation agreement must require the landowner to:

A. pay, when due, all taxes and assessments that may be levied against the easement area;

B. remove any existing structures as required by the district board or the state board prior to the conveyance of the conservation easement with all associated costs being the responsibility of the landowner, and not place, erect, or construct any temporary or permanent structures on the easement area;

C. remove any existing hazardous and toxic substances or any pollutants and contaminants prior to the conveyance of the conservation easement with all associated costs being the responsibility of the landowner, and not place such substances, pollutants, or contaminants on the easement area;

D. properly seal all abandoned wells on the easement area prior to the conveyance of the conservation easement, with all associated costs being the responsibility of the landowner; and

E. allow the state board and its employees and agents to enter the easement area for the purposes of inspection and enforcement of the terms and conditions of the conservation easement.

**8400.3460 TITLE REQUIREMENTS.**

The landowner must have good and marketable title that is insurable under a title insurance policy. In addition, the title must not be subject to any prior liens or encumbrances determined to be objectionable by the Attorney General. Objectionable title defects, liens, or encumbrances must be promptly removed or corrected by the landowner prior to easement conveyance.

**8400.3600 RENEWAL AND EXTENSION OF CONSERVATION EASEMENTS.**

A. When a conservation easement of limited duration expires, a new conservation agreement and conservation easement for an additional period of not less than 20 years may be acquired by agreement of the state board and the landowner under the rules in force at that time. The state board may adjust payment rates as a result of renewing a conservation

agreement and conservation easement after examining the condition of the established cover, conservation practices, and land values.

B. The easement duration may be lengthened through mutual agreement of the current landowner with the state board, in consultation with the commissioners of agriculture and natural resources, if the state board determines that the changes are consistent with the purpose of the conservation easement program. When converting limited duration easements to permanent easements, the payment is the difference between the amount that would be paid per acre for the permanent easement as established for the most recent sign-up period and the amount already paid for the limited duration easement on the area.

**8400.3610 ALTERATION, RELEASE, OR TERMINATION OF CONSERVATION EASEMENTS.**

The state board may alter, release, or terminate a conservation easement after consultation with the commissioners of agriculture and natural resources. The board may alter, release, or terminate an easement only if the state board determines that the public interests and general welfare are better served by the alteration, release, or termination.

The state board must be provided the following information at least 30 days prior to a state board meeting, before the state board will consider a request to alter, release, or terminate a conservation easement:

A. a copy of the letter from the landowner to the district board justifying the change and identifying how the public interest and general welfare will be better served;

B. a letter from the district board recommending either approval or disapproval of the proposed change;

C. a letter from the Department of Natural Resources recommending either approval or disapproval of the proposed change; and

D. other supporting documents, including:

(1) an aerial photo identifying the requested change;

(2) a soil survey map of the area;

(3) cropping history information; and

(4) other pertinent documentation that will support the request.

The state board reserves the right to require special provisions to ensure at least equal resource value as a condition of approving the request. The state board must be compensated by the landowner for all damages and loss of benefits to the conservation easement and the state board may also require reimbursement for administrative expenses and costs incurred in the alteration, release, or termination of a conservation easement.

**8400.3630 APPROVED PRACTICES.**

Subpart 1. **Criteria.** Approved practices must have as their primary purpose the control of soil erosion or sedimentation, protection or improvement of water quality, reduction of flooding, or enhancement of fish and wildlife habitat. Approved practices may be further specified in the easement program policies or practice specifications. Practices that do not qualify as approved practices include, but are not limited to, Christmas tree plantations and fruit orchards. Food plots are not eligible for conservation easement program cost-sharing, but are considered an approved practice and, therefore, are allowed on enrolled acres as specified in the easement conservation plan.

Subp. 2. **Establishment of approved practices.** A landowner is responsible for the establishment of all approved practices on the easement area in accordance with the easement program practice specifications. Establishment of approved practices must be monitored by the district board or its delegate to ensure compliance with the conservation plan and the

conservation easement. Upon establishment or partial completion of an approved practice, a district technical representative shall certify whether or not the approved practice, in whole or part, has been satisfactorily performed.

**8400.3700 COST-SHARED PRACTICES.**

Subpart 1. **Approved practices eligible for cost-sharing.** The state board shall determine which approved practices are eligible for conservation easement program cost-sharing, consistent with the criteria as described in part 8400.3630, subpart 1.

Subp. 2. **Eligible costs for cost-shared practices.**

A. Upon satisfactory performance under part 8400.3630, subpart 2, the landowner shall present receipts or invoices to the district board, or its delegate, of the costs incurred in the installation of the cost-shared practice. The district board shall review the receipts or invoices to determine the costs eligible for conservation easement program payment. If the district board determines that the costs requested for reimbursement are reasonable and necessary, it shall recommend payment to the landowner by submitting certification of satisfactory performance and providing documentation of reimbursable practice costs to the state board on forms provided by the state board. If the district board determines that certain costs requested for reimbursement are not eligible or reasonable, it shall notify the landowner in writing of this determination. The landowner may request reconsideration of this determination by the district board within 30 days of receipt of the determination. If additional costs are determined to be eligible and reasonable, the district board shall then recommend payment for the approved amount. The state board reserves the right to approve whether costs requested for reimbursement are eligible and reasonable.

B. Eligible costs for approved practices are limited to those prescribed by the state board as allowed in Minnesota Statutes, section 103F.515, subdivision 6.

C. The state board reserves the right to approve and provide funding for cost-shared practices.

Subp. 3. **Payment for in-kind services.** In-kind services provided by the landowner including, but not limited to, earthwork, seedbed preparation, and seeding, may be credited to the landowner's share of the total cost of establishing the cost-shared practice. The district board shall credit only those costs it determines to be practical and reasonable and may approve receipts or invoices directly or through its delegate.

Subp. 4. **Funds from other sources.** Conservation easement program cost-sharing funds may be augmented by funds from other agencies, organizations, or individuals.

**8400.3730 FAILURE OF APPROVED PRACTICES.**

Subpart 1. **Cost-shared practices.** A landowner is not in violation of the conservation easement if the failure, in whole or part, of a cost-shared practice was caused by reasons beyond the landowner's control such as extreme weather conditions. In these instances, the district board may recommend to the state board that conservation easement program cost-sharing funds be encumbered for reestablishment of the cost-shared practice. The encumbrance must comply with the limits prescribed by the state board. In no case may a district board authorize conservation easement program financial assistance to a landowner for the reestablishment of cost-shared practices that were removed or altered by the landowner, or that have failed due to improper maintenance during the term of the conservation easement.

Subp. 2. **All other approved practices.** A landowner is not in violation of the conservation easement if the failure of approved practices was caused by reasons beyond the landowner's control.

**8400.3800 OPERATION AND MAINTENANCE.**

A landowner is responsible for the operation and maintenance of approved practices designated in the conservation plan.

**8400.3830 VIOLATIONS AND ENFORCEMENT.**

Subpart 1. **District board action.** The district board may take such measures as are necessary to ensure landowner compliance with the conservation agreement, conservation easement, and conservation plan. If the district board is unsuccessful at obtaining landowner compliance, the district board shall notify the state board of the violation and may recommend appropriate measures to be taken to correct violations.

Subp. 2. **State board action.** Upon notification or discovery of a violation of a conservation agreement, conservation easement, or conservation plan, the state board shall take action to resolve the violation.

A landowner who violates the terms of a conservation agreement, conservation easement, or conservation plan under this chapter, or induces, assists, or allows another to do so, is liable to the state for treble damages if the violation is willful or double damages if the violation is not willful. The amount of damages is the amount needed to make the state whole or the amount the landowner has gained due to the violation, whichever is greater.

If the state board is not successful in resolving the violation, it may request the state attorney general to commence legal action to enforce the conservation agreement, conservation easement, or conservation plan.

Subp. 3. **Attorney general action.** Upon request by the state board, the attorney general may commence an action for specific performances, injunctive relief, damages, including attorney fees, and any other appropriate relief to enforce Minnesota Statutes, sections 103F.501 to 103F.531 in district court in the county where all or part of the violation is alleged to have been committed, or where the landowner resides or has a principal place of business.

Conservation easements remain in effect even if maintenance violations have occurred.

**8400.3930 RECONSIDERATION AND APPEAL.**

Subpart 1. **Reconsideration by district board.** An affected landowner may request the district board to reconsider its:

A. recommendation or determination regarding that landowner's application for enrollment in a conservation easement program;

B. recommendation or determination to cancel that landowner's conservation agreement;

C. determination regarding that landowner's eligible and allowable costs to be reimbursed by the state board;

D. request to that landowner to correct any alleged noncompliant conditions regarding that landowner's enrolled easement area; or

E. recommendation to disapprove that landowner's request to change an enrolled easement area.

Subp. 2. **Time for reconsideration by district board.** A landowner requesting reconsideration under subpart 1 shall mail a written request to the district board within 15 days of receipt of notice of the district board's determination or recommendation of the matters specified in subpart 1. The request for reconsideration shall include the specific reasons for the request and evidence to support the landowner's claims. The district board shall notify the landowner in writing of its final recommendation and the reasons for the recommendation within 60 days of receipt of the landowner's request for reconsideration.

A bill for an act

relating to real property; providing for property insurance for grantee beneficiaries of transfer on death deeds; making technical, clarifying, and conforming changes to transfer on death deeds; amending Minnesota Statutes 2022, section 507.071; proposing coding for new law in Minnesota Statutes, chapter 507.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2022, section 507.071, is amended to read:

**507.071 TRANSFER ON DEATH DEEDS.**

Subdivision 1. **Definitions.** For the purposes of this section the following terms have the meanings given:

(a) "Beneficiary" or "grantee beneficiary" means a person or entity named as a grantee beneficiary in a transfer on death deed, including a successor grantee beneficiary.

(b) "County agency" means the county department or office designated to recover medical assistance benefits from the estates of decedents.

(c) "Grantor owner" means an owner, whether individually, as a joint tenant, or as a tenant in common, named as a grantor in a transfer on death deed upon whose death the conveyance or transfer of the described real property is conditioned. Grantor owner does not include a spouse who joins in a transfer on death deed solely for the purpose of conveying or releasing statutory or other marital interests in the real property to be conveyed or transferred by the transfer on death deed.

(d) "Owner" means a person having an ownership or other interest in all or part of the real property to be conveyed or transferred by a transfer on death deed either at the time the

deed is executed or at the time the transfer becomes effective. Owner does not include a spouse who joins in a transfer on death deed solely for the purpose of conveying or releasing statutory or other marital interests in the real property to be conveyed or transferred by the transfer on death deed.

(e) "Property" and "interest in real property" mean any interest in real property located in this state which is transferable on the death of the owner and includes, without limitation, an interest in real property defined in chapter 500, a mortgage, a deed of trust, a security interest in, or a security pledge of, an interest in real property, including the rights to payments of the indebtedness secured by the security instrument, a judgment, a tax lien, both the seller's and purchaser's interest in a contract for deed, land contract, purchase agreement, or earnest money contract for the sale and purchase of real property, including the rights to payments under such contracts, or any other lien on, or interest in, real property.

(f) "Recorded" means recorded in the office of the county recorder or registrar of titles, as appropriate for the real property described in the instrument to be recorded.

(g) "State agency" means the Department of Human Services or any successor agency.

(h) "Transfer on death deed" means a deed authorized under this section.

Subd. 2. **Effect of transfer on death deed.** A deed that conveys or assigns an interest in real property, to a grantee beneficiary and that expressly states that the deed is only effective on the death of one or more of the grantor owners, transfers the interest to the grantee beneficiary upon the death of the grantor owner upon whose death the conveyance or transfer is stated to be effective, but subject to the survivorship provisions and requirements of section 524.2-702. Until a transfer on death deed becomes effective, it has no effect on title to the real property described in the deed, but it does create an insurable interest in the real property in favor of the designated grantee beneficiary or beneficiaries for purposes of insuring the real property against loss or damage that occurs on or after the transfer on death deed becomes effective. A transfer on death deed must comply with all provisions of Minnesota law applicable to deeds of real property including, but not limited to, the provisions of sections 507.02, 507.24, 507.34, 508.48, and 508A.48. If a spouse who is neither a grantor owner nor an owner joins in the execution of, or consents in writing to, the transfer on death deed, such joinder or consent shall be conclusive proof that upon the transfer becoming effective, the spouse no longer has or can claim any statutory interest or other marital interest in the interest in real property transferred by the transfer on death deed. However, such transfer shall remain an interest as identified in section 256B.15 for purposes of complying with and satisfying any claim or lien as authorized by subdivision 3.

Subd. 3. **Rights of creditors and rights of state and county under sections 246.53, 256B.15, 256D.16, 261.04, and 514.981.** The interest transferred to a beneficiary under a transfer on death deed after the death of a grantor owner is transferred subject to all effective conveyances, assignments, contracts, mortgages, deeds of trust, liens, security pledges, judgments, tax liens, and any other matters or encumbrances to which the interest was subject on the date of death of the grantor owner, upon whose death the transfer becomes effective including, but not limited to, any claim by a surviving spouse who did not join in the execution of, or consent in writing to, the transfer on death deed, and any claim or lien by the state or county agency authorized by sections 246.53, 256B.15, 256D.16, 261.04, and 514.981, if other assets of the deceased grantor's estate are insufficient to pay the amount of any such claim. A beneficiary to whom the interest is transferred after the death of a grantor owner shall be liable to account to the state or county agency with a claim or lien authorized by section 246.53, 256B.15, 256D.16, 261.04, or 514.981, to the extent necessary to discharge any such claim remaining unpaid after application of the assets of the deceased grantor owner's estate, but such liability shall be limited to the value of the interest transferred to the beneficiary. To establish compliance with this subdivision and subdivision 23, the beneficiary must record a clearance certificate issued in accordance with subdivision 23 in each county in which the real property described in the transfer on death deed is located.

Subd. 4. **Multiple grantee beneficiaries.** A transfer on death deed may designate multiple grantee beneficiaries to take title as joint tenants, as tenants in common or in any other form of ownership or tenancy that is valid under the laws of this state. If a grantee joint tenant dies before the grantor owner upon whose death the transfer occurs and no successor beneficiary for the deceased grantee is designated in the transfer on death deed, the surviving joint tenants are the successors and no interest lapses.

Subd. 5. **Successor grantee beneficiaries.** A transfer on death deed may designate one or more successor grantee beneficiaries or a class of successor grantee beneficiaries, or both. If the transfer on death deed designates successor grantee beneficiaries or a class of successor grantee beneficiaries, the deed shall state the condition under which the interest of the successor grantee beneficiaries would vest.

Subd. 6. **Multiple joint tenant grantors.** If an interest in real property is owned as joint tenants, a transfer on death deed executed by all of the owners and, if required by section 507.02, their respective spouses, if any, that conveys an interest in real property to one or more grantee beneficiaries transfers the interest to the grantee beneficiary or beneficiaries effective only after the death of the last surviving grantor owner. If the last surviving joint tenant owner did not execute the transfer on death deed, the deed is ineffective to transfer

any interest and the deed is void. An estate in joint tenancy is not severed or affected by the subsequent execution of a transfer on death deed and the right of a surviving joint tenant owner who did not execute the transfer on death deed shall prevail over a grantee beneficiary named in a transfer on death deed unless the deed specifically states that it severs the joint tenancy ownership.

Subd. 7. **Execution by attorney-in-fact.** A transfer on death deed may be executed by a duly appointed attorney-in-fact pursuant to a power of attorney which grants the attorney-in-fact the authority to execute deeds.

Subd. 8. **Recording requirements and authorization.** A transfer on death deed is valid if the deed is recorded in a county in which at least a part of the real property described in the deed is located and is recorded before the death of the grantor owner upon whose death the conveyance or transfer is effective. Notwithstanding the definition of recorded under subdivision 1, if the real property is registered property, a transfer on death deed that was recorded incorrectly or incompletely is valid if the deed was recorded before the death of the grantor owner in the office of the county recorder or the registrar of titles in a county in which at least part of the real property is located, and is memorialized on the certificate of title after death. A transfer on death deed is not effective for purposes of section 507.34, 508.47, or 508A.47 until the deed is properly recorded in the county in which the real property is located. When a transfer on death deed is presented for recording, no certification by the county auditor as to transfer of ownership and current and delinquent taxes shall be required or made and the transfer on death deed shall not be required to be accompanied by a certificate of real estate value. A transfer on death deed that otherwise satisfies all statutory requirements for recording may be recorded and shall be accepted for recording in the county in which the property described in the deed is located. If any part of the property described in the transfer on death deed is registered property, the registrar of titles shall accept the transfer on death deed for recording only if at least one of the grantors who executes the transfer on death deed appears of record to have an ownership interest or other interest in the real property described in the deed. No certification or approval of a transfer on death deed shall be required of the examiner of titles prior to recording of the deed in the office of the registrar of titles.

Subd. 9. **Deed to trustee or other entity.** A transfer on death deed may transfer an interest in real property to the trustee of an inter vivos trust even if the trust is revocable, to the trustee of a testamentary trust or to any other entity legally qualified to hold title to real property under the laws of this state.

Subd. 10. **Revocation or modification of transfer on death deed.** (a) A transfer on death deed may be revoked at any time by the grantor owner or, if there is more than one grantor owner, by any of the grantor owners. A revocation revokes the transfer on death deed in its entirety. To be effective, the revocation must be recorded in a county in which at least a part of the real property is located before the death of the grantor owner or owners who execute the revocation. Notwithstanding the definition of recorded under subdivision 1, if the real property is registered property, a revocation that was recorded incorrectly or incompletely is effective if it was recorded before the death of the grantor owner in the office of the county recorder or the registrar of titles in a county in which at least part of the real property is located, and is memorialized on the certificate of title after death. The revocation is not effective for purposes of section 507.34, 508.47, or 508A.47 until the revocation is properly recorded in a county in which the real property is located.

(b) If a grantor owner conveys to a third party, subsequent to the recording of the transfer on death deed, by means other than a transfer on death deed, all or a part of such grantor owner's interest in the property described in the transfer on death deed, no transfer of the conveyed interest shall occur on such grantor owner's death and the transfer on death deed shall be ineffective as to the conveyed or transferred interests, but the transfer on death deed remains effective with respect to the conveyance or transfer on death of any other interests described in the transfer on death deed owned by the grantor owner at the time of the grantor owner's death.

(c) A transfer on death deed is a "governing instrument" within the meaning of section 524.2-804 and, except as may otherwise be specifically provided for in the transfer on death deed, is subject to the same provisions as to revocation, revival, and nonrevocation set forth in section 524.2-804.

Subd. 11. **Antilapse; deceased beneficiary; words of survivorship.** (a) Except when a successor grantee beneficiary is designated in the transfer on death deed for the grantee beneficiary who did not survive the grantor owner, if a grantee beneficiary who is a grandparent or lineal descendant of a grandparent of the grantor owner fails to survive the grantor owner, the issue of the deceased grantee beneficiary who survive the grantor owner take in place of the deceased grantee beneficiary. If they are all of the same degree of kinship to the deceased grantee beneficiary, they take equally. If they are of unequal degree, those of more remote degree take by right of representation.

(b) For the purposes of this subdivision, words of survivorship such as, in a conveyance to an individual, "if he or she survives me," or, in a class gift, to "my surviving children,"

are a sufficient indication of intent to condition the conveyance or transfer upon the beneficiary surviving the grantor owner.

(c) When issue of a deceased grantee beneficiary or members of a class take in place of the named grantee beneficiary pursuant to subdivision 5 or paragraph (a) or (b) or when a beneficiary dies and has no issue under paragraph (a), an affidavit of survivorship stating the names and shares of the beneficiaries or stating that a deceased beneficiary had no issue is not conclusive and a court order made in accordance with Minnesota probate law determining the beneficiaries and shares must also be recorded.

Subd. 12. **Lapse.** If all beneficiaries and all successor beneficiaries, if any, designated in a transfer on death deed, and also all successor beneficiaries who would take under the antilapse provisions of subdivision 11, fail to survive the grantor owner or the last survivor of the grantor owners if there are multiple grantor owners, if the beneficiary is a trust which has been revoked prior to the grantor owner's death, or if the beneficiary is an entity no longer in existence at the grantor owner's death, no transfer shall occur and the transfer on death deed is void.

Subd. 13. **Multiple transfer on death deeds.** If a grantor owner executes and records more than one transfer on death deed conveying the same interest in real property or a greater interest in the real property, or conveying part of the property in the earlier transfer on death deed, the transfer on death deed that has the latest acknowledgment date and that is recorded before the death of the grantor owner upon whose death the conveyance or transfer is conditioned is the effective transfer on death deed and all other transfer on death deeds, if any, executed by the grantor owner or the grantor owners are ineffective to transfer any interest and are void, except that if the later transfer on death deed included only part of the land of the earlier deed, the earlier deed is effective for the lands not included in the subsequent deed, absent language to the contrary in the subsequent deed.

Subd. 14. **Nonademption; unpaid proceeds of sale, condemnation, or insurance; sale by conservator or guardian.** If at the time of the death of the grantor owner upon whose death the conveyance or transfer is stated to be effective, the grantor owner did not own a part or all of the real property described in the transfer on death deed, no conveyance or transfer to the beneficiary of the nonowned part of the real property shall occur upon the death of the grantor owner and the transfer on death deed is void as to the nonowned part of the real property, but the beneficiary shall have the same rights to unpaid proceeds of sale, condemnation or insurance, and, if sold by a conservator or guardian of the grantor owner during the grantor owner's lifetime, the same rights to a general pecuniary devise, as that of a specific devisee as set forth in section 524.2-606.

Subd. 15. **Nonexoneration.** Except as otherwise provided in subdivision 3, a conveyance or transfer under a transfer on death deed passes the described property subject to any mortgage or security interest existing at the date of death of the grantor owner, without right of exoneration, regardless of any statutory obligations to pay the grantor owner's debts upon death and regardless of a general directive in the grantor owner's will to pay debts.

Subd. 16. **Disclaimer by beneficiary.** A grantee beneficiary's interest under a transfer on death deed may be disclaimed as provided in sections 524.2-1101 to 524.2-1116, or as otherwise provided by law.

Subd. 17. **Effect on other conveyances.** This section does not prohibit other methods of conveying property that are permitted by law and that have the effect of postponing ownership or enjoyment of an interest in real property until the death of the owner. This section does not invalidate any deed that is not a transfer on death deed and that is otherwise effective to convey title to the interests and estates described in the deed that is not recorded until after the death of the owner.

Subd. 18. **Notice, consent, and delivery not required.** The signature, consent or agreement of, or notice to, a grantee beneficiary under a transfer on death deed, or delivery of the transfer on death deed to the grantee beneficiary, is not required for any purpose during the lifetime of the grantor owner.

Subd. 19. **Nonrevocation by will.** A transfer on death deed that is executed, acknowledged, and recorded in accordance with this section is not revoked by the provisions of a will.

Subd. 20. **Proof of survivorship and clearance from public assistance claims and liens; recording.** An affidavit of identity and survivorship with a certified copy of a record of death as an attachment may be combined with a clearance certificate under this section and the combined documents may be recorded separately or as one document in each county in which the real estate described in the clearance certificate is located. The affidavit must include the name and mailing address of the person to whom future property tax statements should be sent. The affidavit, record of death, and clearance certificate, whether combined or separate, shall be prima facie evidence of the facts stated in each, and the registrar of titles may rely on the statements to transfer title to the property described in the clearance certificate, except in cases where a court order is required pursuant to the provisions of subdivision 11, paragraph (c).

Subd. 21. **After-acquired property.** Except as provided in this subdivision, a transfer on death deed is not effective to transfer any interest in real property acquired by a grantor

owner subsequent to the date of signing of a transfer on death deed. A grantor owner may provide by specific language in a transfer on death deed that the transfer on death deed will apply to any interest in the described property acquired by the grantor owner after the signing or recording of the deed.

Subd. 22. **Anticipatory alienation prohibited.** The interest of a grantee beneficiary under a transfer on death deed which has not yet become effective is not subject to alienation; assignment; encumbrance; appointment or anticipation by the beneficiary; garnishment; attachment; execution or bankruptcy proceedings; claims for alimony, support, or maintenance; payment of other obligations by any person against the beneficiary; or any other transfer, voluntary or involuntary, by or from any beneficiary.

Subd. 23. **Clearance for public assistance claims and liens.** Any person claiming an interest in real property conveyed or transferred by a transfer on death deed, or the person's attorney or other agent, may apply to the county agency in the county in which the real property is located for a clearance certificate for the real property described in the transfer on death deed. The application for a clearance certificate and the clearance certificate must contain the legal description of each parcel of property covered by the clearance certificate. The county agency shall provide a sufficient number of clearance certificates to allow a clearance certificate to be recorded in each county in which the real property described in the transfer on death deed is located. The real property described in the clearance certificate is bound by any conditions or other requirements imposed by the county agency as specified in the clearance certificate. If the real property is registered property, a new certificate of title must not be issued until the clearance certificate is recorded. If the clearance certificate shows the continuation of a medical assistance claim or lien after issuance of the clearance certificate, the real property remains subject to the claim or lien. If the real property is registered property, the clearance certificate must be carried forward as a memorial in any new certificate of title. The application shall contain the same information and shall be submitted, processed, and resolved in the same manner and on the same terms and conditions as provided in section 525.313 for a clearance certificate in a decree of descent proceeding, except that a copy of a notice of hearing does not have to accompany the application. The application may contain a statement that the applicant, after reasonably diligent inquiry, is not aware of the existence of a predeceased spouse or the existence of a claim which could be recovered under section 246.53, 256B.15, 256D.16, 261.04, or 514.981. If the county agency determines that a claim or lien exists under section 246.53, 256B.15, 256D.16, 261.04, or 514.981, the provisions of section 525.313 shall apply to collection, compromise, and settlement of the claim or lien. A person claiming an interest in real property transferred

or conveyed by a transfer on death deed may petition or move the district court, as appropriate, in the county in which the real property is located or in the county in which a probate proceeding affecting the estate of the grantor of the transfer on death deed is pending, for an order allowing sale of the real property free and clear of any public assistance claim or lien but subject to disposition of the sale proceeds as provided in section 525.313. On a showing of good cause and subject to such notice as the court may require, the court without hearing may issue an order allowing the sale free and clear of any public assistance claim or lien on such terms and conditions as the court deems advisable to protect the interests of the state or county agency.

Subd. 24. **Form of transfer on death deed.** A transfer on death deed may be substantially in the following form:

Subd. 26. **Jurisdiction.** In counties where the district court has a probate division, the application of subdivision 11 or other issues of interpretation or validity of the transfer on death deed, and actions to enforce a medical assistance lien or claim against real property described in a transfer on death deed and any matter raised in connection with enforcement shall be determined in the probate division. ~~Notwithstanding any other law to the contrary, the provisions of section 256B.15 shall apply to any proceeding to enforce a medical assistance lien or claim under chapter 524 or 525.~~ In other counties, the district court shall have jurisdiction to determine any matter affecting real property purporting to be transferred by a transfer on death deed. Notwithstanding any other law to the contrary, the provisions of section 256B.15 shall apply to any proceeding to enforce a medical assistance lien or claim under chapter 524 or 525.

Sec. 2. **[507.072] PROPERTY INSURANCE FOR GRANTEE BENEFICIARIES OF TRANSFER ON DEATH DEEDS.**

Subdivision 1. **Definitions.** (a) For purposes of this section, the following definitions apply unless the context indicates otherwise.

(b) "Grantee beneficiary" has the meaning given in section 507.071, subdivision 1.

(c) "Insurance policy" means an insurance policy governed by chapter 65A.

(d) "Transfer on death deed" means a deed described in section 507.071.

(e) "Grantor owner" has the meaning given in section 507.071, subdivision 1.

(f) "Extended coverage" or "temporary extended coverage" means insurance coverage continuing beyond the death of the named insured.

Subd. 2. **Insurance policy to include grantee beneficiary.** An insurer providing an insurance policy on real property transferred by a transfer on death deed shall provide temporary extended coverage on the real property to the designated grantee beneficiary for a period commencing on the date of death of the grantor owner and ending when the grantee beneficiary replaces the insurance policy on the insured property with an insurance policy or the expiration of the time limitations set forth in subdivision 4, whichever is sooner.

Subd. 3. **Notice to the insurer.** To obtain temporary extended coverage for a transfer on death deed as provided in this section, the grantor owner must notify the insurer of the existence of a transfer on death deed. The notice shall include the names and contact information of all designated grantee beneficiaries.

Subd. 4. **Coverage extended.** The coverage to be extended under this section applies only with respect to the insurance policy insuring the real property of the grantor owner. The period of extended coverage shall not exceed 30 days from the date of the grantor owner's death or the expiration date of the insurance policy, whichever is less. An insurer is not required to provide notice to the grantee beneficiary for cancellation of coverage following the shorter of the 30 days or expiration date of the policy or the placement of replacement insurance coverage.

Subd. 5. **Proof demanded; policy conditions.** Before making any payment for a claim under this section, the insurer may require proof that the claimant is a grantee beneficiary under a transfer on death deed, the transfer on death deed was recorded as provided in section 507.071, and that an affidavit of survivorship and death certificate of the grantor owner was recorded as provided in section 507.071. The grantee beneficiary shall comply with the conditions of the policy.

Subd. 6. **Insurable interest.** A grantee beneficiary does not hold an insurable interest in the real property described in a transfer on death deed prior to the death of the grantor owner. Any claim on the insured real property described in a transfer on death deed initiated before the death of the grantor owner or the death benefits associated with the policy prior to the death of the grantor owner shall be settled with the estate of the grantor owner, not with the grantee beneficiary. A grantee beneficiary is not entitled to recover benefits under an insurance policy extended as provided in this section in an amount greater than the grantee beneficiary's insurable interest at the time of loss or damage. A grantee beneficiary is not entitled to any amounts paid out in prior claims on the property. If the transfer on death deed designates multiple grantee beneficiaries, nothing in this section requires the insurer to pay an amount for loss or damage to the insured real property that exceeds the amount

that would be owed to the grantor owner if the grantor owner was living at the time of loss or damage.

Subd. 7. **Warnings on transfer on death deeds.** On or after August 1 of the year of the effective date of this section, a transfer on death deed shall contain the following warnings in substantially the following form:

"Warning to Grantor Owner: Temporary extended coverage of any fire and casualty insurance policy on the property under Minnesota Statutes, chapter 65A, will exist only if the grantor owner has given notice to the insurer under Minnesota Statutes, section 507.072, subdivision 3, including the existence of a transfer on death deed and the names and contact information of all designated grantee beneficiaries. Any temporary extended coverage terminates on the earlier of (1) 30 days after the date of the grantor owner's death, (2) the expiration date of the policy, or (3) upon placement of a replacement insurance policy.

Warning to Grantee Beneficiary: A grantee beneficiary shall not presume insurance coverage continues after the death of the grantor owner. Upon the death of the grantor owner, the grantee beneficiary should determine whether the provisions of Minnesota Statutes, section 507.072, apply and consult with an insurance agent or attorney."

The failure to include warnings in a transfer on death deed in accordance with this subdivision shall not invalidate the transfer on death deed or affect recording of the transfer on death deed.

Sec. 3. **EFFECTIVE DATE.**

Sections 1 and 2 are effective on the day following final enactment and apply to insurance policies issued or renewed in Minnesota on or after August 1 of the year of final enactment. Sections 1 and 2 do not apply to insurance policies issued or renewed prior to August 1 of the year of final enactment or to transfer on death deeds recorded prior to that date unless the grantor owner provides the notice specified by section 2, subdivision 3.

The practice of applied behavior analysis includes the empirical identification of functional relations between behavior and environmental factors, known as functional behavioral assessment and analysis. Applied behavior analysis interventions are based on scientific research, direct and indirect observation, and measurement of behavior and environment

and utilize contextual factors, motivating operations, antecedent stimuli, positive reinforcement, and other procedures to help individuals develop new behaviors, increase or decrease existing behaviors, and emit behaviors under specific social, instructional, and environmental conditions.

(b) The practice of applied behavior analysis does not include the diagnosis of psychiatric or mental health disorders, psychological testing, neuropsychology, psychotherapy, cognitive therapy, sex therapy, hypnotherapy, psychoanalysis, or psychological counseling.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 2. **[148.9982] DUTIES OF THE BOARD OF PSYCHOLOGY.**

Subdivision 1. **General.** The board, in consultation with the advisory council, must:

(1) adopt and enforce standards for licensure, licensure renewal, and the regulation of behavior analysts;

(2) issue licenses to qualified individuals under sections 148.9981 to 148.9995;

(3) carry out disciplinary actions against licensed behavior analysts;

(4) educate the public about the existence and content of the regulations for behavior analyst licensing to enable consumers to file complaints against licensees who may have violated laws or rules the board is empowered to enforce; and

(5) collect license fees for behavior analysts as specified under section 148.9995.

Subd. 2. **Rulemaking.** The board, in consultation with the advisory council, may adopt rules necessary to carry out the provisions of sections 148.9981 to 148.9995.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 3. **[148.9983] REQUIREMENTS FOR LICENSURE.**

(1) has a current and active national certification as a board-certified behavior analyst issued by the certifying entity; or

(2) has completed the equivalent requirements for certification by the certifying entity, including satisfactorily passing a psychometrically valid examination administered by a nationally accredited credentialing organization.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 4. **[148.9984] LICENSE RENEWAL REQUIREMENTS.**

Subdivision 1. **Biennial renewal.** A license must be renewed every two years.

Subd. 2. **License renewal notice.** At least 60 calendar days before the renewal deadline date, the board must mail a renewal notice to the licensee's last known address on file with the board. The notice must include instructions for accessing an online application for license renewal, the renewal deadline, and notice of fees required for renewal. The licensee's failure to receive notice does not relieve the licensee of the obligation to meet the renewal deadline and other requirements for license renewal.

Subd. 3. **Renewal requirements.** (a) To renew a license, a licensee must submit to the board:

(1) a completed and signed application for license renewal;

(2) the license renewal fee as specified under section 148.9995; and

(3) evidence satisfactory to the board that the licensee holds a current and active national certification as a behavior analyst from the certifying entity or otherwise meets renewal requirements as established by the board, in consultation with the advisory council.

(b) The application for license renewal and fee must be postmarked or received by the board by the end of the day on which the license expires or the following business day if the expiration date falls on a Saturday, Sunday, or holiday. A renewal application that is not completed and signed, or that is not accompanied by the correct fee, is void and must be returned to the licensee.

Subd. 4. **Pending renewal.** If a licensee's application for license renewal is postmarked or received by the board by the end of the business day on the expiration date of the license or the following business day if the expiration date falls on a Saturday, Sunday, or holiday, the licensee may continue to practice after the expiration date while the application for license renewal is pending with the board.

Subd. 5. **Late renewal fee.** If the application for license renewal is postmarked or received after the expiration date of the license or the following business day if the expiration date falls on a Saturday, Sunday, or holiday, the licensee must pay a biennial renewal late fee as specified by section 148.9995, in addition to the renewal fee, before the licensee's application for license renewal will be considered by the board.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 5. **[148.9985] EXPIRED LICENSE.**

(a) Within 30 days after the renewal date, a licensee who has not renewed their license must be notified by letter, sent to the last known address of the licensee in the board's file, that the renewal is overdue and that failure to pay the current fee and current biennial renewal late fee within 60 days after the renewal date will result in termination of the license.

(b) The board must terminate the license of a licensee whose license renewal is at least 60 days overdue and to whom notification has been sent as provided in paragraph (a). Failure of a licensee to receive notification is not grounds for later challenge of the termination. The former licensee must be notified of the termination by letter within seven days after board action, in the same manner as provided in paragraph (a).

(c) Notwithstanding paragraph (b), the board retains jurisdiction over a former licensee for complaints received after termination of a license regarding conduct that occurred during licensure.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 6. **[148.9986] PROHIBITED PRACTICE OR USE OF TITLES; PENALTY.**

Subd. 2. **Use of titles.** (a) An individual must not use a title incorporating the words "licensed behavior analyst," or "behavior analyst," or use any other title or description stating or implying that they are licensed or otherwise qualified to practice applied behavior analysis, unless that person holds a valid license under sections 148.9981 to 148.9995.

(b) Notwithstanding paragraph (a), a licensed psychologist who practices applied behavior analysis within the psychologist's scope of practice may use the title "behavior analyst," but

(8) students or interns enrolled in an accredited school or educational program, or participating in a behavior analysis practicum, from engaging in the practice of applied behavior analysis while supervised by a licensed behavior analyst or instructor of an

accredited school or educational program. These individuals must be designated as a behavior analyst student or intern.

(b) Notwithstanding paragraph (a), a licensed psychologist may supervise an unlicensed supervisee, trainee, student, or intern who is engaged in the practice of behavior analysis if the supervision is authorized under the Minnesota Psychology Practice Act.

Subd. 2. **Developing competence.** When a behavior analyst is developing competence in a service, method, or procedure, or is developing competence to treat a specific client population, the behavior analyst must obtain professional education, training, continuing education, consultation, supervision or experience, or a combination thereof, necessary to demonstrate competence.

Subd. 3. **Limitations.** A behavior analyst must recognize the limitations to the scope of practice of applied behavior analysis. When the needs of a client appear to be outside the behavior analyst's scope of practice, the behavior analyst must inform the client that there may be other professional, technical, community, and administrative resources available to the client. A behavior analyst must assist with identifying resources when it is in the best interest of a client to be provided with alternative or complementary services.

Subd. 4. **Burden of proof.** Whenever a complaint is submitted to the board involving a violation of this section, the burden of proof is on the behavior analyst to demonstrate that the elements of competence have been reasonably met.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 12. **[148.9992] DUTY TO WARN; LIMITATION ON LIABILITY; VIOLENT BEHAVIOR OF PATIENT.**

Subdivision 1. **Definitions.** (a) For the purposes of this section, the terms in this subdivision have the meanings given.

If a duty to warn arises, the duty is discharged by the licensee if reasonable efforts are made to communicate the threat.

Subd. 3. **Liability standard.** If no duty to warn exists under subdivision 2, then no monetary liability and no cause of action may arise against a licensee for failure to predict, warn of, or take reasonable precautions to provide protection from a client's violent behavior.

Subd. 4. **Disclosure of confidences.** Good faith compliance with the duty to warn must not constitute a breach of confidence and must not result in monetary liability or a cause of action against the licensee.

Subd. 5. **Continuity of care.** Subdivision 2 must not be construed to authorize a licensee to terminate treatment of a client as a direct result of a client's violent behavior or threat of physical violence unless the client is referred to another practitioner or appropriate health care facility.

Subd. 6. **Exception.** This section does not apply to a threat to commit suicide or other threats by a client to harm the client, or to a threat by a client who is adjudicated as a person who has a mental illness and is dangerous to the public under chapter 253B.

Subd. 7. **Optional disclosure.** This section must not be construed to prohibit a licensee from disclosing confidences to third parties in a good faith effort to warn or take precautions against a client's violent behavior or threat to commit suicide for which a duty to warn does not arise.

Subd. 8. **Limitation on liability.** No monetary liability and no cause of action or disciplinary action by the board may arise against a licensee for disclosure of confidences to third parties, for failure to disclose confidences to third parties, or for erroneous disclosure of confidences to third parties in a good faith effort to warn against or take precautions against a client's violent behavior or threat of suicide for which a duty to warn does not arise.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 13. **[148.9993] INFORMED CONSENT.**

(1) adopt and enforce standards for licensure, licensure renewal, and the regulation of behavior analysts and assistant behavior analysts;

(2) issue licenses to qualified individuals under sections 148.9981 to 148.9995;

Subdivision 1. **General.** An individual seeking licensure as a behavior analyst or an assistant behavior analyst must complete and submit a written application on forms provided by the board together with the appropriate fee as specified under section 148.9995.

Subd. 2. **Requirements for licensure.** (a) An applicant for licensure as a behavior analyst must submit evidence satisfactory to the board that the applicant:

Sec. 4. **[148.9984] LICENSE RENEWAL REQUIREMENTS.**

Subdivision 1. **Biennial renewal.** A license must be renewed every two years.

Subd. 2. **License renewal notice.** At least 60 calendar days before the renewal deadline date, the board must mail a renewal notice to the licensee's last known address on file with the board. The notice must include instructions for accessing an online application for license renewal, the renewal deadline, and notice of fees required for renewal. The licensee's failure to receive notice does not relieve the licensee of the obligation to meet the renewal deadline and other requirements for license renewal.

Subd. 3. **Renewal requirements.** (a) To renew a license, a licensee must submit to the board:

(1) a completed and signed application for license renewal;

(2) the license renewal fee as specified under section 148.9995; and

(3) evidence satisfactory to the board that the licensee holds a current and active national certification as a behavior analyst or assistant behavior analyst from the certifying entity or otherwise meets renewal requirements as established by the board, in consultation with the advisory council.

(b) The application for license renewal and fee must be postmarked or received by the board by the end of the day on which the license expires or the following business day if the expiration date falls on a Saturday, Sunday, or holiday. A renewal application that is not completed and signed, or that is not accompanied by the correct fee, is void and must be returned to the licensee.

Subd. 4. **Pending renewal.** If a licensee's application for license renewal is postmarked or received by the board by the end of the business day on the expiration date of the license or the following business day if the expiration date falls on a Saturday, Sunday, or holiday, the licensee may continue to practice after the expiration date while the application for license renewal is pending with the board.

Subd. 5. **Late renewal fee.** If the application for license renewal is postmarked or received after the expiration date of the license or the following business day if the expiration date falls on a Saturday, Sunday, or holiday, the licensee must pay a biennial renewal late fee as specified by section 148.9995, in addition to the renewal fee, before the licensee's application for license renewal will be considered by the board.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 5. **[148.9985] EXPIRED LICENSE.**

(a) Within 30 days after the renewal date, a licensee who has not renewed their license must be notified by letter, sent to the last known address of the licensee in the board's file, that the renewal is overdue and that failure to pay the current fee and current biennial renewal late fee within 60 days after the renewal date will result in termination of the license.

(b) The board must terminate the license of a licensee whose license renewal is at least 60 days overdue and to whom notification has been sent as provided in paragraph (a). Failure of a licensee to receive notification is not grounds for later challenge of the termination. The former licensee must be notified of the termination by letter within seven days after board action, in the same manner as provided in paragraph (a).

(c) Notwithstanding paragraph (b), the board retains jurisdiction over a former licensee for complaints received after termination of a license regarding conduct that occurred during licensure.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Subdivision 1. **Limits on practice.** Behavior analysts must limit practice to the client populations and services for which the behavior analysts have competence or for which the behavior analysts are developing competence.

Subd. 2. **Developing competence.** When a behavior analyst is developing competence in a service, method, or procedure, or is developing competence to treat a specific client population, the behavior analyst must obtain professional education, training, continuing education, consultation, supervision or experience, or a combination thereof, necessary to demonstrate competence.

Subd. 3. **Limitations.** A behavior analyst must recognize the limitations to the scope of practice of applied behavior analysis. When the needs of a client appear to be outside the behavior analyst's scope of practice, the behavior analyst must inform the client that there may be other professional, technical, community, and administrative resources available to

the client. A behavior analyst must assist with identifying resources when it is in the best interest of a client to be provided with alternative or complementary services.

Subd. 4. **Burden of proof.** Whenever a complaint is submitted to the board involving a violation of this section, the burden of proof is on the behavior analyst to demonstrate that the elements of competence have been reasonably met.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Subd. 2. **Duty to warn.** The duty to predict, warn of, or take reasonable precautions to provide protection from violent behavior arises only when a client or other person has communicated to the licensee a specific, serious threat of physical violence against a specific, clearly identified or identifiable potential victim. If a duty to warn arises, the duty is discharged by the licensee if reasonable efforts are made to communicate the threat.

Subd. 3. **Liability standard.** If no duty to warn exists under subdivision 2, then no monetary liability and no cause of action may arise against a licensee for failure to predict, warn of, or take reasonable precautions to provide protection from a client's violent behavior.

Subd. 4. **Disclosure of confidences.** Good faith compliance with the duty to warn must not constitute a breach of confidence and must not result in monetary liability or a cause of action against the licensee.

Subd. 5. **Continuity of care.** Subdivision 2 must not be construed to authorize a licensee to terminate treatment of a client as a direct result of a client's violent behavior or threat of

physical violence unless the client is referred to another practitioner or appropriate health care facility.

Subd. 6. **Exception.** This section does not apply to a threat to commit suicide or other threats by a client to harm the client, or to a threat by a client who is adjudicated as a person who has a mental illness and is dangerous to the public under chapter 253B.

Subd. 7. **Optional disclosure.** This section must not be construed to prohibit a licensee from disclosing confidences to third parties in a good faith effort to warn or take precautions against a client's violent behavior or threat to commit suicide for which a duty to warn does not arise.

Subd. 8. **Limitation on liability.** No monetary liability and no cause of action or disciplinary action by the board may arise against a licensee for disclosure of confidences to third parties, for failure to disclose confidences to third parties, or for erroneous disclosure of confidences to third parties in a good faith effort to warn against or take precautions against a client's violent behavior or threat of suicide for which a duty to warn does not arise.

**EFFECTIVE DATE.** This section is effective July 1, 2024.

Sec. 13. **[148.9993] INFORMED CONSENT.**

Only those persons who hold a current license to practice certified midwifery in this state may use the title of certified midwife. A certified midwife licensed by the board must use the designation of CM for professional identification and in documentation of services provided.

Sec. 11. **[148G.09] PRESCRIBING DRUGS AND THERAPEUTIC DEVICES.**

Subdivision 1. **Diagnosing, prescribing, and ordering.** Certified midwives, within the scope of certified midwifery practice, are authorized to:

(1) diagnose, prescribe, and institute therapy or referrals of patients to health care agencies and providers;

(2) prescribe, procure, sign for, record, administer, and dispense over-the-counter, legend, and controlled substances, including sample drugs; and

(3) plan and initiate a therapeutic regimen that includes ordering and prescribing durable medical devices and equipment, nutrition, diagnostic services, and supportive services, including but not limited to home health care, physical therapy, and occupational therapy.

Subd. 2. **Drug Enforcement Administration requirements.** (a) Certified midwives must:

(1) comply with federal Drug Enforcement Administration (DEA) requirements related to controlled substances; and

(2) file the certified midwife's DEA registrations and numbers with the board, if any.

(b) The board must maintain current records of all certified midwives with a DEA registration and number.

Sec. 12. **[148G.10] FEES.**

The fees specified in section 148G.11 are nonrefundable and must be deposited in the state government special revenue fund.

Sec. 13. **[148G.11] FEE AMOUNTS.**

Subdivision 1. **Licensure.** The fee for licensure is $105.

Subd. 2. **Renewal.** The fee for licensure renewal is $85.

Subd. 3. **Practicing without current certification.** The penalty fee for a person who practices certified midwifery without a current certification or recertification, or who practices certified midwifery without current certification or recertification on file with the board, is $200 for the first month or part of a month and an additional $100 for each subsequent month or parts of months of practice. The penalty fee must be calculated from the first day the certified midwife practiced without a current certification to the last day of practice without a current certification, or from the first day the certified midwife practiced without a current license and certification on file with the board until the day the current license and certification is filed with the board.

Subd. 4. **Relicensure.** The fee for relicensure is $105. The fee for practicing without current licensure is two times the amount of the current renewal fee for any part of the first calendar month, plus the current renewal fee for any part of each subsequent month up to 24 months.

Subd. 5. **Dishonored check fee.** The service fee for a dishonored check is as provided in section 604.113.

Sec. 14. **[148G.12] APPROVED MIDWIFERY EDUCATION PROGRAM.**

Subdivision 1. **Initial approval.** An institution desiring to conduct a certified midwifery program must submit evidence to the board that the institution is prepared to:

(1) provide a program of theory and practice in certified midwifery leading to eligibility for certification in midwifery;

(2) achieve preaccreditation and eventual full accreditation by the American Commission for Midwifery Education or any successor organization recognized by the United States Department of Education or the Council for Higher Education Accreditation. Instruction and required experience may be obtained in one or more institutions or agencies outside the applying institution if the program retains accountability for all clinical and nonclinical teaching; and

(3) meet other standards established by law and by the board.

Subd. 2. **Continuing approval.** The board must, through the board's representative, annually survey all midwifery programs in the state for current accreditation status by the

American Commission for Midwifery Education or any successor organization recognized by the United States Department of Education or the Council for Higher Education Accreditation. If the results of the survey show that a certified midwifery program meets all standards for continuing accreditation, the board must continue approval of the certified midwifery program.

Subd. 3. **Loss of approval.** If the board determines that an accredited certified midwifery program is not maintaining the standards required by the American Commission on Midwifery Education or any successor organization, the board must obtain the defect in writing from the accrediting body. If a program fails to correct the defect to the satisfaction of the accrediting body and the accrediting body revokes the program's accreditation, the board must remove the program from the list of approved certified midwifery programs.

Subd. 4. **Reinstatement of approval.** The board must reinstate approval of a certified midwifery program upon submission of satisfactory evidence that the certified midwifery's program of theory and practice meets the standards required by the accrediting body.

Sec. 15. **[148G.13] GROUNDS FOR DISCIPLINARY ACTION.**

Subdivision 1. **Grounds listed.** The board may deny, revoke, suspend, limit, or condition the license of any person to practice certified midwifery under this chapter or otherwise discipline a licensee or applicant as described in section 148G.14. The following are grounds for disciplinary action:

(1) failure to demonstrate the qualifications or satisfy the requirements for a license contained in this chapter or rules of the board. In the case of a person applying for a license, the burden of proof is upon the applicant to demonstrate the qualifications or satisfaction of the requirements;

(2) employing fraud or deceit in procuring or attempting to procure a license to practice certified midwifery;

(3) conviction of a felony or gross misdemeanor reasonably related to the practice of certified midwifery. Conviction, as used in this subdivision, includes a conviction of an offense that if committed in this state would be considered a felony or gross misdemeanor without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilt is made or returned, but the adjudication of guilt is either withheld or not entered;

(4) revocation, suspension, limitation, conditioning, or other disciplinary action against the person's certified midwife credential in another state, territory, or country; failure to

report to the board that charges regarding the person's certified midwifery license, certification, or other credential are pending in another state, territory, or country; or failure to report to the board having been refused a license or other credential by another state, territory, or country;

(5) failure or inability to practice as a certified midwife with reasonable skill and safety, or departure from or failure to conform to standards of acceptable and prevailing certified midwifery, including failure of a certified midwife to adequately supervise or monitor the performance of acts by any person working at the certified midwife's direction;

(6) engaging in unprofessional conduct, including but not limited to a departure from or failure to conform to statutes relating to certified midwifery practice or to the minimal standards of acceptable and prevailing certified midwifery practice, or in any certified midwifery practice that may create unnecessary danger to a patient's life, health, or safety. Actual injury to a patient need not be established under this clause;

(7) supervision or accepting the supervision of a midwifery function or a prescribed health care function when the acceptance could reasonably be expected to result in unsafe or ineffective patient care;

(8) actual or potential inability to practice certified midwifery with reasonable skill and safety to patients by reason of illness; use of alcohol, drugs, chemicals, or any other material; or as a result of any mental or physical condition;

(9) adjudication as mentally incompetent, mentally ill, a chemically dependent person, or a person dangerous to the public by a court of competent jurisdiction, within or outside of this state;

(10) engaging in any unethical conduct, including but not limited to conduct likely to deceive, defraud, or harm the public, or demonstrating a willful or careless disregard for the health, welfare, or safety of a patient. Actual injury need not be established under this clause;

(11) engaging in conduct with a patient that is sexual or may reasonably be interpreted by the patient as sexual, in any verbal behavior that is seductive or sexually demeaning to a patient, or in sexual exploitation of a patient or former patient;

(12) obtaining money, property, or services from a patient, other than reasonable fees for services provided to the patient, through the use of undue influence, harassment, duress, deception, or fraud;

(13) revealing a privileged communication from or relating to a patient except when otherwise required or permitted by law;

(14) engaging in abusive or fraudulent billing practices, including violations of federal Medicare and Medicaid laws or state medical assistance laws;

(15) improper management of patient records, including failure to maintain adequate patient records, to comply with a patient's request made pursuant to sections 144.291 to 144.298, or to furnish a patient record or report required by law;

(16) knowingly aiding, assisting, advising, or allowing an unlicensed person to engage in the unlawful practice of certified midwifery;

(17) violating a rule adopted by the board, an order of the board, or a state or federal law relating to the practice of certified midwifery, or a state or federal narcotics or controlled substance law;

(18) knowingly providing false or misleading information to a patient that is directly related to the care of that patient unless done for an accepted therapeutic purpose such as the administration of a placebo;

(19) aiding suicide or aiding attempted suicide in violation of section 609.215 as established by any of the following:

(i) a copy of the record of criminal conviction or plea of guilty for a felony in violation of section 609.215, subdivision 1 or 2;

(ii) a copy of the record of a judgment of contempt of court for violating an injunction issued under section 609.215, subdivision 4;

(iii) a copy of the record of a judgment assessing damages under section 609.215, subdivision 5; or

(iv) a finding by the board that the person violated section 609.215, subdivision 1 or 2. The board must investigate any complaint of a violation of section 609.215, subdivision 1 or 2;

(20) practicing outside the scope of certified midwifery practice as defined under section 148G.03, subdivision 5;

(21) making a false statement or knowingly providing false information to the board, failing to make reports as required by section 148G.15, or failing to cooperate with an investigation of the board as required by section 148G.17;

(22) engaging in false, fraudulent, deceptive, or misleading advertising;

(23) failure to inform the board of the person's certification or recertification status as a certified midwife;

(24) engaging in certified midwifery practice without a license and current certification or recertification by the American Midwifery Certification Board or any successor organization; or

(25) failure to maintain appropriate professional boundaries with a patient. A certified midwife must not engage in practices that create an unacceptable risk of patient harm or of the impairment of a certified midwife's objectivity or professional judgment. A certified midwife must not act or fail to act in a way that, as judged by a reasonable and prudent certified midwife, inappropriately encourages the patient to relate to the certified midwife outside of the boundaries of the professional relationship, or in a way that interferes with the patient's ability to benefit from certified midwife services. A certified midwife must not use the professional relationship with a patient, student, supervisee, or intern to further the certified midwife's personal, emotional, financial, sexual, religious, political, or business benefit or interests.

Subd. 2. **Conviction of a felony-level criminal sexual offense.** (a) Except as provided in paragraph (e), the board must not grant or renew a license to practice certified midwifery to any person who has been convicted on or after August 1, 2014, of any of the provisions of section 609.342, subdivision 1 or 1a; 609.343, subdivision 1 or 1a; 609.344, subdivision 1 or subdivision 1a, paragraphs (c) to (g); or 609.345, subdivision 1 or subdivision 1a, paragraphs (c) to (g); or a similar statute in another jurisdiction.

(b) A license to practice certified midwifery is automatically revoked if the licensee is convicted of an offense listed in paragraph (a).

(c) A license to practice certified midwifery that has been denied or revoked under this subdivision is not subject to chapter 364.

(d) For purposes of this subdivision, "conviction" means a plea of guilty, a verdict of guilty by a jury, or a finding of guilty by the court, unless the court stays imposition or execution of the sentence and final disposition of the case is accomplished at a nonfelony level.

(e) The board may establish criteria whereby an individual convicted of an offense listed in paragraph (a) may become licensed if the criteria:

(1) utilize a rebuttable presumption that the applicant is not suitable for licensing;

(2) provide a standard for overcoming the presumption; and

(3) require that a minimum of ten years has elapsed since the applicant's sentence was discharged.

(f) The board must not consider an application under paragraph (e) if the board determines that the victim involved in the offense was a patient or a client of the applicant at the time of the offense.

Subd. 3. **Evidence.** In disciplinary actions alleging a violation of subdivision 1, clause (3) or (4), or subdivision 2, a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same is admissible into evidence without further authentication and constitutes prima facie evidence of the violation concerned.

Subd. 4. **Examination; access to medical data.** (a) If the board has probable cause to believe that grounds for disciplinary action exist under subdivision 1, clause (8) or (9), it may direct the applicant or certified midwife to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision, when a certified midwife licensed under this chapter is directed in writing by the board to submit to a mental or physical examination or chemical dependency evaluation, that person is considered to have consented and to have waived all objections to admissibility on the grounds of privilege. Failure of the applicant or certified midwife to submit to an examination when directed constitutes an admission of the allegations against the applicant or certified midwife, unless the failure was due to circumstances beyond the person's control, and the board may enter a default and final order without taking testimony or allowing evidence to be presented. A certified midwife affected under this paragraph must, at reasonable intervals, be given an opportunity to demonstrate that the competent practice of certified midwifery can be resumed with reasonable skill and safety to patients. Neither the record of proceedings nor the orders entered by the board in a proceeding under this paragraph may be used against a certified midwife in any other proceeding.

(b) Notwithstanding sections 13.384, 144.651, and 595.02, or any other law limiting access to medical or other health data, the board may obtain medical data and health records relating to a certified midwife or applicant for a license without that person's consent if the board has probable cause to believe that grounds for disciplinary action exist under subdivision 1, clause (8) or (9). The medical data may be requested from a provider, as defined in section 144.291, subdivision 2, paragraph (h); an insurance company; or a government agency, including the Department of Human Services. A provider, insurance company, or government agency must comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision,

unless the information is false and the provider giving the information knew or had reason to believe the information was false. Information obtained under this subdivision is classified as private data on individuals as defined in section 13.02.

Sec. 16. **[148G.14] FORMS OF DISCIPLINARY ACTION; AUTOMATIC SUSPENSION; TEMPORARY SUSPENSION; REISSUANCE.**

Subdivision 1. **Forms of disciplinary action.** If the board finds that grounds for disciplinary action exist under section 148G.13, it may take one or more of the following actions:

(1) deny the license application or licensure renewal;

(2) revoke the license;

(3) suspend the license;

(4) impose limitations on the certified midwife's practice of certified midwifery including but not limited to limitation of scope of practice or the requirement of practice under supervision;

(5) impose conditions on the retention of the license, including but not limited to the imposition of retraining or rehabilitation requirements or the conditioning of continued practice on demonstration of knowledge or skills by appropriate examination, monitoring, or other review;

(6) impose a civil penalty not exceeding $10,000 for each separate violation. The amount of the civil penalty must be fixed so as to deprive the certified midwife of any economic advantage gained by reason of the violation charged; to reimburse the board for the cost of counsel, investigation, and proceeding; and to discourage repeated violations;

(7) order the certified midwife to provide unremunerated service;

(8) censure or reprimand the certified midwife; or

(9) any other action justified by the facts in the case.

Subd. 2. **Automatic suspension of license.** (a) Unless the board orders otherwise, a license to practice certified midwifery is automatically suspended if:

(1) a guardian of a certified midwife is appointed by order of a court under sections 524.5-101 to 524.5-502;

(2) the certified midwife is committed by order of a court under chapter 253B; or

(3) the certified midwife is determined to be mentally incompetent, mentally ill, chemically dependent, or a person dangerous to the public by a court of competent jurisdiction within or outside of this state.

(b) The license remains suspended until the certified midwife is restored to capacity by a court and, upon petition by the certified midwife, the suspension is terminated by the board after a hearing or upon agreement between the board and the certified midwife.

Subd. 3. **Temporary suspension of license.** In addition to any other remedy provided by law, the board may, through its designated board member under section 214.10, subdivision 2, temporarily suspend the license of a certified midwife without a hearing if the board finds that there is probable cause to believe the certified midwife has violated a statute or rule the board is empowered to enforce and continued practice by the certified midwife would create a serious risk of harm to others. The suspension takes effect upon written notice to the certified midwife, served by first-class mail, specifying the statute or rule violated. The suspension must remain in effect until the board issues a temporary stay of suspension or a final order in the matter after a hearing or upon agreement between the board and the certified midwife. At the time it issues the suspension notice, the board must schedule a disciplinary hearing to be held under the Administrative Procedure Act. The board must provide the certified midwife at least 20 days' notice of any hearing held under this subdivision. The board must schedule the hearing to begin no later than 30 days after the issuance of the suspension order.

Subd. 4. **Reissuance.** The board may reinstate and reissue a license to practice certified midwifery, but as a condition may impose any disciplinary or corrective measure that it might originally have imposed. Any person whose license has been revoked, suspended, or limited may have the license reinstated and a new license issued when, at the discretion of the board, the action is warranted, provided that the board must require the person to pay the costs of the proceedings resulting in the revocation, suspension, or limitation of the license; the relicensure fee; and the fee for the current licensure period. The cost of proceedings includes but is not limited to the cost paid by the board to the Office of Administrative Hearings and the Office of the Attorney General for legal and investigative services; the costs of a court reporter and witnesses, reproduction of records, board staff time, travel, and expenses; and the costs of board members' per diem reimbursements, travel costs, and expenses.

Sec. 17. **[148G.15] REPORTING OBLIGATIONS.**

Subdivision 1. **Permission to report.** A person who has knowledge of any conduct constituting grounds for discipline under section 148G.13 may report the alleged violation to the board.

Subd. 2. **Institutions.** The chief nursing executive or chief administrative officer of any hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state must report to the board any action taken by the institution or organization or any of its administrators or committees to revoke, suspend, limit, or condition a certified midwife's privilege to practice in the institution, or as part of the organization, any denial of privileges, any dismissal from employment, or any other disciplinary action. The institution or organization must also report the resignation of any certified midwife before the conclusion of any disciplinary proceeding, or before commencement of formal charges, but after the certified midwife had knowledge that formal charges were contemplated or in preparation. The reporting described by this subdivision is required only if the action pertains to grounds for disciplinary action under section 148G.13.

Subd. 3. **Licensed professionals.** A person licensed by a health-related licensing board as defined in section 214.01, subdivision 2, must report to the board personal knowledge of any conduct the person reasonably believes constitutes grounds for disciplinary action under section 148G.13 by any certified midwife, including conduct indicating that the certified midwife may be incompetent, may have engaged in unprofessional or unethical conduct, or may be mentally or physically unable to engage safely in the practice of certified midwifery.

Subd. 4. **Insurers.** (a) By the first day of February, May, August, and November, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to certified midwives must submit to the board a report concerning any certified midwife against whom a malpractice award has been made or who has been a party to a settlement. The report must contain at least the following information:

(1) the total number of settlements or awards;

(2) the date a settlement or award was made;

(3) the allegations contained in the claim or complaint leading to the settlement or award;

(4) the dollar amount of each malpractice settlement or award and whether that amount was paid as a result of a settlement or of an award; and

(5) the name and address of the practice of the certified midwife against whom an award was made or with whom a settlement was made.

(b) An insurer must also report to the board any information it possesses that tends to substantiate a charge that a certified midwife may have engaged in conduct in violation of this chapter.

Subd. 5. **Courts.** The court administrator of district court or another court of competent jurisdiction must report to the board any judgment or other determination of the court that adjudges or includes a finding that a certified midwife is a person who is mentally ill, mentally incompetent, chemically dependent, dangerous to the public, guilty of a felony or gross misdemeanor, guilty of a violation of federal or state narcotics laws or controlled substances act, guilty of operating a motor vehicle while under the influence of alcohol or a controlled substance, or guilty of an abuse or fraud under Medicare or Medicaid; or if the court appoints a guardian of the certified midwife under sections 524.5-101 to 524.5-502 or commits a certified midwife under chapter 253B.

Subd. 6. **Deadlines; forms.** Reports required by subdivisions 2 to 5 must be submitted no later than 30 days after the occurrence of the reportable event or transaction. The board may provide forms for the submission of reports required by this section, may require that the reports be submitted on the forms provided, and may adopt rules necessary to ensure prompt and accurate reporting. The board must review all reports, including those submitted after the deadline.

Subd. 7. **Failure to report.** Any person, institution, insurer, or organization that fails to report as required under subdivisions 2 to 6 is subject to civil penalties for failing to report as required by law.

Sec. 18. **[148G.16] IMMUNITY.**

Subdivision 1. **Reporting.** Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting in good faith a report to the board under section 148G.15 or for otherwise reporting in good faith to the board violations or alleged violations of this chapter. All such reports are investigative data as defined in chapter 13.

Subd. 2. **Investigation.** (a) Members of the board and persons employed by the board or engaged in the investigation of violations and in the preparation and management of charges of violations of this chapter on behalf of the board, or persons participating in the investigation or testifying regarding charges of violations, are immune from civil liability

and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

(b) Members of the board and persons employed by the board or engaged in maintaining records and making reports regarding adverse health care events are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 19. **[148G.17] CERTIFIED MIDWIFE COOPERATION.**

A certified midwife who is the subject of an investigation by or on behalf of the board must cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the board relating to the subject of the investigation and providing copies of patient or other records in the certified midwife's possession, as reasonably requested by the board, to assist the board in its investigation and to appear at conferences and hearings scheduled by the board. The board must pay for copies requested. If the board does not have written consent from a patient permitting access to the patient's records, the certified midwife must delete any data in the record that identify the patient before providing it to the board. The board must maintain any records obtained pursuant to this section as investigative data under chapter 13. The certified midwife must not be excused from giving testimony or producing any documents, books, records, or correspondence on the grounds of self-incrimination, but the testimony or evidence must not be used against the certified midwife in any criminal case.

Sec. 20. **[148G.18] DISCIPLINARY RECORD ON JUDICIAL REVIEW.**

Upon judicial review of any board disciplinary action taken under this chapter, the reviewing court must seal the administrative record, except for the board's final decision, and must not make the administrative record available to the public.

Sec. 21. **[148G.19] EXEMPTIONS.**

The provisions of this chapter do not prohibit:

(1) the furnishing of certified midwifery assistance in an emergency;

(2) the practice of certified midwifery by any legally qualified certified midwife of another state who is employed by the United States government or any bureau, division, or agency thereof while in the discharge of official duties;

(3) the practice of any profession or occupation licensed by the state, other than certified midwifery, by any person licensed to practice the profession or occupation, or the performance by a person of any acts properly coming within the scope of the profession, occupation, or license;

(4) the practice of traditional midwifery as specified under section 147D.03;

(5) certified midwifery practice by a student practicing under the supervision of an instructor while the student is enrolled in an approved certified midwifery education program; or

(6) certified midwifery practice by a certified midwife licensed in another state, territory, or jurisdiction who is in Minnesota temporarily:

(i) providing continuing or in-service education;

(ii) serving as a guest lecturer;

(iii) presenting at a conference; or

(iv) teaching didactic content via distance education to a student located in Minnesota who is enrolled in a formal, structured course of study, such as a course leading to a higher degree in midwifery.

Sec. 22. **[148G.20] VIOLATIONS; PENALTY.**

Subdivision 1. **Violations described.** It is unlawful for any person, corporation, firm, or association to:

(1) sell or fraudulently obtain or furnish any certified midwifery diploma, license, or record, or aid or abet therein;

(2) practice certified midwifery under cover of any diploma, permit, license certified midwife credential, or record illegally or fraudulently obtained or signed or issued unlawfully or under fraudulent representation;

(3) practice certified midwifery unless the person is licensed to do so under this chapter;

(4) use the professional title certified midwife or licensed certified midwife unless licensed to practice certified midwifery under this chapter;

(5) use any abbreviation or other designation tending to imply licensure as a certified midwife unless licensed to practice certified midwifery under this chapter;

(6) practice certified midwifery in a manner prohibited by the board in any limitation of a license issued under this chapter;

(7) practice certified midwifery during the time a license issued under this section is suspended or revoked;

(8) knowingly employ persons in the practice of certified midwifery who have not been issued a current license to practice as a certified midwife in this state; or

(9) conduct a certified midwifery program for the education of persons to become certified midwives unless the program has been approved by the board.

Subd. 2. **Penalty.** Any person, corporation, or association violating any provision of subdivision 1 is guilty of a gross misdemeanor and must be punished according to law.

Subd. 3. **Penalty; certified midwives.** In addition to subdivision 2, a certified midwife who practices certified midwifery without a current license and certification or recertification, or without current certification or recertification on file with the board, is subject to the applicable penalties in section 148G.11.

Sec. 23. **[148G.21] UNAUTHORIZED PRACTICE OF MIDWIFERY.**

The practice of certified midwifery by any person who is not licensed to practice certified midwifery under this chapter, or whose license has been suspended or revoked, or whose national certification credential has expired, is inimical to the public health and welfare and constitutes a public nuisance. Upon a complaint being made by the board or any prosecuting officer, and upon a proper showing of the facts, the district court of the county where such practice occurred may enjoin such acts and practice. The injunction proceeding is in addition to, and not in lieu of, all other penalties and remedies provided by law.

Sec. 24. Minnesota Statutes 2022, section 152.12, subdivision 1, is amended to read:

Subdivision 1. **Prescribing, dispensing, administering controlled substances in Schedules II through V.** A licensed doctor of medicine, a doctor of osteopathic medicine, duly licensed to practice medicine, a doctor of dental surgery, a doctor of dental medicine, a licensed doctor of podiatry, a licensed advanced practice registered nurse, a licensed certified midwife, a licensed physician assistant, or a licensed doctor of optometry limited to Schedules IV and V, and in the course of professional practice only, may prescribe, administer, and dispense a controlled substance included in Schedules II through V of section 152.02, may cause the same to be administered by a nurse, an intern or an assistant under the direction and supervision of the doctor, and may cause a person who is an appropriately certified and licensed health care professional to prescribe and administer the same within the expressed legal scope of the person's practice as defined in Minnesota Statutes.

(1) the service provided on an inpatient basis is not included as part of the cost for inpatient services included in the facility payment;

(2) the service is otherwise covered under this chapter as a physician service; and

(3) the service is within the scope of practice of the certified midwife's license as defined under chapter 148G.

### ARTICLE I
### TITLE

This statute shall be known and cited as the physician assistant licensure compact.

### ARTICLE II
### DEFINITIONS

As used in this compact, and except as otherwise provided, the following terms have the meanings given them.

(a) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws that is imposed by a licensing board or other authority against a PA license, license application, or compact privilege such as license denial, censure, revocation, suspension, probation, monitoring of the licensee, or restriction on the licensee's practice.

(b) "Charter participating states" means the states that enacted the compact prior to the commission convening.

(c) "Compact privilege" means the authorization granted by a remote state to allow a licensee from another participating state to practice as a PA to provide medical services or

other licensed activities to a patient located in the remote state under the remote state's laws and regulations.

(f) "Data system" means the repository of information about licensees, including but not limited to license status and adverse action, that is created and administered under the terms of this compact.

(9) if a compact privilege has been revoked or is limited or restricted in a participating state for conduct that would not be a basis for disciplinary action in a participating state in which the licensee is practicing or applying to practice under a compact privilege, that

participating state shall have the discretion not to consider such action as an adverse action requiring the denial or removal of a compact privilege in that state;

(10) notify the compact commission that the licensee is seeking the compact privilege in a remote state;

(11) meet any jurisprudence requirement of a remote state in which the licensee is seeking to practice under the compact privilege and pay any fees applicable to satisfying the jurisprudence requirement; and

If the participating state takes adverse action against a qualifying license, the licensee shall lose the compact privilege in any remote state in which the licensee has a compact privilege until all of the following occur:

(1) the license is no longer limited or restricted; and

(2) two years have elapsed from the date on which the license is no longer limited or restricted due to the adverse action.

(c) Once a restricted or limited license satisfies the requirements of paragraph (b), the licensee must meet the requirements of paragraph (a) to obtain a compact privilege in any remote state.

(d) For each remote state in which a PA seeks authority to prescribe controlled substances, the PA shall satisfy all requirements imposed by such state in granting or renewing such authority.

ARTICLE V

DESIGNATION OF THE STATE FROM WHICH LICENSEE IS APPLYING FOR COMPACT PRIVILEGE

ARTICLE VI

ADVERSE ACTIONS

(a) A participating state in which a licensee is licensed shall have exclusive power to impose adverse action against the qualifying license issued by that participating state.

(b) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to do the following:

Subpoenas issued by a licensing board in a participating state for the attendance and testimony of witnesses or the production of evidence from another participating state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(c) Notwithstanding paragraph (b), clause (1), subpoenas may not be issued by a participating state to gather evidence of conduct in another state that is lawful in that other state, for the purpose of taking adverse action against a licensee's compact privilege or application for a compact privilege in that participating state.

(d) Nothing in this compact authorizes a participating state to impose discipline against a PA's compact privilege or to deny an application for a compact privilege in that participating state for the individual's otherwise lawful practice in another state.

(e) For purposes of taking adverse action, the participating state which issued the qualifying license shall give the same priority and effect to reported conduct received from

any other participating state as it would if the conduct had occurred within the participating state which issued the qualifying license. In so doing, that participating state shall apply its own state laws to determine appropriate action.

(f) A participating state, if otherwise permitted by state law, may recover from the affected PA the costs of investigations and disposition of cases resulting from any adverse action taken against that PA.

(g) A participating state may take adverse action based on the factual findings of a remote state, provided that the participating state follows its own procedures for taking the adverse action.

(h) Joint investigations:

(1) in addition to the authority granted to a participating state by its respective state PA laws and regulations or other applicable state law, any participating state may participate with other participating states in joint investigations of licensees; and

(2) participating states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this compact.

(i) If an adverse action is taken against a PA's qualifying license, the PA's compact privilege in all remote states shall be deactivated until two years have elapsed after all restrictions have been removed from the state license. All disciplinary orders by the participating state which issued the qualifying license that impose adverse action against a PA's license shall include a statement that the PA's compact privilege is deactivated in all participating states during the pendency of the order.

(v) accusing any person of a crime or formally censuring any person;

(vi) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) disclosure of investigative records compiled for law enforcement purposes;

(ix) disclosure of information related to any investigative reports prepared by or on behalf of, or for use of, the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to this compact;

(x) legal advice; or

(xi) matters specifically exempted from disclosure by federal or participating states' statutes;

(4) if a meeting, or portion of a meeting, is closed pursuant to clause (3), the chair of the meeting or the chair's designee shall certify that the meeting or portion of the meeting may be closed and shall reference each relevant exempting provision; and

(5) the commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(e) Financing of the commission:

(1) the commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities;

(2) the commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services;

(3) the commission may levy on and collect an annual assessment from each participating state and may impose compact privilege fees on licensees of participating states to whom a compact privilege is granted, to cover the cost of the operations and activities of the commission and its staff. The cost of the operations and activities of the commission and its staff must be in a total amount sufficient to cover its annual budget as approved by the commission each year for which revenue is not provided by other sources. The aggregate annual assessment amount levied on participating states shall be allocated based upon a formula to be determined by commission rule:

(i) a compact privilege expires when the licensee's qualifying license in the participating state from which the licensee applied for the compact privilege expires; and

(ii) if the licensee terminates the qualifying license through which the licensee applied for the compact privilege before its scheduled expiration, and the licensee has a qualifying license in another participating state, the licensee shall inform the commission that it is

changing the participating state through which it applies for a compact privilege to the other participating state and pay to the commission any compact privilege fee required by commission rule;

(4) the commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor shall the commission pledge the credit of any of the participating states, except by and with the authority of the participating state; and

(5) the commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the financial review and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the commission.

(f) The executive committee:

(1) the executive committee shall have the power to act on behalf of the commission according to the terms of this compact and commission rules;

(2) the executive committee shall be composed of nine members as follows:

(i) seven voting members who are elected by the commission from the current membership of the commission;

(ii) one ex officio, nonvoting member from a recognized national PA professional association; and

(iii) one ex officio, nonvoting member from a recognized national PA certification organization;

(3) the ex officio members will be selected by their respective organizations;

(4) the commission may remove any member of the executive committee as provided in its bylaws;

(5) the executive committee shall meet at least annually;

(6) the executive committee shall have the following duties and responsibilities:

(i) recommend to the entire commission changes to the commission's rules or bylaws, changes to this compact legislation, fees paid by compact participating states such as annual dues, and any commission compact fee charged to licensees for the compact privilege;

(ii) ensure compact administration services are appropriately provided, contractual or otherwise;

(iii) prepare and recommend the budget;

(iv) maintain financial records on behalf of the commission;

(v) monitor compact compliance of participating states and provide compliance reports to the commission;

(vi) establish additional committees as necessary;

(vii) exercise the powers and duties of the commission during the interim between commission meetings, except for issuing proposed rulemaking or adopting commission rules or bylaws, or exercising any other powers and duties exclusively reserved to the commission by the commission's rules; and

(viii) perform other duties as provided in commission's rules or bylaws;

(7) all meetings of the executive committee at which it votes or plans to vote on matters in exercising the powers and duties of the commission shall be open to the public, and public notice of such meetings shall be given as public meetings of the commission are given; and

(8) the executive committee may convene in a closed, nonpublic meeting for the same reasons that the commission may convene in a nonpublic meeting as set forth in paragraph (d), clause (3), and shall announce the closed meeting as the commission is required to under paragraph (d), clause (4), and keep minutes of the closed meeting as the commission is required to under paragraph (d), clause (5).

(g) Qualified immunity, defense, and indemnification:

(1) the members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder;

(2) the commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense, and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct;

(3) the commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person;

(4) except as provided under paragraph (i), venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses in any proceedings as authorized by commission rules;

(5) nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws;

(6) nothing herein shall be construed to designate the venue or jurisdiction to bring actions for alleged acts of malpractice, professional misconduct, negligence, or other such civil action pertaining to the practice of a PA. All such matters shall be determined exclusively by state law other than this compact;

(7) nothing in this compact shall be interpreted to waive or otherwise abrogate a participating state's state action immunity or state action affirmative defense with respect to antitrust claims under the federal Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation; and

(8) nothing in this compact shall be construed to be a waiver of sovereign immunity by the participating states or by the commission.

(h) Notwithstanding paragraph (g), clause (1), the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. This paragraph expressly incorporates section 3.736, and neither expands nor limits the rights and remedies provided under that statute.

(i) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

ARTICLE VIII

DATA SYSTEM

(a) The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure and adverse action information, and the reporting of significant investigative information on all licensed PAs and applicants denied a license in participating states.

(b) Notwithstanding any other state law to the contrary, a participating state shall submit a uniform data set to the data system on all PAs to whom this compact is applicable, using a unique identifier, as required by the rules of the commission, including:

(1) identifying information;

(2) licensure data;

(3) adverse actions against a license or compact privilege;

(4) any denial of application for licensure and the reason or reasons for the denial, excluding the reporting of any criminal history record information where prohibited by law;

(5) the existence of significant investigative information; and

(6) other information that may facilitate the administration of this compact, as determined by the rules of the commission.

(c) Significant investigative information pertaining to a licensee in any participating state shall only be available to other participating states.

(d) The commission shall promptly notify all participating states of any reports it receives of any adverse action taken against a licensee or an individual applying for a license. This adverse action information shall be available to any other participating state.

(e) Participating states contributing information to the data system may, in accordance with state or federal law, designate information that may not be shared with the public without the express permission of the contributing state. Notwithstanding any such designation, such information shall be reported to the commission through the data system.

(f) Any information submitted to the data system that is subsequently expunged by federal law or the laws of the participating state contributing the information shall be removed from the data system upon reporting of such by the participating state to the commission.

(g) The records and information provided to a participating state pursuant to this compact or through the data system, when certified by the commission or an agent thereof, shall constitute the authenticated business records of the commission and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a participating state.

## ARTICLE IX

## RULEMAKING

(a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Commission rules shall become binding as of the date specified by the commission for each rule.

(b) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer this compact and achieve its purposes. A commission rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted hereunder, or based upon another applicable standard of review.

(c) The rules of the commission shall have the force of law in each participating state, provided however that where the rules of the commission conflict with the laws of the participating state that establish the medical services a PA may perform in the participating state, as held by a court of competent jurisdiction, the rules of the commission shall be ineffective in that state to the extent of the conflict.

(d) If a majority of the legislatures of the participating states rejects a commission rule, by enactment of a statute or resolution in the same manner used to adopt the compact within

four years of the date of adoption of the rule, then such rule shall have no further force and effect in any participating state or in any state applying to participate in the compact.

(e) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(f) Prior to promulgation and adoption of a final rule or rules by the commission and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission or other publicly accessible platform;

(2) to persons who have requested notice of the commission's notices of proposed rulemaking; and

(3) in such other ways as the commission may specify by rule.

(g) The notice of proposed rulemaking shall include:

(1) the time, date, and location of the public hearing on the proposed rule;

(2) the time, date, and location of the public hearing in which the proposed rule will be considered and voted upon;

(3) the text of the proposed rule and the reason for the proposed rule;

(4) a request for comments on the proposed rule from any interested person and the date by which written comments must be received; and

(5) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(h) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(i) If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing:

(1) all persons wishing to be heard at the hearing shall notify the commission of their desire to appear and testify at the hearing, not less than five business days before the scheduled date of the hearing, as directed in the notice of proposed rulemaking;

(2) hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing;

(3) all hearings shall be recorded. A copy of the recording and the written comments, data, facts, opinions, and arguments received in response to the proposed rulemaking shall be made available to a person on request; and

(4) nothing in this section shall be construed as requiring a separate hearing on each rule. Proposed rules may be grouped for the convenience of the commission at hearings required by this article.

(j) Following the public hearing, the commission shall consider all written and oral comments timely received.

(k) The commission shall, by majority vote of all delegates, take final action on the proposed rule and shall determine the effective date of the rule, if adopted, based on the rulemaking record and the full text of the rule. The commission:

(1) shall, if adopted, post the rule on the commission's website;

(2) may adopt changes to the proposed rule provided the changes do not expand the original purpose of the proposed rule;

(3) shall provide on its website an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters; and

(4) shall determine a reasonable effective date for the rule. Except for an emergency as provided in paragraph (l), the effective date of the rule shall be no sooner than 30 days after the commission issued the notice that it adopted the rule.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 24 hours' prior notice, without the opportunity for comment or hearing, provided that the usual rulemaking procedures provided in the compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately by the commission in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or participating state funds;

(3) meet a deadline for the promulgation of a commission rule that is established by federal law or rule; or

(4) protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted commission rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made as set forth in the notice of revisions and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(n) No participating state's rulemaking requirements shall apply under this compact.

ARTICLE X

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(a) Oversight:

(1) the executive and judicial branches of state government in each participating state shall enforce this compact and take all actions necessary and appropriate to implement the compact;

(2) venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter; and

(3) the commission shall be entitled to receive service of process in any such proceeding regarding the enforcement or interpretation of the compact or the commission's rules and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or commission rules.

(b) Default, technical assistance, and termination:

(1) if the commission determines that a participating state has defaulted in the performance of its obligations or responsibilities under this compact or the commission rules, the commission shall:

(i) provide written notice to the defaulting state and other participating states describing the default, the proposed means of curing the default, or any other action that the commission may take; and

(ii) offer remedial training and specific technical assistance regarding the default;

(2) if a state in default fails to cure the default, the defaulting state may be terminated from this compact upon an affirmative vote of a majority of the delegates of the participating states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default;

(3) termination of participation in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and the licensing board or boards of each of the participating states;

(4) a state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination;

(5) the commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this compact, unless agreed upon in writing between the commission and the defaulting state;

(6) the defaulting state may appeal its termination from the compact by the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees; and

(7) upon the termination of a state's participation in the compact, the state shall immediately provide notice to all licensees within that state of such termination:

(i) licensees who have been granted a compact privilege in that state shall retain the compact privilege for 180 days following the effective date of such termination; and

(ii) licensees who are licensed in that state who have been granted a compact privilege in a participating state shall retain the compact privilege for 180 days, unless the licensee also has a qualifying license in a participating state or obtains a qualifying license in a participating state before the 180-day period ends, in which case the compact privilege shall continue.

(c) Dispute resolution:

(1) upon request by a participating state, the commission shall attempt to resolve disputes related to this compact that arise among participating states and between participating and nonparticipating states; and

(2) the commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(d) Enforcement:

(1) the commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact and rules of the commission;

(2) if compliance is not secured after all means to secure compliance have been exhausted, by majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a participating state in default, to enforce compliance with the provisions of this compact and the commission's promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees; and

(3) the remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

(e) Legal action against the commission:

(1) a participating state may initiate legal action against the commission in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and the commission's rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney fees; and

(2) no person other than a participating state shall enforce this compact against the commission.

ARTICLE XI

DATE OF IMPLEMENTATION OF THE PA LICENSURE COMPACT COMMISSION

(a) This compact shall come into effect on the date on which the compact statute is enacted into law in the seventh participating state.

(b) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the charter participating states to determine if the statute enacted by each charter participating state is materially different than the model compact. A charter participating state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in article X, paragraph (b).

(c) If any participating state later withdraws from the compact or its participation is terminated, the commission shall remain in existence and the compact shall remain in effect even if the number of participating states should be less than seven. Participating states enacting the compact subsequent to the commission convening shall be subject to the process set forth in article VII, paragraph (c), clause (21), to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact.

(d) Any participating state enacting the compact subsequent to the seven initial charter participating states shall be subject to the process set forth in article VII, paragraph (c), clause (21), to determine if the state's enactment is materially different from the model compact and whether the state qualifies for participation in the compact.

(e) All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be actions of the commission unless specifically repudiated by the commission.

(f) Any state that joins this compact shall be subject to the commission's rules and bylaws as they exist on the date on which this compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day this compact becomes law in that state.

(g) Any participating state may withdraw from this compact by enacting a statute repealing the same:

(1) a participating state's withdrawal shall not take effect until 180 days after enactment of the repealing statute. During this 180-day period, all compact privileges that were in effect in the withdrawing state and were granted to licensees licensed in the withdrawing state shall remain in effect. If any licensee licensed in the withdrawing state is also licensed in another participating state or obtains a license in another participating state within the 180 days, the licensee's compact privileges in other participating states shall not be affected by the passage of the 180 days;

(2) withdrawal shall not affect the continuing requirement of the state licensing board or boards of the withdrawing state to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal; and

(3) upon the enactment of a statute withdrawing a state from this compact, the state shall immediately provide notice of such withdrawal to all licensees within that state. Such withdrawing state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(h) Nothing contained in this compact shall be construed to invalidate or prevent any PA licensure agreement or other cooperative arrangement between participating states or a participating state and a nonparticipating state that does not conflict with the provisions of this compact.

(i) This compact may be amended by the participating states. No amendment to this compact shall become effective and binding upon any participating state until it is enacted materially in the same manner into the laws of all participating states, as determined by the commission.

## ARTICLE XII

## CONSTRUCTION AND SEVERABILITY

(a) This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes of the compact and its implementation and administration. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes.

(b) The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any participating state, of a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby.

(c) Notwithstanding paragraph (b) or any provision of this article, the commission may deny a state's participation in the compact or, in accordance with the requirements of article X, paragraph (b), terminate a participating state's participation in the compact, if it determines that a constitutional requirement of a participating state is, or would be with respect to a state seeking to participate in the compact, a material departure from the compact. Otherwise,

if this compact shall be held to be contrary to the constitution of any participating state, the compact shall remain in full force and effect as to the remaining participating states and in full force and effect as to the participating state affected as to all severable matters.

ARTICLE XIII

BINDING EFFECT OF THE COMPACT

(a) Nothing herein prevents the enforcement of any other law of a participating state that is not inconsistent with this compact.

(b) Any laws in a participating state in conflict with this compact are superseded to the extent of the conflict.

(c) All agreements between the commission and the participating states are binding in accordance with their terms.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. **DIRECTION TO BOARD OF MEDICAL PRACTICE.**

The Board of Medical Practice must publish the effective date of the compact in Minnesota Statutes, section 148.675, in the State Register and on the board's website.

These procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(i) A member state shall, within a time frame established by the commission, require a criminal background check for a licensee seeking or applying for a compact privilege whose primary state of residence is that member state by receiving the results of the Federal Bureau of Investigation criminal record search, and shall use the results in making licensure decisions.

(ii) Communication between a member state, the commission, and among member states regarding the verification of eligibility for licensure through the compact shall not include any information received from the Federal Bureau of Investigation relating to a federal criminal records check performed by a member state under Public Law 92-544;

(E) Individuals not residing in a member state shall continue to be able to apply for a member state's single-state license as provided under the laws of each member state. (F) Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license.

ARTICLE IV

COMPACT PRIVILEGE

(A) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall:

(1) hold a license in the home state;

(2) have a valid United States Social Security number or national practitioner identification number;

(3) have no encumbrance on any state license;

(4) be eligible for a compact privilege in any member state in accordance with Article IV, (D), (F), (G), and (H);

(5) have paid all fines and completed all requirements resulting from any adverse action against any license or compact privilege, and two years have elapsed from the date of such completion;

(6) notify the commission that the licensee is seeking the compact privilege within a remote state or states;

(7) pay any applicable fees, including any state fee, for the compact privilege;

(8) complete a criminal background check in accordance with Article III, (A)(5). The licensee shall be responsible for the payment of any fee associated with the completion of a criminal background check;

(9) meet any jurisprudence requirements established by the remote state or states in which the licensee is seeking a compact privilege; and

(10) report to the commission adverse action taken by any nonmember state within 30 days from the date the adverse action is taken.

(B) The compact privilege is valid until the expiration date of the home state license. The licensee must comply with the requirements of Article IV, (A), to maintain the compact privilege in the remote state.

(C) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(D) Occupational therapy assistants practicing in a remote state shall be supervised by an occupational therapist licensed or holding a compact privilege in that remote state.

(E) A licensee providing occupational therapy in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, remove a licensee's compact privilege in the remote state for a specific period of time, impose fines, or take any other necessary actions to protect the health and safety of its citizens. The licensee may be ineligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.

(F) If a home state license is encumbered, the licensee shall lose the compact privilege in any remote state until the following occur:

(1) the home state license is no longer encumbered; and

(2) two years have elapsed from the date on which the home state license is no longer encumbered in accordance with Article IV, (F)(1).

(G) Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of Article IV, (A), to obtain a compact privilege in any remote state.

(H) If a licensee's compact privilege in any remote state is removed, the individual may lose the compact privilege in any other remote state until the following occur:

(1) the specific period of time for which the compact privilege was removed has ended;

(2) all fines have been paid and all conditions have been met;

(3) two years have elapsed from the date of completing requirements for Article IV, (H)(1) and (2); and

(4) the compact privileges are reinstated by the commission and the compact data system is updated to reflect reinstatement.

(I) If a licensee's compact privilege in any remote state is removed due to an erroneous charge, privileges shall be restored through the compact data system.

(J) Once the requirements of Article IV, (H), have been met, the licensee must meet the requirements in Article IV, (A), to obtain a compact privilege in a remote state.

ARTICLE V

OBTAINING A NEW HOME STATE LICENSE BY VIRTUE OF COMPACT PRIVILEGE

(A) An occupational therapist or occupational therapy assistant may hold a home state license, which allows for compact privileges in member states, in only one member state at a time.

(B) If an occupational therapist or occupational therapy assistant changes their primary state of residence by moving between two member states:

(1) the occupational therapist or occupational therapy assistant shall file an application for obtaining a new home state license by virtue of a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission;

(2) upon receipt of an application for obtaining a new home state license by virtue of compact privilege, the new home state shall verify that the occupational therapist or occupational therapy assistant meets the pertinent criteria outlined in Article IV via the data system, without need for primary source verification except for:

(i) an FBI fingerprint-based criminal background check if not previously performed or updated pursuant to applicable rules adopted by the commission in accordance with Public Law 92-544;

(ii) other criminal background checks as required by the new home state; and

(iii) submission of any requisite jurisprudence requirements of the new home state;

(3) the former home state shall convert the former home state license into a compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the commission;

(4) notwithstanding any other provision of this compact, if the occupational therapist or occupational therapy assistant cannot meet the criteria in Article IV, the new home state shall apply its requirements for issuing a new single-state license; and

(5) the occupational therapist or the occupational therapy assistant shall pay all applicable fees to the new home state in order to be issued a new home state license.

(C) If an occupational therapist or occupational therapy assistant changes their primary state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria shall apply for issuance of a single-state license in the new state.

(D) Nothing in this compact shall interfere with a licensee's ability to hold a single-state license in multiple states; however, for the purposes of this compact, a licensee shall have only one home state license.

(E) Nothing in this compact shall affect the requirements established by a member state for the issuance of a single-state license.

ARTICLE VI

ACTIVE DUTY MILITARY PERSONNEL OR THEIR SPOUSES

Active duty military personnel, or their spouses, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state or through the process described in Article V.

ARTICLE VII

ADVERSE ACTIONS

(A) A home state shall have exclusive power to impose adverse action against an occupational therapist's or occupational therapy assistant's license issued by the home state.

(B) In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:

(1) take adverse action against an occupational therapist's or occupational therapy assistant's compact privilege within that member state; and

(2) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay

any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(C) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(D) The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes their primary state of residence during the course of the investigations. The home state, where the investigations were initiated, shall also have the authority to take appropriate action and shall promptly report the conclusions of the investigations to the compact commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse actions.

(E) A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.

(F) A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

(G) Joint Investigations:

(1) In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

(2) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.

(H) If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational

therapy assistant's compact privilege is deactivated in all member states during the pendency of the order.

(I) If a member state takes adverse action, the member state shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

(J) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

ARTICLE VIII

ESTABLISHMENT OF THE OCCUPATIONAL THERAPY COMPACT COMMISSION

(A) The compact member states hereby create and establish a joint public agency known as the occupational therapy compact commission:

(1) The commission is an instrumentality of the compact states.

(2) Except as provided under paragraph (I), venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

(B) Membership, Voting, and Meetings:

(1) Each member state shall have and be limited to one delegate selected by that member state's licensing board.

(2) The delegate shall be either:

(i) a current member of the licensing board who is an occupational therapist, occupational therapy assistant, or public member; or

(ii) an administrator of the licensing board.

(3) Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed.

(4) The member state board shall fill any vacancy occurring in the commission within 90 days.

(5) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business

and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(6) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(7) The commission shall establish by rule a term of office for delegates.

(C) The commission shall have the following powers and duties:

(1) establish a code of ethics for the commission;

(2) establish the fiscal year of the commission;

(3) establish bylaws;

(4) maintain its financial records in accordance with the bylaws;

(5) meet and take such actions as are consistent with the provisions of this compact and the bylaws;

(6) promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all member states;

(7) bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state occupational therapy licensing board to sue or be sued under applicable law shall not be affected;

(8) purchase and maintain insurance and bonds;

(9) borrow, accept, or contract for services of personnel, including but not limited to employees of a member state;

(10) hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(11) accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and receive, utilize, and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(12) lease, purchase, accept appropriate gifts or donations of, or otherwise own, hold, improve, or use any property, real, personal, or mixed; provided that at all times the commission shall avoid any appearance of impropriety;

(13) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

(14) establish a budget and make expenditures;

(15) borrow money;

(16) appoint committees, including standing committees composed of members, state regulators, state legislators or their representatives, and consumer representatives, and other interested persons as may be designated in this compact and the bylaws;

(17) provide and receive information from, and cooperate with, law enforcement agencies;

(18) establish and elect an executive committee; and

(19) perform other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of occupational therapy licensure and practice.

(D) The Executive Committee:

(1) The executive committee shall have the power to act on behalf of the commission according to the terms of this compact.

(2) The executive committee shall be composed of nine members:

(i) seven voting members who are elected by the commission from the current membership of the commission;

(ii) one ex-officio, nonvoting member from a recognized national occupational therapy professional association; and

(iii) one ex-officio, nonvoting member from a recognized national occupational therapy certification organization.

(3) The ex-officio members will be selected by their respective organizations.

(4) The commission may remove any member of the executive committee as provided in the bylaws.

(5) The executive committee shall meet at least annually.

(6) The executive committee shall have the following duties and responsibilities:

(i) recommend to the entire commission changes to the rules or bylaws, changes to this compact legislation, fees paid by compact member states such as annual dues, and any commission compact fee charged to licensees for the compact privilege;

(ii) ensure compact administration services are appropriately provided, contractual or otherwise;

(iii) prepare and recommend the budget;

(iv) maintain financial records on behalf of the commission;

(v) monitor compact compliance of member states and provide compliance reports to the commission;

(vi) establish additional committees as necessary; and

(vii) perform other duties as provided in rules or bylaws.

(E) Meetings of the Commission:

(1) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article X.

(2) The commission or the executive committee or other committees of the commission may convene in a closed, nonpublic meeting if the commission or executive committee or other committees of the commission must discuss:

(i) noncompliance of a member state with its obligations under the compact;

(ii) the employment, compensation, discipline, or other matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;

(iii) current, threatened, or reasonably anticipated litigation;

(iv) negotiation of contracts for the purchase, lease, or sale of goods, services, or real estate;

(v) accusing any person of a crime or formally censuring any person;

(vi) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(vii) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(viii) disclosure of investigative records compiled for law enforcement purposes;

(ix) disclosure of information related to any investigative reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(x) matters specifically exempted from disclosure by federal or member state statute.

(3) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

(4) The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

(F) Financing of the Commission:

(1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved by the commission each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public

accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(G) Qualified Immunity, Defense, and Indemnification:

(1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(H) Notwithstanding paragraph (G), clause (1), the liability of the executive director, employees, or representatives of the interstate commission, acting within the scope of their employment or duties, may not exceed the limits of liability set forth under the constitution and laws of this state for state officials, employees, and agents. This paragraph expressly

incorporates section 3.736, and neither expands nor limits the rights and remedies provided under that statute.

(I) Except for a claim alleging a violation of this compact, a claim against the commission, its executive director, employees, or representatives alleging a violation of the constitution and laws of this state may be brought in any county where the plaintiff resides. Nothing in this paragraph creates a private right of action.

(J) Nothing in this compact shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

ARTICLE IX

DATA SYSTEM

(A) The commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

(B) A member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable, utilizing a unique identifier, as required by the rules of the commission, including:

(1) identifying information;

(2) licensure data;

(3) adverse actions against a license or compact privilege;

(4) nonconfidential information related to alternative program participation;

(5) any denial of application for licensure and the reason or reasons for such denial;

(6) other information that may facilitate the administration of this compact, as determined by the rules of the commission; and

(7) current significant investigative information.

(C) Current significant investigative information and other investigative information pertaining to a licensee in any member state will only be available to other member states.

(D) The commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(E) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(F) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

ARTICLE X

RULEMAKING

(A) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(B) The commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the compact, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.

(C) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(D) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(E) Prior to promulgation and adoption of a final rule or rules by the commission, and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission or other publicly accessible platform; and

(2) on the website of each member state occupational therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

(F) The notice of proposed rulemaking shall include:

(1) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

(G) Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

(H) The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) at least 25 persons;

(2) a state or federal governmental subdivision or agency; or

(3) an association or organization having at least 25 members.

(I) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing:

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) All hearings will be recorded. A copy of the recording will be made available on request.

(4) Nothing in this Article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article.

(J) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(K) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(L) The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

(M) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that the usual rulemaking procedures provided in the compact and in this Article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or member state funds;

(3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) protect public health and safety.

(N) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

## ARTICLE XI

## OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(A) Oversight:

(1) The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(B) Default, Technical Assistance, and Termination:

(1) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(4) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the

commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(C) Dispute Resolution:

(1) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(D) Enforcement:

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event that judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XII

DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

(A) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(B) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes

law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(C) Any member state may withdraw from this compact by enacting a statute repealing the same:

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(D) Nothing contained in this compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(E) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XIII

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

ARTICLE XIV

BINDING EFFECT OF COMPACT AND OTHER LAWS

(A) A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.

(B) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the compact.

(C) Any laws in a member state in conflict with the compact are superseded to the extent of the conflict.

(D) Any lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.

(E) All agreements between the commission and the member states are binding in accordance with their terms.

(F) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(f) Qualified immunity, defense, and indemnification:

(1) the members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person;

(e) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(f) Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

ARTICLE IX

RULEMAKING

(a) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

(b) If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(c) Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

(d) Prior to promulgation and adoption of a final rule or rules by the commission and at least 30 days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(e) The notice of proposed rulemaking shall include:

(1) the proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(1) at least 25 persons;

(2) a state or federal governmental subdivision or agency; or

(3) an association having at least 25 members.

(h) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the commission shall publish the mechanism for access to the electronic hearing:

(1) all persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing;

(2) hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing;

(3) all hearings will be recorded. A copy of the recording will be made available on request; and

(4) nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

(j) If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

(l) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(1) meet an imminent threat to public health, safety, or welfare;

(2) prevent a loss of commission or member state funds;

(3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) protect public health and safety.

(m) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period.

If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

## ARTICLE X

## OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(a) Oversight:

(1) the executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law;

(2) all courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission; and

(3) the commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(b) Default, technical assistance, and termination:

(1) if the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(i) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(ii) provide remedial training and specific technical assistance regarding the default;

(2) if a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default;

(3) termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall

be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states;

(4) a state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination;

(5) the commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state; and

(6) the defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

(c) Dispute resolution:

(1) upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states; and

(2) the commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(d) Enforcement:

(1) the commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact;

(2) by majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees; and

(3) the remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

ARTICLE XI

DATE OF IMPLEMENTATION OF THE INTERSTATE COMPACT FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENTS

(a) The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

(b) Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

(c) Any member state may withdraw from this compact by enacting a statute repealing the same:

(1) a member state's withdrawal shall not take effect until six months after enactment of the repealing statute; and

(2) withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(d) Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(e) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this

compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

**EFFECTIVE DATE.** This section is effective the day following final enactment. The Board of Physical Therapy must publish the effective date of the compact in the State Register and on the board's website.
