# Yes Votes: Full Bill Text

## Review packet for Tara Killen

2023-2026 Minnesota Senate
Prepared October 8, 2026

**138 passage-vote entries** in the exact row order of the workbook's **Bills supported** tab. Repeated bills remain repeated when the workbook records another passage vote.

The complete official bill PDFs follow each section divider. Original wording, line numbers, strikeouts, underlining, and page sizes are retained. Selected original Senate journal pages follow the bill documents.

Use the clickable contents and PDF bookmarks to navigate. Contents page numbers refer to this packet; the numbers printed on the original bills and journals remain their original numbers.

**Read the version notes.** A printed draft, a Senate-amended bill, and the eventual law can differ. Additional text versions and vote records are included where available; this packet does not certify every printed draft as a consolidated, exact reproduction of the bill at the instant of the vote.

This packet covers passage and repassage votes. It does not treat a yes vote on an amendment or procedural motion as a yes vote on passage of the underlying bill.

Printing: original bill PDFs commonly use 8.5 x 14 inch legal pages. Use paper matching the PDF page size, or choose Fit when printing on letter paper.

# How to read this packet

## 1. Section divider

Identifies the workbook row, vote date, bill number, recorded stage and roll-call totals, and every included source document. Bill subjects are reproduced from the workbook for navigation; they are not substitutes for reading the bill.

## 2. Complete bill documents

Each included bill document is reproduced in full, with no sections removed and no rewriting. Where another Senate text is available, it follows the numbered version and is separately bookmarked. An additional version is provided for comparison, not an assertion that every provision was adopted.

## 3. Journal context

Original journal pages show the surrounding floor action, including recorded amendments and the vote. They are excerpts from a daily journal, not complete daily journals. Other bills may appear on the same pages. Earlier committee amendments or separate House amendments may require following the linked bill history.

## 4. Three flagged workbook entries

Sections 134 (SF 5200), 137 (SF 4400), and 138 (SF 334) had version cautions in the workbook. Later or alternate printed versions are included and the cautions remain visible. For sections 137 and 138, a workbook-linked draft concerns a different subject than the vote journal; that mismatched draft is excluded and the matching-subject text is supplied instead.

## 5. Workbook scope

A bill for an act

relating to taxation; individual income and corporate franchise; providing for certain conformity to federal tax provisions; amending Minnesota Statutes 2022, sections 289A.02, subdivision 7; 289A.08, subdivisions 7, 7a; 290.01, subdivisions 19, 31, by adding a subdivision; 290.0123, subdivision 3; 290.0131, by adding subdivisions; 290.0132, by adding subdivisions; 290.0133, by adding a subdivision; 290.0134, by adding a subdivision; 290.06, subdivision 2c; 290.0671, subdivision 1a; 290.0675, subdivision 1; 290.091, subdivision 2; 290.095, subdivision 11; 290A.03, subdivision 15; 291.005, subdivision 1; repealing Minnesota Statutes 2022, section 290.0111.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2022, section 289A.02, subdivision 7, is amended to read:

Subd. 7. **Internal Revenue Code.** Unless specifically defined otherwise, "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through ~~December 31, 2018~~ December 15, 2022.

**EFFECTIVE DATE.** This section is effective the day following final enactment, except the changes incorporated by federal changes are effective retroactively at the same time the changes were effective for federal purposes.

Sec. 2. Minnesota Statutes 2022, section 289A.08, subdivision 7, is amended to read:

Subd. 7. **Composite income tax returns for nonresident partners, shareholders, and beneficiaries.** (a) The commissioner may allow a partnership with nonresident partners to file a composite return and to pay the tax on behalf of nonresident partners who have no other Minnesota source income. This composite return must include the names, addresses,

Social Security numbers, income allocation, and tax liability for the nonresident partners electing to be covered by the composite return.

(b) The computation of a partner's tax liability must be determined by multiplying the income allocated to that partner by the highest rate used to determine the tax liability for individuals under section 290.06, subdivision 2c. Nonbusiness deductions, standard deductions, or personal exemptions are not allowed.

(c) The partnership must submit a request to use this composite return filing method for nonresident partners. The requesting partnership must file a composite return in the form prescribed by the commissioner of revenue. The filing of a composite return is considered a request to use the composite return filing method.

(d) The electing partner must not have any Minnesota source income other than the income from the partnership, other electing partnerships, and other qualifying entities electing to file and pay the pass-through entity tax under subdivision 7a. If it is determined that the electing partner has other Minnesota source income, the inclusion of the income and tax liability for that partner under this provision will not constitute a return to satisfy the requirements of subdivision 1. The tax paid for the individual as part of the composite return is allowed as a payment of the tax by the individual on the date on which the composite return payment was made. If the electing nonresident partner has no other Minnesota source income, filing of the composite return is a return for purposes of subdivision 1.

(e) This subdivision does not negate the requirement that an individual pay estimated tax if the individual's liability would exceed the requirements set forth in section 289A.25. The individual's liability to pay estimated tax is, however, satisfied when the partnership pays composite estimated tax in the manner prescribed in section 289A.25.

(f) If an electing partner's share of the partnership's gross income from Minnesota sources is less than the filing requirements for a nonresident under this subdivision, the tax liability is zero. However, a statement showing the partner's share of gross income must be included as part of the composite return.

(g) The election provided in this subdivision is only available to a partner who has no other Minnesota source income and who is either (1) a full-year nonresident individual or (2) a trust or estate that does not claim a deduction under either section 651 or 661 of the Internal Revenue Code.

(h) A corporation defined in section 290.9725 and its nonresident shareholders may make an election under this paragraph. The provisions covering the partnership apply to the corporation and the provisions applying to the partner apply to the shareholder.

(i) Estates and trusts distributing current income only and the nonresident individual beneficiaries of the estates or trusts may make an election under this paragraph. The provisions covering the partnership apply to the estate or trust. The provisions applying to the partner apply to the beneficiary.

(j) For the purposes of this subdivision, "income" means the partner's share of federal adjusted gross income from the partnership modified by the additions provided in section 290.0131, subdivisions 8 to 10, 16, and 17, and the subtractions provided in: (1) section 290.0132, subdivisions 9, 27, ~~and~~ 28, and 31, to the extent the amount is assignable or allocable to Minnesota under section 290.17; and (2) section 290.0132, subdivision 14. The subtraction allowed under section 290.0132, subdivision 9, is only allowed on the composite tax computation to the extent the electing partner would have been allowed the subtraction.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2022.

Sec. 3. Minnesota Statutes 2022, section 289A.08, subdivision 7a, is amended to read:

Subd. 7a. **Pass-through entity tax.** (a) For the purposes of this subdivision, the following terms have the meanings given:

(1) "income" has the meaning given in subdivision 7, paragraph (j), modified by the addition provided in section 290.0131, subdivision 5, and the subtraction provided in section 290.0132, subdivision 3, except that the provisions that apply to a partnership apply to a qualifying entity and the provisions that apply to a partner apply to a qualifying owner. The income of both a resident and nonresident qualifying owner is allocated and assigned to this state as provided for nonresident partners and shareholders under sections 290.17, 290.191, and 290.20;

(2) "qualifying entity" means a partnership, limited liability company, or S corporation including a qualified subchapter S subsidiary organized under section 1361(b)(3)(B) of the Internal Revenue Code. Qualifying entity does not include a partnership, limited liability company, or corporation that has a partnership, limited liability company other than a disregarded entity, or corporation as a partner, member, or shareholder; and

(3) "qualifying owner" means:

(i) a resident or nonresident individual or estate that is a partner, member, or shareholder of a qualifying entity; or

(ii) a resident or nonresident trust that is a shareholder of a qualifying entity that is an S corporation.

(b) For taxable years beginning after December 31, 2020, in which the taxes of a qualifying owner are limited under section 164(b)(6)(B) of the Internal Revenue Code, a qualifying entity may elect to file a return and pay the pass-through entity tax imposed under paragraph (c). The election:

(1) must be made on or before the due date or extended due date of the qualifying entity's pass-through entity tax return;

(2) may only be made by qualifying owners who collectively hold more than a 50 percent ownership interest in the qualifying entity;

(3) is binding on all qualifying owners who have an ownership interest in the qualifying entity; and

(4) once made is irrevocable for the taxable year.

(c) Subject to the election in paragraph (b), a pass-through entity tax is imposed on a qualifying entity in an amount equal to the sum of the tax liability of each qualifying owner.

(d) The amount of a qualifying owner's tax liability under paragraph (c) is the amount of the qualifying owner's income multiplied by the highest tax rate for individuals under section 290.06, subdivision 2c. When making this determination:

(1) nonbusiness deductions, standard deductions, or personal exemptions are not allowed; and

(2) a credit or deduction is allowed only to the extent allowed to the qualifying owner.

(e) The amount of each credit and deduction used to determine a qualifying owner's tax liability under paragraph (d) must also be used to determine that qualifying owner's income tax liability under chapter 290.

(f) This subdivision does not negate the requirement that a qualifying owner pay estimated tax if the qualifying owner's tax liability would exceed the requirements set forth in section 289A.25. The qualifying owner's liability to pay estimated tax on the qualifying owner's tax liability as determined under paragraph (d) is, however, satisfied when the qualifying entity pays estimated tax in the manner prescribed in section 289A.25 for composite estimated tax.

(g) A qualifying owner's adjusted basis in the interest in the qualifying entity, and the treatment of distributions, is determined as if the election to pay the pass-through entity tax under paragraph (b) is not made.

(h) To the extent not inconsistent with this subdivision, for purposes of this chapter, a pass-through entity tax return must be treated as a composite return and a qualifying entity filing a pass-through entity tax return must be treated as a partnership filing a composite return.

(i) The provisions of subdivision 17 apply to the election to pay the pass-through entity tax under this subdivision.

(j) If a nonresident qualifying owner of a qualifying entity making the election to file and pay the tax under this subdivision has no other Minnesota source income, filing of the pass-through entity tax return is a return for purposes of subdivision 1, provided that the nonresident qualifying owner must not have any Minnesota source income other than the income from the qualifying entity, other electing qualifying entities, and other partnerships electing to file a composite return under subdivision 7. If it is determined that the nonresident qualifying owner has other Minnesota source income, the inclusion of the income and tax liability for that owner under this provision will not constitute a return to satisfy the requirements of subdivision 1. The tax paid for the qualifying owner as part of the pass-through entity tax return is allowed as a payment of the tax by the qualifying owner on the date on which the pass-through entity tax return payment was made.

(k) Once a credit is claimed by a qualifying owner under section 290.06, subdivision 40, a qualifying entity cannot receive a refund for tax paid under this subdivision for any amounts claimed under that section by the qualifying owners. Once a credit is claimed under section 290.06, subdivision 40, any refund must be claimed in conjunction with a return filed by the qualifying owner.

**EFFECTIVE DATE.** This section is effective retroactively for taxable years beginning after December 31, 2020.

(3) the deduction for dividends paid must also be applied in the amount of any undistributed capital gains which the regulated investment company elects to have treated as provided in section 852(b)(3)(D) of the Internal Revenue Code.

(d) The net income of a real estate investment trust as defined and limited by section 856(a), (b), and (c) of the Internal Revenue Code means the real estate investment trust taxable income as defined in section 857(b)(2) of the Internal Revenue Code.

(b) The amount of a net operating loss deduction in any taxable year beginning after December 31, 2017, and before January 1, 2021, that exceeds the deduction allowed under section 172(a)(2) of the Internal Revenue Code is an addition. For purposes of this paragraph, the deduction allowed under section 172(a)(2) of the Internal Revenue Code is allowed in the case of a taxable year beginning after December 31, 2017.

No subtraction is allowed under this paragraph for taxable years beginning after December 31, 2022.

Any excess is a delayed net operating loss deduction carryforward, the entire amount of which must be carried to the earliest taxable year. No subtraction under this subdivision is allowed after 20 taxable years from the taxable year in which an operating loss arises. The sum of the additions required under section 290.0131, subdivision 20, paragraph (a), are aggregated and assigned to the taxable year immediately succeeding the taxable year in which the operating loss arises, for purposes of determining the subtraction allowed under this subdivision in that succeeding taxable year and the amount carried forward.

(f) If an individual who is not a Minnesota resident for the entire year is a qualifying owner of a qualifying entity that elects to pay tax as provided in section 289A.08, subdivision 7a, paragraph (b), the individual must compute the individual's Minnesota income tax as

provided in paragraph (e), and also must include, to the extent attributed to the electing qualifying entity:

(2) Deductions not allocable to Minnesota under section 290.17.

(b) The net operating loss carryback or carryover applied as a deduction in the taxable year to which the net operating loss is carried back or carried over shall be equal to the net operating loss carryback or carryover applied in the taxable year in arriving at federal taxable income provided that trusts and estates must apply the following modifications:

(1) Increase the amount of carryback or carryover applied in the taxable year by the amount of losses and interest, taxes and other expenses not assignable or allowable to Minnesota incurred in the taxable year.

(2) Decrease the amount of carryback or carryover applied in the taxable year by the amount of income not assignable to Minnesota earned in the taxable year. For estates and trusts, the net operating loss carryback or carryover to the next consecutive taxable year shall be the net operating loss carryback or carryover as calculated in clause (b) less the amount applied in the earlier taxable year(s). No additional net operating loss carryback or carryover shall be allowed to estates and trusts if the entire amount has been used to offset Minnesota income in a year earlier than was possible on the federal return. However, if a net operating loss carryback or carryover was allowed to offset federal income in a year earlier than was possible on the Minnesota return, an estate or trust shall still be allowed to offset Minnesota income but only if the loss was assignable to Minnesota in the year the loss occurred.

(c) This paragraph does not apply to eligible small businesses that make a valid election to carry back their losses for federal purposes under section 172(b)(1)(H) of the Internal Revenue Code as amended through March 31, 2009.

(1) A net operating loss of an individual, estate, or trust that is allowed under this subdivision and for which the taxpayer elects to carry back for more than two years under

section 172(b)(1)(H) of the Internal Revenue Code is a net operating loss carryback to each of the two taxable years preceding the loss, and unused portions may be carried forward for 20 taxable years after the loss.

(2) The entire amount of the net operating loss for any taxable year must be carried to the earliest of the taxable years to which the loss may be carried. The portion of the loss which may be carried to each of the other taxable years is the excess, if any, of the amount of the loss over the greater of the taxable net income or alternative minimum taxable income for each of the taxable years to which the loss may be carried.

(d) The amount of a net operating loss carried forward must be reduced by any amounts used for the subtraction in section 290.0132, subdivision 33, in the next taxable year following the subtraction in which a net operating loss deduction is claimed.

(1) "Commissioner" means the commissioner of revenue or any person to whom the commissioner has delegated functions under this chapter.

(2) "Federal gross estate" means the gross estate of a decedent as required to be valued and otherwise determined for federal estate tax purposes under the Internal Revenue Code, increased by the value of any property in which the decedent had a qualifying income interest for life and for which an election was made under section 291.03, subdivision 1d, for Minnesota estate tax purposes, but was not made for federal estate tax purposes.

(5) "Nonresident decedent" means an individual whose domicile at the time of death was not in Minnesota.

(6) "Personal representative" means the executor, administrator or other person appointed by the court to administer and dispose of the property of the decedent. If there is no executor, administrator or other person appointed, qualified, and acting within this state, then any person in actual or constructive possession of any property having a situs in this state which is included in the federal gross estate of the decedent shall be deemed to be a personal representative to the extent of the property and the Minnesota estate tax due with respect to the property.

Page 23, after line 29, insert:

"Sec. 30. **STATEMENT OF PURPOSE.**

(a) The state of Minnesota derives revenues from a variety of taxes, fees, and other sources, including the state sales tax.

(b) It is fair and reasonable to refund the existing state budget surplus in the form of a rebate of nonbusiness consumer sales taxes paid by individuals in calendar years 2021 and 2022.

(c) Information concerning the amount of sales tax paid at various income levels is contained in the Minnesota tax incidence report, which is written by the commissioner of revenue and presented to the legislature according to Minnesota Statutes, section 270C.13.

(d) It is fair and reasonable to use information contained in the Minnesota tax incidence report, updated to calendar year 2021, to determine a reasonable amount of a sales tax rebate due to each eligible taxpayer since no effective or practical mechanism exists for determining the amount of actual sales tax paid by each eligible individual.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 31. **SALES TAX REBATE.**

Subdivision 1. **Eligibility; amount of rebate.** (a) For rebates based on income tax returns or Social Security benefits received in 2021, an individual qualifies for a sales tax rebate if the individual:

(1) was a resident of Minnesota for all or part of 2021 and filed a 2021 Minnesota income tax return on or before October 15, 2022, had a tax liability before refundable credits on that return of at least $1, and was not allowed to be claimed as a dependent on a 2021 federal income tax return filed by another person;

(2) was a resident of Minnesota for all of 2021, was not eligible for a rebate under clause (1), attained the age of 18 on or before December 31, 2021, and received in 2021 Social Security benefits as defined in section 86(d)(1) of the Internal Revenue Code;

(3) was allowed to be claimed as a dependent on a 2021 federal income tax return filed by another person but would have otherwise been eligible for a rebate under clause (1), and reported earned income as defined in section 32(c)(2)(A)(i) of the Internal Revenue Code; or

(4) filed a 2021 Minnesota income tax return on or before October 15, 2022, in order to claim:

(i) a credit under Minnesota Statutes, section 290.067, 290.0671, or 290.0674;

(ii) a refund of withheld taxes; or

(iii) a refund of estimated taxes.

(b) The sales tax rebate allowed under paragraph (a) equals:

(1) $1,100 for married joint or head of household filers, increased by $25 for each dependent claimed on the filer's 2021 federal income tax return; and

(2) $550 for all other filers, increased by $25 for each dependent claimed on the filer's 2021 federal income tax return.

(c) For rebates based on income tax returns or Social Security benefits received in 2021, an individual qualifies for a sales tax rebate if the individual:

(1) was a resident of Minnesota for all or part of 2022 and files a 2022 Minnesota income tax return on or before October 15, 2023, has a tax liability before refundable credits on that return of

at least $1, and is not allowed to be claimed as a dependent on a 2021 federal income tax return filed by another person;

(2) was a resident of Minnesota for all of 2022, was not eligible for a rebate under clause (1), attained the age of 18 on or before December 31, 2022, and received in 2022 Social Security benefits as defined in section 86(d)(1) of the Internal Revenue Code;

(3) was allowed to be claimed as a dependent on a 2022 federal income tax return filed by another person but would have otherwise been eligible for a rebate under clause (1), and reported earned income as defined in section 32(c)(2)(A)(i) of the Internal Revenue Code; or

(4) files a 2022 Minnesota income tax return on or before October 15, 2023, in order to claim:

(i) a credit under Minnesota Statutes, section 290.067, 290.0671, or 290.0674;

(ii) a refund of withheld taxes; or

(iii) a refund of estimated taxes.

(d) The sales tax rebate allowed under paragraph (c) equals:

(1) $1,100 for married joint or head of household filers, increased by $25 for each dependent claimed on the filer's 2022 federal income tax return; and

(2) $550 for all other filers, increased by $25 for each dependent claimed on the filer's 2022 federal income tax return.

(e) For an individual who was a resident of Minnesota for less than the entire year, the sales tax rebate equals the sales tax rebate calculated under paragraph (b) or (d), as applicable, multiplied by the percentage determined under Minnesota Statutes, section 290.06, subdivision 2c, paragraph (e), as calculated on the original 2021 or 2022 income tax return, as applicable, including subsequent adjustments to that return made within the time limits specified in subdivision 2, paragraph (c).

Subd. 2. **Payment of rebate; other requirements.** (a) For purposes of this section, "commissioner" means the commissioner of revenue.

(b) The commissioner may issue sales tax rebates under subdivision 1, paragraph (a), after June 30, 2023, and may issue sales tax rebates under subdivision 1, paragraph (c), after June 30, 2024. Sales tax rebates under subdivision 1, paragraph (a), not paid by October 1, 2023, and sales tax rebates under subdivision 1, paragraph (c), not paid by October 1, 2024, bear interest at the rate specified in Minnesota Statutes, section 270C.405.

(c) For sales tax rebates due under subdivision 1, paragraph (a), the rebate must not be adjusted based on changes to a 2021 income tax return that are made by order of assessment after the date the rebate is processed or made by the taxpayer that are filed with the commissioner after that date. For sales tax rebates due under subdivision 1, paragraph (c), the rebate must not be adjusted based on changes to a 2022 income tax return that are made by order of assessment after the date the rebate is processed or made by the taxpayer that are filed with the commissioner after that date.

(d) Individuals who filed a joint income tax return for 2021 or 2022 must receive a joint sales tax rebate under the provisions of this paragraph. After the sales tax rebate has been issued, but before the check has been cashed if the rebate is issued by check, either joint claimant may request a separate payment for one-half of the joint sales tax rebate. The amount payable to each person equals one-half of the total joint rebate. Notwithstanding any provision in this section to the contrary:

(1) if, prior to payment of the rebate under subdivision 1, paragraph (a), the commissioner has been notified that individuals who filed a joint 2021 income tax return are living at separate addresses, as indicated on their 2022 income tax return or otherwise, the commissioner may issue separate checks to each individual listed on the joint return; and

(2) if, prior to payment of the rebate under subdivision 1, paragraph (c), the commissioner has been notified that taxpayers who filed a joint 2022 income tax return are living at separate addresses, as indicated on their 2023 income tax return or otherwise, the commissioner may issue separate checks to each individual listed on the joint return.

(e) The sales tax rebate is a "Minnesota tax law" for purposes of Minnesota Statutes, section 270B.01, subdivision 8.

(f) The sales tax rebate is "an overpayment of any tax collected by the commissioner" for purposes of Minnesota Statutes, section 270C.64. For purposes of this paragraph, a joint sales tax rebate is payable to each spouse equally.

(g) The right to a sales tax rebate lapses and the rebate check must be deposited in the general fund if the commissioner:

(1) cannot locate an individual entitled to a sales tax rebate under subdivision 1, paragraph (a), by July 1, 2024, or if an individual to whom a sales tax rebate was issued under subdivision 1 has not cashed the rebate check by July 1, 2024; or

(2) cannot locate an individual entitled to a sales tax rebate under subdivision 1, paragraph (c), by July 1, 2025, or if an individual to whom a sales tax rebate was issued under subdivision 2 has not cashed the rebate check by July 1, 2025.

(h) Individuals who are entitled to a sales tax rebate but did not receive one and individuals who receive a sales tax rebate that was not correctly calculated must file a claim with the commissioner in a form prescribed by the commissioner. A claim made under this paragraph is a claim for refund under Minnesota Statutes, section 289A.50, subdivisions 4 and 7. Individuals entitled to a sales tax rebate under paragraph (a) must file the claim by July 1, 2024. Individuals entitled to a sales tax rebate under paragraph (b) must file the claim by July 1, 2025.

(i) The sales tax rebate is a refund subject to revenue recapture under Minnesota Statutes, chapter 270A. The commissioner of revenue shall remit the entire refund to the claimant agency, which shall, upon the request of the spouse who does not owe the debt, refund one-half of the joint sales tax rebate to the spouse who does not owe the debt.

(j) The rebate under subdivision 1 is a reduction of fiscal year 2024 sales tax revenues. The rebate under subdivision 2 is a reduction of fiscal year 2025 sales tax revenues. The amount necessary to make the sales tax rebates and interest provided in this section is appropriated from the general

fund to the commissioner of revenue in fiscal years 2024 and 2025 and is available until June 30, 2026.

(k) If a sales tax rebate issued by check is cashed by someone other than the payee or payees of the check, and the commissioner determines that the check has been forged or improperly endorsed, the commissioner may issue an order of assessment for the amount of the check against the person or persons cashing it. If a sales tax rebate issued by debit card is stolen or otherwise used by someone other than the payee or payees of the debit card, and the commissioner determines that the debit card has been improperly used as tender, the commissioner may issue an order of assessment for the amount of the debit card against the person or persons using it. The assessment must be made within two years after the check is cashed or debit card is used, but if cashing the check or using the debit card constitutes theft under Minnesota Statutes, section 609.52, or forgery under Minnesota Statutes, section 609.63, the assessment can be made at any time. The assessment may be appealed administratively and judicially. The commissioner may take action to collect the assessment in the same manner as provided by Minnesota Statutes, chapter 289A, for any other order of the commissioner assessing tax.

(l) Notwithstanding Minnesota Statutes, sections 9.031, 16A.40, and 16B.49, and any other law to the contrary, the commissioner may take whatever actions the commissioner deems necessary to pay the rebates required by this section, including issuance of debit cards or checks. The commissioner may, in consultation with the commissioner of management and budget, contract with a private vendor or vendors to process, print, and mail debit cards, checks, or warrants required under this section and receive and disburse state funds to pay debit cards, checks, or warrants.

(m) The commissioner may pay rebates required by subdivision 1, paragraph (a), by electronic funds transfer to individuals who requested that their 2022 individual income tax refund be paid through electronic funds transfer. The commissioner may pay rebates required by subdivision 1, paragraph (c), by electronic funds transfer to individuals who requested that their 2023 individual income tax refund be paid through electronic funds transfer. The commissioner may make the electronic funds transfer payments to the same financial institution and into the same account as the 2022 or 2023 individual income tax refund, as applicable.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 32. **REPORT REQUIRED.**

By January .., 2026, the commissioner of revenue shall report to the chairs and ranking minority members of the legislative committees with jurisdiction over taxes on the payments issued under this section. The report must comply with sections 3.195 and 3.197.

Sec. 33. **APPROPRIATIONS.**

$..... is appropriated in fiscal year 2024 from the general fund to the commissioner of revenue to administer the sales tax rebates in section 2. Any unencumbered balance remaining on June 30, 2026, does not cancel but is available for expenditure by the commissioner of revenue until June 30, 2027. This is a onetime appropriation and is not added to the agency's base.

**EFFECTIVE DATE.** This section is effective the day following final enactment."

(2) under conditions prescribed by a local road authority as defined in section 160.02, subdivision 25, the road authority may allow two-way operation of snowmobiles on either side of the right-of-way of a street or highway under the road authority's jurisdiction, where

the road authority determines that two-way operation will not endanger users of the street or highway or riders of the snowmobiles using the trail;

(3) the commissioner of transportation under clause (1) and the local road authority under clause (2) shall notify the commissioner of natural resources and the local law enforcement agencies responsible for the streets or highways of the locations of two-way snowmobile trails authorized under this paragraph; and

(f) All provisions of chapters 169 and 169A shall apply to the operation of snowmobiles upon streets and highways, except for those relating to required equipment, and except those which by their nature have no application. Section 169.09 applies to the operation of snowmobiles anywhere in the state or on the ice of any boundary water of the state.

Section 1. Minnesota Statutes 2022, section 84.63, is amended to read:

**84.63 CONVEYING INTERESTS IN LANDS TO STATE, FEDERAL, AND TRIBAL GOVERNMENTS.**

(a) Notwithstanding any existing law to the contrary, the commissioner of natural resources is hereby authorized on behalf of the state to convey to the United States, to a federally recognized Indian Tribe, or to the state of Minnesota or any of its subdivisions, upon state-owned lands under the administration of the commissioner of natural resources, permanent or temporary easements for specified periods or otherwise for trails, highways, roads including limitation of right of access from the lands to adjacent highways and roads, flowage for development of fish and game resources, stream protection, flood control, and necessary appurtenances thereto, such conveyances to be made upon such terms and conditions including provision for reversion in the event of non-user as the commissioner of natural resources may determine.

(b) In addition to the fee for the market value of the easement, the commissioner of natural resources shall assess the applicant the following fees:

(1) an application fee of $2,000 to cover reasonable costs for reviewing the application and preparing the easement; and

(2) a monitoring fee to cover the projected reasonable costs for monitoring the construction of the improvement for which the easement was conveyed and preparing special terms and conditions for the easement. The commissioner must give the applicant an estimate of the monitoring fee before the applicant submits the fee.

(c) The applicant shall pay these fees to the commissioner of natural resources. The commissioner shall not issue the easement until the applicant has paid in full the application fee, the monitoring fee, and the market value payment for the easement.

(d) Upon completion of construction of the improvement for which the easement was conveyed, the commissioner shall refund the unobligated balance from the monitoring fee revenue. The commissioner shall not return the application fee, even if the application is withdrawn or denied.

(e) Money received under paragraph (b) must be deposited in the land management account in the natural resources fund and is appropriated to the commissioner of natural resources to cover the reasonable costs incurred for issuing and monitoring easements.

(f) A county or joint county regional railroad authority is exempt from all fees specified under this section for trail easements on state-owned land.

(g) In addition to fees specified in this section, the applicant must reimburse the state for costs incurred for cultural resources review, monitoring, or other services provided by the Minnesota Historical Society under contract with the commissioner of natural resources or the State Historic Preservation Office of the Department of Administration in connection with the easement application, preparing the easement terms, or constructing the trail, highway, road, or other improvements.

(h) Notwithstanding paragraphs (a) to (g), the commissioner of natural resources may elect to assume the application fee under paragraph (b), clause (1), and waive or assume some or all of the remaining fees and costs imposed under this section if the commissioner determines that issuing the easement will benefit the state's land management interests.

Sec. 2. Minnesota Statutes 2022, section 84.631, is amended to read:

**84.631 ROAD EASEMENTS ACROSS STATE LANDS.**

(a) Except as provided in section 85.015, subdivision 1b, the commissioner of natural resources, on behalf of the state, may convey a road easement across state land under the commissioner's jurisdiction to a private person requesting an easement for access to property owned by the person only if the following requirements are met:

(2) limit the easement term to 50 years if the road easement is across school trust land;

(3) provide that the easement reverts to the state in the event of nonuse; and

(4) impose other terms and conditions of use as necessary and appropriate under the circumstances.

(c) An applicant shall submit an application fee of $2,000 with each application for a road easement across state land. The application fee is nonrefundable, even if the application is withdrawn or denied.

(d) In addition to the payment for the market value of the easement and the application fee, the commissioner of natural resources shall assess the applicant a monitoring fee to cover the projected reasonable costs for monitoring the construction of the road and preparing special terms and conditions for the easement. The commissioner must give the applicant an estimate of the monitoring fee before the applicant submits the fee. The applicant shall pay the application and monitoring fees to the commissioner of natural resources. The commissioner shall not issue the easement until the applicant has paid in full the application fee, the monitoring fee, and the market value payment for the easement.

(e) Upon completion of construction of the road, the commissioner shall refund the unobligated balance from the monitoring fee revenue.

(f) Fees collected under paragraphs (c) and (d) must be credited to the land management account in the natural resources fund and are appropriated to the commissioner of natural resources to cover the reasonable costs incurred under this section.

(h) Notwithstanding paragraphs (a) to (g), the commissioner of natural resources may elect to assume the application fee under paragraph (c) and waive or assume some or all of

(b) All or part of an easement may be released by payment of the market value of the easement. The release must be in a form approved by the attorney general.

(c) Money received under paragraph (b) must be credited to the account from which money was expended for purchase of the easement. If there is no specific account, the money must be credited to the land acquisition account established in section 94.165.

(d) In addition to payment under paragraph (b), the commissioner of natural resources shall assess a landowner who applies for a release under this section an application fee of $2,000 for reviewing the application and preparing the release of easement. **92.502 LEASING TAX-FORFEITED AND STATE LANDS.**

The commissioner must give the applicant an estimate of the monitoring fee before the applicant is required to submit the fee. Upon completion of construction of the trail or facility, the commissioner must refund the unobligated balance from the monitoring fee revenue.

(d) Notwithstanding section 282.04 or other law to the contrary, Lake and St. Louis Counties may enter into 30-year leases of tax-forfeited land for recreational trails and facilities.

Sec. 5. Minnesota Statutes 2022, section 282.04, subdivision 1, is amended to read:

Subdivision 1. **Timber sales; land leases and uses.** (a) The county auditor, with terms and conditions set by the county board, may sell timber upon any tract that may be approved by the natural resources commissioner. The sale of timber shall be made for cash at not less than the appraised value determined by the county board to the highest bidder after not less than one week's published notice in an official paper within the county. Any timber offered at the public sale and not sold may thereafter be sold at private sale by the county auditor at not less than the appraised value thereof, until the time as the county board may withdraw the timber from sale. The appraised value of the timber and the forestry practices to be followed in the cutting of said timber shall be approved by the commissioner of natural resources.

(b) Payment of the full sale price of all timber sold on tax-forfeited lands shall be made in cash at the time of the timber sale, except in the case of oral or sealed bid auction sales, the down payment shall be no less than 15 percent of the appraised value, and the balance shall be paid prior to entry. In the case of auction sales that are partitioned and sold as a single sale with predetermined cutting blocks, the down payment shall be no less than 15 percent of the appraised price of the entire timber sale which may be held until the satisfactory completion of the sale or applied in whole or in part to the final cutting block. The value of each separate block must be paid in full before any cutting may begin in that block. With the permission of the county contract administrator the purchaser may enter unpaid blocks and cut necessary timber incidental to developing logging roads as may be needed to log

other blocks provided that no timber may be removed from an unpaid block until separately scaled and paid for. If payment is provided as specified in this paragraph as security under paragraph (a) and no cutting has taken place on the contract, the county auditor may credit the security provided, less any down payment required for an auction sale under this paragraph, to any other contract issued to the contract holder by the county under this chapter to which the contract holder requests in writing that it be credited, provided the request and transfer is made within the same calendar year as the security was received.

(c) The county board may sell any timber, including biomass, as appraised or scaled. Any parcels of land from which timber is to be sold by scale of cut products shall be so designated in the published notice of sale under paragraph (a), in which case the notice shall contain a description of the parcels, a statement of the estimated quantity of each species of timber, and the appraised price of each species of timber for 1,000 feet, per cord or per piece, as the case may be. In those cases any bids offered over and above the appraised prices shall be by percentage, the percent bid to be added to the appraised price of each of the different species of timber advertised on the land. The purchaser of timber from the parcels shall pay in cash at the time of sale at the rate bid for all of the timber shown in the notice of sale as estimated to be standing on the land, and in addition shall pay at the same rate for any additional amounts which the final scale shows to have been cut or was available for cutting on the land at the time of sale under the terms of the sale. Where the final scale of cut products shows that less timber was cut or was available for cutting under terms of the sale than was originally paid for, the excess payment shall be refunded from the forfeited tax sale fund upon the claim of the purchaser, to be audited and allowed by the county board as in case of other claims against the county. No timber, except hardwood pulpwood, may be removed from the parcels of land or other designated landings until scaled by a person or persons designated by the county board and approved by the commissioner of natural resources. Landings other than the parcel of land from which timber is cut may be designated for scaling by the county board by written agreement with the purchaser of the timber. The county board may, by written agreement with the purchaser and with a consumer designated by the purchaser when the timber is sold by the county auditor, and with the approval of the commissioner of natural resources, accept the consumer's scale of cut products delivered at the consumer's landing. No timber shall be removed until fully paid for in cash. Small amounts of timber not exceeding 500 cords in appraised volume may be sold for not less than the full appraised value at private sale to individual persons without first publishing notice of sale or calling for bids, provided that in case of a sale involving a total appraised value of more than $200 the sale shall be made subject to final settlement on the basis of a

scale of cut products in the manner above provided and not more than two of the sales, directly or indirectly to any individual shall be in effect at one time.

(d) As directed by the county board, the county auditor may lease tax-forfeited land to individuals, corporations or organized subdivisions of the state at public or private sale, and at the prices and under the terms as the county board may prescribe, for use as cottage and camp sites and for agricultural purposes and for the purpose of taking and removing of hay, stumpage, sand, gravel, clay, rock, marl, and black dirt from the land, and for garden sites and other temporary uses provided that no leases shall be for a period to exceed ~~ten~~ 25 years; provided, further that any leases involving a consideration of more than ~~$12,000~~ $50,000 per year, except to an organized subdivision of the state shall first be offered at public sale in the manner provided herein for sale of timber. Upon the sale of any leased land, it shall remain subject to the lease for not to exceed one year from the beginning of the term of the lease. Any rent paid by the lessee for the portion of the term cut off by the cancellation shall be refunded from the forfeited tax sale fund upon the claim of the lessee, to be audited and allowed by the county board as in case of other claims against the county.

(e) As directed by the county board, the county auditor may lease tax-forfeited land to individuals, corporations, or organized subdivisions of the state at public or private sale, at the prices and under the terms as the county board may prescribe, for the purpose of taking and removing for use for road construction and other purposes tax-forfeited stockpiled iron-bearing material. The county auditor must determine that the material is needed and suitable for use in the construction or maintenance of a road, tailings basin, settling basin, dike, dam, bank fill, or other works on public or private property, and that the use would be in the best interests of the public. No lease shall exceed ten years. The use of a stockpile for these purposes must first be approved by the commissioner of natural resources. The request shall be deemed approved unless the requesting county is notified to the contrary by the commissioner of natural resources within six months after receipt of a request for approval for use of a stockpile. Once use of a stockpile has been approved, the county may continue to lease it for these purposes until approval is withdrawn by the commissioner of natural resources.

(f) The county auditor, with the approval of the county board is authorized to grant permits, licenses, and leases to tax-forfeited lands for the depositing of stripping, lean ores, tailings, or waste products from mines or ore milling plants, or to use for facilities needed to recover iron-bearing oxides from tailings basins or stockpiles, or for a buffer area needed for a mining operation, upon the conditions and for the consideration and for the period of

time, not exceeding 25 years, as the county board may determine. The permits, licenses, or leases are subject to approval by the commissioner of natural resources.

(g) Any person who removes any timber from tax-forfeited land before said timber has been scaled and fully paid for as provided in this subdivision is guilty of a misdemeanor.

(h) The county auditor may, with the approval of the county board, and without first offering at public sale, grant leases, for a term not exceeding 25 years, for the removal of peat and for the production or removal of farm-grown closed-loop biomass as defined in section 216B.2424, subdivision 1, or short-rotation woody crops from tax-forfeited lands upon the terms and conditions as the county board may prescribe. Any lease for the removal of peat, farm-grown closed-loop biomass, or short-rotation woody crops from tax-forfeited lands must first be reviewed and approved by the commissioner of natural resources if the lease covers 320 or more acres. No lease for the removal of peat, farm-grown closed-loop biomass, or short-rotation woody crops shall be made by the county auditor pursuant to this section without first holding a public hearing on the auditor's intention to lease. One printed notice in a legal newspaper in the county at least ten days before the hearing, and posted notice in the courthouse at least 20 days before the hearing shall be given of the hearing.

(i) Notwithstanding any provision of paragraph (c) to the contrary, the St. Louis County auditor may, at the discretion of the county board, sell timber to the party who bids the highest price for all the several kinds of timber, as provided for sales by the commissioner of natural resources under section 90.14. Bids offered over and above the appraised price need not be applied proportionately to the appraised price of each of the different species of timber.

(j) In lieu of any payment or deposit required in paragraph (b), as directed by the county board and under terms set by the county board, the county auditor may accept an irrevocable bank letter of credit in the amount equal to the amount otherwise determined in paragraph (b). If an irrevocable bank letter of credit is provided under this paragraph, at the written request of the purchaser, the county may periodically allow the bank letter of credit to be reduced by an amount proportionate to the value of timber that has been harvested and for which the county has received payment. The remaining amount of the bank letter of credit after a reduction under this paragraph must not be less than 20 percent of the value of the timber purchased. If an irrevocable bank letter of credit or cash deposit is provided for the down payment required in paragraph (b), and no cutting of timber has taken place on the contract for which a letter of credit has been provided, the county may allow the transfer of the letter of credit to any other contract issued to the contract holder by the county under this chapter to which the contract holder requests in writing that it be credited.

(k) As directed by the county board, the county auditor may lease tax-forfeited land under the terms and conditions prescribed by the county board for the purposes of investigating, analyzing, and developing conservation easements that provide ecosystem services.

Sec. 6. Minnesota Statutes 2022, section 282.04, is amended by adding a subdivision to read:

Subd. 4b. **Conservation easements.** The county auditor, with prior review and consultation with the commissioner of natural resources and under the terms and conditions prescribed by the county board, including reversion in the event of nonuse, may convey conservation easements as defined in section 84C.01 on tax-forfeited land.

Sec. 7. **[282.41] SALE OF TAX-FORFEITED LEASED LANDS; ST. LOUIS COUNTY.**

Subdivision 1. **Sale authorized; applicability.** Notwithstanding sections 92.45 and 282.018, subdivision 1, and the public sale provisions of this chapter, St. Louis County may in its sole discretion sell tax-forfeited lakeshore lots that are currently leased. St. Louis County may also sell other adjacent tax-forfeited lands under this section that are necessary for roadway access and for creating conforming lot sizes. This section applies only to St. Louis County.

Subd. 2. **Method of sale.** (a) The leaseholder of a leased parcel may purchase at private sale the leased parcel and any other lands allocated to the parcel by the county under subdivision 6 that is offered for sale under this section. The purchase price is the appraised value of the land under subdivision 3 exclusive of improvements on it. To purchase a parcel, a leaseholder must pay in cash to the county an amount equal to the appraised value of the land within 180 days from the date of mailing to or service of notice of appraised value to the leaseholder by the county. The 180-day period runs from the date the county mails a copy of the appraisal to the leaseholder at the address shown upon the most recent lease agreement between the parties, exclusive of the date of mailing or service. The county may use any alternative method of notice under the Minnesota Rules of Civil Procedure for the service of a summons and complaint.

(b) If the leaseholder does not purchase the parcel so offered, the county may offer the lands for sale at public auction under section 282.01, subdivision 3. If a person other than the leaseholder purchases the parcel, the purchaser must make payment in full to the

leaseholder in the manner provided in section 92.06, subdivision 4, for the value of any improvements as determined under subdivision 3.

(c) Failure of a purchaser to comply with the terms of payment voids the sale, and the county may reoffer the property for sale.

Subd. 3. **Appraisal.** (a) An appraisal must be made in accordance with section 282.01, subdivision 3, except as modified by this subdivision. Improvements that are owned by the lessee must be appraised separately.

(b) The county must select the appraiser. The appraiser selected must meet the minimal appraisal standards established by the federal Farmers Home Administration or the federal Veterans Administration and must be licensed under section 82B.03, to appraise the property to be sold.

(c) The county must allocate the costs of appraisal to the lots offered for sale, and the successful purchaser on each lot must reimburse the county for the appraisal costs allocated to the lot purchased. If no one purchases a lot, the county is responsible for the appraisal cost.

(d) If a leaseholder disagrees with the appraised value of the leasehold improvements, the leaseholder may select an appraiser that meets the qualifications in paragraph (b) to reappraise the improvements. The leaseholder must give notice of intent to object to the appraised value of the improvements within ten days of the date of the mailing or service of notice under subdivision 2, paragraph (a). The leaseholder must deliver the reappraisal to the county auditor within 60 days of the date of mailing or service of notice of appraised value under subdivision 2, paragraph (a). If the reappraisal is not delivered to the county auditor according to this paragraph, the initial appraisal is conclusive. The leaseholder is responsible for the costs of the reappraisal. If the parcel is reappraised within the time required in this paragraph and the county and the leaseholder fail to agree on the value of the improvements by a date set by the county, each of the appraisers must agree upon the selection of a third appraiser to conduct a third appraisal that is conclusive as to the value of the improvements. The cost of the third appraisal must be paid equally by the county and the leaseholder.

Subd. 4. **Proceeds.** (a) Except as provided in paragraph (b), the county must deposit the proceeds from the sale of land described in subdivision 1 into an environmental trust fund as provided in Laws 1998, chapter 389, article 16, section 31, subdivision 4, as amended.

(b) The following amounts may be withheld by the county board and not deposited into an environmental trust fund:

(1) the costs of appraisal, abstracts, and surveys;

(2) money received from a sale that is attributable to land owned by the county in fee;

(3) amounts the county paid to lessees for improvements; and

(4) the costs of sale to lessees or other parties, including the costs of advertising, realtors, and closing services.

Subd. 5. **Survey.** (a) Before offering a lot for sale, St. Louis County must have each lot surveyed by a licensed surveyor.

(b) The county must allocate the costs of the survey to the lots offered for sale, and the successful purchaser on each lot must reimburse the county for the survey costs allocated to the lot purchased. If no one purchases the lot, the county is responsible for the survey costs. All surveying must be conducted by a licensed surveyor.

Subd. 6. **Adding lands; zoning conformance.** Any lands to be sold under this section must be considered lots of record for zoning purposes. Whenever possible, St. Louis County may add land to the lots offered for sale to permit conformance with zoning requirements. The added lands must be included in the appraised value of the lot.

Subd. 7. **Roadways.** St. Louis County may designate whether roads within minor subdivisions under the county platting and subdivision ordinance are public or private.

Subd. 8. **Opt out; continuing lease.** The leaseholder may elect not to purchase the leased parcel if offered for sale under this section and instead continue in the annual lease program with the county, not to exceed the lifetime of the leaseholder. The fee for a lease under this subdivision must include the amount of the estimated property tax on the parcel if it had been returned to private ownership.

**EFFECTIVE DATE.** This section is effective retroactively from April 28, 2022.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. **[260.752] APPLICABILITY.**

Unless otherwise stated, sections 260.751 to 260.835 and the federal Indian Child Welfare Act are applicable without exception in any child placement proceeding involving an Indian child where custody is granted to someone other than a parent or an Indian custodian. Nothing in sections 260.751 to 260.835 is intended to apply to custody actions between parents or between a parent and Indian custodian.

Sec. 2. Minnesota Statutes 2022, section 260.753, is amended to read:

**260.753 PURPOSES.**

The purposes of ~~Laws 2015, chapter 78,~~ the Minnesota Indian Family Preservation Act are to (1) protect the long-term interests, as defined by the Tribes, of Indian children, their families as defined by law or custom, and the child's Tribe; and (2) preserve the Indian family and Tribal identity, including an understanding that Indian children are damaged if family and child Tribal identity and contact are denied. Indian children are the future of the Tribes and are vital to their very existence.

Sec. 3. **[260.754] POLICY ON TRIBAL-STATE RELATIONS.**

(a) The state of Minnesota acknowledges federally recognized Indian Tribes as sovereign political entities that predate the existence of the United States and that have retained inherent sovereign authority to pass their own laws, maintain their own systems of governance, and determine their own jurisdiction. The sovereign authority of Tribes may only be limited by the federal government and not by any action of the state, including the state legislature and state courts.

(b) Inherently, as members of Indian Tribes recognized by the federal government, Indian people have rights and privileges as members of their Tribe which the state of Minnesota recognizes and protects.

(c) Indian people have a right to be protected from being disfranchised or deprived of any of the rights and privileges secured to any citizen in the state and to have the recognition and protection of the rights and privileges flowing from their membership in an Indian Tribe by any state action.

(d) The state of Minnesota recognizes all federally recognized Indian Tribes as having the inherent authority to determine their own jurisdiction for any and all Indian child custody or child placement proceedings regardless of whether the Tribe's members are on or off the reservation and regardless of the procedural posture of the proceeding.

(e) The state of Minnesota has long recognized the importance of Indian children to their Tribes not only as members of Tribal families and communities, but also as the Tribe's greatest resource as future members and leaders of the Tribe. The vitality of Indian children in the state of Minnesota is essential to the health and welfare of both the state and the Tribes and is essential to the future welfare and continued existence of the child's Tribe.

(f) The state of Minnesota recognizes that the historical deprivation of rights of Indian people and Indian Tribes has led to disparate out-of-home placement of Indian children.

Sec. 4. Minnesota Statutes 2022, section 260.755, subdivision 1a, is amended to read:

Subd. 1a. **Active efforts.** "Active efforts" means a rigorous and concerted level of effort that is ongoing throughout the involvement of the ~~local social services~~ child-placing agency to continuously involve the Indian child's Tribe and that uses the prevailing social and cultural values, conditions, and way of life of the Indian child's Tribe to preserve the Indian child's family and prevent placement of an Indian child and, if placement occurs, to return the Indian child to the child's family at the earliest possible time. Active efforts ~~sets~~ under section 260.762 requires a higher standard than reasonable efforts to preserve the family,

prevent breakup of the family, and reunify the family~~, according to section 260.762~~. Active efforts ~~includes~~ include reasonable efforts as required by Title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 679c.

Subd. 3. **Transfer of proceedings.** ~~(a)~~ In ~~a~~ any child placement proceeding ~~for: (1) the termination of parental rights; or (2) the involuntary foster care placement of an Indian child not within the jurisdiction of subdivision 1~~, the court, in the absence of good cause to the contrary, shall transfer the proceeding to the jurisdiction of the Tribe absent objection by either parent~~, upon~~. The petition ~~of either~~ to transfer may be filed by the Indian child's parent, the Indian custodian, or the Indian child's Tribe. ~~petition of a parent whose parental rights have not been terminated, the Indian custodian, or the Indian child's Tribe. The transfer is subject to declination by the Tribal court of the Tribe.~~

Subd. 3a. **Good cause to deny transfer.** (a) Establishing good cause to deny transfer of jurisdiction to a Tribal court is a fact-specific inquiry to be determined on a case-by-case basis. Socioeconomic conditions and the perceived adequacy of Tribal or Bureau of Indian Affairs social services or judicial systems must not be considered in a determination that good cause exists. The party opposed to transfer of jurisdiction to a Tribal court has the burden to prove by clear and convincing evidence that good cause to deny transfer exists. Opposition to a motion to transfer jurisdiction to Tribal court must be in writing and must be served upon all parties.

(b) The court may find good cause to deny transfer to Tribal court if:

(1) the Indian child's Tribe does not have a Tribal court or any other administrative body of a Tribe vested with authority over child ~~custody~~ placement proceedings, as defined ~~by the Indian Child Welfare Act, United States Code, title 25, chapter 21~~ in section 260.755, subdivision 3, to which the case can be transferred, and no other Tribal court has been designated by the Indian child's Tribe; or

(2) the evidence necessary to decide the case could not be adequately presented in the Tribal court without undue hardship to the parties or the witnesses and the Tribal court is unable to mitigate the hardship by any means permitted in the Tribal court's rules. Without evidence of undue hardship, travel distance alone is not a basis for denying a transfer.

Subd. 4. **Effect of Tribal court placement orders.** ~~To the extent that any child subject to sections 260.755 to 260.835 is otherwise eligible for social services, orders of a Tribal court concerning placement of such child shall have the same force and effect as orders of a court of this state.~~ (a) The court shall give full faith and credit to Tribal court placement orders. In any case where the Tribal court orders placement ~~through a local social services agency, the court shall provide to~~ and services, including but not limited to case planning services, full faith and credit of the Tribal court's order shall be provided so long as the ~~local agency~~ county of financial responsibility was provided notice and an opportunity to be heard regarding the ~~placement~~ expenses. Determination of county of financial responsibility for the placement shall be determined by the ~~local social services~~ child-placing agency in accordance with section 256G.02, subdivision 4. Disputes concerning the county of financial responsibility shall be settled in the manner prescribed in section 256G.09.

(b) The court shall give full faith and credit to the public acts, records, and judicial proceedings of any Indian Tribe in all proceedings under sections 260.755 to 260.835. The courts shall give deference to the Tribe's interpretation of the Tribe's own unique system of laws. If further interpretation of a Tribe's laws or order is required, the court shall transfer the proceedings to the jurisdiction of the Tribal court for interpretation of the Tribal court's order.

Subd. 5. **Indian Tribe agreements.** The commissioner or the child-placing agency is hereby authorized to enter into agreements with Indian Tribes ~~pursuant to United States Code, title 25, section 1919,~~ respecting care and custody of Indian children and jurisdiction over child ~~custody~~ placement proceedings, including agreements which may provide for orderly transfer of jurisdiction on a case-by-case basis and agreements which provide for concurrent jurisdiction between the state and an Indian Tribe.

Subd. 6. **Qualified expert witness and evidentiary requirements.** (a) In an involuntary foster care placement proceeding, the court must determine by clear and convincing evidence, including testimony of a qualified expert witness, that continued custody of the child by the parent or Indian custodian is likely to result in serious emotional damage or serious physical damage to the child ~~as defined in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(e)~~.

In a termination of parental rights proceeding, the court must determine by evidence beyond a reasonable doubt, including testimony of a qualified expert witness, that continued custody of the child by the parent or Indian custodian is likely to result in serious emotional damage or serious physical damage to the child ~~as defined in the Indian Child Welfare Act of 1978, United States Code, title 25, section 1912(f)~~.

In an involuntary permanent transfer of legal and physical custody proceeding, permanent custody to the agency proceeding, temporary custody to the agency, or other permanency proceeding, the court must determine by clear and convincing evidence, including testimony of a qualified expert witness, that the continued custody of the Indian child by the Indian child's parent or parents or Indian custodian is likely to result in serious emotional damage or serious physical damage to the child. Qualified expert witness testimony is not required where custody is transferred to the Indian child's parent.

Testimony of a qualified expert witness shall be provided for involuntary foster care placement and permanency proceedings independently.

(b) The ~~local social services~~ child-placing agency, individual petitioner, or any other party shall make diligent efforts to locate and present to the court a qualified expert witness

designated by the Indian child's Tribe. The qualifications of a qualified expert witness designated by the Indian child's Tribe are not subject to a challenge in Indian child ~~custody~~ placement proceedings.

(c) If a party cannot obtain testimony from a Tribally designated qualified expert witness, the party shall submit to the court the diligent efforts made to obtain a Tribally designated qualified expert witness.

(d) If clear and convincing evidence establishes that a party's diligent efforts cannot produce testimony from a Tribally designated qualified expert witness, the party shall demonstrate to the court that a proposed qualified expert witness is, in descending order of preference:

(1) a member of the child's Tribe who is recognized by the Indian child's Tribal community as knowledgeable in Tribal customs as they pertain to family organization and child-rearing practices; or

(2) an Indian person from an Indian community who has substantial experience in the delivery of child and family services to Indians and extensive knowledge of prevailing social and cultural standards and contemporary and traditional child-rearing practices of the Indian child's Tribe.

If clear and convincing evidence establishes that diligent efforts have been made to obtain a qualified expert witness who meets the criteria in clause (1) or (2), but those efforts have not been successful, a party may use an expert witness, as defined by the Minnesota Rules of Evidence, rule 702, who has substantial experience in providing services to Indian families and who has substantial knowledge of prevailing social and cultural standards and child-rearing practices within the Indian community. The court or any party may request the assistance of the Indian child's Tribe or the Bureau of Indian Affairs agency serving the Indian child's Tribe in locating persons qualified to serve as expert witnesses.

(e) The court may allow alternative methods of participation and testimony in state court proceedings by a qualified expert witness, such as participation or testimony by telephone, videoconferencing, or other methods.

Subd. 7. **Order of placement preference; deviation.** (a) ~~The court must follow the order of placement preferences required by the Indian Child Welfare Act of 1978, United States Code, title 25, section 1915, when placing an Indian child.~~ In all proceedings where custody of the Indian child may be removed from the parent, the Indian child shall be placed in the least restrictive setting which most approximates a family and in which the Indian child's special needs, if any, may be met. The Indian child shall also be placed within

reasonable proximity to the Indian child's home, taking into account any special needs of the Indian child.

(b) In the case of a placement under paragraph (c) or (d), if the Indian child's Tribe has established a different order of placement preference by resolution, the child-placing agency and the court shall recognize the Indian child's Tribe's order of placement in the form provided by the Tribe.

(c) Preference shall be given, in the absence of good cause to the contrary, to a placement with:

(1) a noncustodial parent or Indian custodian;

(2) a member of the child's extended family;

(3) a foster home licensed, approved, or specified by the Indian child's Tribe;

(1) the Indian child's noncustodial parent or Indian custodian;

(2) a member of the child's extended family;

(3) other members of the Indian child's Tribe; or

(4) other persons or entities recognized as appropriate to be a permanency resource for the Indian child, by the Indian child's parent or parents, Indian custodian, or Indian Tribe.

(e) The county shall defer to the judgment of the Indian child's Tribe as to the suitability of a placement.

(f) The court shall consider the preference of the Indian child or parent.

(g) The standards to be applied in meeting the preference requirements of this subdivision shall be the prevailing social and cultural standards of the Indian community in which the parent or extended family resides or with which the parent or extended family members maintain social and cultural ties.

(h) Whenever an Indian child is removed from a foster care home or institution for the purpose of further foster care, preadoptive, or adoptive placement, the placement shall be in accordance with the placement preferences, except in the case where an Indian child is being returned to the parent or Indian custodian from whose custody the Indian child was originally removed.

(i) A record of each such placement of an Indian child under state law shall be maintained by the county in which the placement was made and by the Department of Human Services evidencing the efforts to comply with the order of preference specified in this section. The record shall be made available at any time upon the request of the Secretary of the Interior or the Indian child's Tribe.

~~(b)~~ (j) The court ~~may place a child outside the order of~~ shall follow the placement preferences ~~only if the court determines there is good cause based on~~ in paragraphs (a) to (i), except as follows:

(1) where a parent evidences a desire for anonymity, the child-placing agency and the court shall give weight to the parent's desire for anonymity in applying the preferences. A parent's desire for anonymity does not excuse the application of sections 260.751 to 260.835; or

(2) where the court determines there is good cause based on:

~~(1)~~ (i) the reasonable request of the Indian child's parents, if one or both parents attest that they have reviewed the placement options that comply with the order of placement preferences;

~~(2)~~ (ii) the reasonable request of the Indian child if the child is able to understand and comprehend the decision that is being made;

~~(3)~~ (iii) the testimony of a qualified expert designated by the child's Tribe and, if necessary, testimony from an expert witness who meets qualifications of subdivision 6, paragraph (d), clause (2), that supports placement outside the order of placement preferences due to extraordinary physical or emotional needs of the child that require highly specialized services; or

~~(4)~~ (iv) the testimony by the ~~local social services~~ child-placing agency that a diligent search has been conducted that did not locate any available, suitable families for the child that meet the placement preference criteria.

~~(c)~~ (k) Testimony of the child's bonding or attachment to a foster family alone, without the existence of at least one of the factors in paragraph ~~(b)~~ (j), clause (2), shall not be

considered good cause to keep an Indian child in a lower preference or nonpreference placement. Ease of visitation and facilitation of relationship with the Indian child's parents, Indian custodian, extended family, or Tribe may be considered when determining placement.

~~(d)~~ (l) A party who proposes that the required order of placement preferences not be followed bears the burden of establishing by clear and convincing evidence that good cause exists to modify the order of placement preferences.

~~(e)~~ (m) If the court finds there is good cause to place the Indian child outside the order of placement preferences, the court must make written findings.

~~(f)~~ (n) A good cause finding under this subdivision must consider whether active efforts were provided to extended family members who are considered the primary placement option to assist them in becoming a placement option for the Indian child as required by section 260.762.

~~(g)~~ (o) When ~~a~~ an Indian child is placed outside the order of placement preferences, good cause to continue this placement must be determined at every stage of the proceedings.

Subd. 2. **Invalidation.** (a) Any order for out-of-home placement, transfer of custody, termination of parental rights, or other permanent change in custody of an Indian child shall be invalidated upon a showing, by a preponderance of the evidence, that a violation of any one of the provisions in section 260.761, 260.7611, 260.762, 260.765, or 260.771 has occurred.

The court shall not require counsel to divulge communications protected by attorney-client privilege, and the prosecutor shall not cross-examine defense counsel concerning responses to the court's inquiry.

The court may order participation in a competency ~~restoration~~ attainment program provided outside of a jail, a jail-based competency ~~restoration~~ attainment program, or an alternative program. The court must determine the least-restrictive program appropriate to meet the defendant's needs and public safety. In making this determination, the court must consult with the forensic navigator and consider any recommendations of the court examiner. The court shall not order a defendant to participate in a jail-based program or a state-operated treatment program if the highest criminal charge is a ~~misdemeanor or~~ targeted misdemeanor.

(b) If the court orders the defendant to a locked treatment facility or jail-based program, the court must calculate the defendant's custody credit and cannot order the defendant to a locked treatment facility or jail-based program for a period that would cause the defendant's custody credit to exceed the maximum sentence for the underlying charge.

The court may not require personal appearance of any representative of a ~~certified~~ competency program. The court shall send a written request for notification to the locked facility or state-operated treatment program and the locked facility or state-operated treatment program shall provide a written response to the court within ten days of receipt of the court's request.

~~(c)~~ (d) If the defendant is confined in jail and has not received competency ~~restoration~~ attainment services within 30 days of the finding of incompetency, the court shall review the case with input from the prosecutor and defense counsel and may:

(1) order the defendant to participate in an appropriate competency ~~restoration~~ attainment program that takes place outside of a jail;

(2) ~~conditionally~~ order a conditional release of the defendant~~, including~~ with conditions that include but are not limited to ~~conditions~~ a requirement that the defendant participate in a competency ~~restoration~~ attainment program when one becomes available and accessible;

Upon the receipt of notification of discharge or upon the request of either party in response to notification of discharge, the court may order that a defendant who is subject to bail or unmet conditions of release be returned to jail upon being discharged from the program or facility. If the court orders a defendant returned to jail, the court shall notify the parties and head of the program at least one day before the defendant's planned discharge, except in the event of an emergency discharge where one day notice is not possible. The court must hold a review hearing within seven days of the defendant's return to jail. The forensic navigator must be given notice of the hearing and be allowed to participate.

~~(g)~~ (h) If the defendant is discharged from the program or facility under emergency circumstances, notification of emergency discharge shall include a description of the emergency circumstances and may include a request for emergency transportation. The court shall make a determination on a request for emergency transportation within 24 hours. The court must weigh public safety risks against the defendant's interests in remaining free from supervision while presumed innocent in the criminal proceedings. The court may use a validated and equitable risk assessment tool to determine whether supervision is necessary.

(b) If the court determines that the defendant requires pretrial supervision, the court shall direct the forensic navigator to conduct pretrial supervision and report violations to the court. The forensic navigator shall be responsible for the supervision of the defendant until ordered otherwise by the court.

(c) Upon application by the prosecutor, ~~the~~ forensic navigator, other entity or its designee assigned to supervise the defendant, or court services alleging that the defendant violated a condition of release and is a risk to public safety, the court shall follow the procedures under Rules of Criminal Procedure, rule 6. Sec. 23. Minnesota Statutes 2022, section 611.46, subdivision 3, is amended to read:

Subd. 3. **~~Certified~~ Competency ~~restoration~~ attainment programs; procedure.** (a) If the court orders a defendant to participate in a competency ~~restoration~~ attainment program that takes place outside of a jail, or an alternative program that the court has determined is providing appropriate competency ~~restoration~~ attainment services to the defendant, the court shall specify whether the program is ~~a community-based treatment program or~~ provided in a locked treatment facility.

(b) If the court finds that the defendant continues to be incompetent at a review hearing held after the initial determination of competency, the court must hold a review hearing pursuant to section 611.49 and consider any changes to the defendant's conditions of release or competency ~~restoration~~ attainment programming to restore the defendant's competency in the least restrictive program appropriate.

~~(c) If the court orders the defendant to a locked treatment facility or jail-based program, the court must calculate the defendant's custody credit and cannot order the defendant to a locked treatment facility or jail-based program for a period that would cause the defendant's custody credit to exceed the maximum sentence for the underlying charge.~~

Sec. 24. Minnesota Statutes 2022, section 611.46, subdivision 4, is amended to read:

Subd. 4. **Jail-based competency ~~restoration~~ attainment programs; procedure.** (a) A defendant is eligible to participate in a jail-based competency ~~restoration~~ attainment program when the underlying charge is a gross misdemeanor or felony and either:

(1) the defendant has been found incompetent, the defendant has not met the conditions of release ordered pursuant to rule 6.02 of Minnesota Rules of Criminal Procedure, including posting bail, and either a ~~court-appointed~~ court examiner has recommended jail-based competency ~~restoration~~ attainment as the least restrictive setting to meet the person's needs, or the court finds that after a reasonable effort by the forensic navigator, there has not been consent by another secure setting to the defendant's placement; or

(2) the defendant is in custody and is ordered to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail, a jail-based competency ~~restoration~~ attainment program is available within a reasonable distance to the county where the defendant is being held, and the court ordered a time-limited placement in a jail-based program until transfer to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail.

(b) A defendant may not be ordered to participate in a jail-based competency ~~restoration~~ attainment program for more than 90 days without a review hearing. If after 90 days of the order to a jail-based program the defendant has not attained competency, the court must review the case with input from the prosecutor and defense counsel and may:

(1) order the defendant to participate in an appropriate ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a locked facility; or

(2) determine whether, after a reasonable effort by the forensic navigator, there is consent to the defendant's placement by another locked facility. If court determines that a locked facility is the least restrictive program appropriate and no appropriate locked facility is available, it may order the defendant to the jail-based program for an additional 90 days.

(c) Nothing in this section prohibits the court from ordering the defendant transferred to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail if the court determines that transition is appropriate, or the defendant satisfies the conditions of release or bail. Before the defendant is ~~transitioned~~ transferred to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail or an alternative program, the court shall notify the prosecutor and the defense counsel, and the provisions of subdivision 2 shall apply.

~~(d) The court may require a certified competency program that qualifies as a locked facility to notify the court in writing of the basis for refusing consent of the defendant in order to ensure transparency and maintain an accurate record. The court may not require personal appearance of any representative of a certified competency program.~~

Sec. 25. Minnesota Statutes 2022, section 611.46, subdivision 5, is amended to read:

Subd. 5. **Alternative programs; procedure.** (a) A defendant is eligible to participate in an alternative program if the defendant has been found incompetent, the defendant is entitled to release, and a ~~certified~~ competency ~~restoration~~ attainment program outside of a jail is not available.

(b) As soon as the forensic navigator has reason to believe that no ~~certified~~ competency ~~restoration~~ attainment program outside of a jail will be available within a reasonable time, the forensic navigator shall determine if there are available alternative programs that are likely to assist the defendant in attaining competency. ~~Upon notification by the forensic navigator,~~ The court may order the defendant to participate in an appropriate alternative program identified by the forensic navigator and must notify the prosecutor and the defense counsel of the order.

(c) If at any time while the defendant is participating in an alternative program, an appropriate ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail becomes available, the forensic navigator must notify the court. The court must notify the prosecutor and the defense counsel and must order the defendant to participate in an appropriate ~~certified~~ competency ~~restoration~~ attainment program, unless the court determines that the defendant is receiving appropriate competency ~~restoration~~ attainment services in the alternative program. If appropriate and in the public interest, the court may order the defendant to participate in the ~~certified~~ competency ~~restoration~~ attainment program and an alternative program.

(d) At any time, the head of the alternative program or the forensic navigator may notify the court that the defendant is receiving appropriate competency ~~restoration~~ attainment services in the alternative program, and recommend that remaining in the alternative program is in the best interest of the defendant and the defendant's progress in attaining competency. The court may order the defendant to continue programming in the alternative program and proceed under subdivision 3.

(e) If after 90 days of the order to an alternative program the defendant has not attained competency and the defendant is not participating in a ~~certified~~ competency ~~restoration~~ attainment program, the court must hold a review hearing pursuant to section 611.49.

Sec. 26. Minnesota Statutes 2022, section 611.46, subdivision 6, is amended to read:

Subd. 6. **Reporting to the court.** (a) The court examiner must provide an updated report to the court at least once every six months, unless the court and the parties agree to a longer period that is not more than 12 months, as to the defendant's competency and a description of the efforts made to restore the defendant to competency.

(b) At any time, the head of the program may notify the court and recommend that a court examiner provide an updated competency examination and report.

(c) The court shall ~~furnish~~ provide copies of the report to the prosecutor, defense counsel, and the facility or program where the defendant is being served.

(d) The report may make recommendations for continued services to ensure continued competency. If the defendant is found guilty, these recommendations may be considered by the court in imposing a sentence, including any conditions of probation.

Sec. 27. Minnesota Statutes 2022, section 611.47, is amended to read:

**611.47 ADMINISTRATION OF MEDICATION.**

Subdivision 1. **Motion.** When a court finds that a defendant is incompetent or any time thereafter, upon the motion of the prosecutor or treating medical provider, the court shall hear and determine whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication and, if so, whether the conditions and factors weigh in favor of authorizing involuntary administration of neuroleptic medication.

Subd. 2. ~~**Certification report**~~ **Reports.** (a) In making a determination under this section, the court shall consider the report of the court examiner completed pursuant to section 611.43 and any certification report filed by the treating medical practitioner in support of a motion under this section. The court may request a certification report from the defendant's treating medical practitioner.

~~(a)~~ (b) If the defendant's treating medical practitioner is of the opinion that the defendant lacks capacity to make decisions regarding neuroleptic medication, the treating medical practitioner ~~shall~~ may certify in a report that the lack of capacity exists and which conditions under subdivision 3 are applicable. ~~The~~ A certification report ~~shall~~ must contain an assessment of the current mental status of the defendant and the opinion of the treating medical practitioner ~~that~~ as to whether involuntary neuroleptic medication has become medically necessary and appropriate under subdivision 3, paragraph (b), clause (1) or (2), or in the ~~patient's~~ defendant's best medical interest under subdivision 3, paragraph (b), clause (3). The certification report shall be filed with the court when a motion for a hearing is made under this section.

~~(b)~~ (c) A certification report made pursuant to this section shall include a description of the neuroleptic medication proposed to be administered to the defendant, if any, and its likely effects and side effects, including effects on the defendant's condition or behavior that would affect the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner.

~~(c)~~ (d) Any defendant subject to an order under subdivision 3 of this section or the state may request review of that order.

~~(d)~~ (e) In addition to the court examiner appointed to report to the court on the defendant's competency to proceed, the court may appoint a court examiner to examine the defendant and report to the court and parties as to whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication. If the ~~patient~~ defendant refuses to participate in an examination, the court examiner may rely on the ~~patient's~~ defendant's clinically relevant medical records in reaching an opinion.

~~(e)~~ (f) The defendant is entitled to a second court examiner under this section, if requested by the defendant.

Subd. 3. **Determination.** (a) The court shall ~~consider opinions in the reports prepared under subdivision 2 as applicable to the issue of~~ first determine whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication ~~and shall proceed under paragraph (b)~~. In making this determination, the court:

(1) must apply a rebuttable presumption that a defendant has the capacity to make decisions regarding administration of neuroleptic medication;

(2) must find that a defendant has the capacity to make decisions regarding the administration of neuroleptic medication if the defendant:

(i) has an awareness of the nature of the defendant's situation and the possible consequences of refusing treatment with neuroleptic medications;

(ii) has an understanding of treatment with neuroleptic medications and the risks, benefits, and alternatives; and

(iii) communicates verbally or nonverbally a clear choice regarding treatment with neuroleptic medications that is a reasoned one not based on a symptom of the defendant's mental illness, even though it may not be in the defendant's best interests; and

(3) must not conclude that a defendant's decision is unreasonable based solely on a disagreement with the medical practitioner's recommendation.

(b) If the court determines that the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication, the court shall hear and determine whether any of the following is true:

(1) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5,~~ the defendant's mental illness requires medical

treatment with neuroleptic medication, and, if the defendant's mental illness is not treated with neuroleptic medication, it is probable that serious harm to the physical or mental health of the ~~patient~~ defendant will result. Probability of serious harm to the physical or mental health of the defendant requires evidence that the defendant is presently suffering adverse effects to the defendant's physical or mental health, or the defendant has previously suffered these effects as a result of a mental illness and the defendant's condition is substantially deteriorating or likely to deteriorate without administration of neuroleptic medication. The fact that a defendant has a diagnosis of a mental illness does not alone establish probability of serious harm to the physical or mental health of the defendant;

(2) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5,~~ neuroleptic medication is medically necessary, and the defendant is a danger to others, in that the defendant has inflicted, attempted to inflict, or made a serious threat of inflicting substantial bodily harm on another while in custody, or the defendant had inflicted, attempted to inflict, or made a serious threat of inflicting substantial bodily harm on another that resulted in being taken into custody, and the defendant presents, as a result of mental illness or cognitive impairment, a demonstrated danger of inflicting substantial bodily harm on others. Demonstrated danger may be based on an assessment of the defendant's present mental condition, including a consideration of past behavior of the defendant and other relevant information; or

(3) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5, and~~ the defendant does not meet the criteria under clause (1) or (2), but the state has shown by clear and convincing evidence that:

(i) the state has charged the defendant with a serious crime against the person or property;

(ii) involuntary administration of neuroleptic medication is substantially likely to render the defendant competent to stand trial;

(iii) the medication is unlikely to have side effects that interfere with the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner;

(iv) less intrusive treatments are unlikely to have substantially the same results and involuntary medication is necessary; and

(v) neuroleptic medication is in the ~~patient's~~ defendant's best medical interest in light of the ~~patient's~~ defendant's medical condition.

(c) ~~In ruling on a petition under this section, the court shall also take into consideration any evidence on~~ If the conditions described in paragraph (b), clause (1), (2), or (3), exist, the court shall determine whether the following factors weigh in favor of authorizing the involuntary administration of neuroleptic medication:

(1) what the ~~patient~~ defendant would choose to do in the situation if the ~~patient~~ defendant had capacity, including evidence such as a durable power of attorney for health care under chapter 145C;

(2) the defendant's family, community, moral, religious, and social values;

(3) the medical risks, benefits, and alternatives to the proposed treatment;

(4) past efficacy and any extenuating circumstances of past use of neuroleptic medications; and

(5) any other relevant factors.

~~(d) In determining whether the defendant possesses capacity to consent to neuroleptic medications, the court:~~

~~(1) must apply a rebuttable presumption that a defendant has the capacity to make decisions regarding administration of neuroleptic medication;~~

~~(2) must find that a defendant has the capacity to make decisions regarding the administration of neuroleptic medication if the defendant:~~

~~(i) has an awareness of the nature of the defendant's situation and the possible consequences of refusing treatment with neuroleptic medications;~~

~~(ii) has an understanding of treatment with neuroleptic medications and the risks, benefits, and alternatives; and~~

~~(iii) communicates verbally or nonverbally a clear choice regarding treatment with neuroleptic medications that is a reasoned one not based on a symptom of the defendant's mental illness, even though it may not be in the defendant's best interests; and~~

~~(3) must not conclude that a defendant's decision is unreasonable based solely on a disagreement with the medical practitioner's recommendation.~~

~~(e)~~ (d) If ~~consideration of the evidence presented on~~ the factors in paragraph (c) ~~weighs~~ weigh in favor of authorizing involuntary administration of neuroleptic medication, ~~and the court finds any of the conditions described in paragraph (b) to be true,~~ the court shall issue an order authorizing involuntary administration of neuroleptic medication to the defendant when and as prescribed by the defendant's medical practitioner, including administration

by a treatment facility or correctional facility. The court order shall specify which medications are authorized and may limit the maximum dosage of neuroleptic medication that may be administered. The order shall be valid for no more than one year. An order may be renewed by filing another petition under this section and following the process in this section. The order shall terminate no later than the closure of the criminal case in which it is issued. ~~The court shall not order involuntary administration of neuroleptic medication under paragraph (b), clause (3), unless the court has first found that the defendant does not meet the criteria for involuntary administration of neuroleptic medication under paragraph (b), clause (1), and does not meet the criteria under paragraph (b), clause (2).~~

(f) A copy of the order must be given to the defendant, the defendant's attorney, the county attorney, and the treatment facility or correctional facility where the defendant is being served. The treatment facility, correctional facility, or treating medical practitioner may not begin administration of the neuroleptic medication until it notifies the ~~patient~~ defendant of the court's order authorizing the treatment.

Subd. 4. **Emergency administration.** A treating medical practitioner may administer neuroleptic medication to a defendant who does not have capacity to make a decision regarding administration of the medication if the defendant is in an emergency situation. Medication may be administered for so long as the emergency continues to exist, up to 14 days, if the treating medical practitioner determines that the medication is necessary to prevent serious, immediate physical harm to the ~~patient~~ defendant or to others. If a request for authorization to administer medication is made to the court within the 14 days, the treating medical practitioner may continue the medication through the date of the first court hearing, if the emergency continues to exist. The treating medical practitioner shall document the emergency in the defendant's medical record in specific behavioral terms.

Subd. 5. **Administration without judicial review.** Neuroleptic medications may be administered without judicial review under this subdivision if:

(1) the defendant has been prescribed neuroleptic medication prior to admission to a facility or program, but lacks the present capacity to consent to the administration of that neuroleptic medication; continued administration of the medication is in the ~~patient's~~ defendant's best interest; and the defendant does not refuse administration of the medication. In this situation, the previously prescribed neuroleptic medication may be continued for up to 14 days while the treating medical practitioner is requesting a court order authorizing administering neuroleptic medication or an amendment to a current court order authorizing administration of neuroleptic medication. If the treating medical practitioner requests a court order under this section within 14 days, the treating medical practitioner may continue

administering the medication to the ~~patient~~ defendant through the hearing date or until the court otherwise issues an order; or

(2) the defendant does not have the present capacity to consent to the administration of neuroleptic medication, but prepared a health care power of attorney or a health care directive under chapter 145C requesting treatment or authorizing an agent or proxy to request treatment, and the agent or proxy has requested the treatment.

Subd. 6. **Defendants with capacity to make informed decision.** If the court finds that the defendant has the capacity to decide whether to take neuroleptic medication, a facility or program may not administer medication without the ~~patient's~~ defendant's informed written consent or without the declaration of an emergency, or until further review by the court.

Subd. 7. **Procedure when patient defendant refuses medication.** If physical force is required to administer the neuroleptic medication, the facility or program may only use injectable medications. If physical force is needed to administer the medication, medication may only be administered in a setting where the ~~person's~~ defendant's condition can be reassessed and medical personnel qualified to administer medication are available, including in the community or a correctional facility. The facility or program may not use a nasogastric tube to administer neuroleptic medication involuntarily.

Sec. 28. Minnesota Statutes 2022, section 611.48, is amended to read:

**611.48 REVIEW HEARINGS.**

The prosecutor or defense counsel may apply to the court for a hearing to review the defendant's competency ~~restoration~~ attainment programming. All parties are entitled to notice before the hearing. The hearing shall be held no later than 30 days after the date of the request, unless extended upon agreement of the prosecutor and defense counsel or by the court for good cause.

Sec. 29. Minnesota Statutes 2022, section 611.49, is amended to read:

**611.49 LIKELIHOOD TO ATTAIN COMPETENCY.**

Subdivision 1. **Applicability.** (a) The court may hold a hearing on its own initiative or upon request of either party to determine whether the defendant is likely to attain competency in the foreseeable future when the most recent court examiner's report states that the defendant is unlikely to attain competency in the foreseeable future, and either:

(1) the defendant has not ~~been restored to competence~~ attained competency after participating and cooperating with court-ordered competency ~~restoration~~ attainment programming for at least one year; or

(2) the defendant has not received timely competency ~~restoration~~ attainment services under section 611.46 after one year.

(b) The court cannot find a defendant unlikely to attain competency based upon a defendant's refusal to cooperate with or remain at a ~~certified~~ competency program or cooperate with an examination.

(c) The parties are entitled to 30 days of notice prior to the hearing and, unless the parties agree to a longer time period, the court must determine within 30 days after the hearing whether there is a substantial probability that the defendant will attain competency within the foreseeable future.

(d) A party attempting to demonstrate that there is a substantial probability that the defendant will attain competency within the foreseeable future must prove that probability by a preponderance of the evidence.

Subd. 2. **Procedure.** (a) If the court finds that there is a substantial probability that the defendant will attain competency within the reasonably foreseeable future, the court shall find the defendant incompetent and proceed under section 611.46.

(b) If the court finds that there is not a substantial probability the defendant will attain competency within the reasonably foreseeable future, the court may not order the defendant to participate in or continue to participate in a competency ~~restoration~~ attainment program in a locked treatment facility. The court must release the defendant from any custody holds pertaining to the underlying criminal case and require the forensic navigator to develop a bridge plan.

(c) If the court finds that there is not a substantial probability the defendant will attain competency within the foreseeable future, the court may issue an order to the designated agency in the county of financial responsibility or the county where the defendant is present to conduct a prepetition screening pursuant to section 253B.07.

~~(d) If a hearing is held under this subdivision and the criteria pursuant to subdivision 1, paragraphs (a) and (b) are satisfied, a party attempting to demonstrate that there is a substantial probability that the defendant will attain competency within the foreseeable future must prove by a preponderance of the evidence.~~

~~(c)~~ (d) If the court finds that there is not a substantial probability that the defendant will attain competency within the foreseeable future, the court must dismiss the case unless:

(1) the person is charged with a violation of section ~~609.185 (murder in the first degree); 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20 (manslaughter in the first degree); 609.205 (manslaughter in the second degree);~~ 609.2112 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665 (manslaughter of an unborn child in the second degree); or a crime of violence as defined in section 624.712, subdivision 5, except for a violation of chapter 152; or

(2) there is a showing of a danger to public safety if the matter is dismissed.

~~(f)~~ (e) If the court does not dismiss the charges, the court must order continued supervision under subdivision 3.

Subd. 3. **Continued supervision.** (a) If the court orders the continued supervision of a defendant, any party may request a hearing on the issue of continued supervision by filing a notice no more than ten days after the order for continued supervision.

(b) When continued supervision is ordered, the court must identify the supervisory agency responsible for the supervision of the defendant~~, including but not limited to directing~~ and may identify a forensic navigator as the responsible entity.

(c) Notwithstanding the reporting requirements of section 611.46, subdivision 6, the court examiner must provide an updated report to the court one year after the initial order for continued supervision as to the defendant's competency and a description of the efforts made to ~~restore~~ assist the defendant ~~to~~ in attaining competency. The court shall hold a review hearing within 30 days of receipt of the report.

(d) If continued supervision is ordered at the review hearing under paragraph (c), the court must set a date for a review hearing no later than two years after the most recent order for continuing supervision. The court must order review of the defendant's status, including an updated competency examination and report by the court examiner. The court examiner must submit the updated report to the court. At the review hearing, the court must determine if the defendant has attained competency, whether there is a substantial probability that the defendant will attain competency within the foreseeable future, and whether the absence of continuing supervision of the defendant is a danger to public safety. Notwithstanding

subdivision 2, paragraph ~~(e)~~ (d), the court may hear any motions to dismiss pursuant to the interest of justice at the review hearing.

(e) Continued supervision of a defendant in cases where the most serious charge is a targeted misdemeanor or gross misdemeanor is subject to the limitations established in section 611.45, subdivision 3, paragraph (b).

~~(e)~~ (f) The court may not order continued supervision of a defendant charged with a felony for more than ten years unless the defendant is charged with a violation of section ~~609.185 (murder in the first degree); 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20 (manslaughter in the first degree); 609.205 (manslaughter in the second degree);~~ 609.2112 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665 (manslaughter of an unborn child in the second degree); or a crime of violence as defined in section 624.712, subdivision 5, except for a violation of chapter 152.

~~(f)~~ (g) At any time, the head of the program may discharge the defendant from the program or facility. The head of the program must notify the court, prosecutor, defense counsel, forensic navigator, and any entity responsible for the supervision of the defendant prior to any planned discharge. Absent emergency circumstances, this notification shall be made five days prior to the discharge. If the defendant is discharged from the program or facility under emergency circumstances, notification of emergency discharge shall include a description of the emergency circumstances and may include a request for emergency transportation. The court shall make a determination on a request for emergency transportation within 24 hours. Nothing in this section prohibits a law enforcement agency from transporting a defendant pursuant to any other authority.

~~(g)~~ (h) The court may provide, partner, or contract for pretrial supervision services or continued supervision if the defendant is found incompetent and unlikely to attain competency in the foreseeable future.

Sec. 30. Minnesota Statutes 2022, section 611.51, is amended to read:

**611.51 CREDIT FOR CONFINEMENT.**

If the defendant is convicted, any time spent confined in a ~~secured~~ secure setting while being assessed ~~and restored to~~ or receiving competency attainment services must be credited as time served.

~~(d) Upon the order to a competency restoration program or alternative program,~~ (e) The court may order any hospital, treatment facility, or correctional facility that has provided care or supervision to ~~the~~ a defendant in the previous two years to provide copies of the defendant's medical records to the competency ~~restoration~~ attainment program or alternative program in which the defendant was ordered to participate. This information shall be provided in a consistent and timely manner and pursuant to all applicable laws.

~~(e)~~ (f) If at any time the defendant refuses to participate in a competency ~~restoration~~ attainment program or an alternative program, the head of the program shall notify the court and any entity responsible for supervision of the defendant.

~~(f)~~ (g) At any time, the head of the program may discharge the defendant from the program or facility. The head of the program must notify the court, prosecutor, defense counsel, and any entity responsible for the supervision of the defendant prior to any planned

discharge. Absent emergency circumstances, this notification shall be made five days prior to the discharge if the defendant is not being discharged to jail or a correctional facility. Upon the receipt of notification of discharge or upon the request of either party in response to notification of discharge, the court may order that a defendant who is subject to bail or unmet conditions of release be returned to jail upon being discharged from the program or facility. If the court orders a defendant returned to jail, the court shall notify the parties and head of the program at least one day before the defendant's planned discharge, except in the event of an emergency discharge where one day notice is not possible. The court must hold a review hearing within seven days of the defendant's return to jail. The forensic navigator must be given notice of the hearing and be allowed to participate.

~~(g)~~ (h) If the defendant is discharged from the program or facility under emergency circumstances, notification of emergency discharge shall include a description of the emergency circumstances and may include a request for emergency transportation. The court shall make a determination on a request for emergency transportation within 24 hours. Nothing in this section prohibits a law enforcement agency from transporting a defendant pursuant to any other authority.

Sec. 22. Minnesota Statutes 2022, section 611.46, subdivision 2, is amended to read:

Subd. 2. **Supervision.** (a) Upon a finding of incompetency, if the defendant is entitled to release, the court must determine whether the defendant requires pretrial supervision. The court must weigh public safety risks against the defendant's interests in remaining free from supervision while presumed innocent in the criminal proceedings. The court may use a validated and equitable risk assessment tool to determine whether supervision is necessary.

(b) If the court determines that the defendant requires pretrial supervision, the court shall direct the forensic navigator to conduct pretrial supervision and report violations to the court. The forensic navigator shall be responsible for the supervision of the defendant until ordered otherwise by the court.

(c) Upon application by the prosecutor, ~~the~~ forensic navigator, other entity or its designee assigned to supervise the defendant, or court services alleging that the defendant violated a condition of release and is a risk to public safety, the court shall follow the procedures under Rules of Criminal Procedure, rule 6. Any hearing on the alleged violation of release conditions shall be held no more than 15 days after the date of issuance of a summons or within 72 hours if the defendant is apprehended on a warrant.

(d) If the court finds a violation, the court may revise the conditions of release and bail as appropriate pursuant to Minnesota Rules of Criminal Procedure~~, including but not limited~~

~~to consideration of~~ and must consider the defendant's need for ongoing access to a competency ~~restoration~~ attainment program or alternative program under this section.

(e) The court must review conditions of release and bail on request of any party and may amend the conditions of release or make any other reasonable order upon receipt of information that the pretrial detention of a defendant has interfered with the defendant attaining competency.

Sec. 23. Minnesota Statutes 2022, section 611.46, subdivision 3, is amended to read:

Subd. 3. **~~Certified~~ Competency ~~restoration~~ attainment programs; procedure.** (a) If the court orders a defendant to participate in a competency ~~restoration~~ attainment program that takes place outside of a jail, or an alternative program that the court has determined is providing appropriate competency ~~restoration~~ attainment services to the defendant, the court shall specify whether the program is ~~a community-based treatment program or~~ provided in a locked treatment facility.

(b) If the court finds that the defendant continues to be incompetent at a review hearing held after the initial determination of competency, the court must hold a review hearing pursuant to section 611.49 and consider any changes to the defendant's conditions of release or competency ~~restoration~~ attainment programming to restore the defendant's competency in the least restrictive program appropriate.

~~(c) If the court orders the defendant to a locked treatment facility or jail-based program, the court must calculate the defendant's custody credit and cannot order the defendant to a locked treatment facility or jail-based program for a period that would cause the defendant's custody credit to exceed the maximum sentence for the underlying charge.~~

Sec. 24. Minnesota Statutes 2022, section 611.46, subdivision 4, is amended to read:

Subd. 4. **Jail-based competency ~~restoration~~ attainment programs; procedure.** (a) A defendant is eligible to participate in a jail-based competency ~~restoration~~ attainment program when the underlying charge is a gross misdemeanor or felony and either:

(1) the defendant has been found incompetent, the defendant has not met the conditions of release ordered pursuant to rule 6.02 of Minnesota Rules of Criminal Procedure, including posting bail, and either a ~~court-appointed~~ court examiner has recommended jail-based competency ~~restoration~~ attainment as the least restrictive setting to meet the person's needs, or the court finds that after a reasonable effort by the forensic navigator, there has not been consent by another secure setting to the defendant's placement; or

(2) the defendant is in custody and is ordered to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail, a jail-based competency ~~restoration~~ attainment program is available within a reasonable distance to the county where the defendant is being held, and the court ordered a time-limited placement in a jail-based program until transfer to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail.

(b) A defendant may not be ordered to participate in a jail-based competency ~~restoration~~ attainment program for more than 90 days without a review hearing. If after 90 days of the order to a jail-based program the defendant has not attained competency, the court must review the case with input from the prosecutor and defense counsel and may:

(1) order the defendant to participate in an appropriate ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a locked facility; or

(2) determine whether, after a reasonable effort by the forensic navigator, there is consent to the defendant's placement by another locked facility. If court determines that a locked facility is the least restrictive program appropriate and no appropriate locked facility is available, it may order the defendant to the jail-based program for an additional 90 days.

(c) Nothing in this section prohibits the court from ordering the defendant transferred to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail if the court determines that transition is appropriate, or the defendant satisfies the conditions of release or bail. Before the defendant is ~~transitioned~~ transferred to a ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail or an alternative program, the court shall notify the prosecutor and the defense counsel, and the provisions of subdivision 2 shall apply.

~~(d) The court may require a certified competency program that qualifies as a locked facility to notify the court in writing of the basis for refusing consent of the defendant in order to ensure transparency and maintain an accurate record. The court may not require personal appearance of any representative of a certified competency program.~~

Sec. 25. Minnesota Statutes 2022, section 611.46, subdivision 5, is amended to read:

Subd. 5. **Alternative programs; procedure.** (a) A defendant is eligible to participate in an alternative program if the defendant has been found incompetent, the defendant is entitled to release, and a ~~certified~~ competency ~~restoration~~ attainment program outside of a jail is not available.

(b) As soon as the forensic navigator has reason to believe that no ~~certified~~ competency ~~restoration~~ attainment program outside of a jail will be available within a reasonable time, the forensic navigator shall determine if there are available alternative programs that are likely to assist the defendant in attaining competency. ~~Upon notification by the forensic navigator,~~ The court may order the defendant to participate in an appropriate alternative program identified by the forensic navigator and must notify the prosecutor and the defense counsel of the order.

(c) If at any time while the defendant is participating in an alternative program, an appropriate ~~certified~~ competency ~~restoration~~ attainment program that takes place outside of a jail becomes available, the forensic navigator must notify the court. The court must notify the prosecutor and the defense counsel and must order the defendant to participate in an appropriate ~~certified~~ competency ~~restoration~~ attainment program, unless the court determines that the defendant is receiving appropriate competency ~~restoration~~ attainment services in the alternative program. If appropriate and in the public interest, the court may order the defendant to participate in the ~~certified~~ competency ~~restoration~~ attainment program and an alternative program.

(d) At any time, the head of the alternative program or the forensic navigator may notify the court that the defendant is receiving appropriate competency ~~restoration~~ attainment services in the alternative program, and recommend that remaining in the alternative program is in the best interest of the defendant and the defendant's progress in attaining competency. The court may order the defendant to continue programming in the alternative program and proceed under subdivision 3.

(e) If after 90 days of the order to an alternative program the defendant has not attained competency and the defendant is not participating in a ~~certified~~ competency ~~restoration~~ attainment program, the court must hold a review hearing pursuant to section 611.49.

Sec. 26. Minnesota Statutes 2022, section 611.46, subdivision 6, is amended to read:

Subd. 6. **Reporting to the court.** (a) The court examiner must provide an updated report to the court at least once every six months, unless the court and the parties agree to a longer period that is not more than 12 months, as to the defendant's competency and a description of the efforts made to restore the defendant to competency.

(b) At any time, the head of the program may notify the court and recommend that a court examiner provide an updated competency examination and report.

(c) The court shall ~~furnish~~ provide copies of the report to the prosecutor, defense counsel, and the facility or program where the defendant is being served.

(d) The report may make recommendations for continued services to ensure continued competency. If the defendant is found guilty, these recommendations may be considered by the court in imposing a sentence, including any conditions of probation.

Sec. 27. Minnesota Statutes 2022, section 611.47, is amended to read:

**611.47 ADMINISTRATION OF MEDICATION.**

Subdivision 1. **Motion.** When a court finds that a defendant is incompetent or any time thereafter, upon the motion of the prosecutor or treating medical provider, the court shall hear and determine whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication and, if so, whether the conditions and factors weigh in favor of authorizing involuntary administration of neuroleptic medication.

Subd. 2. ~~**Certification report**~~ **Reports.** (a) In making a determination under this section, the court shall consider the report of the court examiner completed pursuant to section 611.43 and any certification report filed by the treating medical practitioner in support of a motion under this section. The court may request a certification report from the defendant's treating medical practitioner.

~~(a)~~ (b) If the defendant's treating medical practitioner is of the opinion that the defendant lacks capacity to make decisions regarding neuroleptic medication, the treating medical practitioner ~~shall~~ may certify in a report that the lack of capacity exists and which conditions under subdivision 3 are applicable. ~~The~~ A certification report ~~shall~~ must contain an assessment of the current mental status of the defendant and the opinion of the treating medical practitioner ~~that~~ as to whether involuntary neuroleptic medication has become medically necessary and appropriate under subdivision 3, paragraph (b), clause (1) or (2), or in the ~~patient's~~ defendant's best medical interest under subdivision 3, paragraph (b), clause (3). The certification report shall be filed with the court when a motion for a hearing is made under this section.

~~(b)~~ (c) A certification report made pursuant to this section shall include a description of the neuroleptic medication proposed to be administered to the defendant, if any, and its likely effects and side effects, including effects on the defendant's condition or behavior that would affect the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner.

~~(c)~~ (d) Any defendant subject to an order under subdivision 3 of this section or the state may request review of that order.

~~(d)~~ (e) In addition to the court examiner appointed to report to the court on the defendant's competency to proceed, the court may appoint a court examiner to examine the defendant and report to the court and parties as to whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication. If the ~~patient~~ defendant refuses to participate in an examination, the court examiner may rely on the ~~patient's~~ defendant's clinically relevant medical records in reaching an opinion.

~~(e)~~ (f) The defendant is entitled to a second court examiner under this section, if requested by the defendant.

Subd. 3. **Determination.** (a) The court shall ~~consider opinions in the reports prepared under subdivision 2 as applicable to the issue of~~ first determine whether the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication ~~and shall proceed under paragraph (b)~~. In making this determination, the court:

(1) must apply a rebuttable presumption that a defendant has the capacity to make decisions regarding administration of neuroleptic medication;

(2) must find that a defendant has the capacity to make decisions regarding the administration of neuroleptic medication if the defendant:

(i) has an awareness of the nature of the defendant's situation and the possible consequences of refusing treatment with neuroleptic medications;

(ii) has an understanding of treatment with neuroleptic medications and the risks, benefits, and alternatives; and

(iii) communicates verbally or nonverbally a clear choice regarding treatment with neuroleptic medications that is a reasoned one not based on a symptom of the defendant's mental illness, even though it may not be in the defendant's best interests; and

(3) must not conclude that a defendant's decision is unreasonable based solely on a disagreement with the medical practitioner's recommendation.

(b) If the court determines that the defendant lacks capacity to make decisions regarding the administration of neuroleptic medication, the court shall hear and determine whether any of the following is true:

(1) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5,~~ the defendant's mental illness requires medical

treatment with neuroleptic medication, and, if the defendant's mental illness is not treated with neuroleptic medication, it is probable that serious harm to the physical or mental health of the ~~patient~~ defendant will result. Probability of serious harm to the physical or mental health of the defendant requires evidence that the defendant is presently suffering adverse effects to the defendant's physical or mental health, or the defendant has previously suffered these effects as a result of a mental illness and the defendant's condition is substantially deteriorating or likely to deteriorate without administration of neuroleptic medication. The fact that a defendant has a diagnosis of a mental illness does not alone establish probability of serious harm to the physical or mental health of the defendant;

(2) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5,~~ neuroleptic medication is medically necessary, and the defendant is a danger to others, in that the defendant has inflicted, attempted to inflict, or made a serious threat of inflicting substantial bodily harm on another while in custody, or the defendant had inflicted, attempted to inflict, or made a serious threat of inflicting substantial bodily harm on another that resulted in being taken into custody, and the defendant presents, as a result of mental illness or cognitive impairment, a demonstrated danger of inflicting substantial bodily harm on others. Demonstrated danger may be based on an assessment of the defendant's present mental condition, including a consideration of past behavior of the defendant and other relevant information; or

(3) ~~the defendant lacks capacity to make decisions regarding neuroleptic medication, as defined in section 253B.092, subdivision 5, and~~ the defendant does not meet the criteria under clause (1) or (2), but the state has shown by clear and convincing evidence that:

(i) the state has charged the defendant with a serious crime against the person or property;

(ii) involuntary administration of neuroleptic medication is substantially likely to render the defendant competent to stand trial;

(iii) the medication is unlikely to have side effects that interfere with the defendant's ability to understand the nature of the criminal proceedings or to assist counsel in the conduct of a defense in a reasonable manner;

(iv) less intrusive treatments are unlikely to have substantially the same results and involuntary medication is necessary; and

(v) neuroleptic medication is in the ~~patient's~~ defendant's best medical interest in light of the ~~patient's~~ defendant's medical condition.

(c) ~~In ruling on a petition under this section, the court shall also take into consideration any evidence on~~ If the conditions described in paragraph (b), clause (1), (2), or (3), exist, the court shall determine whether the following factors weigh in favor of authorizing the involuntary administration of neuroleptic medication:

(1) what the ~~patient~~ defendant would choose to do in the situation if the ~~patient~~ defendant had capacity, including evidence such as a durable power of attorney for health care under chapter 145C;

(2) the defendant's family, community, moral, religious, and social values;

(3) the medical risks, benefits, and alternatives to the proposed treatment;

(4) past efficacy and any extenuating circumstances of past use of neuroleptic medications; and

(5) any other relevant factors.

~~(d) In determining whether the defendant possesses capacity to consent to neuroleptic medications, the court:~~

~~(1) must apply a rebuttable presumption that a defendant has the capacity to make decisions regarding administration of neuroleptic medication;~~

~~(2) must find that a defendant has the capacity to make decisions regarding the administration of neuroleptic medication if the defendant:~~

~~(i) has an awareness of the nature of the defendant's situation and the possible consequences of refusing treatment with neuroleptic medications;~~

~~(ii) has an understanding of treatment with neuroleptic medications and the risks, benefits, and alternatives; and~~

~~(iii) communicates verbally or nonverbally a clear choice regarding treatment with neuroleptic medications that is a reasoned one not based on a symptom of the defendant's mental illness, even though it may not be in the defendant's best interests; and~~

~~(3) must not conclude that a defendant's decision is unreasonable based solely on a disagreement with the medical practitioner's recommendation.~~

~~(e)~~ (d) If ~~consideration of the evidence presented on~~ the factors in paragraph (c) ~~weighs~~ weigh in favor of authorizing involuntary administration of neuroleptic medication, ~~and the court finds any of the conditions described in paragraph (b) to be true,~~ the court shall issue an order authorizing involuntary administration of neuroleptic medication to the defendant when and as prescribed by the defendant's medical practitioner, including administration

by a treatment facility or correctional facility. The court order shall specify which medications are authorized and may limit the maximum dosage of neuroleptic medication that may be administered. The order shall be valid for no more than one year. An order may be renewed by filing another petition under this section and following the process in this section. The order shall terminate no later than the closure of the criminal case in which it is issued. ~~The court shall not order involuntary administration of neuroleptic medication under paragraph (b), clause (3), unless the court has first found that the defendant does not meet the criteria for involuntary administration of neuroleptic medication under paragraph (b), clause (1), and does not meet the criteria under paragraph (b), clause (2).~~

(f) A copy of the order must be given to the defendant, the defendant's attorney, the county attorney, and the treatment facility or correctional facility where the defendant is being served. The treatment facility, correctional facility, or treating medical practitioner may not begin administration of the neuroleptic medication until it notifies the ~~patient~~ defendant of the court's order authorizing the treatment.

Subd. 4. **Emergency administration.** A treating medical practitioner may administer neuroleptic medication to a defendant who does not have capacity to make a decision regarding administration of the medication if the defendant is in an emergency situation. Medication may be administered for so long as the emergency continues to exist, up to 14 days, if the treating medical practitioner determines that the medication is necessary to prevent serious, immediate physical harm to the ~~patient~~ defendant or to others. If a request for authorization to administer medication is made to the court within the 14 days, the treating medical practitioner may continue the medication through the date of the first court hearing, if the emergency continues to exist. The treating medical practitioner shall document the emergency in the defendant's medical record in specific behavioral terms.

Subd. 5. **Administration without judicial review.** Neuroleptic medications may be administered without judicial review under this subdivision if:

(1) the defendant has been prescribed neuroleptic medication prior to admission to a facility or program, but lacks the present capacity to consent to the administration of that neuroleptic medication; continued administration of the medication is in the ~~patient's~~ defendant's best interest; and the defendant does not refuse administration of the medication. In this situation, the previously prescribed neuroleptic medication may be continued for up to 14 days while the treating medical practitioner is requesting a court order authorizing administering neuroleptic medication or an amendment to a current court order authorizing administration of neuroleptic medication. If the treating medical practitioner requests a court order under this section within 14 days, the treating medical practitioner may continue

administering the medication to the ~~patient~~ defendant through the hearing date or until the court otherwise issues an order; or

(2) the defendant does not have the present capacity to consent to the administration of neuroleptic medication, but prepared a health care power of attorney or a health care directive under chapter 145C requesting treatment or authorizing an agent or proxy to request treatment, and the agent or proxy has requested the treatment.

Subd. 6. **Defendants with capacity to make informed decision.** If the court finds that the defendant has the capacity to decide whether to take neuroleptic medication, a facility or program may not administer medication without the ~~patient's~~ defendant's informed written consent or without the declaration of an emergency, or until further review by the court.

Subd. 7. **Procedure when patient defendant refuses medication.** If physical force is required to administer the neuroleptic medication, the facility or program may only use injectable medications. If physical force is needed to administer the medication, medication may only be administered in a setting where the ~~person's~~ defendant's condition can be reassessed and medical personnel qualified to administer medication are available, including in the community or a correctional facility. The facility or program may not use a nasogastric tube to administer neuroleptic medication involuntarily.

Sec. 28. Minnesota Statutes 2022, section 611.48, is amended to read:

**611.48 REVIEW HEARINGS.**

The prosecutor or defense counsel may apply to the court for a hearing to review the defendant's competency ~~restoration~~ attainment programming. All parties are entitled to notice before the hearing. The hearing shall be held no later than 30 days after the date of the request, unless extended upon agreement of the prosecutor and defense counsel or by the court for good cause.

Sec. 29. Minnesota Statutes 2022, section 611.49, is amended to read:

**611.49 LIKELIHOOD TO ATTAIN COMPETENCY.**

Subdivision 1. **Applicability.** (a) The court may hold a hearing on its own initiative or upon request of either party to determine whether the defendant is likely to attain competency in the foreseeable future when the most recent court examiner's report states that the defendant is unlikely to attain competency in the foreseeable future, and either:

(1) the defendant has not ~~been restored to competence~~ attained competency after participating and cooperating with court-ordered competency ~~restoration~~ attainment programming for at least one year; or

(2) the defendant has not received timely competency ~~restoration~~ attainment services under section 611.46 after one year.

(b) The court cannot find a defendant unlikely to attain competency based upon a defendant's refusal to cooperate with or remain at a ~~certified~~ competency program or cooperate with an examination.

(c) The parties are entitled to 30 days of notice prior to the hearing and, unless the parties agree to a longer time period, the court must determine within 30 days after the hearing whether there is a substantial probability that the defendant will attain competency within the foreseeable future.

(d) A party attempting to demonstrate that there is a substantial probability that the defendant will attain competency within the foreseeable future must prove that probability by a preponderance of the evidence.

Subd. 2. **Procedure.** (a) If the court finds that there is a substantial probability that the defendant will attain competency within the reasonably foreseeable future, the court shall find the defendant incompetent and proceed under section 611.46.

(b) If the court finds that there is not a substantial probability the defendant will attain competency within the reasonably foreseeable future, the court may not order the defendant to participate in or continue to participate in a competency ~~restoration~~ attainment program in a locked treatment facility. The court must release the defendant from any custody holds pertaining to the underlying criminal case and require the forensic navigator to develop a bridge plan.

(c) If the court finds that there is not a substantial probability the defendant will attain competency within the foreseeable future, the court may issue an order to the designated agency in the county of financial responsibility or the county where the defendant is present to conduct a prepetition screening pursuant to section 253B.07.

~~(d) If a hearing is held under this subdivision and the criteria pursuant to subdivision 1, paragraphs (a) and (b) are satisfied, a party attempting to demonstrate that there is a substantial probability that the defendant will attain competency within the foreseeable future must prove by a preponderance of the evidence.~~

~~(c)~~ (d) If the court finds that there is not a substantial probability that the defendant will attain competency within the foreseeable future, the court must dismiss the case unless:

(1) the person is charged with a violation of section ~~609.185 (murder in the first degree); 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20 (manslaughter in the first degree); 609.205 (manslaughter in the second degree);~~ 609.2112 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665 (manslaughter of an unborn child in the second degree); or a crime of violence as defined in section 624.712, subdivision 5, except for a violation of chapter 152; or

(2) there is a showing of a danger to public safety if the matter is dismissed.

~~(f)~~ (e) If the court does not dismiss the charges, the court must order continued supervision under subdivision 3.

Subd. 3. **Continued supervision.** (a) If the court orders the continued supervision of a defendant, any party may request a hearing on the issue of continued supervision by filing a notice no more than ten days after the order for continued supervision.

(b) When continued supervision is ordered, the court must identify the supervisory agency responsible for the supervision of the defendant~~, including but not limited to directing~~ and may identify a forensic navigator as the responsible entity.

(c) Notwithstanding the reporting requirements of section 611.46, subdivision 6, the court examiner must provide an updated report to the court one year after the initial order for continued supervision as to the defendant's competency and a description of the efforts made to ~~restore~~ assist the defendant ~~to~~ in attaining competency. The court shall hold a review hearing within 30 days of receipt of the report.

(d) If continued supervision is ordered at the review hearing under paragraph (c), the court must set a date for a review hearing no later than two years after the most recent order for continuing supervision. The court must order review of the defendant's status, including an updated competency examination and report by the court examiner. The court examiner must submit the updated report to the court. At the review hearing, the court must determine if the defendant has attained competency, whether there is a substantial probability that the defendant will attain competency within the foreseeable future, and whether the absence of continuing supervision of the defendant is a danger to public safety. Notwithstanding

subdivision 2, paragraph ~~(e)~~ (d), the court may hear any motions to dismiss pursuant to the interest of justice at the review hearing.

(e) Continued supervision of a defendant in cases where the most serious charge is a targeted misdemeanor or gross misdemeanor is subject to the limitations established in section 611.45, subdivision 3, paragraph (b).

~~(e)~~ (f) The court may not order continued supervision of a defendant charged with a felony for more than ten years unless the defendant is charged with a violation of section ~~609.185 (murder in the first degree); 609.19 (murder in the second degree); 609.195 (murder in the third degree); 609.20 (manslaughter in the first degree); 609.205 (manslaughter in the second degree);~~ 609.2112 (criminal vehicular homicide); 609.2114, subdivision 1 (criminal vehicular operation, death to an unborn child); 609.2661 (murder of an unborn child in the first degree); 609.2662 (murder of an unborn child in the second degree); 609.2663 (murder of an unborn child in the third degree); 609.2664 (manslaughter of an unborn child in the first degree); or 609.2665 (manslaughter of an unborn child in the second degree); or a crime of violence as defined in section 624.712, subdivision 5, except for a violation of chapter 152.

~~(f)~~ (g) At any time, the head of the program may discharge the defendant from the program or facility. The head of the program must notify the court, prosecutor, defense counsel, forensic navigator, and any entity responsible for the supervision of the defendant prior to any planned discharge. Absent emergency circumstances, this notification shall be made five days prior to the discharge. If the defendant is discharged from the program or facility under emergency circumstances, notification of emergency discharge shall include a description of the emergency circumstances and may include a request for emergency transportation. The court shall make a determination on a request for emergency transportation within 24 hours. Nothing in this section prohibits a law enforcement agency from transporting a defendant pursuant to any other authority.

~~(g)~~ (h) The court may provide, partner, or contract for pretrial supervision services or continued supervision if the defendant is found incompetent and unlikely to attain competency in the foreseeable future.

Sec. 30. Minnesota Statutes 2022, section 611.51, is amended to read:

**611.51 CREDIT FOR CONFINEMENT.**

If the defendant is convicted, any time spent confined in a ~~secured~~ secure setting while being assessed ~~and restored to~~ or receiving competency attainment services must be credited as time served.

Sec. 31. Minnesota Statutes 2022, section 611.55, is amended to read:

**611.55 FORENSIC NAVIGATOR SERVICES.**

Subdivision 1. **Definition.** As used in this section, "board" means the State Competency ~~Restoration~~ Attainment Board established in section 611.56.

Subd. 2. **Availability of forensic navigator services.** The board must provide or contract for enough forensic navigator services to meet the needs of adult defendants in each judicial district who are found incompetent to proceed.

Subd. 3. **Duties.** (a) Forensic navigators shall assist and supervise defendants when appointed to do so by a court. Forensic navigators shall be impartial in all legal matters relating to the criminal case. Nothing shall be construed to permit the forensic navigator to provide legal counsel as a representative of the court, prosecutor, or defense counsel. ~~Forensic navigators shall be required to report compliance and noncompliance with pretrial supervision and any orders of the court.~~

(b) Forensic navigators shall provide services to assist defendants with mental illnesses and cognitive impairments. Services may include, but are not limited to:

(1) developing bridge plans;

(2) assisting defendants in participating in court-ordered examinations and hearings;

(3) coordinating timely placement in court-ordered competency ~~restoration~~ attainment programs;

(4) providing competency ~~restoration~~ attainment education;

(5) reporting to the court on the progress of defendants found incompetent to stand trial;

(6) providing coordinating services to help defendants access ~~needed~~ mental health services, medical care, stable housing and housing assistance, financial assistance, social services, transportation, precharge and pretrial diversion, and other necessary services provided by other programs and community service providers;

(7) communicating with and offering supportive resources to defendants and family members of defendants; and

(8) providing consultation and education to court officials on emerging issues and innovations in serving defendants with mental illnesses in the court system.

(c) When ordered to supervise a defendant, a forensic navigator shall report to the court on a defendant's compliance or noncompliance with conditions of pretrial supervision and any order of the court.

~~(c)~~ (d) If a defendant's charges are dismissed, the appointed forensic navigator may continue assertive outreach with the individual for up to 90 days to assist in attaining stability in the community.

Subd. 4. **Bridge plans.** (a) ~~The Forensic navigator must prepare bridge plans~~ A forensic navigator must prepare a bridge plan with the defendant and submit ~~them~~ the bridge plan to the court. relating to judiciary; establishing an assessment process to determine if current and former members of the military charged with certain offenses are eligible for deferred prosecution; amending Minnesota Statutes 2022, section 609.1056, subdivision 2, by adding a subdivision.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2022, section 609.1056, is amended by adding a subdivision to read:

Subd. 1a. **Eligibility assessment.** (a) At any time before sentencing, a defendant who was, or currently is, a member of the United States military and who is charged with an eligible offense may request that the court determine whether the defendant is eligible for deferred prosecution under this section.

(b) Upon making a request for an eligibility assessment, the defendant shall release or authorize access to military service reports and records relating to an alleged applicable condition stemming from service in the United States military. The court must file the records as confidential, and the records must remain sealed, except as provided in this paragraph. The defendant, through existing records or licensed professional evaluation, shall establish the diagnosis of the applicable condition and the condition's connection to military service. The court, on its motion or the prosecutor's motion with notice to defense counsel, may order the defendant to furnish to the court for in-camera review or to the prosecutor copies of all medical and military service reports and records previously or subsequently made concerning the defendant's condition and its connection to service.

(c) The defendant is eligible for deferred prosecution under this section if the court determines by clear and convincing evidence that:

(1) the defendant suffers from an applicable condition;

(2) the condition stems from service in the United States military; and

(3) the offense was committed as a result of the applicable condition.

(d) If the defendant requests an eligibility assessment before a finding of guilty after trial or entry of a guilty plea, the court may make the finding required under paragraph (c), clause (3), based on the information in a citation or complaint and any accompanying police reports.

(e) Within 15 days of the court's findings, either party may file a challenge and demand a hearing on the defendant's eligibility for deferred prosecution.

Sec. 2. Minnesota Statutes 2022, section 609.1056, subdivision 2, is amended to read:

Subd. 2. **Deferred prosecution.** (a) If the court finds a defendant eligible for deferred prosecution pursuant to subdivision 1a and the defendant is found guilty, after trial or upon a plea of guilty, the court shall defer prosecution ~~for an eligible offense committed by a defendant who was, or currently is, a member of the United States military~~ as provided in this subdivision. ~~The court shall defer prosecution at the request of the defendant upon a finding of guilty after trial or upon a guilty plea.~~

~~(b) A defendant who requests to be sentenced under this section shall release or authorize access to military service reports and records relating to an alleged applicable condition stemming from service in the United States military. The court must file the records as confidential, and the records must remain sealed, except as provided in this paragraph. The defendant, through existing records or licensed professional evaluation, shall establish the diagnosis of the applicable condition and its connection to military service. The court, on its motion or the prosecutor's motion with notice to defense counsel, may order the defendant to furnish to the court for in-camera review or to the prosecutor copies of all medical and military service reports and records previously or subsequently made concerning the defendant's condition and its connection to service.~~

~~(c) Based on the record, the court shall determine, by clear and convincing evidence, whether the defendant suffers from an applicable condition, whether that condition stems from service in the United States military, and whether the offense was committed as a result of the applicable condition. Within 15 days of the court's findings, either party may~~

~~file a challenge to the findings and demand a hearing on the defendant's eligibility under this section.~~

~~(d) If the court makes the determination described~~ (b) Except as provided in paragraph (c), the court shall, without entering a judgment of guilty, defer further proceedings and place ~~the~~ a defendant who is eligible for deferred prosecution on probation upon such reasonable conditions as it may require and for a period not to exceed the maximum period provided by law. A court may extend a defendant's term of probation pursuant to section 609.135, subdivision 2, paragraphs (g) and (h). Conditions ordered by the court must include treatment, services, rehabilitation, and education sufficient so that if completed, the defendant would be eligible for discharge and dismissal under subdivision 3. If the court determines that a defendant suffers from a substance use disorder, the court shall order a Rule 25 assessment under Minnesota Rules, part 9530.6615, and order the defendant to follow the recommendations contained in the assessment. If the court determines that a defendant suffers from posttraumatic stress disorder, sexual trauma, traumatic brain injury, or other mental health conditions, the court shall order a mental health assessment conducted by a licensed mental health professional and follow the recommendations contained in the examiner's report.

~~(e)~~ (c) If the court determines that the defendant is eligible for a deferred sentence but the defendant has previously received a deferred sentence for a felony offense under this subdivision, the court may, but is not required to, impose a deferred sentence. If the court does not impose a deferred sentence, the court may sentence the defendant as otherwise provided in law, including as provided in subdivision 4.

~~(f)~~ (d) Upon violation of a condition of probation, the court may enter an adjudication of guilt and proceed as otherwise provided in law, including as provided in subdivision 4.

~~(g)~~ (e) As a condition of probation, the court may order the defendant to attend a local, state, federal, or private nonprofit treatment program for a period not to exceed the maximum period for which the defendant could have been incarcerated.

~~(h)~~ (f) The court, when issuing an order under this subdivision that a defendant attend an established treatment program, shall give preference to a treatment program that has a history of successfully treating veterans who suffer from applicable conditions caused by military service, including but not limited to programs operated by the United States Department of Defense or Veterans Affairs.

~~(i)~~ (g) The court and any assigned treatment program shall collaborate with, when available, the county veterans service officer and the United States Department of Veterans

Affairs to maximize benefits and services provided to the defendant. If an appropriate treatment provider is not available in the defendant's county of residence or public funding is not available, the Minnesota Department of Veterans Affairs shall coordinate with the United States Department of Veterans Affairs to locate an appropriate treatment program and sources to fund the cost of the defendant's participation in the program.

~~(j)~~ (h) If available in the county or judicial district having jurisdiction over the case, the defendant may be supervised by a veterans treatment court program under subdivision 5. If there is a veterans treatment court that meets the requirements of subdivision 5 in the county in which the defendant resides or works, supervision of the defendant may be transferred to that county or judicial district veterans treatment court program. Upon the defendant's successful or unsuccessful completion of the program, the veterans treatment court program shall communicate this information to the court of original jurisdiction for further action.

~~(k)~~ (i) Sentencing pursuant to this subdivision waives any right to administrative review pursuant to section 169A.53, subdivision 1, or judicial review pursuant to section 169A.53, subdivision 2, for a license revocation or cancellation imposed pursuant to section 169A.52, and also waives any right to administrative review pursuant to section 171.177, subdivision 10, or judicial review pursuant to section 171.177, subdivision 11, for a license revocation or cancellation imposed pursuant to section 171.177, if that license revocation or cancellation is the result of the same incident for which the defendant is being sentenced.

Sec. 3. Minnesota Statutes 2022, section 524.2-506, is amended to read:

**524.2-506 CHOICE OF LAW AS TO EXECUTION.**

A ~~written~~ will is valid if executed in compliance with section 524.2-502 or if its execution complies with the law at the time of execution of the place where the testator executes the

will ~~is executed~~, or of the law of the place where at the time of execution or at the time of death the testator is domiciled, has a place of abode, or is a national.

Sec. 4. Minnesota Statutes 2022, section 524.2-507, is amended to read:

**524.2-507 REVOCATION BY WRITING OR BY ACT.**

(a) A will or any part thereof is revoked:

(1) by executing a subsequent will that revokes the previous will or part expressly or by inconsistency; or

(2) by performing a revocatory act ~~on the will~~, if the testator performed the act with the intent and for the purpose of revoking the will or part or if another individual performed the act in the testator's conscious presence and by the testator's direction. For purposes of this clause, "revocatory act ~~on the will~~" includes burning, tearing, canceling, obliterating, or destroying the will or any part of it. A burning, tearing, or canceling may be a "revocatory act ~~on the will~~," whether or not the burn, tear, or cancellation touched any of the words on the will.

(b) If a subsequent will does not expressly revoke a previous will, the execution of the subsequent will wholly revokes the previous will by inconsistency if the testator intended the subsequent will to replace rather than supplement the previous will.

(c) The testator is presumed to have intended a subsequent will to replace rather than supplement a previous will if the subsequent will makes a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the previous will is revoked; only the subsequent will is operative on the testator's death.

(d) The testator is presumed to have intended a subsequent will to supplement rather than replace a previous will if the subsequent will does not make a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the subsequent will revokes the previous will only to the extent the subsequent will is inconsistent with the previous will; each will is fully operative on the testator's death to the extent they are not inconsistent.

Sec. 5. **[524.2-518] CERTIFICATION OF PAPER COPY.**

An individual may create a certified paper copy of an electronic will by affirming under penalty of perjury that a paper copy of the electronic will is a complete, true, and accurate copy of the electronic will. If the electronic will is made self-proving, the certified paper

copy of the will must include the self-proving affidavits. A certified paper copy of an electronic will may be substituted for an original will when an original will is required by this chapter.

For purposes of this clause, "revocatory act ~~on the will~~" includes burning, tearing, canceling, obliterating, or destroying the will or any part of it. A burning, tearing, or canceling may be a "revocatory act ~~on the will~~," whether or not the burn, tear, or cancellation touched any of the words on the will.

(b) If a subsequent will does not expressly revoke a previous will, the execution of the subsequent will wholly revokes the previous will by inconsistency if the testator intended the subsequent will to replace rather than supplement the previous will.

(c) The testator is presumed to have intended a subsequent will to replace rather than supplement a previous will if the subsequent will makes a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the previous will is revoked; only the subsequent will is operative on the testator's death.

(d) The testator is presumed to have intended a subsequent will to supplement rather than replace a previous will if the subsequent will does not make a complete disposition of the testator's estate. If this presumption arises and is not rebutted by clear and convincing evidence, the subsequent will revokes the previous will only to the extent the subsequent will is inconsistent with the previous will; each will is fully operative on the testator's death to the extent they are not inconsistent.

Sec. 5. **[524.2-518] CERTIFICATION OF PAPER COPY.**

An individual may create a certified paper copy of an electronic will by affirming under penalty of perjury that a paper copy of the electronic will is a complete, true, and accurate copy of the electronic will. If the electronic will is made self-proving, the certified paper

(b) An agency of the welfare system may not require an individual to consent to the release of mental health data as a condition for receiving services or for reimbursing a community mental health center, mental health division of a county, or provider under contract to deliver mental health services.

(c) Notwithstanding ~~section 245.69, subdivision 2, paragraph (f), or~~ any other law to the contrary, a community mental health center, mental health division of a county, or a mental health provider must disclose mental health data to a law enforcement agency if the law enforcement agency provides the name of a client or patient and communicates that the:

(2) data is necessary to protect the health or safety of the client or patient or of another person.

The scope of disclosure under this paragraph is limited to the minimum necessary for law enforcement to safely respond to the mental health crisis. Disclosure under this paragraph may include the name and telephone number of the psychiatrist, psychologist, therapist, mental health professional, practitioner, or case manager of the client or patient, if known; and strategies to address the mental health crisis. A law enforcement agency that obtains mental health data under this paragraph shall maintain a record of the requestor, the provider of the data, and the client or patient name. Mental health data obtained by a law enforcement agency under this paragraph are private data on individuals and must not be used by the law enforcement agency for any other purpose. The data released pursuant to this paragraph may be used for the sole purpose of determining whether the person is eligible for participation in mental health court. This paragraph does not in any way limit or otherwise extend the rights of the court to obtain the release of mental health data pursuant to court order or any other means allowed by law.

(b) The board may require completion of a plan conforming to the requirements of section 115A.46, before granting review under paragraph (a), clause ~~(b)~~ (2). A request for supplementary review ~~shall~~ must show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 32. Minnesota Statutes 2022, section 115A.38, subdivision 1, is amended to read:

Subdivision 1. **Reports to legislative commission.** At least 30 days before making a final decision under section 115A.37 in a review brought pursuant to section 115A.33, paragraph (a), clause ~~(d)~~ (4), the chair of the board may report to the legislative commission describing permit conditions or requirements being considered ~~which~~ that are not within the existing authority of the agency or the board or ~~which~~ that would require legislation or public financial assistance. Sec. 34. Minnesota Statutes 2022, section 115A.54, subdivision 2a, is amended to read:

Subd. 2a. **Solid waste management projects.** (a) The commissioner shall provide technical and financial assistance for the acquisition and betterment of solid waste management projects as provided in this subdivision and section 115A.52. Money appropriated for the purposes of this subdivision must be distributed as grants.

(b) Except as provided in paragraph (c) or (d), a project may receive grant assistance up to 25 percent of the capital cost of the project or $2,000,000, whichever is less, except that projects constructed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 25 percent of the capital cost of the project; or (2) $2,000,000 times the number of participating counties, whichever is less.

(c) A recycling project or a project to compost or cocompost waste may receive grant assistance up to 50 percent of the capital cost of the project or $2,000,000, whichever is less, except that projects completed as a result of intercounty cooperative agreements may receive (1) grant assistance up to 50 percent of the capital cost of the project; or (2) $2,000,000 times the number of participating counties, whichever is less.

(d) The following projects may also receive grant assistance in the amounts specified in ~~this~~ paragraph (c):

(1) a project to improve control of or reduce air emissions at an existing resource recovery facility; and

(2) a project to substantially increase the recovery of materials or energy, substantially reduce the amount or toxicity of waste processing residuals, or expand the capacity of an existing resource recovery facility to meet the resource recovery needs of an expanded region if each county from which waste is or would be received has achieved a recycling rate in excess of the goals in section 115A.551, and is implementing aggressive waste reduction and household hazardous waste management programs.

~~(d)~~ (e) Notwithstanding paragraph ~~(c)~~ (f), the commissioner may award grants for transfer stations that will initially transfer waste to landfills if the transfer stations are part of a planned resource recovery project, the county where the planned resource recovery facility will be located has a comprehensive solid waste management plan approved by the commissioner, and the solid waste management plan proposes the development of the resource recovery facility. If the proposed resource recovery facility is not in place and operating within 16 years of the date of the grant award, the recipient shall repay the grant amount to the state.

~~(e)~~ (f) Projects without resource recovery are not eligible for assistance.

~~(f)~~ (g) In addition to any assistance received under paragraph (b) ~~or~~, (c), or (d), a project may receive grant assistance for the cost of tests necessary to determine the appropriate pollution control equipment for the project or the environmental effects of the use of any product or material produced by the project.

~~(g)~~ (h) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that the project is not financially prudent without the state assistance, because of the applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.

~~(h)~~ (i) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The commissioner shall adopt rules for the program by July 1, 1985.

A transfer station eligible for assistance under this paragraph is not eligible for assistance under any other paragraph of this subdivision.

Sec. 35. Minnesota Statutes 2022, section 115A.918, subdivision 2, is amended to read:

Subd. 2. **Closure.** "Closure" means actions that will prevent, mitigate, or minimize the threat to public health and the environment posed by a closed solid waste disposal facility including application of final cover; grading and seeding of final cover; installation of an adequate monitoring system, if necessary; and construction of ~~ground~~ groundwater and surface water diversion structures.

Sec. 36. Minnesota Statutes 2022, section 116.07, subdivision 4a, is amended to read:

Subd. 4a. **Permits.** (a) The Pollution Control Agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

(b) The Pollution Control Agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of waste.

(c) The agency may not issue a permit to a facility without analyzing and considering the cumulative levels and effects of past and current environmental pollution from all sources on the environment and residents of the geographic area within which the facility's emissions are likely to be deposited, provided that the facility is located in a community in a city of the first class in Hennepin County that meets all of the following conditions:

(1) is within a half mile of a site designated by the federal government as an EPA superfund site due to residential arsenic contamination;

(2) a majority of the population are low-income persons of color and American Indians;

(3) a disproportionate percent of the children have childhood lead poisoning, asthma, or other environmentally related health problems;

(4) is located in a city that has experienced numerous air quality alert days of dangerous air quality for sensitive populations between February 2007 and February 2008; and

(5) is located near the junctions of several heavily trafficked state and county highways and two one-way streets which carry both truck and auto traffic.

(d) The Pollution Control Agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(e) The Pollution Control Agency has the authority for approval over the siting, expansion, or operation of a solid waste facility with regard to environmental issues. However, the agency's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by any applicable county ordinances. Nothing in this chapter precludes, or

shall be construed to preclude, a county from enforcing land use controls, regulations, and ordinances existing at the time of the permit application and adopted pursuant to Minnesota Statutes 2020, sections 366.10 to 366.181, or sections 394.21 to 394.37, or 462.351 to 462.365, with regard to the siting, expansion, or operation of a solid waste facility.

(f) Except as prohibited by federal law, a person may commence construction, reconstruction, replacement, or modification of any facility prior to the issuance of a construction permit by the agency.

Sec. 37. Minnesota Statutes 2022, section 116D.04, subdivision 5a, is amended to read:

Subd. 5a. **Rules.** The board shall, by January 1, 1981, promulgate rules in conformity with this chapter and the provisions of chapter 15, establishing:

(1) the governmental unit which shall be responsible for environmental review of a proposed action;

(2) the form and content of environmental assessment worksheets;

(3) a scoping process in conformance with subdivision 2a, paragraph ~~(g)~~ (h);

(4) a procedure for identifying during the scoping process the permits necessary for a proposed action and a process for coordinating review of appropriate permits with the preparation of the environmental impact statement;

(5) a standard format for environmental impact statements;

(6) standards for determining the alternatives to be discussed in an environmental impact statement;

(7) alternative forms of environmental review which are acceptable pursuant to subdivision 4a;

(8) a model ordinance which may be adopted and implemented by local governmental units in lieu of the environmental impact statement process required by this section, providing for an alternative form of environmental review where an action does not require a state agency permit and is consistent with an applicable comprehensive plan. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of Laws 1980, chapter 447;

(9) procedures to reduce paperwork and delay through intergovernmental cooperation and the elimination of unnecessary duplication of environmental reviews;

(10) procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and

(11) any additional rules which are reasonably necessary to carry out the requirements of this section.

Sec. 38. Minnesota Statutes 2022, section 119B.011, subdivision 20, is amended to read:

Subd. 20. **Transition year families.** "Transition year families" means families who have received MFIP assistance, ~~or~~ who were eligible to receive MFIP assistance after choosing to discontinue receipt of the cash portion of MFIP assistance under section 256J.31, subdivision 12, or ~~families~~ who have received DWP assistance under section 256J.95 for at least one of the last six months before losing eligibility for MFIP or DWP. Notwithstanding Minnesota Rules, parts 3400.0040, subpart 10, and 3400.0090, subpart 2, transition year child care may be used to support employment, approved education or training programs, or job search that meets the requirements of section 119B.10. Transition year child care is not available to families who have been disqualified from MFIP or DWP due to fraud.

Sec. 39. Minnesota Statutes 2022, section 119B.03, subdivision 3, is amended to read:

Subd. 3. **Eligible participants.** Families that meet the eligibility requirements under sections 119B.09 and 119B.10, except MFIP participants, diversionary work program participants, and transition year families, are eligible for child care assistance under the basic sliding fee program. Families enrolled in the basic sliding fee program shall be continued until they are no longer eligible. Child care assistance provided through the child care fund is considered assistance to the parent.

Sec. 40. Minnesota Statutes 2022, section 119B.13, subdivision 3a, is amended to read:

Subd. 3a. **Provider rate differential for accreditation.** A family child care provider or child care center shall be paid a 15 percent differential above the maximum rate established in subdivision 1, up to the actual provider rate, if the provider or center holds a current early childhood development credential or is accredited. For a family child care provider, early childhood development credential and accreditation includes an individual who has earned a child development associate degree, a child development associate credential, a diploma in child development from a Minnesota state technical college, or a bachelor's or post baccalaureate degree in early childhood education from an accredited college or university, or who is accredited by the National Association for Family Child Care or the Competency Based Training and Assessment Program. For a child care center, accreditation includes

accreditation that meets the following criteria: the accrediting organization must demonstrate the use of standards that promote the physical, social, emotional, and cognitive development of children. The accreditation standards shall include, but are not limited to, positive interactions between adults and children, age-appropriate learning activities, a system of tracking children's learning, use of assessment to meet children's needs, specific qualifications for staff, a learning environment that supports developmentally appropriate experiences for children, health and safety requirements, and family engagement strategies. Based on an application process developed by the commissioner in conjunction with the commissioners of education and health, the Department of Human Services must accept applications from accrediting organizations ~~beginning on July 1, 2013, and~~ on an annual basis ~~thereafter~~. The provider rate differential shall be paid to centers holding an accreditation from an approved accrediting organization beginning on a billing cycle to be determined by the commissioner, no later than the last Monday in February of a calendar year. The commissioner shall annually publish a list of approved accrediting organizations. An approved accreditation must be reassessed by the commissioner every two years. If an approved accrediting organization is determined to no longer meet the approval criteria, the organization and centers being paid the differential under that accreditation must be given a 90-day notice by the commissioner and the differential payment must end after a 15-day notice to affected families and centers as directed in Minnesota Rules, part 3400.0185, subparts 3 and 4. The following accreditations shall be recognized for the provider rate differential until an approval process is implemented: the National Association for the Education of Young Children, the Council on Accreditation, the National Early Childhood Program Accreditation, the National School-Age Care Association, or the National Head Start Association Program of Excellence. For Montessori programs, accreditation includes the American Montessori Society, Association of Montessori International-USA, or the National Center for Montessori Education.

Sec. 41. Minnesota Statutes 2022, section 119B.13, subdivision 6, is amended to read:

Subd. 6. **Provider payments.** (a) A provider shall bill only for services documented according to section 119B.125, subdivision 6. The provider shall bill for services provided within ten days of the end of the service period. Payments under the child care fund shall be made within 21 days of receiving a complete bill from the provider. Counties or the state may establish policies that make payments on a more frequent basis.

(b) If a provider has received an authorization of care and been issued a billing form for an eligible family, the bill must be submitted within 60 days of the last date of service on the bill. A bill submitted more than 60 days after the last date of service must be paid if the

county determines that the provider has shown good cause why the bill was not submitted within 60 days. Good cause must be defined in the county's child care fund plan under section 119B.08, subdivision 3, and the definition of good cause must include county error. Any bill submitted more than a year after the last date of service on the bill must not be paid.

(c) If a provider provided care for a time period without receiving an authorization of care and a billing form for an eligible family, payment of child care assistance may only be made retroactively for a maximum of three months from the date the provider is issued an authorization of care and a billing form. For a family at application, if a provider provided child care during a time period without receiving an authorization of care and a billing form, a county may only make child care assistance payments to the provider retroactively from the date that child care began, or from the date that the family's eligibility began under section 119B.09, subdivision 7, or from the date that the family meets authorization requirements, not to exceed six months from the date that the provider is issued an authorization of care and a billing form, whichever is later.

(d) A county or the commissioner may refuse to issue a child care authorization to a certified, licensed, or legal nonlicensed provider~~,~~; revoke an existing child care authorization to a certified, licensed, or legal nonlicensed provider~~,~~; stop payment issued to a certified, licensed, or legal nonlicensed provider~~,~~; or refuse to pay a bill submitted by a certified, licensed, or legal nonlicensed provider if:

(1) the provider admits to intentionally giving the county materially false information on the provider's billing forms;

(2) a county or the commissioner finds by a preponderance of the evidence that the provider intentionally gave the county materially false information on the provider's billing forms, or provided false attendance records to a county or the commissioner;

(3) the provider is in violation of child care assistance program rules, until the agency determines those violations have been corrected;

(4) the provider is operating after:

(i) an order of suspension of the provider's license issued by the commissioner;

(ii) an order of revocation of the provider's license issued by the commissioner; or

(iii) an order of decertification issued to the provider;

(5) the provider submits false attendance reports or refuses to provide documentation of the child's attendance upon request;

(6) the provider gives false child care price information; or

(7) the provider fails to report decreases in a child's attendance as required under section 119B.125, subdivision 9.

(e) For purposes of paragraph (d), clauses (3), (5), (6), and (7), the county or the commissioner may withhold the provider's authorization or payment for a period of time not to exceed three months beyond the time the condition has been corrected.

(f) A county's payment policies must be included in the county's child care plan under section 119B.08, subdivision 3. If payments are made by the state, in addition to being in compliance with this subdivision, the payments must be made in compliance with section 16A.124.

(g) If the commissioner or responsible county agency suspends or refuses payment to a provider under paragraph (d), clause (1) or (2), or chapter 245E and the provider has:

(1) a disqualification for wrongfully obtaining assistance under section 256.98, subdivision 8, paragraph (c);

(2) an administrative disqualification under section 256.046, subdivision 3; or

(3) a termination under section 245E.02, subdivision 4, paragraph (c), clause (4), or 245E.06;

then the provider forfeits the payment to the commissioner or the responsible county agency, regardless of the amount assessed in an overpayment, charged in a criminal complaint, or ordered as criminal restitution.

Sec. 42. Minnesota Statutes 2022, section 122A.20, subdivision 2, is amended to read:

Subd. 2. **Mandatory reporting.** (a) A school board, superintendent, charter school board, charter school executive director, or charter school authorizer must report to the Professional Educator Licensing and Standards Board, the Board of School Administrators, or the Board of Trustees of the Minnesota State Colleges and Universities, whichever has jurisdiction over the teacher's or administrator's license, when its teacher or administrator is discharged or resigns from employment after a charge is filed with the school board under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7, or after charges are filed that are grounds for discharge under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or when a teacher or administrator is suspended or resigns while an investigation is pending under section 122A.40, subdivision 13, paragraph (a), clauses (1) to (5), or chapter 260E; or 122A.41, subdivisions 6, clauses (1), (2), and (3),

and 7; or when a teacher or administrator is suspended without an investigation under section 122A.41, subdivisions 6, paragraph (a), clauses (1), (2), and (3), and 7, or chapter 260E. The report must be made to the appropriate licensing board within ten days after the discharge, suspension, or resignation has occurred. The licensing board to which the report is made must investigate the report for violation of subdivision 1 and the reporting board, administrator, or authorizer must cooperate in the investigation. Notwithstanding any provision in chapter 13 or any law to the contrary, upon written request from the licensing board having jurisdiction over the license, a board, charter school, authorizer, charter school executive director, or school superintendent shall provide the licensing board with information about the teacher or administrator from the district's files, any termination or disciplinary proceeding, any settlement or compromise, or any investigative file. Upon written request from the appropriate licensing board, a board or school superintendent may, at the discretion of the board or school superintendent, solicit the written consent of a student and the student's parent to provide the licensing board with information that may aid the licensing board in its investigation and license proceedings. The licensing board's request need not identify a student or parent by name. The consent of the student and the student's parent must meet the requirements of chapter 13 and Code of Federal Regulations, title 34, section 99.30. The licensing board may provide a consent form to the district. Any data transmitted to any board under this section is private data under section 13.02, subdivision 12, notwithstanding any other classification of the data when it was in the possession of any other agency.

(b) The licensing board to which a report is made must transmit to the Attorney General's Office any record or data it receives under this subdivision for the sole purpose of having the Attorney General's Office assist that board in its investigation. When the Attorney General's Office has informed an employee of the appropriate licensing board in writing that grounds exist to suspend or revoke a teacher's license to teach, that licensing board must consider suspending or revoking or decline to suspend or revoke the teacher's or administrator's license within 45 days of receiving a stipulation executed by the teacher or administrator under investigation or a recommendation from an administrative law judge that disciplinary action be taken.

(c) The Professional Educator Licensing and Standards Board and Board of School Administrators must report to the appropriate law enforcement authorities a revocation, suspension, or agreement involving a loss of license, relating to a teacher or administrator's inappropriate sexual conduct with a minor. For purposes of this section, "law enforcement authority" means a police department, county sheriff, or tribal police department. A report by the Professional Educator Licensing and Standards Board to appropriate law enforcement

authorities does not diminish, modify, or otherwise affect the responsibilities of a school board or any person mandated to report abuse under chapter 260E.

Sec. 43. Minnesota Statutes 2022, section 124D.19, subdivision 3, is amended to read:

Subd. 3. **Community education director.** (a) Except as provided under paragraphs (b) and (c), each board shall employ a licensed community education director. The board shall submit the name of the person who is serving as director of community education under this section on the district's annual community education report to the commissioner.

(b) A board may apply to the Minnesota Board of School Administrators under Minnesota Rules, part ~~3512.0505, subpart 9~~ 3512.5300, subpart 11, for authority to use an individual who is not licensed as a community education director.

(c) A board of a district with a total population of 6,000 or less may identify an employee who holds a valid superintendent license under Minnesota Rules, chapter 3512, to serve as director of community education. To be eligible for an exception under this paragraph, the board shall certify in writing to the commissioner that the district has not placed a licensed director of community education on unrequested leave. A principal serving as a community education director under this paragraph on June 1, 2011, may continue to serve in that capacity.

Sec. 44. Minnesota Statutes 2022, section 124D.68, subdivision 3, is amended to read:

Subd. 3. **Eligible programs.** (a) A pupil who is eligible according to subdivision 2 may enroll in a state-approved alternative program under sections 123A.05 to 123A.08.

(b) A pupil who is eligible according to subdivision 2 and who is a high school junior or senior may enroll in postsecondary courses under section 124D.09.

(c) A pupil who is eligible under subdivision 2, may enroll in any public elementary or secondary education program.

(d) A pupil who is eligible under subdivision 2, may enroll in any nonpublic, nonsectarian school that has contracted with the serving school district to provide educational services. However, notwithstanding other provisions of this section, only a pupil who is eligible under subdivision 2, paragraph (a), clause (12), may enroll in a contract alternative school that is specifically structured to provide educational services to such a pupil.

(e) A pupil who is between the ages of 16 and 21 may enroll in any adult basic education programs approved under section 124D.52 and operated under the community education program contained in section 124D.19.

~~(i)~~ (f) On trucks, truck-tractors and semitrailer combinations, except those defined as farm trucks and farm combinations, ~~and except for those commercial zone vehicles specifically provided for in this subdivision,~~ the tax for each of the first eight years of vehicle life is 100 percent of the tax imposed in the Minnesota base rate schedule, and during the ninth and succeeding years of vehicle life, the tax is 75 percent of the Minnesota base rate prescribed by this subdivision.

~~(j)~~ (g) For the purpose of registration, trailers coupled with a truck-tractor, semitrailer combination are semitrailers.

Sec. 61. Minnesota Statutes 2022, section 168.013, subdivision 3, is amended to read:

Subd. 3. **Application; cancellation; excessive gross weight forbidden.** (a) The applicant for all licenses based on gross weight shall state the unloaded weight of the motor vehicle, trailer, or semitrailer and the maximum load the applicant proposes to carry on it, the sum of which constitutes the gross weight upon which the license tax must be paid. However, the declared gross weight upon which the tax is paid must not be less than 1-1/4 times the declared unloaded weight of the motor vehicle, trailer, or semitrailer to be registered, except recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18, and tow trucks or towing vehicles defined in section 168B.011, subdivision 12a. The gross weight of a tow truck or towing vehicle is the actual weight of the tow truck or towing vehicle fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the tow truck or towing vehicle.

(b) Except as provided by special permit issued under section 169.86, the gross weight of a motor vehicle, trailer, or semitrailer must not exceed the gross weight upon which the license tax has been paid by more than four percent or 1,000 pounds, whichever is greater; provided that, a vehicle transporting unfinished forest products on a highway, other than a highway that is part of the system of interstate and defense highways, unless a federal exemption is granted, in accordance with paragraph (d), clause (3):

(1) shall not exceed its gross vehicle weight upon which the license tax has been paid, or gross axle weight on any axle, by more than five percent and, notwithstanding other law to the contrary, is not subject to any fee, fine, or other assessment or penalty for exceeding a gross vehicle or axle weight by up to five percent. This clause applies year round to suppliers of unfinished forest products to mills; and

(2) is not subject to any provision of paragraph (d) or chapter 169 limiting the gross axle weight of any individual axle unless the entire vehicle also exceeds its gross vehicle weight plus its weight allowance allowed in clause (1) and plus any weight allowance permitted under section 169.826 or 169.8261, in which case the vehicle is subject to all applicable penalties for excess weight violations.

(c) The gross weight of the motor vehicle, trailer, or semitrailer for which the license tax is paid must be indicated by a distinctive character on the license plate or plates except as provided in subdivision 12 or section 169.86, subdivision 5a, as applicable, and the plate or plates must be kept clean and clearly visible at all times.

(d) The owner, driver, or user of a motor vehicle, trailer, or semitrailer, upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight, is guilty of a misdemeanor and subject to increased registration or reregistration according to the following schedule:

(1) Upon conviction for transporting a gross weight in excess of the gross weight for which a motor vehicle, trailer, or semitrailer is registered by more than the allowance set forth in paragraph (b) but less than 25 percent, or for operating or using a motor vehicle, trailer, or semitrailer with an axle weight exceeding the maximum lawful axle load as provided in sections 169.822 to 169.829 by more than the allowance set forth in paragraph (b) but less than 25 percent, the owner, driver, or user of the motor vehicle, trailer, or semitrailer used to commit the violation, in addition to any penalty imposed for the misdemeanor, shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight the owner, driver, or user was convicted of carrying. The increase is computed for the balance of the calendar year on the basis of 1/12 of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for the vehicle under sections 169.822 to 169.829, that additional amount must nevertheless be paid into the highway fund, but the additional tax thus paid does not authorize or permit any person to operate the

vehicle with a gross weight in excess of the maximum legal weight as provided by sections 169.822 to 169.829. Unless the owner within 30 days after a conviction applies to increase the authorized weight and pays the additional tax as provided in this section, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued on that registration.

(2) Upon conviction of an owner, driver, or user of a motor vehicle, trailer, or semitrailer for transporting a gross weight in excess of the gross weight for which the motor vehicle, trailer, or semitrailer was registered by 25 percent or more or for operating or using the vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in sections 169.822 to 169.829 by 25 percent or more, and in addition to any penalty imposed for the misdemeanor, the registrar shall either (i) cancel the reciprocity privileges on the vehicle involved if the vehicle is being operated under reciprocity or (ii) if the vehicle is not being operated under reciprocity, cancel the certificate of registration on the vehicle operated and demand the return of the registration certificate and registration plates. The registrar may not cancel the registration or reciprocity privileges for any vehicle found in violation of seasonal load restrictions imposed under section 169.87 unless the axle weight exceeds the year-round weight limit for the highway on which the violation occurred. The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed is paid.

(3) Clause (1) does not apply to the first haul of unprocessed or raw farm products or unfinished forest products, when the registered gross weight is not exceeded by more than ten percent. For purposes of this clause, "first haul" means (i) the first, continuous transportation of unprocessed or raw farm products from the place of production or on-farm storage site to any other location within 100 miles of the place of production or on-farm storage site, or (ii) the continuous or noncontinuous transportation of unfinished forest products from the place of production to the place of final processing or manufacture located within 200 miles of the place of production.

~~(b)~~ (c) Medical assistance covers medical transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, nonemergency medical transportation company, or other recognized providers of transportation services. Medical transportation must be provided by:

(1) nonemergency medical transportation providers who meet the requirements of this subdivision;

~~(f)~~ (g) Until the commissioner implements the single administrative structure and delivery system under subdivision 18e, clients shall obtain their level-of-service certificate from the commissioner or an entity approved by the commissioner that does not dispatch rides for clients using modes of transportation under paragraph ~~(i)~~ (l), clauses (4), (5), (6), and (7).

~~(g)~~ (h) The commissioner may use an order by the recipient's attending physician, advanced practice registered nurse, physician assistant, or a medical or mental health professional to certify that the recipient requires nonemergency medical transportation services. Nonemergency medical transportation providers shall perform driver-assisted services for eligible individuals, when appropriate. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs, child seats, or stretchers in the vehicle.

Clients requesting client mileage reimbursement must sign the trip log attesting mileage traveled to obtain covered medical services.

~~(h)~~ (k) The administrative agency shall use the level of service process established by the commissioner to determine the client's most appropriate mode of transportation. If public transit or a certified transportation provider is not available to provide the appropriate service mode for the client, the client may receive a onetime service upgrade.

~~(i)~~ (l) The covered modes of transportation are:

(2) verify that the client is going to an approved medical appointment; and

(3) investigate all complaints and appeals.

~~(l)~~ (o) The administrative agency shall pay for the services provided in this subdivision and seek reimbursement from the commissioner, if appropriate. ~~(o)~~ (r) For purposes of reimbursement rates for nonemergency medical transportation services under paragraphs ~~(m)~~ (p) and ~~(n)~~ (q), the zip code of the recipient's place of residence shall determine whether the urban, rural, or super rural reimbursement rate applies.

~~(p) For purposes of this subdivision, "rural urban commuting area" or "RUCA" means a census-tract based classification system under which a geographical area is determined to be urban, rural, or super rural.~~

~~(q)~~ (s) The commissioner, when determining reimbursement rates for nonemergency medical transportation under paragraphs ~~(m)~~ (p) and ~~(n)~~ (q), shall exempt all modes of transportation listed under paragraph ~~(i)~~ (l) from Minnesota Rules, part 9505.0445, item R, subitem (2).

Taxes received under this subdivision must be apportioned to the taxing districts included in the area taxed in the same proportion as the surface interest local tax rate of a taxing district bears to the total local tax rate applicable to surface interests in the area taxed. The tax imposed by this subdivision is not included within any limitations as to rate or amount of taxes which may be imposed in an area to which the tax imposed by this subdivision applies. to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer.

(b) If a child who has not attained the age of six years at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but has not attained the age of six years at the close of the taxable year, the amount of expenses deemed to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care.

(c) If a married couple:

(1) has a child who has not attained the age of one year at the close of the taxable year;

(2) files a joint tax return for the taxable year; and

(3) does not participate in a dependent care assistance program as defined in section 129 of the Internal Revenue Code, in lieu of the actual employment related expenses paid for that child under paragraph (a) or the deemed amount under paragraph (b), the lesser of (i) the combined earned income of the couple or (ii) the amount of the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code will be deemed to be the employment related expense paid for that child. The earned income limitation of section 21(d) of the Internal Revenue Code shall not apply to this deemed amount. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

(d) If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

(e) In the case of a nonresident, part-year resident, or a person who has earned income not subject to tax under this chapter ~~including earned income excluded pursuant to section 290.0132, subdivision 10~~, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

(f) For residents of Minnesota, the subtractions for military pay under section 290.0132, subdivisions 11 and 12, are not considered "earned income not subject to tax under this chapter."

(g) For residents of Minnesota, the exclusion of combat pay under section 112 of the Internal Revenue Code is not considered "earned income not subject to tax under this chapter."

(h) For taxpayers with federal adjusted gross income in excess of $52,230, the credit is equal to the lesser of the credit otherwise calculated under this subdivision, or the amount equal to $600 minus five percent of federal adjusted gross income in excess of $52,230 for taxpayers with one qualified individual, or $1,200 minus five percent of federal adjusted gross income in excess of $52,230 for taxpayers with two or more qualified individuals, but in no case is the credit less than zero.

Sec. 167. Minnesota Statutes 2022, section 297I.20, subdivision 1, is amended to read:

Subdivision 1. **Guaranty association assessment offsets.** (a) An insurance company or health maintenance organization may offset against its premium tax liability to this state any amount paid for assessments made for insolvencies under sections 60C.01 to 60C.22; and any amount paid for assessments under ~~Minnesota Statutes 1992, sections 61B.01 to 61B.16, or under~~ sections 61B.18 to 61B.32 as follows:

(1) Each such assessment shall give rise to an amount of offset equal to 20 percent of the amount of the assessment for each of the five calendar years following the year in which the assessment was paid.

(2) The amount of offset initially determined for each taxable year is the sum of the amounts determined under clause (1) for that taxable year.

(b)(1) Each year the commissioner shall compare total guaranty association assessments levied over the preceding five calendar years to the sum of all premium tax and corporate franchise tax revenues collected from insurance companies and health maintenance organizations, without reduction for any guaranty association assessment offset in the preceding calendar year, referred to in this subdivision as "preceding year insurance tax revenues."

(2) If total guaranty association assessments levied over the preceding five years exceed the preceding year insurance tax revenues, insurance companies and health maintenance organizations must be allowed only a proportionate part of the premium tax offset calculated under paragraph (a) for the current calendar year.

(3) The proportionate part of the premium tax offset allowed in the current calendar year is determined by multiplying the amount calculated under paragraph (a) by a fraction. The numerator of the fraction equals the preceding year insurance tax revenues, and its denominator equals total guaranty association assessments levied over the preceding five-year period.

(4) The proportionate part of the premium tax offset that is not allowed must be carried forward to subsequent tax years and added to the amount of premium tax offset calculated under paragraph (a) prior to application of the limitation imposed by this paragraph.

(5) Any amount carried forward from prior years must be allowed before allowance of the offset for the current year calculated under paragraph (a).

(6) The premium tax offset limitation must be calculated separately for (i) insurance companies subject to assessment under sections 60C.01 to 60C.22, and (ii) insurance companies or health maintenance organizations subject to assessment under sections ~~61B.01 to 61B.16, or~~ 61B.18 to 61B.32.

(7) When the premium tax offset is limited by this provision, the commissioner shall notify affected insurance companies or health maintenance organizations on a timely basis for purposes of completing premium and corporate franchise tax returns.

(8) The guaranty associations created under sections 60C.01 to 60C.22~~, 61B.01 to 61B.16,~~ and 61B.18 to 61B.32~~,~~ shall provide the commissioner with the necessary information on guaranty association assessments.

(c)(1) If the offset determined by the application of paragraphs (a) and (b) exceeds the insurance company's or health maintenance organization's premium tax liability under this section prior to allowance of the credit for premium taxes, then the insurance company or health maintenance organization may carry forward the excess, referred to in this subdivision as the "carryforward credit" to subsequent taxable years.

(2) The carryforward credit is allowed as an offset against premium tax liability for the first succeeding year to the extent that the premium tax liability for that year exceeds the amount of the allowable offset for the year determined under paragraphs (a) and (b).

(3) The carryforward credit must be reduced, but not below zero, by the amount of the carryforward credit allowed as an offset against the premium tax under this paragraph. The remainder, if any, of the carryforward credit must be carried forward to succeeding taxable years until the entire carryforward credit has been credited against the insurance company's or health maintenance organization's liability for premium tax under this chapter if applicable for that taxable year.

(d) When an insurer or health maintenance organization has offset against taxes its payment of an assessment of the Minnesota Life and Health Guaranty Association, and the association pays the insurer or health maintenance organization a refund with respect to the assessment under section ~~61B.07, subdivision 6, or~~ 61B.24, subdivision 6, then the refund reduces the insurer's or health maintenance organization's carryforward credit under paragraph (c). If the refund exceeds the amount of the carryforward credit, the excess amount must be repaid to the state by the insurers or health maintenance organizations to the extent of the offset in the manner the commissioner requires.

**165.14 TRUNK HIGHWAY BRIDGE IMPROVEMENT PROGRAM.**

Subdivision 1. **Definition.** For purposes of this section, "program" means the trunk highway bridge improvement program established under this section.

Subd. 2. **Program created.** The commissioner shall develop a trunk highway bridge improvement program for accelerating repair and replacement of trunk highway bridges throughout the state. The program receives funding for bridge projects as specified by law.

Subd. 3. **Program requirements.** (a) The commissioner shall develop an inventory of bridges included in the program. The inventory must include all bridges on the trunk highway system in Minnesota that are classified as fracture critical or structurally deficient, or constitute a priority project, as identified by the commissioner. In determining whether a bridge is a priority project, the commissioner may consider national bridge inventory (NBI) condition codes, bridge classification as functionally obsolete, the year in which the bridge was built, the history of bridge maintenance and inspection report findings, the average daily traffic count, engineering judgments with respect to the safety or condition of the bridge, and any other factors specifically identified by the commissioner.

(b) For each bridge included in the inventory, the commissioner must provide the following information: a summary of the bridge, including but not limited to, county and department district, route number, feature crossed, the year in which the bridge was built, average daily traffic count, load rating, bridge length and deck area, and main span type; the condition ratings for the deck, superstructure, and substructure; identification of whether the bridge is structurally deficient, functionally obsolete, or fracture critical; the sufficiency rating; a brief description of the work planned for the bridge, including work type needed; an estimate of total costs related to the bridge, which may include general and planning cost estimates; and, the year or range of years in which the work is planned.

Subd. 4. **Prioritization of bridge projects.** (a) The commissioner shall classify all bridges in the program into tier 1, 2, or 3 bridges, where tier 1 is the highest tier. Unless the commissioner identifies a reason for proceeding otherwise, before commencing bridge projects in a lower tier, all bridge projects within a higher tier must to the extent feasible be selected and funded in the approved state transportation improvement program, at any stage in the project development process, solicited for bids, in contract negotiation, under construction, or completed.

(b) The classification of each tier is as follows:

(1) tier 1 consists of any bridge in the program that (i) has an average daily traffic count that is above 1,000 and has a sufficiency rating that is at or below 50, or (ii) is identified by the commissioner as a priority project;

(2) tier 2 consists of any bridge that is not a tier 1 bridge, and (i) is classified as fracture critical, or (ii) has a sufficiency rating that is at or below 80; and

(3) tier 3 consists of any other bridge in the program that is not a tier 1 or tier 2 bridge.

(c) By June 30, 2018, all tier 1 and tier 2 bridges originally included in the program must be under contract for repair or replacement with a new bridge that contains a load-path-redundant design, except that a specific bridge may remain in continued service if the reasons are documented in the report required under subdivision 5. Bridges that are not originally included in the program and additional bridges identified for contract after the trunk highway bridge improvement program concludes on June 30, 2018, must be prioritized according to subdivision 7.

(d) All bridge projects funded under this section in fiscal year 2012 or later must include bicycle and pedestrian accommodations if both sides of the bridge are located in a city or the bridge links a pedestrian way, shared-use path, trail, or scenic bikeway.

Bicycle and pedestrian accommodations would not be required if:

(1) a comprehensive assessment demonstrates that there is an absence of need for bicycle and pedestrian accommodations for the life of the bridge; or

(2) there is a reasonable alternative bicycle and pedestrian crossing within one-quarter mile of the bridge project.

All bicycle and pedestrian accommodations should enable a connection to any existing bicycle and pedestrian infrastructure in close proximity to the bridge. All pedestrian facilities must meet or exceed federal accessibility requirements as outlined in Title II of the Americans with Disabilities Act, codified in United States Code, title 42, chapter 126, subchapter II, and Section 504 of the Rehabilitation Act of 1973, codified in United States Code, title 29, section 794.

(e) The commissioner shall establish criteria for determining the priority of bridge projects within each tier, and must include safety considerations as a criterion.

Subd. 5. **Statewide transportation planning report.** In conjunction with each update to the Minnesota statewide transportation plan, or at least every six years, the commissioner shall submit a report to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over transportation finance. The report must include:

(1) an explanation of the criteria and decision-making processes used to prioritize bridge projects;

(2) a historical and projected analysis of the extent to which all trunk highway bridges meet bridge performance targets and comply with the accessibility requirements of Title II of the Americans with Disabilities Act of 1990, Public Law 101-336;

(3) a summary of bridge projects (i) completed in the previous six years or since the last update to the Minnesota statewide transportation plan, and (ii) currently in progress under the program;

(4) a summary of bridge projects scheduled in the next four fiscal years and included in the state transportation improvement program;

(5) a projection of annual needs over the next 20 years;

(6) a calculation of funding necessary to meet the completion date under subdivision 4, paragraph (c), compared to the total amount of bridge-related funding available; and

(7) for any tier 1 fracture-critical bridge that is repaired but not replaced, an explanation of the reasons for repair instead of replacement.

Subd. 6. **Annual report.** Annually by January 15, the commissioner shall submit a report on the program to the chairs and ranking minority members of the house of representatives and senate committees with jurisdiction over transportation finance. The report must include the inventory information required under subdivision 3, and an analysis, including any recommendations for changes, of the adequacy and efficacy of (1) the program requirements under subdivision 3, and (2) the prioritization requirements under subdivision 4.

Subd. 7. **Prioritization of subsequent trunk highway bridge projects.** The trunk highway bridge improvement program described in subdivisions 1 through 6 concludes on June 30, 2018,

and applies to bridge projects identified at the inception of the program. Additional bridges that did not qualify for the initial trunk highway bridge improvement program under the tiered classification system that may subsequently need repair or replacement must be prioritized as follows:

(1) the commissioner shall develop a prioritization method for scheduling bridge repairs and replacements that will include consideration of the risk of service interruption resulting in temporary road closures or restrictions of existing bridges;

(2) the prioritization system must consider factors including but not limited to bridge condition, age, load capacity, type of bridge, susceptibility to flood damage, fracture-critical design features, traffic volume, detour length, and functional classification of highway route;

(3) the prioritization system must be utilized in conjunction with department knowledge of the bridge infrastructure to establish the repair and replacement program; and

(4) the commissioner shall establish a risk-based prioritization system no later than February 1, 2011.

The advisory groups shall consider the requirements from the Minnesota consumer information guide under section 144G.06 as a base for development of the home and community-based services report card to compare the housing options available to consumers. Other items to be considered by the advisory groups in developing recommendations include:

(1) defining the goals of the report card, including measuring outcomes, providing consumer information, and defining vehicle-for-pay performance;

(2) developing separate measures for programs for the elderly population and for persons with disabilities;

(e) To promulgate rules, pursuant to chapter 14 but no less stringent than federal regulation, which may include the granting of variances and exemptions.; and

(f) To maintain an asset management database of community public water supply systems, provide technical assistance to community systems, and ensure the lead service line inventory data is accessible to the public with relevant educational materials about health risks related to lead and ways to reduce exposure.

Sec. 2. **[446A.077] LEAD SERVICE LINE REPLACEMENT; GRANT PROGRAM.**

Subdivision 1. **Definitions.** (a) For the purposes of this section the following terms have the meanings given.

## ARTICLE 1
## AGING, DISABILITY, AND BEHAVIORAL HEALTH SERVICES

Section 1. Minnesota Statutes 2022, section 245.462, subdivision 3, is amended to read:

Subd. 3. **Case management services.** "Case management services" means activities that are coordinated with the community support services program as defined in subdivision 6 and are designed to help adults with serious and persistent mental illness in gaining access to needed medical, social, educational, vocational, and other necessary services as they relate to the client's mental health needs. Case management services include developing a functional assessment, an individual ~~assessment summary~~ community support plan, referring and assisting the person to obtain needed mental health and other services, ensuring coordination of services, and monitoring the delivery of services.

Sec. 2. Minnesota Statutes 2022, section 245.462, subdivision 12, is amended to read:

Subd. 12. **Individual ~~assessment summary~~ community support plan.** "Individual ~~assessment summary~~ community support plan" means a written plan developed by a case manager on the basis of a diagnostic assessment and functional assessment. The plan identifies specific services needed by an adult with serious and persistent mental illness to develop independence or improved functioning in daily living, health and medication management, social functioning, interpersonal relationships, financial management, housing, transportation, and employment.

Sec. 3. Minnesota Statutes 2022, section 245.4711, subdivision 3, is amended to read:

Subd. 3. **Duties of case manager.** Upon a determination of eligibility for case management services, and if the adult consents to the services, the case manager shall complete a written functional assessment according to section 245.462, subdivision 11a. The case manager shall develop an individual ~~assessment summary~~ community support plan for the adult according to subdivision 4, paragraph (a), review the adult's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

Sec. 4. Minnesota Statutes 2022, section 245.4711, subdivision 4, is amended to read:

Subd. 4. **Individual ~~assessment summary~~ community support plan.** (a) The case manager must develop an individual ~~assessment summary~~ community support plan for each adult that incorporates the client's individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual ~~assessment summary~~ community support plan. The individual ~~assessment summary~~ community support plan must be developed within 30 days of client intake and reviewed at least every 180 days after it is developed, unless the case manager receives a written request from the client or the client's family for a review of the plan every 90 days after it is developed. The case manager is responsible for developing the individual ~~assessment summary~~ community support plan based on a diagnostic assessment and a functional assessment and for implementing and monitoring the delivery of services according to the individual ~~assessment summary~~ community support plan. To the extent possible, the adult with serious and persistent mental illness, the person's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual ~~or family assessment summary~~ community support plan.

(b) The client's individual ~~assessment summary~~ community support plan must state:

(1) the goals of each service;

(2) the activities for accomplishing each goal;

(3) a schedule for each activity; and

(4) the frequency of face-to-face contacts by the case manager, as appropriate to client need and the implementation of the individual ~~assessment summary~~ community support plan.

Sec. 5. Minnesota Statutes 2022, section 245.477, is amended to read:

**245.477 APPEALS.**

Any adult who requests mental health services under sections 245.461 to 245.486 must be advised of services available and the right to appeal at the time of the request and each time the individual ~~assessment summary~~ community support plan or individual treatment plan is reviewed. Any adult whose request for mental health services under sections 245.461 to 245.486 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.461 to 245.486 may contest that action or inaction before

the state agency as specified in section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Sec. 6. Minnesota Statutes 2022, section 245.4835, subdivision 2, is amended to read:

Subd. 2. **Failure to maintain expenditures.** (a) If a county does not comply with subdivision 1, the commissioner shall require the county to develop a corrective action plan according to a format and timeline established by the commissioner. If the commissioner determines that a county has not developed an acceptable corrective action plan within the required timeline, or that the county is not in compliance with an approved corrective action plan, the protections provided to that county under section 245.485 do not apply.

(b) The commissioner shall consider the following factors to determine whether to approve a county's corrective action plan:

(1) the degree to which a county is maximizing revenues for mental health services from noncounty sources;

(2) the degree to which a county is expanding use of alternative services that meet mental health needs, but do not count as mental health services within existing reporting systems. If approved by the commissioner, the alternative services must be included in the county's base as well as subsequent years. The commissioner's approval for alternative services must be based on the following criteria:

(i) the service must be provided to children with emotional disturbance or adults with mental illness;

(ii) the services must be based on an individual treatment plan or individual ~~assessment summary~~ community support plan as defined in the Comprehensive Mental Health Act; and

(iii) the services must be supervised by a mental health professional and provided by staff who meet the staff qualifications defined in sections 256B.0943, subdivision 7, and 256B.0623, subdivision 5.

(c) Additional county expenditures to make up for the prior year's underspending may be spread out over a two-year period.

Subd. 4. **Individual case coordination.** The case manager designated under section 245.4881 is responsible for ongoing coordination with any other person responsible for planning, development, and delivery of social services, education, corrections, health, or vocational services for the individual child. The individual family ~~assessment summary~~ community support plan developed by the case manager shall reflect the coordination among the local service system providers.

Sec. 10. Minnesota Statutes 2022, section 245.4881, subdivision 3, is amended to read:

Subd. 3. **Duties of case manager.** (a) Upon a determination of eligibility for case management services, the case manager shall develop an individual family ~~assessment summary~~ community support plan for a child as specified in subdivision 4, review the child's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

(b) The case manager shall note in the child's record the services needed by the child and the child's family, the services requested by the family, services that are not available, and the unmet needs of the child and child's family. The case manager shall note this provision in the child's record.

Sec. 11. Minnesota Statutes 2022, section 245.4881, subdivision 4, is amended to read:

Subd. 4. **Individual family ~~assessment summary~~ community support plan.** (a) For each child, the case manager must develop an individual family ~~assessment summary~~ community support plan that incorporates the child's individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual family ~~assessment summary~~ community support plan. The case manager is responsible for developing the individual family ~~assessment summary~~ community support plan within 30 days of intake based on a diagnostic assessment and for implementing and monitoring the delivery of services according to the individual family ~~assessment summary~~ community support plan. The case manager must review the plan at least every 180 calendar days after it is developed, unless the case manager has received a written request from the child's family or an advocate for the child for a review of the plan every 90 days after it is developed. To the extent appropriate, the child with severe emotional disturbance, the child's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual family ~~assessment summary~~ community support plan. Notwithstanding the lack of an individual family ~~assessment summary~~ community support plan, the case manager shall assist the child and child's family in accessing the needed services listed in section 245.4884, subdivision 1.

(b) The child's individual family ~~assessment summary~~ community support plan must state:

(1) the goals and expected outcomes of each service and criteria for evaluating the effectiveness and appropriateness of the service;

(2) the activities for accomplishing each goal;

(3) a schedule for each activity; and

(4) the frequency of face-to-face contacts by the case manager, as appropriate to client need and the implementation of the individual family ~~assessment summary~~ community support plan.

Sec. 12. Minnesota Statutes 2022, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the case of an emergency, all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if county funds are used to pay for the child's services. An emergency includes when a child is in need of and has been referred for crisis stabilization services under section 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis stabilization services in a residential treatment center is not required to undergo an assessment under this section.

(b) The county board shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's residential treatment under this chapter, including residential treatment provided in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a county board does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care for the child. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care for the child. When more than one entity bears responsibility for a child's coverage, the entities shall coordinate level of care determination activities for the child to the extent possible.

(c) The child's level of care determination shall determine whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's needs.

(d) When a level of care determination is conducted, the county board or other entity may not determine that a screening of a child, referral, or admission to a residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that evaluates the child's family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services and may be the validated tool approved for the child's assessment under section 260C.704 if the juvenile treatment screening team recommended placement of the child in a qualified residential treatment program. If a diagnostic assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child and the child's family may invite other relatives, friends, or advocates to attend these meetings.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family ~~assessment summary~~ community support plan is being developed by the case manager, if assigned.

(f) The level of care determination, placement decision, and recommendations for mental health services must be documented in the child's record and made available to the child's family, as appropriate.

Sec. 13. Minnesota Statutes 2022, section 245.4887, is amended to read:

**245.4887 APPEALS.**

A child or a child's family, as appropriate, who requests mental health services under sections 245.487 to 245.4889 must be advised of services available and the right to appeal as described in this section at the time of the request and each time the individual family ~~assessment summary~~ community support plan or individual treatment plan is reviewed. A child whose request for mental health services under sections 245.487 to 245.4889 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.487 to 245.4889 may contest that action or inaction before the state agency according to section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Sec. 14. Minnesota Statutes 2022, section 245A.03, subdivision 7, is amended to read:

Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a family child foster care home or family adult foster care home license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. When approving an exception under this paragraph, the commissioner shall consider the resource need determination process in paragraph (h), the availability of foster care licensed beds in the geographic area in which the licensee seeks to operate, the results of a person's choices during their annual assessment and service plan review, and the recommendation of the local county board. The determination by the commissioner is final and not subject to appeal. Exceptions to the moratorium include:

(1) ~~foster care settings~~ a license for a person in a foster care setting that is not the primary residence of the license holder and where at least 80 percent of the residents are 55 years of age or older;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on

December 31, 2013, and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;

(4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital-level care; or

(5) new foster care licenses or community residential setting licenses for people receiving customized living or 24-hour customized living services under the brain injury or community access for disability inclusion waiver plans under section 256B.49 and residing in the customized living setting before July 1, 2022, for which a license is required. A customized living service provider subject to this exception may rebut the presumption that a license is required by seeking a reconsideration of the commissioner's determination. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14. The exception is available until June 30, 2023. This exception is available when:

(i) the person's customized living services are provided in a customized living service setting serving four or fewer people under the brain injury or community access for disability inclusion waiver plans under section 256B.49 in a single-family home operational on or before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;

(ii) the person's case manager provided the person with information about the choice of service, service provider, and location of service, including in the person's home, to help the person make an informed choice; and

(iii) the person's services provided in the licensed foster care or community residential setting are less than or equal to the cost of the person's services delivered in the customized living setting as determined by the lead agency.

(b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The

determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) When an adult resident served by the program moves out of a foster home that is not the primary residence of the license holder according to section 256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the county shall immediately inform the Department of Human Services Licensing Division. The department may decrease the statewide licensed capacity for adult foster care settings.

(d) Residential settings that would otherwise be subject to the decreased license capacity established in paragraph (c) shall be exempt if the license holder's beds are occupied by residents whose primary diagnosis is mental illness and the license holder is certified under the requirements in subdivision 6a or section 245D.33.

(e) A resource need determination process, managed at the state level, using the available data required by section 144A.351, and other data and information shall be used to determine where the reduced capacity determined under section 256B.493 will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet the informed decisions of those people who want to move out of corporate foster care or community residential settings, long-term service needs within budgetary limits, including seeking proposals from service providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term services and supports reports and statewide data and information.

(f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

(g) License holders of foster care homes identified under paragraph (f) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under chapter 256S or section 256B.092 or 256B.49, must inform the human

services licensing division that the license holder provides or intends to provide these waiver-funded services.

(h) The commissioner may adjust capacity to address needs identified in section 144A.351. Under this authority, the commissioner may approve new licensed settings or delicense existing settings. Delicensing of settings will be accomplished through a process identified in section 256B.493.

(i) The commissioner must notify a license holder when its corporate foster care or community residential setting licensed beds are reduced under this section. The notice of reduction of licensed beds must be in writing and delivered to the license holder by certified mail or personal service. The notice must state why the licensed beds are reduced and must inform the license holder of its right to request reconsideration by the commissioner. The license holder's request for reconsideration must be in writing. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds. If a request for reconsideration is made by personal service, it must be received by the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds.

(j) The commissioner shall not issue an initial license for children's residential treatment services licensed under Minnesota Rules, parts 2960.0580 to 2960.0700, under this chapter for a program that Centers for Medicare and Medicaid Services would consider an institution for mental diseases. Facilities that serve only private pay clients are exempt from the moratorium described in this paragraph. The commissioner has the authority to manage existing statewide capacity for children's residential treatment services subject to the moratorium under this paragraph and may issue an initial license for such facilities if the initial license would not increase the statewide capacity for children's residential treatment services subject to the moratorium under this paragraph.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 15. Minnesota Statutes 2022, section 245A.16, subdivision 1, is amended to read:

Subd. 12b. **Department of Human Services systemic critical incident review team.** (a) The commissioner may establish a Department of Human Services systemic critical incident review team to review critical incidents reported as required under section 626.557 for which the Department of Human Services is responsible under section 626.5572, subdivision 13; chapter 245D; or Minnesota Rules, chapter 9544. When reviewing a critical incident, the systemic critical incident review team shall identify systemic influences to the incident rather than determine the culpability of any actors involved in the incident. The systemic critical incident review may assess the entire critical incident process from the point of an entity reporting the critical incident through the ongoing case management process. Department staff shall lead and conduct the reviews and may utilize county staff as reviewers. The systemic critical incident review process may include but is not limited to:

(1) data collection about the incident and actors involved. Data may include the relevant critical services; the service provider's policies and procedures applicable to the incident; the community support plan as defined in section 245D.02, subdivision 4b, for the person receiving services; or an interview of an actor involved in the critical incident or the review of the critical incident. Actors may include:

(i) staff of the provider agency;

(ii) lead agency staff administering home and community-based services delivered by the provider;

(iii) Department of Human Services staff with oversight of home and community-based services;

(iv) Department of Health staff with oversight of home and community-based services;

(v) members of the community including advocates, legal representatives, health care providers, pharmacy staff, or others with knowledge of the incident or the actors in the incident; and

(vi) staff from the Office of the Ombudsman for Mental Health and Developmental Disabilities and the Office of Ombudsman for Long-Term Care;

(2) systemic mapping of the critical incident. The team conducting the systemic mapping of the incident may include any actors identified in clause (1), designated representatives of other provider agencies, regional teams, and representatives of the local regional quality council identified in section 256B.097; and

(3) analysis of the case for systemic influences.

Data collected by the critical incident review team shall be aggregated and provided to regional teams, participating regional quality councils, and the commissioner. The regional teams and quality councils shall analyze the data and make recommendations to the commissioner regarding systemic changes that would decrease the number and severity of critical incidents in the future or improve the quality of the home and community-based service system.

(b) Cases selected for the systemic critical incident review process shall be selected by a selection committee among the following critical incident categories:

(1) cases of caregiver neglect identified in section 626.5572, subdivision 17;

(5) service terminations reported to the department in accordance with section 245D.10, subdivision 3a; and

(6) other incidents determined by the commissioner.

(c) The systemic critical incident review under this section shall not replace the process for screening or investigating cases of alleged maltreatment of an adult under section 626.557. The department may select cases for systemic critical incident review, under the jurisdiction of the commissioner, reported for suspected maltreatment and closed following initial or final disposition.

(d) The proceedings and records of the review team are confidential data on individuals or protected nonpublic data as defined in section 13.02, subdivisions 3 and 13. Data that document a person's opinions formed as a result of the review are not subject to discovery or introduction into evidence in a civil or criminal action against a professional, the state, or a county agency arising out of the matters that the team is reviewing. Information, documents, and records otherwise available from other sources are not immune from discovery or use in a civil or criminal action solely because the information, documents, and records were assessed or presented during proceedings of the review team. A person who presented information before the systemic critical incident review team or who is a member of the team shall not be prevented from testifying about matters within the person's knowledge. In a civil or criminal proceeding, a person shall not be questioned about opinions formed by the person as a result of the review.

(e) By October 1 of each year, the commissioner shall prepare an annual public report containing the following information:

(1) the number of cases reviewed under each critical incident category identified in paragraph (b) and a geographical description of where cases under each category originated;

(2) an aggregate summary of the systemic themes from the critical incidents examined by the critical incident review team during the previous year;

(3) a synopsis of the conclusions, incident analyses, or exploratory activities taken in regard to the critical incidents examined by the critical incident review team; and

(4) recommendations made to the commissioner regarding systemic changes that could decrease the number and severity of critical incidents in the future or improve the quality of the home and community-based service system.

(ii) for outpatient services; or

(iii) for the purpose of receiving temporary care for a specific period of time not to exceed 90 days in any calendar year;

(2) the duty to provide for the care, comfort, and maintenance needs of the person subject to guardianship, including food, clothing, shelter, health care, social and recreational requirements, and, whenever appropriate, training, education, and habilitation or rehabilitation. The guardian has no duty to pay for these requirements out of personal funds. Whenever possible and appropriate, the guardian should meet these requirements through governmental benefits or services to which the person subject to guardianship is entitled, rather than from the estate of the person subject to guardianship. Failure to satisfy the needs and requirements of this clause shall be grounds for removal of a private guardian, but the guardian shall have no personal or monetary liability;

(3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal effects of the person subject to guardianship, and, if other property requires protection, the power to seek appointment of a conservator of the estate. The guardian must give notice by

mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or other personal effects of the person subject to guardianship. The notice must inform the person of the right to object to the disposition of the property within ten days of the date of mailing and to petition the court for a review of the guardian's proposed actions. Notice of the objection must be served by mail or personal service on the guardian and the person subject to guardianship unless the person subject to guardianship is the objector. The guardian served with notice of an objection to the disposition of the property may not dispose of the property unless the court approves the disposition after a hearing;

(4)(i) the power to give any necessary consent to enable the person subject to guardianship to receive necessary medical or other professional care, counsel, treatment, or service, except that no guardian may give consent for psychosurgery, electroshock, sterilization, or experimental treatment of any kind unless the procedure is first approved by order of the court as provided in this clause. The guardian shall not consent to any medical care for the person subject to guardianship which violates the known conscientious, religious, or moral belief of the person subject to guardianship;

(ii) a guardian who believes a procedure described in item (i) requiring prior court approval to be necessary for the proper care of the person subject to guardianship, shall petition the court for an order and, in the case of a public guardianship under chapter 252A, obtain the written recommendation of the commissioner of human services. The court shall fix the time and place for the hearing and shall give notice to the person subject to guardianship in such manner as specified in section 524.5-308 and to interested persons. The court shall appoint an attorney to represent the person subject to guardianship who is not represented by counsel, provided that such appointment shall expire upon the expiration of the appeal time for the order issued by the court under this section or the order dismissing a petition, or upon such other time or event as the court may direct. In every case the court shall determine if the procedure is in the best interest of the person subject to guardianship. In making its determination, the court shall consider a written medical report which specifically considers the medical risks of the procedure, whether alternative, less restrictive methods of treatment could be used to protect the best interest of the person subject to guardianship, and any recommendation of the commissioner of human services for a public person subject to guardianship. The standard of proof is that of clear and convincing evidence;

(iii) in the case of a petition for sterilization of a person with developmental disabilities subject to guardianship, the court shall appoint a licensed physician, a psychologist who is qualified in the diagnosis and treatment of developmental disability, and a social worker who is familiar with the social history and adjustment of the person subject to guardianship

or the case manager for the person subject to guardianship to examine or evaluate the person subject to guardianship and to provide written reports to the court. The reports shall indicate why sterilization is being proposed, whether sterilization is necessary and is the least intrusive method for alleviating the problem presented, and whether it is in the best interest of the person subject to guardianship. The medical report shall specifically consider the medical risks of sterilization, the consequences of not performing the sterilization, and whether alternative methods of contraception could be used to protect the best interest of the person subject to guardianship;

(iv) any person subject to guardianship whose right to consent to a sterilization has not been restricted under this section or section 252A.101 may be sterilized only if the person subject to guardianship consents in writing or there is a sworn acknowledgment by an interested person of a nonwritten consent by the person subject to guardianship. The consent must certify that the person subject to guardianship has received a full explanation from a physician or registered nurse of the nature and irreversible consequences of the sterilization;

(v) a guardian or the public guardian's designee who acts within the scope of authority conferred by letters of guardianship under section 252A.101, subdivision 7, and according to the standards established in this chapter or in chapter 252A shall not be civilly or criminally liable for the provision of any necessary medical care, including, but not limited to, the administration of psychotropic medication or the implementation of aversive and deprivation procedures to which the guardian or the public guardian's designee has consented;

(5) in the event there is no duly appointed conservator of the estate of the person subject to guardianship, the guardian shall have the power to approve or withhold approval of any contract, except for necessities, which the person subject to guardianship may make or wish to make;

(6) the duty and power to exercise supervisory authority over the person subject to guardianship in a manner which limits civil rights and restricts personal freedom only to the extent necessary to provide needed care and services. A guardian may not restrict the ability of the person subject to guardianship to communicate, visit, or interact with others, including receiving visitors or making or receiving telephone calls, personal mail, or electronic communications including through social media, or participating in social activities, unless the guardian has good cause to believe restriction is necessary because interaction with the person poses a risk of significant physical, psychological, or financial harm to the person subject to guardianship, and there is no other means to avoid such significant harm. In all cases, the guardian shall provide written notice of the restrictions imposed to the court, to the person subject to guardianship, and to the person subject to restrictions. The person

subject to guardianship or the person subject to restrictions may petition the court to remove or modify the restrictions;

(7) if there is no acting conservator of the estate for the person subject to guardianship, the guardian has the power to apply on behalf of the person subject to guardianship for any assistance, services, or benefits available to the person subject to guardianship through any unit of government;

(8) unless otherwise ordered by the court, the person subject to guardianship retains the right to vote;

(9) the power to establish an ABLE account for a person subject to guardianship or conservatorship. By this provision a guardian only has the authority to establish an ABLE account, but may not administer the ABLE account in the guardian's capacity as guardian. The guardian may appoint or name a person to exercise signature authority over an ABLE account, including the individual selected by the eligible individual or the eligible individual's agent under a power of attorney; conservator; spouse; parent; sibling; grandparent; or representative payee, whether an individual or organization, appointed by the SSA, in that order; and

(10) if there is no conservator appointed for the person subject to guardianship, the guardian has the duty and power to institute suit on behalf of the person subject to guardianship and represent the person subject to guardianship in expungement proceedings, harassment proceedings, and all civil court proceedings, including but not limited to restraining orders, orders for protection, name changes, conciliation court, housing court, family court, probate court, and juvenile court, provided that a guardian may not settle or compromise any claim or debt owed to the estate without court approval.

Sec. 57. Minnesota Statutes 2022, section 260C.157, subdivision 3, is amended to read:

Subd. 3. **Juvenile treatment screening team.** (a) The responsible social services agency shall establish a juvenile treatment screening team to conduct screenings under this chapter and chapter 260D, for a child to receive treatment for an emotional disturbance, a developmental disability, or related condition in a residential treatment facility licensed by the commissioner of human services under chapter 245A, or licensed or approved by a tribe. A screening team is not required for a child to be in: (1) a residential facility specializing in prenatal, postpartum, or parenting support; (2) a facility specializing in high-quality residential care and supportive services to children and youth who have been or are at risk of becoming victims of sex trafficking or commercial sexual exploitation; (3) supervised settings for youth who are 18 years of age or older and living independently; or (4) a licensed residential family-based treatment facility for substance abuse consistent with section 260C.190. Screenings are also not required when a child must be placed in a facility due to an emotional crisis or other mental health emergency.

(b) The responsible social services agency shall conduct screenings within 15 days of a request for a screening, unless the screening is for the purpose of residential treatment and the child is enrolled in a prepaid health program under section 256B.69, in which case the agency shall conduct the screening within ten working days of a request. The responsible social services agency shall convene the juvenile treatment screening team, which may be constituted under section 245.4885, 254B.05, or 256B.092 ~~or Minnesota Rules, parts~~

~~9530.6600 to 9530.6655~~. The team shall consist of social workers; persons with expertise in the treatment of juveniles who are emotionally disturbed, chemically dependent, or have a developmental disability; and the child's parent, guardian, or permanent legal custodian. The team may include the child's relatives as defined in section 260C.007, subdivisions 26b and 27, the child's foster care provider, and professionals who are a resource to the child's family such as teachers, medical or mental health providers, and clergy, as appropriate, consistent with the family and permanency team as defined in section 260C.007, subdivision 16a. Prior to forming the team, the responsible social services agency must consult with the child's parents, the child if the child is age 14 or older, and, if applicable, the child's tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals. This provision does not apply to paragraph (c).

(c) If the agency provides notice to tribes under section 260.761, and the child screened is an Indian child, the responsible social services agency must make a rigorous and concerted effort to include a designated representative of the Indian child's tribe on the juvenile treatment screening team, unless the child's tribal authority declines to appoint a representative. The Indian child's tribe may delegate its authority to represent the child to any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12. The provisions of the Indian Child Welfare Act of 1978, United States Code, title 25, sections 1901 to 1963, and the Minnesota Indian Family Preservation Act, sections 260.751 to 260.835, apply to this section.

(d) If the court, prior to, or as part of, a final disposition or other court order, proposes to place a child with an emotional disturbance or developmental disability or related condition in residential treatment, the responsible social services agency must conduct a screening. If the team recommends treating the child in a qualified residential treatment program, the agency must follow the requirements of sections 260C.70 to 260C.714.

The court shall ascertain whether the child is an Indian child and shall notify the responsible social services agency and, if the child is an Indian child, shall notify the Indian child's tribe as paragraph (c) requires.

(e) When the responsible social services agency is responsible for placing and caring for the child and the screening team recommends placing a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the agency must: (1) begin the assessment and processes required in section 260C.704 without delay; and (2) conduct a relative search according to section 260C.221 to assemble the child's family and

permanency team under section 260C.706. Prior to notifying relatives regarding the family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is age 14 or older, and, if applicable, the child's tribe to ensure that the agency is providing notice to individuals who will act in the child's best interests. The child and the child's parents may identify a culturally competent qualified individual to complete the child's assessment. The agency shall make efforts to refer the assessment to the identified qualified individual. The assessment may not be delayed for the purpose of having the assessment completed by a specific qualified individual.

(f) When a screening team determines that a child does not need treatment in a qualified residential treatment program, the screening team must:

(1) document the services and supports that will prevent the child's foster care placement and will support the child remaining at home;

(2) document the services and supports that the agency will arrange to place the child in a family foster home; or

(3) document the services and supports that the agency has provided in any other setting.

(g) When the Indian child's tribe or tribal health care services provider or Indian Health Services provider proposes to place a child for the primary purpose of treatment for an emotional disturbance, a developmental disability, or co-occurring emotional disturbance and chemical dependency, the Indian child's tribe or the tribe delegated by the child's tribe shall submit necessary documentation to the county juvenile treatment screening team, which must invite the Indian child's tribe to designate a representative to the screening team.

(h) The responsible social services agency must conduct and document the screening in a format approved by the commissioner of human services.

If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

The comprehensive assessment summary is complete upon a qualified staff member's dated signature. If the comprehensive assessment is used to authorize the treatment service, the alcohol and drug counselor must prepare an assessment summary on the same date the comprehensive assessment is completed. If the comprehensive assessment and assessment summary are to authorize treatment services, the assessor must determine appropriate services for the client using the dimensions in Minnesota Rules, part 9530.6622, and document the recommendations.

(b) An assessment summary must include:

(1) a risk description according to section 245G.05 for each dimension listed in paragraph (c);

The license holder must determine the impact of continued substance use on the unborn child, if the client is pregnant;

(3) Dimension 3, emotional, behavioral, and cognitive conditions and complications; the degree to which any condition or complication is likely to interfere with treatment for substance use or with functioning in significant life areas and the likelihood of harm to self or others;

(4) Dimension 4, readiness for change; the support necessary to keep the client involved in treatment service;

(5) Dimension 5, relapse, continued use, and continued problem potential; the degree to which the client recognizes relapse issues and has the skills to prevent relapse of either substance use or mental health problems; and

(6) Dimension 6, recovery environment; whether the areas of the client's life are supportive of or antagonistic to treatment participation and recovery.

(d) The commissioner may waive administrative rule requirements that are incompatible with the implementation of the navigator pilot project, except that any substance use disorder treatment funded under this section must continue to be provided by a licensed treatment provider.

(e) The commissioner shall not approve or enter into any agreement related to navigator pilot projects authorized under this section that puts current or future federal funding at risk.

(f) The commissioner shall provide participating navigator pilot projects with transactional data, reports, provider data, and other data generated by county activity to assess and measure outcomes. This information must be transmitted or made available in an acceptable form to participating navigator pilot projects at least once every six months or within a reasonable time following the commissioner's receipt of information from the counties needed to comply with this paragraph.

(10) access to the greater community must be easily facilitated based on the service recipient's needs and preferences.

(c) Nothing in this section prohibits a service recipient from having another person or entity not affiliated with the service provider cosign a lease. Nothing in this section prohibits a service recipient, during any period in which a service provider has cosigned the service recipient's lease, from modifying services with an existing cosigning service provider and, subject to the approval of the landlord, maintaining a lease cosigned by the service provider. Nothing in this section prohibits a service recipient, during any period in which a service provider has cosigned the service recipient's lease, from terminating services with the cosigning service provider, receiving services from a new service provider, and, subject to the approval of the landlord, maintaining a lease cosigned by the new service provider.

(d) A lease cosigned by a service provider meets the requirements of paragraph (a) if the service recipient and service provider develop and implement a transition plan which must provide that, within two years of cosigning the initial lease, the service provider shall transfer the lease to the service recipient and other cosigners, if any.

(e) In the event the landlord has not approved the transfer of the lease within two years of the service provider cosigning the initial lease, the service provider must submit a time-limited extension request to the commissioner of human services to continue the cosigned lease arrangement. The extension request must include:

(1) the reason the landlord denied the transfer;

(2) the plan to overcome the denial to transfer the lease;

(3) the length of time needed to successfully transfer the lease, not to exceed an additional two years;

(4) a description of how the transition plan was followed, what occurred that led to the landlord denying the transfer, and what changes in circumstances or condition, if any, the service recipient experienced; and

(5) a revised transition plan to transfer the cosigned lease between the service provider and the service recipient to the service recipient.

The commissioner must approve an extension within sufficient time to ensure the continued occupancy by the service recipient.

(d) the client's spouse's minor children.

(3) For purposes of this item, household size includes a person listed in subitems (1) and (2) who is in out-of-home placement if a person listed in subitem (1) or (2) is contributing to the cost of care of the person in out-of-home placement.

C. The local agency must determine the client's current prepaid health plan enrollment, the availability of a third-party payment source, including the availability of total payment, partial payment, and amount of copayment.

D. The local agency must provide the required eligibility information to the department in the manner specified by the department.

E. The local agency shall require the client and policyholder to conditionally assign to the department the client and policyholder's rights and the rights of minor children to benefits or services provided to the client if the department is required to collect from a third-party pay source.

Subp. 1a. **Redetermination of client eligibility.** The local agency shall redetermine a client's eligibility for CCDTF every six months after the initial eligibility determination, if the client has continued to receive uninterrupted chemical dependency treatment services for that six months. For purposes of this subpart, placement of a client into more than one chemical dependency treatment program in less than ten working days, or placement of a client into a residential chemical dependency treatment program followed by nonresidential chemical dependency treatment services shall be treated as a single placement.

Subp. 2. **Client, responsible relative, and policyholder obligation to cooperate.** A client, responsible relative, and policyholder shall provide income or wage verification, household size verification, and shall make an assignment of third-party payment rights under subpart 1, item C. If a client, responsible relative, or policyholder does not comply with the provisions of this subpart, the client shall be deemed to be ineligible to have the behavioral health fund pay for his or her chemical dependency treatment, and the client and

responsible relative shall be obligated to pay for the full cost of chemical dependency treatment services provided to the client.

**9530.7021 PAYMENT AGREEMENTS.**

When the local agency, the client, and the vendor agree that the vendor will accept payment from a third-party payment source for an eligible client's treatment, the local agency, the client, and the vendor shall enter into a third-party payment agreement. The agreement must stipulate that the vendor will accept, as payment in full for services provided to the client, the amount the third-party payor is obligated to pay for services provided to the client. The agreement must be executed in a form prescribed by the commissioner and is not effective unless an authorized representative of each of the three parties has signed it. The local agency shall maintain a record of third-party payment agreements into which the local agency has entered.

The vendor shall notify the local agency as soon as possible and not less than one business day before discharging a client whose treatment is covered by a payment agreement under this part if the discharge is caused by disruption of the third-party payment.

**9530.7022 CLIENT FEES.**

Subpart 1. **Income and household size criteria.** A client whose household income is within current household size and income guidelines for entitled persons as defined in Minnesota Statutes, section 254B.04, subdivision 1, shall pay no fee.

**9530.7025 DENIAL OF PAYMENT.**

Subpart 1. **Denial of payment when required assessment not completed.** The department shall deny payments from the behavioral health fund to vendors for chemical dependency treatment services provided to clients who have not been assessed and placed by the county in accordance with parts 9530.6600 to 9530.6655.

Subp. 2. **Denial of state participation in behavioral health fund payments when client found not eligible.** The department shall pay vendors from the behavioral health fund for chemical dependency treatment services provided to clients and shall bill the county for 100 percent of the costs of chemical dependency treatment services as follows:

A. The department shall bill the county for 100 percent of the costs of a client's chemical dependency treatment services when the department determines that the client was not placed in accordance with parts 9530.6600 to 9530.6655.

B. When a county's allocation under Minnesota Statutes, section 254B.02, subdivisions 1 and 2, has been exhausted, and the county's maintenance of effort has been met as required under Minnesota Statutes, section 254B.02, subdivision 3, and the local agency has been notified by the department that the only clients who are eligible to have their treatment paid for from the behavioral health fund are clients who are eligible under part 9530.7015, subpart 1, the department shall bill the county for 100 percent of the costs of a client's chemical dependency treatment services when the department determines that the client was not eligible under part 9530.7015, subpart 1.

**9530.7030 VENDOR MUST PARTICIPATE IN DAANES SYSTEM.**

Subpart 1. **Participation a condition of eligibility.** To be eligible for payment under the behavioral health fund, a vendor must participate in the Drug and Alcohol Normative Evaluation System (DAANES) or submit to the commissioner the information required in DAANES in the format specified by the commissioner.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

## ARTICLE 1
## AGING, DISABILITY, AND BEHAVIORAL HEALTH SERVICES

Section 1. Minnesota Statutes 2022, section 245.462, subdivision 3, is amended to read:

Subd. 3. **Case management services.** "Case management services" means activities that are coordinated with the community support services program as defined in subdivision 6 and are designed to help adults with serious and persistent mental illness in gaining access to needed medical, social, educational, vocational, and other necessary services as they relate to the client's mental health needs. Case management services include developing a functional assessment, an individual ~~assessment summary~~ community support plan, referring and assisting the person to obtain needed mental health and other services, ensuring coordination of services, and monitoring the delivery of services.

Sec. 2. Minnesota Statutes 2022, section 245.462, subdivision 12, is amended to read:

Subd. 12. **Individual ~~assessment summary~~ community support plan.** "Individual ~~assessment summary~~ community support plan" means a written plan developed by a case manager on the basis of a diagnostic assessment and functional assessment. The plan identifies specific services needed by an adult with serious and persistent mental illness to develop independence or improved functioning in daily living, health and medication management, social functioning, interpersonal relationships, financial management, housing, transportation, and employment.

Sec. 3. Minnesota Statutes 2022, section 245.4711, subdivision 3, is amended to read:

Subd. 3. **Duties of case manager.** Upon a determination of eligibility for case management services, and if the adult consents to the services, the case manager shall complete a written functional assessment according to section 245.462, subdivision 11a. The case manager shall develop an individual ~~assessment summary~~ community support plan for the adult according to subdivision 4, paragraph (a), review the adult's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

Sec. 4. Minnesota Statutes 2022, section 245.4711, subdivision 4, is amended to read:

Subd. 4. **Individual ~~assessment summary~~ community support plan.** (a) The case manager must develop an individual ~~assessment summary~~ community support plan for each adult that incorporates the client's individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual ~~assessment summary~~ community support plan. The individual ~~assessment summary~~ community support plan must be developed within 30 days of client intake and reviewed at least every 180 days after it is developed, unless the case manager receives a written request from the client or the client's family for a review of the plan every 90 days after it is developed. The case manager is responsible for developing the individual ~~assessment summary~~ community support plan based on a diagnostic assessment and a functional assessment and for implementing and monitoring the delivery of services according to the individual ~~assessment summary~~ community support plan. To the extent possible, the adult with serious and persistent mental illness, the person's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual ~~or family assessment summary~~ community support plan.

(b) The client's individual ~~assessment summary~~ community support plan must state:

(1) the goals of each service;

(2) the activities for accomplishing each goal;

(3) a schedule for each activity; and

(4) the frequency of face-to-face contacts by the case manager, as appropriate to client need and the implementation of the individual ~~assessment summary~~ community support plan.

Sec. 5. Minnesota Statutes 2022, section 245.477, is amended to read:

**245.477 APPEALS.**

Any adult who requests mental health services under sections 245.461 to 245.486 must be advised of services available and the right to appeal at the time of the request and each time the individual ~~assessment summary~~ community support plan or individual treatment plan is reviewed. Any adult whose request for mental health services under sections 245.461 to 245.486 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.461 to 245.486 may contest that action or inaction before

the state agency as specified in section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Sec. 6. Minnesota Statutes 2022, section 245.4835, subdivision 2, is amended to read:

Subd. 2. **Failure to maintain expenditures.** (a) If a county does not comply with subdivision 1, the commissioner shall require the county to develop a corrective action plan according to a format and timeline established by the commissioner. If the commissioner determines that a county has not developed an acceptable corrective action plan within the required timeline, or that the county is not in compliance with an approved corrective action plan, the protections provided to that county under section 245.485 do not apply.

(b) The commissioner shall consider the following factors to determine whether to approve a county's corrective action plan:

(1) the degree to which a county is maximizing revenues for mental health services from noncounty sources;

(2) the degree to which a county is expanding use of alternative services that meet mental health needs, but do not count as mental health services within existing reporting systems. If approved by the commissioner, the alternative services must be included in the county's base as well as subsequent years. The commissioner's approval for alternative services must be based on the following criteria:

(i) the service must be provided to children with emotional disturbance or adults with mental illness;

(ii) the services must be based on an individual treatment plan or individual ~~assessment summary~~ community support plan as defined in the Comprehensive Mental Health Act; and

(iii) the services must be supervised by a mental health professional and provided by staff who meet the staff qualifications defined in sections 256B.0943, subdivision 7, and 256B.0623, subdivision 5.

(c) Additional county expenditures to make up for the prior year's underspending may be spread out over a two-year period.

Sec. 7. Minnesota Statutes 2022, section 245.4871, subdivision 3, is amended to read:

Subd. 3. **Case management services.** "Case management services" means activities that are coordinated with the family community support services and are designed to help

the child with severe emotional disturbance and the child's family obtain needed mental health services, social services, educational services, health services, vocational services, recreational services, and related services in the areas of volunteer services, advocacy, transportation, and legal services. Case management services include assisting in obtaining a comprehensive diagnostic assessment, developing an individual family ~~assessment summary~~ community support plan, and assisting the child and the child's family in obtaining needed services by coordination with other agencies and assuring continuity of care. Case managers must assess and reassess the delivery, appropriateness, and effectiveness of services over time.

Sec. 8. Minnesota Statutes 2022, section 245.4871, subdivision 19, is amended to read:

Subd. 19. **Individual family ~~assessment summary~~ community support plan.** "Individual family ~~assessment summary~~ community support plan" means a written plan developed by a case manager in conjunction with the family and the child with severe emotional disturbance on the basis of a diagnostic assessment and a functional assessment. The plan identifies specific services needed by a child and the child's family to:

(1) treat the symptoms and dysfunctions determined in the diagnostic assessment;

(2) relieve conditions leading to emotional disturbance and improve the personal well-being of the child;

(3) improve family functioning;

(4) enhance daily living skills;

(5) improve functioning in education and recreation settings;

(6) improve interpersonal and family relationships;

(7) enhance vocational development; and

(8) assist in obtaining transportation, housing, health services, and employment.

Sec. 9. Minnesota Statutes 2022, section 245.4873, subdivision 4, is amended to read:

Subd. 4. **Individual case coordination.** The case manager designated under section 245.4881 is responsible for ongoing coordination with any other person responsible for planning, development, and delivery of social services, education, corrections, health, or vocational services for the individual child. The individual family ~~assessment summary~~ community support plan developed by the case manager shall reflect the coordination among the local service system providers.

Sec. 10. Minnesota Statutes 2022, section 245.4881, subdivision 3, is amended to read:

Subd. 3. **Duties of case manager.** (a) Upon a determination of eligibility for case management services, the case manager shall develop an individual family ~~assessment summary~~ community support plan for a child as specified in subdivision 4, review the child's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

(b) The case manager shall note in the child's record the services needed by the child and the child's family, the services requested by the family, services that are not available, and the unmet needs of the child and child's family. The case manager shall note this provision in the child's record.

Sec. 11. Minnesota Statutes 2022, section 245.4881, subdivision 4, is amended to read:

Subd. 4. **Individual family ~~assessment summary~~ community support plan.** (a) For each child, the case manager must develop an individual family ~~assessment summary~~ community support plan that incorporates the child's individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual family ~~assessment summary~~ community support plan. The case manager is responsible for developing the individual family ~~assessment summary~~ community support plan within 30 days of intake based on a diagnostic assessment and for implementing and monitoring the delivery of services according to the individual family ~~assessment summary~~ community support plan. The case manager must review the plan at least every 180 calendar days after it is developed, unless the case manager has received a written request from the child's family or an advocate for the child for a review of the plan every 90 days after it is developed. To the extent appropriate, the child with severe emotional disturbance, the child's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual family ~~assessment summary~~ community support plan. Notwithstanding the lack of an individual family ~~assessment summary~~ community support plan, the case manager shall assist the child and child's family in accessing the needed services listed in section 245.4884, subdivision 1.

(b) The child's individual family ~~assessment summary~~ community support plan must state:

(1) the goals and expected outcomes of each service and criteria for evaluating the effectiveness and appropriateness of the service;

(2) the activities for accomplishing each goal;

(3) a schedule for each activity; and

(4) the frequency of face-to-face contacts by the case manager, as appropriate to client need and the implementation of the individual family ~~assessment summary~~ community support plan.

Sec. 12. Minnesota Statutes 2022, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the case of an emergency, all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if county funds are used to pay for the child's services. An emergency includes when a child is in need of and has been referred for crisis stabilization services under section 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis stabilization services in a residential treatment center is not required to undergo an assessment under this section.

(b) The county board shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's residential treatment under this chapter, including residential treatment provided in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a county board does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care for the child. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care for the child. When more than one entity bears responsibility for a child's coverage, the entities shall coordinate level of care determination activities for the child to the extent possible.

(c) The child's level of care determination shall determine whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's needs.

(d) When a level of care determination is conducted, the county board or other entity may not determine that a screening of a child, referral, or admission to a residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that evaluates the child's family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services and may be the validated tool approved for the child's assessment under section 260C.704 if the juvenile treatment screening team recommended placement of the child in a qualified residential treatment program. If a diagnostic assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child and the child's family may invite other relatives, friends, or advocates to attend these meetings.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family ~~assessment summary~~ community support plan is being developed by the case manager, if assigned.

(f) The level of care determination, placement decision, and recommendations for mental health services must be documented in the child's record and made available to the child's family, as appropriate.

Sec. 13. Minnesota Statutes 2022, section 245.4887, is amended to read:

**245.4887 APPEALS.**

A child or a child's family, as appropriate, who requests mental health services under sections 245.487 to 245.4889 must be advised of services available and the right to appeal as described in this section at the time of the request and each time the individual family ~~assessment summary~~ community support plan or individual treatment plan is reviewed. A child whose request for mental health services under sections 245.487 to 245.4889 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.487 to 245.4889 may contest that action or inaction before the state agency according to section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Sec. 14. Minnesota Statutes 2022, section 245A.03, subdivision 7, is amended to read:

Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a family child foster care home or family adult foster care home license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. When approving an exception under this paragraph, the commissioner shall consider the resource need determination process in paragraph (h), the availability of foster care licensed beds in the geographic area in which the licensee seeks to operate, the results of a person's choices during their annual assessment and service plan review, and the recommendation of the local county board. The determination by the commissioner is final and not subject to appeal. Exceptions to the moratorium include:

(1) ~~foster care settings~~ a license for a person in a foster care setting that is not the primary residence of the license holder and where at least 80 percent of the residents are 55 years of age or older;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on

December 31, 2013, and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;

(4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital-level care; or

(5) new foster care licenses or community residential setting licenses for people receiving customized living or 24-hour customized living services under the brain injury or community access for disability inclusion waiver plans under section 256B.49 and residing in the customized living setting before July 1, 2022, for which a license is required. A customized living service provider subject to this exception may rebut the presumption that a license is required by seeking a reconsideration of the commissioner's determination. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14. The exception is available until June 30, 2023. This exception is available when:

(i) the person's customized living services are provided in a customized living service setting serving four or fewer people under the brain injury or community access for disability inclusion waiver plans under section 256B.49 in a single-family home operational on or before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;

(ii) the person's case manager provided the person with information about the choice of service, service provider, and location of service, including in the person's home, to help the person make an informed choice; and

(iii) the person's services provided in the licensed foster care or community residential setting are less than or equal to the cost of the person's services delivered in the customized living setting as determined by the lead agency.

(b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The

determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) When an adult resident served by the program moves out of a foster home that is not the primary residence of the license holder according to section 256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the county shall immediately inform the Department of Human Services Licensing Division. The department may decrease the statewide licensed capacity for adult foster care settings.

(d) Residential settings that would otherwise be subject to the decreased license capacity established in paragraph (c) shall be exempt if the license holder's beds are occupied by residents whose primary diagnosis is mental illness and the license holder is certified under the requirements in subdivision 6a or section 245D.33.

(e) A resource need determination process, managed at the state level, using the available data required by section 144A.351, and other data and information shall be used to determine where the reduced capacity determined under section 256B.493 will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet the informed decisions of those people who want to move out of corporate foster care or community residential settings, long-term service needs within budgetary limits, including seeking proposals from service providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term services and supports reports and statewide data and information.

(f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

(g) License holders of foster care homes identified under paragraph (f) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under chapter 256S or section 256B.092 or 256B.49, must inform the human

The commissioner has the authority to manage existing statewide capacity for children's residential treatment services subject to the moratorium under this paragraph and may issue an initial license for such facilities if the initial license would not increase the statewide capacity for children's residential treatment services subject to the moratorium under this paragraph.

Subd. 3. **Community-living settings.** (a) Individuals receiving services under a home and community-based waiver under section 256B.092 or 256B.49 may receive services in community-living settings. Community-living settings must meet the requirements of subdivision 2, paragraph (a), clause (1).

(10) access to the greater community must be easily facilitated based on the service recipient's needs and preferences.

(d) Nothing in this section prohibits a service recipient from having another person or entity not affiliated with the service provider cosign a lease. Nothing in this section prohibits a service recipient, during any period in which a service provider has cosigned the service recipient's lease, from modifying services with an existing cosigning service provider and, subject to the approval of the landlord, maintaining a lease cosigned by the service provider. Nothing in this section prohibits a service recipient, during any period in which a service provider has cosigned the service recipient's lease, from terminating services with the cosigning service provider, receiving services from a new service provider, or, subject to the approval of the landlord, maintaining a lease cosigned by the new service provider.

(5) a revised transition plan to transfer the cosigned lease between the service provider and the service recipient to the service recipient.

(g) The commissioner must approve an extension under paragraph (f) within sufficient time to ensure the continued occupancy by the service recipient.

Sec. 34. Minnesota Statutes 2022, section 524.5-104, is amended to read:

**524.5-104 FACILITY OF TRANSFER.**

(a) A person who may transfer money or personal property to a minor may do so, as to an amount or value not exceeding the amount allowable as a tax exclusion gift under section 2503(b) of the Internal Revenue Code or a different amount that is approved by the court, by transferring it to:

(1) a person who has the care and custody of the minor and with whom the minor resides;

(2) a guardian of the minor;

(3) a custodian under the Uniform Transfers To Minors Act or custodial trustee under the Uniform Custodial Trust Act;

(4) a financial institution as a deposit in an interest-bearing account or certificate in the sole name of the minor and giving notice of the deposit to the minor; or

(5) an ABLE account. A guardian only has the authority to establish an ABLE account. The guardian may not administer the ABLE account in the guardian's capacity as guardian. The guardian may appoint or name a person to exercise signature authority over an ABLE account, including the individual selected by the eligible individual or the eligible individual's agent under a power of attorney, conservator, spouse, parent, sibling, grandparent, or representative payee, whether an individual or organization, appointed by the Social Security Administration, in that order.

Sec. 35. Minnesota Statutes 2022, section 524.5-313, is amended to read:

**524.5-313 POWERS AND DUTIES OF GUARDIAN.**

(a) A guardian shall be subject to the control and direction of the court at all times and in all things.

(b) The court shall grant to a guardian only those powers necessary to provide for the demonstrated needs of the person subject to guardianship.

(c) The court may appoint a guardian if it determines that all the powers and duties listed in this section are needed to provide for the needs of the incapacitated person. The court may also appoint a guardian if it determines that a guardian is needed to provide for the needs of the incapacitated person through the exercise of some, but not all, of the powers and duties listed in this section. The duties and powers of a guardian or those which the court may grant to a guardian include, but are not limited to:

(1) the power to have custody of the person subject to guardianship and the power to establish a place of abode within or outside the state, except as otherwise provided in this clause. The person subject to guardianship or any interested person may petition the court to prevent or to initiate a change in abode. A person subject to guardianship may not be admitted to a regional treatment center by the guardian except:

(i) after a hearing under chapter 253B;

(ii) for outpatient services; or

(iii) for the purpose of receiving temporary care for a specific period of time not to exceed 90 days in any calendar year;

(2) the duty to provide for the care, comfort, and maintenance needs of the person subject to guardianship, including food, clothing, shelter, health care, social and recreational requirements, and, whenever appropriate, training, education, and habilitation or rehabilitation. The guardian has no duty to pay for these requirements out of personal funds. Whenever possible and appropriate, the guardian should meet these requirements through governmental benefits or services to which the person subject to guardianship is entitled, rather than from the estate of the person subject to guardianship. Failure to satisfy the needs and requirements of this clause shall be grounds for removal of a private guardian, but the guardian shall have no personal or monetary liability;

(3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal effects of the person subject to guardianship, and, if other property requires protection, the power to seek appointment of a conservator of the estate. The guardian must give notice by

mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or other personal effects of the person subject to guardianship. The notice must inform the person of the right to object to the disposition of the property within ten days of the date of mailing and to petition the court for a review of the guardian's proposed actions. Notice of the objection must be served by mail or personal service on the guardian and the person subject to guardianship unless the person subject to guardianship is the objector. The guardian served with notice of an objection to the disposition of the property may not dispose of the property unless the court approves the disposition after a hearing;

(4)(i) the power to give any necessary consent to enable the person subject to guardianship to receive necessary medical or other professional care, counsel, treatment, or service, except that no guardian may give consent for psychosurgery, electroshock, sterilization, or experimental treatment of any kind unless the procedure is first approved by order of the court as provided in this clause. The guardian shall not consent to any medical care for the person subject to guardianship which violates the known conscientious, religious, or moral belief of the person subject to guardianship;

(ii) a guardian who believes a procedure described in item (i) requiring prior court approval to be necessary for the proper care of the person subject to guardianship, shall petition the court for an order and, in the case of a public guardianship under chapter 252A, obtain the written recommendation of the commissioner of human services. The court shall fix the time and place for the hearing and shall give notice to the person subject to guardianship in such manner as specified in section 524.5-308 and to interested persons. The court shall appoint an attorney to represent the person subject to guardianship who is not represented by counsel, provided that such appointment shall expire upon the expiration of the appeal time for the order issued by the court under this section or the order dismissing a petition, or upon such other time or event as the court may direct. In every case the court shall determine if the procedure is in the best interest of the person subject to guardianship. In making its determination, the court shall consider a written medical report which specifically considers the medical risks of the procedure, whether alternative, less restrictive methods of treatment could be used to protect the best interest of the person subject to guardianship, and any recommendation of the commissioner of human services for a public person subject to guardianship. The standard of proof is that of clear and convincing evidence;

(iii) in the case of a petition for sterilization of a person with developmental disabilities subject to guardianship, the court shall appoint a licensed physician, a psychologist who is qualified in the diagnosis and treatment of developmental disability, and a social worker who is familiar with the social history and adjustment of the person subject to guardianship

or the case manager for the person subject to guardianship to examine or evaluate the person subject to guardianship and to provide written reports to the court. The reports shall indicate why sterilization is being proposed, whether sterilization is necessary and is the least intrusive method for alleviating the problem presented, and whether it is in the best interest of the person subject to guardianship. The medical report shall specifically consider the medical risks of sterilization, the consequences of not performing the sterilization, and whether alternative methods of contraception could be used to protect the best interest of the person subject to guardianship;

(iv) any person subject to guardianship whose right to consent to a sterilization has not been restricted under this section or section 252A.101 may be sterilized only if the person subject to guardianship consents in writing or there is a sworn acknowledgment by an interested person of a nonwritten consent by the person subject to guardianship. The consent must certify that the person subject to guardianship has received a full explanation from a physician or registered nurse of the nature and irreversible consequences of the sterilization;

(v) a guardian or the public guardian's designee who acts within the scope of authority conferred by letters of guardianship under section 252A.101, subdivision 7, and according to the standards established in this chapter or in chapter 252A shall not be civilly or criminally liable for the provision of any necessary medical care, including, but not limited to, the administration of psychotropic medication or the implementation of aversive and deprivation procedures to which the guardian or the public guardian's designee has consented;

(5) in the event there is no duly appointed conservator of the estate of the person subject to guardianship, the guardian shall have the power to approve or withhold approval of any contract, except for necessities, which the person subject to guardianship may make or wish to make;

(6) the duty and power to exercise supervisory authority over the person subject to guardianship in a manner which limits civil rights and restricts personal freedom only to the extent necessary to provide needed care and services. A guardian may not restrict the ability of the person subject to guardianship to communicate, visit, or interact with others, including receiving visitors or making or receiving telephone calls, personal mail, or electronic communications including through social media, or participating in social activities, unless the guardian has good cause to believe restriction is necessary because interaction with the person poses a risk of significant physical, psychological, or financial harm to the person subject to guardianship, and there is no other means to avoid such significant harm. In all cases, the guardian shall provide written notice of the restrictions imposed to the court, to the person subject to guardianship, and to the person subject to restrictions. The person

subject to guardianship or the person subject to restrictions may petition the court to remove or modify the restrictions;

(7) if there is no acting conservator of the estate for the person subject to guardianship, the guardian has the power to apply on behalf of the person subject to guardianship for any assistance, services, or benefits available to the person subject to guardianship through any unit of government;

(8) unless otherwise ordered by the court, the person subject to guardianship retains the right to vote;

(9) the power to establish an ABLE account for a person subject to guardianship or conservatorship. By this provision a guardian only has the authority to establish an ABLE account, but may not administer the ABLE account in the guardian's capacity as guardian. With the consent of the commissioner of corrections and agreement of the county to pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction in an institution maintained by the commissioner for the detention, diagnosis, custody and treatment of persons adjudicated to be delinquent, in order that the condition of the minor be given due consideration in the disposition of the case. Any funds received under the provisions of this subdivision shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner of corrections during that period and are hereby appropriated annually to the commissioner of corrections as reimbursement of the costs of providing these services to the juvenile courts.

Sec. 58. Minnesota Statutes 2022, section 260B.157, subdivision 3, is amended to read:

Subd. 3. **Juvenile treatment screening team.** (a) The local social services agency shall establish a juvenile treatment screening team to conduct screenings and prepare case plans under this subdivision. The team, which may be the team constituted under section 245.4885 or 256B.092 or ~~Minnesota Rules, parts 9530.6600 to 9530.6655~~ chapter 254B, shall consist of social workers, juvenile justice professionals, and persons with expertise in the treatment of juveniles who are emotionally disabled, chemically dependent, or have a developmental disability. The team shall involve parents or guardians in the screening process as appropriate. The team may be the same team as defined in section 260C.157, subdivision 3.

(b) If the court, prior to, or as part of, a final disposition, proposes to place a child:

(1) for the primary purpose of treatment for an emotional disturbance, and residential placement is consistent with section 260.012, a developmental disability, or chemical dependency in a residential treatment facility out of state or in one which is within the state and licensed by the commissioner of human services under chapter 245A; or

(2) in any out-of-home setting potentially exceeding 30 days in duration, including a post-dispositional placement in a facility licensed by the commissioner of corrections or human services, the court shall notify the county welfare agency. The county's juvenile treatment screening team must either:

(i) screen and evaluate the child and file its recommendations with the court within 14 days of receipt of the notice; or

(ii) elect not to screen a given case, and notify the court of that decision within three working days.

(c) If the screening team has elected to screen and evaluate the child, the child may not be placed for the primary purpose of treatment for an emotional disturbance, a developmental disability, or chemical dependency, in a residential treatment facility out of state nor in a residential treatment facility within the state that is licensed under chapter 245A, unless one of the following conditions applies:

(1) a treatment professional certifies that an emergency requires the placement of the child in a facility within the state;

(2) the screening team has evaluated the child and recommended that a residential placement is necessary to meet the child's treatment needs and the safety needs of the community, that it is a cost-effective means of meeting the treatment needs, and that it will be of therapeutic value to the child; or

(3) the court, having reviewed a screening team recommendation against placement, determines to the contrary that a residential placement is necessary. The court shall state the reasons for its determination in writing, on the record, and shall respond specifically to the findings and recommendation of the screening team in explaining why the recommendation was rejected. The attorney representing the child and the prosecuting attorney shall be afforded an opportunity to be heard on the matter.

Sec. 59. Minnesota Statutes 2022, section 260C.157, subdivision 3, is amended to read:

Subd. 3. **Juvenile treatment screening team.** (a) The responsible social services agency shall establish a juvenile treatment screening team to conduct screenings under this chapter and chapter 260D, for a child to receive treatment for an emotional disturbance, a developmental disability, or related condition in a residential treatment facility licensed by the commissioner of human services under chapter 245A, or licensed or approved by a tribe. A screening team is not required for a child to be in: (1) a residential facility specializing in prenatal, postpartum, or parenting support; (2) a facility specializing in high-quality residential care and supportive services to children and youth who have been or are at risk of becoming victims of sex trafficking or commercial sexual exploitation; (3) supervised settings for youth who are 18 years of age or older and living independently; or (4) a licensed residential family-based treatment facility for substance abuse consistent with section

260C.190. Screenings are also not required when a child must be placed in a facility due to an emotional crisis or other mental health emergency.

(b) The responsible social services agency shall conduct screenings within 15 days of a request for a screening, unless the screening is for the purpose of residential treatment and the child is enrolled in a prepaid health program under section 256B.69, in which case the agency shall conduct the screening within ten working days of a request. The responsible social services agency shall convene the juvenile treatment screening team, which may be constituted under section 245.4885, 254B.05, or 256B.092 ~~or Minnesota Rules, parts 9530.6600 to 9530.6655~~. The team shall consist of social workers; persons with expertise in the treatment of juveniles who are emotionally disturbed, chemically dependent, or have a developmental disability; and the child's parent, guardian, or permanent legal custodian. The team may include the child's relatives as defined in section 260C.007, subdivisions 26b and 27, the child's foster care provider, and professionals who are a resource to the child's family such as teachers, medical or mental health providers, and clergy, as appropriate, consistent with the family and permanency team as defined in section 260C.007, subdivision 16a. Prior to forming the team, the responsible social services agency must consult with the child's parents, the child if the child is age 14 or older, and, if applicable, the child's tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals. This provision does not apply to paragraph (c).

(c) If the agency provides notice to tribes under section 260.761, and the child screened is an Indian child, the responsible social services agency must make a rigorous and concerted effort to include a designated representative of the Indian child's tribe on the juvenile treatment screening team, unless the child's tribal authority declines to appoint a representative. The Indian child's tribe may delegate its authority to represent the child to any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12. The provisions of the Indian Child Welfare Act of 1978, United States Code, title 25, sections 1901 to 1963, and the Minnesota Indian Family Preservation Act, sections 260.751 to 260.835, apply to this section.

(d) If the court, prior to, or as part of, a final disposition or other court order, proposes to place a child with an emotional disturbance or developmental disability or related condition in residential treatment, the responsible social services agency must conduct a screening. If the team recommends treating the child in a qualified residential treatment program, the agency must follow the requirements of sections 260C.70 to 260C.714.

The court shall ascertain whether the child is an Indian child and shall notify the responsible social services agency and, if the child is an Indian child, shall notify the Indian child's tribe as paragraph (c) requires.

(e) When the responsible social services agency is responsible for placing and caring for the child and the screening team recommends placing a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the agency must: (1) begin the assessment and processes required in section 260C.704 without delay; and (2) conduct a relative search according to section 260C.221 to assemble the child's family and permanency team under section 260C.706. Prior to notifying relatives regarding the family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is age 14 or older, and, if applicable, the child's tribe to ensure that the agency is providing notice to individuals who will act in the child's best interests. The child and the child's parents may identify a culturally competent qualified individual to complete the child's assessment. The agency shall make efforts to refer the assessment to the identified qualified individual. The assessment may not be delayed for the purpose of having the assessment completed by a specific qualified individual.

(f) When a screening team determines that a child does not need treatment in a qualified residential treatment program, the screening team must:

(1) document the services and supports that will prevent the child's foster care placement and will support the child remaining at home;

(2) document the services and supports that the agency will arrange to place the child in a family foster home; or

(3) document the services and supports that the agency has provided in any other setting.

(g) When the Indian child's tribe or tribal health care services provider or Indian Health Services provider proposes to place a child for the primary purpose of treatment for an emotional disturbance, a developmental disability, or co-occurring emotional disturbance and chemical dependency, the Indian child's tribe or the tribe delegated by the child's tribe shall submit necessary documentation to the county juvenile treatment screening team, which must invite the Indian child's tribe to designate a representative to the screening team.

(h) The responsible social services agency must conduct and document the screening in a format approved by the commissioner of human services.

(b) If the report alleges a violation of a criminal statute involving maltreatment or child endangerment under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. (e) In performing any of these duties, the local welfare agency shall maintain an appropriate record.

(h) The agency may use either a family assessment or investigation to determine whether the child is safe when responding to a report resulting from birth match data under section 260E.03, subdivision 23, paragraph (c). If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

(f) A vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

**9530.7020 LOCAL AGENCY TO DETERMINE CLIENT ELIGIBILITY.**

Subpart 1. **Local agency duty to determine client eligibility.** The local agency shall determine a client's eligibility for the behavioral health fund at the time the client is assessed under parts 9530.6600 to 9530.6655. Client eligibility must be determined using forms

prescribed by the department. To determine a client's eligibility, the local agency must determine the client's income, the size of the client's household, the availability of a third-party payment source, and a responsible relative's ability to pay for the client's chemical dependency treatment, as specified in items A to C.

A. The local agency must determine the client's income. A client who is a minor child shall not be deemed to have income available to pay for chemical dependency treatment, unless the minor child is responsible for payment under Minnesota Statutes, section 144.347, for chemical dependency treatment services sought under Minnesota Statutes, section 144.343, subdivision 1.

B. The local agency must determine the client's household size according to subitems (1), (2), and (3).

(1) If the client is a minor child, the household size includes the following persons living in the same dwelling unit:

(3) For purposes of this item, household size includes a person listed in subitems (1) and (2) who is in out-of-home placement if a person listed in subitem (1) or (2) is contributing to the cost of care of the person in out-of-home placement.

C. The local agency must determine the client's current prepaid health plan enrollment, the availability of a third-party payment source, including the availability of total payment, partial payment, and amount of copayment.

D. The local agency must provide the required eligibility information to the department in the manner specified by the department.

E. The local agency shall require the client and policyholder to conditionally assign to the department the client and policyholder's rights and the rights of minor children to benefits or services provided to the client if the department is required to collect from a third-party pay source.

Subp. 1a. **Redetermination of client eligibility.** The local agency shall redetermine a client's eligibility for CCDTF every six months after the initial eligibility determination, if the client has continued to receive uninterrupted chemical dependency treatment services for that six months. For purposes of this subpart, placement of a client into more than one chemical dependency treatment program in less than ten working days, or placement of a client into a residential chemical dependency treatment program followed by nonresidential chemical dependency treatment services shall be treated as a single placement.

Subp. 2. **Client, responsible relative, and policyholder obligation to cooperate.** A client, responsible relative, and policyholder shall provide income or wage verification, household size verification, and shall make an assignment of third-party payment rights under subpart 1, item C. If a client, responsible relative, or policyholder does not comply with the provisions of this subpart, the client shall be deemed to be ineligible to have the behavioral health fund pay for his or her chemical dependency treatment, and the client and

responsible relative shall be obligated to pay for the full cost of chemical dependency treatment services provided to the client.

**9530.7021 PAYMENT AGREEMENTS.**

When the local agency, the client, and the vendor agree that the vendor will accept payment from a third-party payment source for an eligible client's treatment, the local agency, the client, and the vendor shall enter into a third-party payment agreement. The agreement must stipulate that the vendor will accept, as payment in full for services provided to the client, the amount the third-party payor is obligated to pay for services provided to the client. The agreement must be executed in a form prescribed by the commissioner and is not effective unless an authorized representative of each of the three parties has signed it. The local agency shall maintain a record of third-party payment agreements into which the local agency has entered.

The vendor shall notify the local agency as soon as possible and not less than one business day before discharging a client whose treatment is covered by a payment agreement under this part if the discharge is caused by disruption of the third-party payment.

**9530.7022 CLIENT FEES.**

Subpart 1. **Income and household size criteria.** A client whose household income is within current household size and income guidelines for entitled persons as defined in Minnesota Statutes, section 254B.04, subdivision 1, shall pay no fee.

Subpart 1. **Denial of payment when required assessment not completed.** The department shall deny payments from the behavioral health fund to vendors for chemical dependency treatment services provided to clients who have not been assessed and placed by the county in accordance with parts 9530.6600 to 9530.6655.

Subp. 2. **Denial of state participation in behavioral health fund payments when client found not eligible.** The department shall pay vendors from the behavioral health fund for chemical dependency treatment services provided to clients and shall bill the county for 100 percent of the costs of chemical dependency treatment services as follows:

A. The department shall bill the county for 100 percent of the costs of a client's chemical dependency treatment services when the department determines that the client was not placed in accordance with parts 9530.6600 to 9530.6655.

B. When a county's allocation under Minnesota Statutes, section 254B.02, subdivisions 1 and 2, has been exhausted, and the county's maintenance of effort has been met as required under Minnesota Statutes, section 254B.02, subdivision 3, and the local agency has been notified by the department that the only clients who are eligible to have their treatment paid for from the behavioral health fund are clients who are eligible under part 9530.7015, subpart 1, the department shall bill the county for 100 percent of the costs of a client's chemical dependency treatment services when the department determines that the client was not eligible under part 9530.7015, subpart 1.

**9530.7030 VENDOR MUST PARTICIPATE IN DAANES SYSTEM.**

Subpart 1. **Participation a condition of eligibility.** To be eligible for payment under the behavioral health fund, a vendor must participate in the Drug and Alcohol Normative Evaluation System (DAANES) or submit to the commissioner the information required in DAANES in the format specified by the commissioner.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

## ARTICLE 1
## MINNESOTA STATE RETIREMENT SYSTEM

Section 1. Minnesota Statutes 2022, section 352B.08, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; when to apply; accrual.** (a) Every member who is credited with three or more years of allowable service if first employed before July 1, 2013, or with at least ten years of allowable service if first employed after June 30, 2013, is entitled to separate from state service and upon becoming 50 years old, is entitled to receive a life annuity, upon separation from state service.

(b) Members must apply for an annuity in a form and manner prescribed by the executive director.

(c) No application may be made more than ~~90~~ 60 days before the date the member is eligible to retire by reason of both age and service requirements.

(d) An annuity begins to accrue no earlier than 180 days before the date the application is filed with the executive director.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2022, section 356.551, subdivision 2, is amended to read:

Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in paragraph (c) applies, the prior service credit purchase amount is an amount equal to the actuarial present value, on the date of payment, as calculated by the chief administrative officer of the pension plan and reviewed by the actuary retained under section 356.214, of the amount of the additional retirement annuity obtained by the acquisition of the additional service credit in this section.

(b) Calculation of this amount must be made using the investment return assumption applicable to the public pension plan specified in section 356.215, subdivision 8, and the mortality table adopted for the public pension plan.

(1) Unless clause (2) applies, the calculation must assume continuous future service in the public pension plan until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a full-time equivalent salary, or actual salary, whichever

is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(2) This clause applies when the calculation is being done for purposes of section 352.272; 352B.087; 353.0141, subdivision 3; 354.544; ~~or~~ 354A.0961; or 490.1211, subdivision 2. The calculation must include continuous future service in the public pension plan until, and retirement at, any age at or after which the minimum requirements of the fund for early retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must be determined using the retirement age that provides the most valuable benefit to the member. The calculation must also assume a full-time equivalent salary, or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(c) The prior service credit purchase amount may not be less than the amount determined by applying, for each year or fraction of a year being purchased, the sum of the employee contribution rate, the employer contribution rate, and the additional employer contribution rate, if any, applicable during that period, to the person's annual salary during that period, or fractional portion of a year's salary, if applicable, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the end of the year in which contributions would otherwise have been made to the date on which the payment is received.

(d) Unless otherwise provided by statutes governing a specific plan, payment must be made in one lump sum within one year of the prior service credit authorization or prior to the member's effective date of retirement, whichever is earlier. Payment of the amount calculated under this section must be made by the applicable eligible person.

(e) However, the current employer or the prior employer may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the date on which the contributions would otherwise have been made to the date on which the payment is made. If the employer agrees to payments under this subdivision, the purchaser must make the employee payments required under this subdivision within 90 days of the prior service credit authorization. If that employee payment is made, the employer payment under this subdivision must be remitted

to the chief administrative officer of the public pension plan within 60 days of receipt by the chief administrative officer of the employee payments specified under this subdivision.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2022, section 490.1211, is amended to read:

**490.1211 UNIFORMED SERVICE.**

Subdivision 1. **Federal uniformed service protections.** (a) A judge who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state employment as a judge upon discharge from service in the uniformed service within the time frame required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service, provided that the judge did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The judge may obtain credit by paying into the fund equivalent member contribution based on the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the judge would have received if the judge had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the judge's average salary rate during the 12-month period of judicial employment rendered immediately preceding the ~~purchase~~ period of the uniformed service.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this section are not paid in full, the judge's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this section.

(e) To receive allowable service credit under this section, the contributions specified in this section ~~and section 490.121~~ must be transmitted to the fund during the period which

begins with the date on which the individual returns to judicial employment and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is calculated to be less than ~~one year~~ three years, the contributions required under this section to receive service credit ~~may~~ must be transmitted to the fund within ~~one year~~ three years from the discharge date.

(f) The amount of allowable service credit obtainable under this section and section 490.121 may not exceed five years, unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The state court administrator shall pay interest on all equivalent member and employer contribution amounts payable under this section. Interest must be at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the end of each fiscal year of the leave or break in service to the end of the month in which payment is received.

Subd. 2. **State-authorized purchase of service credit for periods of military service.** (a) Unless prohibited under paragraph (b), a judge is eligible to purchase service credit, not to exceed five cumulative years of service credit, for one or more periods of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if:

(1) the judge has at least three years of service credit with the judges retirement plan under this chapter;

(2) the duration of the judge's current period of employment is at least six months; and

(3) the judge did not obtain service credit for a period of military service under subdivision 1.

(b) A service credit purchase is prohibited if:

(1) the judge separated from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions;

(2) the judge has purchased or otherwise received service credit from any Minnesota public employee pension plan for the same period of service in the uniformed services; or

(3) the judge's service in the uniformed services occurred before the judge was first appointed or elected as a judge.

(c) When purchasing a period of service, if the period of service in the uniformed services is one year or less, the judge must purchase the full period of service. If the period of service in the uniformed services is longer than one year, the judge may purchase the full period,

not to exceed five cumulative years, or may purchase a portion of the period of service. If the judge purchases a portion of the period of service in the uniformed services, the portion must: (1) not be less than one year; and (2) be in increments of six months of service.

Subd. 3. **Application and documentation.** To purchase service credit under subdivision 2, a judge must apply to the executive director of the Minnesota State Retirement System to make the purchase. The application must include all necessary documentation of the judge's qualifications to make the purchase, signed written permission to allow the executive director to request and receive necessary verification of applicable facts and eligibility requirements, and any other relevant information that the executive director may require.

Subd. 4. **Purchase payment amount; service credit grant.** (a) The purchase payment amount for a purchase under subdivision 2 is the amount determined under section 356.551 for the period or periods of service requested, except that, for purposes of calculating the purchase payment amount to purchase service credit for service in the uniformed services between periods of employment as a judge, section 356.551, subdivision 2, paragraph (c), does not apply.

(b) Service credit must be granted by the judges retirement plan to the purchasing judge upon the executive director's receipt of the purchase payment amount. The service credit purchased under this section may not be used for the purpose of determining a disability benefit under section 490.124, subdivision 4.

(c) Payment must be made before the effective date of the judge's retirement.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 4. **REPEALER.**

Minnesota Statutes 2022, section 490.124, subdivision 10, is repealed.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

## ARTICLE 1

## MINNESOTA STATE RETIREMENT SYSTEM

Section 1. Minnesota Statutes 2022, section 352B.08, subdivision 1, is amended to read:

Subdivision 1. **Eligibility; when to apply; accrual.** (a) Every member who is credited with three or more years of allowable service if first employed before July 1, 2013, or with at least ten years of allowable service if first employed after June 30, 2013, is entitled to separate from state service and upon becoming 50 years old, is entitled to receive a life annuity, upon separation from state service.

(b) Members must apply for an annuity in a form and manner prescribed by the executive director.

(c) No application may be made more than ~~90~~ 60 days before the date the member is eligible to retire by reason of both age and service requirements.

(d) An annuity begins to accrue no earlier than 180 days before the date the application is filed with the executive director.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2022, section 356.551, subdivision 2, is amended to read:

Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in paragraph (c) applies, the prior service credit purchase amount is an amount equal to the actuarial present value, on the date of payment, as calculated by the chief administrative officer of the pension plan and reviewed by the actuary retained under section 356.214, of the amount of the additional retirement annuity obtained by the acquisition of the additional service credit in this section.

(b) Calculation of this amount must be made using the investment return assumption applicable to the public pension plan specified in section 356.215, subdivision 8, and the mortality table adopted for the public pension plan.

(1) Unless clause (2) applies, the calculation must assume continuous future service in the public pension plan until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a full-time equivalent salary, or actual salary, whichever

is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(2) This clause applies when the calculation is being done for purposes of section 352.272; 352B.087; 353.0141, subdivision 3; 354.544; ~~or~~ 354A.0961; or 490.1211, subdivision 2. The calculation must include continuous future service in the public pension plan until, and retirement at, any age at or after which the minimum requirements of the fund for early retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must be determined using the retirement age that provides the most valuable benefit to the member. The calculation must also assume a full-time equivalent salary, or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(c) The prior service credit purchase amount may not be less than the amount determined by applying, for each year or fraction of a year being purchased, the sum of the employee contribution rate, the employer contribution rate, and the additional employer contribution rate, if any, applicable during that period, to the person's annual salary during that period, or fractional portion of a year's salary, if applicable, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the end of the year in which contributions would otherwise have been made to the date on which the payment is received.

(d) Unless otherwise provided by statutes governing a specific plan, payment must be made in one lump sum within one year of the prior service credit authorization or prior to the member's effective date of retirement, whichever is earlier. Payment of the amount calculated under this section must be made by the applicable eligible person.

(e) However, the current employer or the prior employer may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the date on which the contributions would otherwise have been made to the date on which the payment is made. If the employer agrees to payments under this subdivision, the purchaser must make the employee payments required under this subdivision within 90 days of the prior service credit authorization. If that employee payment is made, the employer payment under this subdivision must be remitted

to the chief administrative officer of the public pension plan within 60 days of receipt by the chief administrative officer of the employee payments specified under this subdivision.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2022, section 490.1211, is amended to read:

**490.1211 UNIFORMED SERVICE.**

Subdivision 1. **Federal uniformed service protections.** (a) A judge who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state employment as a judge upon discharge from service in the uniformed service within the time frame required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service, provided that the judge did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The judge may obtain credit by paying into the fund equivalent member contribution based on the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the judge would have received if the judge had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the judge's average salary rate during the 12-month period of judicial employment rendered immediately preceding the ~~purchase~~ period of the uniformed service.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this section are not paid in full, the judge's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this section.

(e) To receive allowable service credit under this section, the contributions specified in this section ~~and section 490.121~~ must be transmitted to the fund during the period which

begins with the date on which the individual returns to judicial employment and which has a duration of three times the length of the uniformed service period, but not to exceed five years. If the determined payment period is calculated to be less than ~~one year~~ three years, the contributions required under this section to receive service credit ~~may~~ must be transmitted to the fund within ~~one year~~ three years from the discharge date.

(f) The amount of allowable service credit obtainable under this section and section 490.121 may not exceed five years, unless a longer purchase period is required under United States Code, title 38, section 4312.

(g) The state court administrator shall pay interest on all equivalent member and employer contribution amounts payable under this section. Interest must be at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the end of each fiscal year of the leave or break in service to the end of the month in which payment is received.

Subd. 2. **State-authorized purchase of service credit for periods of military service.** (a) Unless prohibited under paragraph (b), a judge is eligible to purchase service credit, not to exceed five cumulative years of service credit, for one or more periods of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if:

(1) the judge has at least three years of service credit with the judges retirement plan under this chapter;

(2) the duration of the judge's current period of employment is at least six months; and

(3) the judge did not obtain service credit for a period of military service under subdivision 1.

(b) A service credit purchase is prohibited if:

(1) the judge separated from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions;

(2) the judge has purchased or otherwise received service credit from any Minnesota public employee pension plan for the same period of service in the uniformed services; or

(3) the judge's service in the uniformed services occurred before the judge was first appointed or elected as a judge.

(c) When purchasing a period of service, if the period of service in the uniformed services is one year or less, the judge must purchase the full period of service. If the period of service in the uniformed services is longer than one year, the judge may purchase the full period,

not to exceed five cumulative years, or may purchase a portion of the period of service. If the judge purchases a portion of the period of service in the uniformed services, the portion must: (1) not be less than one year; and (2) be in increments of six months of service.

Subd. 3. **Application and documentation.** To purchase service credit under subdivision 2, a judge must apply to the executive director of the Minnesota State Retirement System to make the purchase. The application must include all necessary documentation of the judge's qualifications to make the purchase, signed written permission to allow the executive director to request and receive necessary verification of applicable facts and eligibility requirements, and any other relevant information that the executive director may require.

Subd. 4. **Purchase payment amount; service credit grant.** (a) The purchase payment amount for a purchase under subdivision 2 is the amount determined under section 356.551 for the period or periods of service requested, except that, for purposes of calculating the purchase payment amount to purchase service credit for service in the uniformed services between periods of employment as a judge, section 356.551, subdivision 2, paragraph (c), does not apply.

(b) Service credit must be granted by the judges retirement plan to the purchasing judge upon the executive director's receipt of the purchase payment amount. The service credit purchased under this section may not be used for the purpose of determining a disability benefit under section 490.124, subdivision 4.

(c) Payment must be made before the effective date of the judge's retirement.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 4. **REPEALER.**

Minnesota Statutes 2022, section 490.124, subdivision 10, is repealed.

**EFFECTIVE DATE.** This section is effective the day following final enactment.
